Be it enacted by the Legislature of the State of Montana:

Section 1. Health care provider professional wellness program – reporting – nonliability – evidentiary privilege – definitions.

(1) A person may not be obligated to report information regarding a health care provider to the provider's respective licensing board solely because the health care provider is a participant in a professional program.

(2) A professional program and its agents are immune from civil liability for any act, decision, omission, or utterance done or made in performance of the professional program. An active participant in a professional program may not be employed or engaged by the professional program or have a financial ownership interest in the professional program.

(3) (a) The proceedings, minutes, records, reports, analyses, findings, conclusions, recommendations, and deliberative process, including oral or written opinions and reports, of a professional program originating in or provided to the professional program are not subject to discovery or introduction into evidence in any civil action unless a court of competent jurisdiction, after a hearing in camera, determines that the evidence is not otherwise available and that extraordinary circumstances exist such that the need for the evidence substantially outweighs the interest in protecting the evidence from disclosure and orders the disclosure of information. The information is not admissible in a licensing action unless the office of administrative hearings determines, after an in camera review, that the factors of public safety and health outweigh the individual right of privacy of the licensee subject to the licensing action.

(b) A person involved in the work of a professional program may not be questioned as a witness in a civil action regarding the person's knowledge of any factual information regarding specific patient health care or treatment by virtue of the person's involvement in the professional program.

(c) Exchange of information between professional programs does not constitute a waiver of any privilege provided in this subsection (3).

(4) As used in this section, the following definitions apply:

(a) "Board" means the board of medical examiners established in 2-15-1731, the board of dentistry established in 2-15-1732, the board of pharmacy established in 2-15-1733, the board of nursing established in 2-15-1734, and the board of behavioral health established in 2-15-1744.

(b) "Health care provider" means:

(c) "Professional program" means a program created to address issues related to career fatigue and wellness in health care providers and that:

(i) is established or contracted for by a statewide association that primarily represents health care providers; and

(ii) is exempt from federal income taxes pursuant to section 501(c)(3) or 501(c)(6) of the Internal Revenue Code.

(2) (a) Information that relates to possible physical or mental impairment connected to habitual intemperance or excessive use of addictive drugs, alcohol, or any other drug or substance by a licensee or to other mental or chronic physical illness of a licensee may be reported to the appropriate personnel of the medical assistance program established by the board under 37-3-203, in lieu of reporting directly to the board.

(b) The medical assistance program personnel referred to in subsection (2)(a) shall report to the board the identity of a licensee and all facts and documentation in their possession if:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 87-1-304, MCA, is amended to read:

"87-1-304. Fixing of seasons and bag and possession limits.

(1) Subject to the provisions of 87-5-302 and subsections (7) through (9) (10) of this section, the commission may:

(a) fix seasons, bag limits, possession limits, and season limits;

(b) open or close or shorten or lengthen seasons on any species of game, bird, fish, or fur-bearing animal as defined by 87-2-101;

(c) declare areas open to the hunting of deer, antelope, elk, moose, sheep, goat, mountain lion, bear, wild buffalo or bison, and wolf by persons holding an archery stamp and the required license, permit, or tag and designate times when only bows and arrows may be used to hunt deer, antelope, elk, moose, sheep, goat, mountain lion, bear, wild buffalo or bison, and wolf in those areas;

(d) subject to the provisions of 87-1-301(6), restrict areas and species to hunting with only specified hunting arms, including bow and arrow, for the reasons of safety or of providing diverse hunting opportunities and experiences; and

(e) declare areas open to special license holders only and issue special licenses in a limited number when the commission determines, after proper investigation, that a special season is necessary to ensure the maintenance of an adequate supply of game birds, fish, or animals or fur-bearing animals. The commission may declare a special season and issue special licenses when game birds, animals, or fur-bearing animals are causing damage to private property or when a written complaint of damage has been filed with the commission by the owner of that property. In determining to whom special licenses must be issued, the commission may, when more applications are received than the number of animals to be killed, award permits to those chosen under a drawing system. The procedures used for awarding the permits from the drawing system must be determined by the commission.

(2) The commission may adopt rules governing the use of livestock and vehicles by archers during special archery seasons.

(3) Subject to the provisions of 87-5-302 and subsection (7) of this section, the commission may divide the state into fish and game districts and create fish, game, or fur-bearing animal districts throughout the state. The commission may declare a closed season for hunting, fishing, or trapping in any of those districts and later may open those districts to hunting, fishing, or trapping.

(4) The commission may declare a closed season on any species of game, fish, game birds, or fur-bearing animals threatened with undue depletion from any cause. The commission may close any area or district of any stream, public lake, or public water or portions thereof to hunting, trapping, or fishing for limited periods of time when necessary to protect a recently stocked area, district, water, spawning waters, spawn-taking waters, or spawn-taking stations or to prevent the undue depletion of fish, game, fur-bearing animals, game birds, and nongame birds. The commission may open the area or district upon consent of a majority of the property owners affected.

(5) The commission may authorize the director to open or close any special season upon 12 hours' notice to the public.

(6) The commission may declare certain fishing waters closed to fishing except by persons under 15 years of age. The purpose of this subsection is to provide suitable fishing waters for the exclusive use and enjoyment of juveniles under 15 years of age, at times and in areas the commission in its discretion considers advisable and consistent with its policies relating to fishing.

(7) In an area immediately adjacent to a national park, the commission may not:

(a) prohibit the hunting or trapping of wolves; or

(b) close the area to wolf hunting or trapping unless a wolf harvest quota established by the commission for that area has been met.

(8) The commission may authorize a wolf trapping season that opens the first Monday after Thanksgiving and closes March 15 of the following calendar year, except that the commission may adjust the dates for specific wolf management units based on regional recommendations.

(9) There is established a special muzzleloader heritage hunting season that begins on the second Saturday after the end of the regular season and lasts 9 days. During this season, subject to the provisions of 87-6-401(1)(i) and rules adopted by the commission, a person may take a deer or elk with a valid license or permit using plain lead projectiles and a muzzleloading rifle that is charged with loose black powder, loose pyrodex, or an equivalent loose

black powder substitute and ignited by a flintlock, wheel lock, matchlock, or percussion mechanism using a percussion or musket cap. The muzzleloading rifle must be a minimum of 45 caliber and may not have more than two barrels.”

(10) (a) *Except on privately owned lands that are not a part of a hunting access program pursuant to 87-1-246 through 87-1-249 and 87-1-265, the commission shall allow residents as defined in 87-2-102 to begin hunting 10 days prior to nonresidents for all upland game birds, including ring-necked pheasant, but excluding mountain grouse.*

(b) *For the purposes of this subsection (10), “mountain grouse” means blue grouse, spruce (Franklin) grouse, and ruffed grouse.*

Section 2. Effective date. [This act] is effective March 1, 2026.

(c) *If a lease is issued under this part and an exploration license as provided for in 82-4-332 is obtained on the leased lands, the lease must be extended commensurately with the period for which the exploration license is authorized and for which exploration is occurring on the leased lands.*

(b) *If nonproduction may result in the termination of a lease under this part, the lessee may provide notice to the board of the lessee's election to pay a nonproduction royalty to extend the primary term of the lease for a one-time, subsequent term of 5 years. The board may determine the appropriate nonproduction royalty payment to be paid by the lessee.*

Section 5. Section 77-3-211, MCA, is amended to read:

"77-3-211. Limitation on public inspection rights. (d) standards for operating a category A assisted living facility, including standards for the physical, structural, environmental, sanitary, infection control, dietary, social, staffing, and recordkeeping components of a facility and the storage and administration of over-the-counter and prescription medications;

(e) standards for operating a category B assisted living facility, which must include the standards for a category A assisted living facility and additional standards for assessment of residents, care planning, qualifications and training of staff, prevention and care of pressure sores, and incontinence care; and

(f) standards for operating a category C and a category D assisted living facility, which must include the standards for a category B assisted living facility and additional standards for resident assessment, the provision of specialty care to residents with cognitive impairments, and additional qualifications of and training for the administrator and direct-care staff. The

standards for a category D assisted living facility must also include specific safety and restraint training.”

Section 2. Section 53-21-127, MCA, is amended to read:

“53-21-127. (Temporary) Posttrial disposition. (1) If, upon trial, it is determined that the respondent is not suffering from a mental disorder or does not require commitment within the meaning of this part, the respondent must be discharged and the petition dismissed.

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

(a) subject to the provisions of 53-21-193, commit the respondent to the state hospital or to a behavioral health inpatient facility for a period of not more than 3 months;

(b) commit the respondent to a community facility, which may include a category D assisted living facility, or a community program or to any appropriate course of treatment, which may include housing or residential requirements or conditions as provided in 53-21-149, for a period of:

(i) not more than 3 months; or

(ii) not more than 6 months in order to provide the respondent with a less restrictive commitment in the community rather than a more restrictive placement in the state hospital if a respondent has been previously involuntarily committed for inpatient treatment in a mental health facility and the court determines that the admission of evidence of the previous involuntary commitment is relevant to the criterion of predictability, as provided in 53-21-126(1)(d), and outweighs the prejudicial effect of its admission, as provided in 53-21-190; or

(c) commit the respondent to the Montana mental health nursing care center for a period of not more than 3 months if the following conditions are met:

(i) the respondent meets the admission criteria of the center as described in 53-21-411 and established in administrative rules of the department; and

(ii) the superintendent of the center has issued a written authorization specifying a date and time for admission.

(4) Except as provided in subsection (3)(b)(ii), a treatment ordered pursuant to this section may not affect the respondent’s custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working days after the beginning of the involuntary administration. The

medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely upon the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility, which may include a category D assisted living facility, or a program or an appropriate course of treatment, as provided in subsection (3)(b), and may not require commitment at the state hospital, a behavioral health inpatient facility, or the Montana mental health nursing care center.

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(b) the alternatives for treatment that were considered;

(c) the alternatives available for treatment of the respondent;

(d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives;

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission;

(h) if the order provides for an evaluation to determine eligibility for entering a category D assisted living facility, a finding that indicates whether:

(i) the respondent meets the admission criteria;

(ii) there is availability in a category D assisted living facility; and

(iii) a category D assisted living facility is the least restrictive environment because the respondent is unlikely to benefit from involuntary commitment to facilities with more intensive treatment; and

(i) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives:

53-21-127. (Effective July 1, 2025) Posttrial disposition. (1) A respondent must be discharged and the petition dismissed if, upon trial, it is determined that the respondent:

(a) is not suffering from a mental disorder;

(b) does not require commitment within the meaning of this part; or

(c) is suffering from a mental disorder but the respondent's primary diagnosis is Alzheimer's disease, other forms of dementia, or traumatic brain injury and the respondent meets only the commitment criteria outlined in 53-21-126(1)(a) or (1)(d)(i)(B).

(2) If it is determined that the respondent is suffering from a mental disorder and requires commitment within the meaning of this part, the court shall hold a posttrial disposition hearing. The disposition hearing must be held within 5 days (including Saturdays, Sundays, and holidays unless the fifth day falls on a Saturday, Sunday, or holiday), during which time the court may order further evaluation and treatment of the respondent.

(3) At the conclusion of the disposition hearing and pursuant to the provisions in subsection (7), the court shall:

(a) subject to the provisions of 53-21-193, commit the respondent to the state hospital or to a behavioral health inpatient facility for a period of not more than 3 months;

(b) commit the respondent to a community facility, which may include a category D assisted living facility, or a community program or to any appropriate course of treatment, which may include housing or residential requirements or conditions as provided in 53-21-149, for a period of:

(i) not more than 3 months; or

(ii) not more than 6 months in order to provide the respondent with a less restrictive commitment in the community rather than a more restrictive placement in the state hospital if *a respondent is committed to a category D assisted living facility as provided in 53-21-199 or if a respondent has been previously involuntarily committed for inpatient treatment in a mental health facility and the court determines that the admission of evidence of the previous involuntary commitment is relevant to the criterion of predictability, as provided in 53-21-126(1)(d), and outweighs the prejudicial effect of its admission, as provided in 53-21-190; or*

(c) commit the respondent to the Montana mental health nursing care center for a period of not more than 3 months if the following conditions are met:

(i) the respondent meets the admission criteria of the center as described in 53-21-411 and established in administrative rules of the department; and

(ii) the superintendent of the center has issued a written authorization specifying a date and time for admission.

(4) Except as provided in subsection (3)(b)(ii), a treatment ordered pursuant to this section may not affect the respondent's custody or course of treatment for a period of more than 3 months.

(5) In determining which of the alternatives in subsection (3) to order, the court shall choose the least restrictive alternatives necessary to protect the respondent and the public and to permit effective treatment.

(6) The court may authorize the chief medical officer of a facility or a physician designated by the court to administer appropriate medication involuntarily if the court finds that involuntary medication is necessary to protect the respondent or the public or to facilitate effective treatment. Medication may not be involuntarily administered to a patient unless the chief medical officer of the facility or a physician designated by the court approves it prior to the beginning of the involuntary administration and unless, if possible, a medication review committee reviews it prior to the beginning of the involuntary administration or, if prior review is not possible, within 5 working days after the beginning of the involuntary administration. The medication review committee must include at least one person who is not an employee of the facility or program. The patient and the patient's attorney or advocate, if the patient has one, must receive adequate written notice of the date, time, and place of the review and must be allowed to appear and give testimony and evidence. The involuntary administration of medication must be again reviewed by the committee 14 days and 90 days after the beginning

of the involuntary administration if medication is still being involuntarily administered. The mental disabilities board of visitors and the director of the department of public health and human services must be fully informed of the matter within 5 working days after the beginning of the involuntary administration. The director shall report to the governor on an annual basis.

(7) Except as provided in 53-21-126(7), satisfaction of any one of the criteria listed in 53-21-126(1) justifies commitment pursuant to this chapter. However, if the court relies solely on the criterion provided in 53-21-126(1)(d), the court may require commitment only to a community facility, which may include a category D assisted living facility, or a program or an appropriate course of treatment, as provided in subsection (3)(b), and may not require commitment at the state hospital, a behavioral health inpatient facility, or the Montana mental health nursing care center.

(8) In ordering commitment pursuant to this section, the court shall make the following findings of fact:

(a) a detailed statement of the facts upon which the court found the respondent to be suffering from a mental disorder and requiring commitment;

(b) the alternatives for treatment that were considered;

(c) the alternatives available for treatment of the respondent;

(d) the reason that any treatment alternatives were determined to be unsuitable for the respondent;

(e) the name of the facility, program, or individual to be responsible for the management and supervision of the respondent's treatment;

(f) if the order includes a requirement for inpatient treatment, the reason inpatient treatment was chosen from among other alternatives;

(g) if the order commits the respondent to the Montana mental health nursing care center, a finding that the respondent meets the admission criteria of the center and that the superintendent of the center has issued a written authorization specifying a date and time for admission;

(h) if the order provides for an evaluation to determine eligibility for entering a category D assisted living facility, a finding that indicates whether:

(i) the respondent meets the admission criteria;

(ii) there is availability in a category D assisted living facility; and

(iii) a category D assisted living facility is the least restrictive environment because the respondent is unlikely to benefit from involuntary commitment to facilities with more intensive treatment; and

(i) if the order includes involuntary medication, the reason involuntary medication was chosen from among other alternatives."

Section 3. Section 53-21-199, MCA, is amended to read:

"53-21-199. Option for diversion from involuntary commitment to Montana state hospital – *diversion to category D assisted living facilities.* (1) *It is the intent of the legislature to divert individuals from all forms of involuntary commitment. When it is not possible to divert an individual from involuntary commitment, it is the intent of the legislature that commitment to the Montana state hospital serves as a last resort because the Montana state hospital is the most restrictive and least cost-effective form of mental health treatment in the state.*

(1)(2) ~~Subject to subsection (3), a~~ A person with a mental disorder who is detained or considered for detention under 53-21-120(4) may, ~~upon meeting the requirements in 50-5-226(5), request diversion be diverted to~~ a category D assisted living facility pursuant to the processes outlined in this section.

(3) *A court may dismiss involuntary treatment proceedings to facilitate voluntary treatment at a category D assisted living facility if:*

(a) the court finds that a person detained or considered for detention under this chapter is likely to benefit from the services of a category D assisted living facility;

(b) a category D assisted living facility is willing to serve the person; and

(c) the person is willing to receive services from the category D assisted living facility.

~~(2)(4)~~ If voluntary diversion to a category D facility as provided in subsection (3) is not possible and a court, after obtaining the results of an examination as provided in 53-21-123, finds that a short-term inpatient treatment is inappropriate for a person who otherwise is eligible for involuntary commitment to the Montana state hospital, the court may initiate the process necessary to determine eligibility ~~for residency in~~ *to divert the person from the Montana state hospital by ordering involuntary commitment to a category D assisted living facility.*

~~(3)(5)~~ For a person to be eligible for diversion from the Montana state hospital to a category D assisted living facility *pursuant to subsection (4)*, a court determination and an examination under 53-21-123 must indicate that the person:

~~(a) is not suffering acute psychosis; meets the requirements of commitment;~~

~~(b) is experiencing behavioral patterns that may make the person a danger to self or others; meets the eligibility requirements of 50-5-226; and~~

~~(c) is dependent on assistance for two or more activities of daily living; and has been approved for admission by a category D assisted living facility.~~

~~(d) is more likely to benefit from being in a category D assisted living facility than in the Montana mental health nursing care center or the Montana state hospital.~~

~~(6) (a) No later than 30 days before the end of a commitment period, the category D assisted living facility that approved a person for admission may provide notice to the court that the facility is no longer able to meet the treatment needs of the person committed to the facility's care.~~

~~(b) On receipt of the notice from a category D assisted living facility, the court shall initiate the process to determine if the person continues to meet the requirements under subsection (5) for diversion to a category D assisted living facility.~~

~~(c) If the person meets the requirements for commitment to a category D assisted living facility under subsection (5), but no category D assisted living facility has approved the person for admission, the court may commit the person to the Montana state hospital subject to the provisions of 53-21-127."~~

[SB 532]

AN ACT REVISING COUNTY ZONING LAWS TO ALLOW FOR ACCESSORY DWELLING UNITS; REQUIRING COUNTIES TO ADOPT CERTAIN REGULATIONS IN RELATION TO ACCESSORY DWELLING UNITS; PROHIBITING CERTAIN REGULATIONS IN RELATION TO ACCESSORY DWELLING UNITS; ALLOWING A COUNTY TO CHARGE A FEE TO REVIEW APPLICATIONS TO CREATE ACCESSORY DWELLING UNITS; AMENDING SECTION 76-4-130, MCA; AND PROVIDING A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Accessory dwelling units – regulations – restrictions.

(1) (a) In jurisdictional areas where the board of county commissioners has established zoning regulations under this part, the regulations must allow a minimum of one accessory dwelling unit by right on a lot or parcel that contains a single-family dwelling.

(b) An accessory dwelling unit may be attached, detached, or internal to the single-family dwelling on a lot or parcel.

(2) A county may not:

(a) require that an accessory dwelling unit match the exterior design, roof pitch, or finishing materials of the single-family dwelling;

(b) require that the single-family dwelling or the accessory dwelling unit be occupied by the owner;

(c) require a familial, marital, or employment relationship between the occupants of the single-family dwelling and the occupants of the accessory dwelling unit;

(d) assess impact fees on the construction of an accessory dwelling unit;

(e) require improvements to public streets as a condition of permitting an accessory dwelling unit, except as necessary to reconstruct or repair a public street that is disturbed as a result of the construction of the accessory dwelling unit;

(f) set maximum building heights, minimum setback requirements, minimum lot sizes, maximum lot coverages, or minimum building frontages for accessory dwelling units that are more restrictive than those for the single-family dwelling on the lot;

(g) impose more onerous development standards on an accessory dwelling unit beyond those set forth in this section; or

(h) require a restrictive covenant concerning an accessory dwelling unit on a parcel zoned for residential use by a single-family dwelling. This subsection (2)(h) may not be construed to prohibit restrictive covenants concerning accessory dwelling units entered into between private parties, but the county may not condition a permit, license, or use of an accessory dwelling unit on the adoption or implementation of a restrictive covenant entered into between private parties.

(3) Nothing in this section prohibits a county from regulating short-term rentals as defined in 15-68-101.

(4) A county may require a fee for reviewing applications to create accessory dwelling units. The one-time application fee may be up to \$250 for each accessory dwelling unit. Nothing in this section prohibits a county from requiring its usual building fees in addition to the application fee.

(5) A county that has not adopted or amended regulations pursuant to this section by [the effective date of this act] shall review and permit accessory dwelling units in accordance with the requirements of this section until regulations are adopted or amended. Regulations in effect on or after [the effective date of this act], that apply to accessory dwelling units and do not comply with this section are void.

(6) The provisions of this section do not supersede applicable building codes, fire codes, or public health and safety regulations adopted pursuant to Title 50, chapter 2.

(7) (a) A county may require an expedited sanitation review as allowed in subsection (7)(b).

(b) The department of environmental quality shall provide for a 15-day expedited sanitation review under 76-4-130 for an accessory dwelling unit that

is being added to a parcel with existing public water and wastewater service that has capacity for the accessory dwelling unit.

(8) Nothing in this section prohibits a county from adopting regulations that are more permissive than the accessory dwelling unit provisions provided in this section.

(9) For the purposes of this section:

(a) “accessory dwelling unit” means a self-contained living unit on the same parcel as a single-family dwelling of greater square footage that includes its own cooking, sleeping, and sanitation facilities and complies with or is otherwise exempt from any applicable building code, fire code, and public health and safety regulations adopted pursuant to Title 50, chapter 2.

(b) “by right” means the ability to be approved without requiring:

(i) a public hearing;

(ii) a variance, conditional use permit, special permit, or special exception; or

(iii) other discretionary zoning action other than a determination that a site plan conforms with applicable zoning regulations;

(c) “county” means a county that exercises zoning powers under this part;

(d) “gross floor area” means the interior habitable area of a single-family dwelling or an accessory dwelling unit; and

(e) “single-family dwelling” means a building with one or more rooms designed for residential living purposes by one household that is detached from any other dwelling unit.

Section 2. Section 76-4-130, MCA, is amended to read:

“76-4-130. Deviation from certificate of subdivision approval – expedited review. (1) Except as provided in subsection (2), a person may not construct or use a facility that deviates from the certificate of subdivision approval until the reviewing authority has approved the deviation.

(2) (a) A person may deviate from the certificate of subdivision approval without approval by the reviewing authority if the deviation consists solely of connecting to municipal, county water and/or sewer district, or regional authority facilities in place of previously approved facilities. The department may require notification when a person connects to municipal, county water and/or sewer district, or regional authority facilities.

(b) *A person qualifies for a 15-day expedited review under this part to deviate from the certificate of subdivision approval if the person intends to add an accessory dwelling unit as provided for in [section 1] to a parcel with existing public water and wastewater service that has capacity for the accessory dwelling unit.*”

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 76, chapter 2, part 2, and the provisions of Title 76, chapter 2, part 2, apply to [section 1].

Section 4. Termination. [Sections 1(7) and 2] terminate September 30, 2029.

[SB 534]

AN ACT REVISING PROPERTY TAX ABATEMENTS FOR COMMUNICATION AND INTERNET PROPERTY; EXEMPTING CERTAIN WIRELESS INFRASTRUCTURE FROM PROPERTY TAXATION; AMENDING SECTIONS

15-6-135, 15-6-156, 15-6-219, AND 15-6-243, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-135, MCA, is amended to read:

“15-6-135. Class five property – description – taxable percentage – exemption. (1) Class five property includes:

(a) all property used and owned by cooperative rural electrical and cooperative rural telephone associations organized under the laws of Montana, except property owned by cooperative organizations described in 15-6-137(1)(a);

(b) air and water pollution control and carbon capture equipment as defined in this section;

(c) any personal or real property used primarily in the production of ethanol-blended gasoline during construction and for the first 3 years of its operation;

(d) all land and improvements and all personal property owned by a research and development firm, provided that the property is actively devoted to research and development;

(e) machinery and equipment used in electrolytic reduction facilities; and

(f) all property used and owned by persons, firms, corporations, or other organizations that are engaged in the business of furnishing telecommunications services exclusively to rural areas or to rural areas and cities and towns of 1,200 permanent residents or less.

(2) (a) “Air and water pollution control and carbon capture equipment” means that portion of identifiable property, facilities, machinery, devices, or equipment certified as provided in subsections (2)(b) and (2)(c) and designed, constructed, under construction, or operated for removing, disposing, abating, treating, eliminating, destroying, neutralizing, stabilizing, rendering inert, storing, or preventing the creation of air or water pollutants that, except for the use of the item, would be released to the environment. This includes machinery, devices, or equipment used to capture carbon dioxide or other greenhouse gases. Reduction in pollutants obtained through operational techniques without specific facilities, machinery, devices, or equipment is not eligible for certification under this section.

(b) Requests for certification must be made on forms available from the department of revenue. Certification may not be granted unless the applicant is in substantial compliance with all applicable rules, laws, orders, or permit conditions. Certification remains in effect only as long as substantial compliance continues.

(c) The department of environmental quality shall promulgate rules specifying procedures, including timeframes for certification application, and definitions necessary to identify air and water pollution control and carbon capture equipment for certification and compliance. The department of revenue shall promulgate rules pertaining to the valuation of qualifying air and water pollution control and carbon capture equipment. The department of environmental quality shall identify and track compliance in the use of certified air and water pollution control and carbon capture equipment and report continuous acts or patterns of noncompliance at a facility to the department of revenue. Casual or isolated incidents of noncompliance at a facility do not affect certification.

(d) To qualify for the exemption under subsection (3)(b)(i), the air and water pollution control and carbon capture equipment must be placed into service after January 1, 2014, for the purposes of environmental benefit or to comply with state or federal pollution control regulations. If the air or water pollution

control and carbon capture equipment enhances the performance of existing air and water pollution control and carbon capture equipment, only the market value of the enhancement is subject to the exemption under subsection (3)(b)(i).

(e) Except as provided in subsection (2)(d), equipment that does not qualify for the exemption under subsection (3)(b)(i) includes but is not limited to equipment placed into service to maintain, replace, or repair equipment installed on or before January 1, 2014.

(f) A person may appeal the certification, classification, and valuation of the property to the Montana tax appeal board. Appeals on the property certification must name the department of environmental quality as the respondent, and appeals on the classification or valuation of the equipment must name the department of revenue as the respondent.

(3) (a) Except as provided in subsection (3)(b), class five property is taxed at 3% of its market value.

(b) (i) Air and water pollution control and carbon capture equipment placed in service after January 1, 2014, and that satisfies the criteria in subsection (2)(d) is exempt from taxation.

(ii) (A) Except as provided in subsection (3)(b)(ii)(B), fiber optic or coaxial cable, as defined in 15-6-156, installed and placed in service on or after July 1, 2021, and *wireless infrastructure*, as defined in 15-6-156, placed in service on or after [the effective date of this act] is exempt from taxation for a period of 5 years starting from the date the fiber optic or coaxial cable or *wireless infrastructure* was placed in service, after which the property exemption is phased out at a rate of 20% a year, with the property being assessed at 100% of its taxable value after a 10-year period. In order to maintain the exemption, the owner of fiber optic or coaxial cable or *wireless infrastructure* shall reinvest the tax savings from the exemption by installing and placing in service new fiber optic or coaxial cable or *wireless infrastructure* in Montana within 2 years from the date the owner first claimed the exemption provided for in this subsection (3)(b)(ii) without charging those costs to the consumer. The cost of installing or placing into service fiber optic or coaxial cable or *wireless infrastructure* with the reinvested tax savings without charging those costs to the consumer must be equal to or greater than the value of the tax savings received from the tax incentive.

(B) Fiber optic or coaxial cable installed using federal funds received pursuant to section 9901 of the American Rescue Plan Act is not eligible for exemption from taxation under this section.

(C) An entity that claims a tax exemption under this subsection (3)(b)(ii) shall maintain adequate books and records demonstrating the investment the owner made when installing and placing in service fiber optic or coaxial cable or *wireless infrastructure* in Montana. The property owners shall make those records available to the department for inspection upon request.

(4) (a) The property taxes exempted from taxation by subsection (3)(b)(ii) are subject to termination or recapture if the department determines that the owner failed to install and place in service new coaxial or fiber cable or *wireless infrastructure* in Montana as provided in subsection (3)(b)(ii) or otherwise violates the provisions of this section.

(b) Upon notice from the department that the owner's exemption has terminated, any local governing body may recapture taxes previously exempted in that jurisdiction, plus interest and penalties for nonpayment of property taxes as provided in 15-16-102, during any tax year in which an exemption under the provisions of subsection (3)(b)(ii) was improper. Any recapture must occur within 10 years after the end of the calendar year in which the exemption was first claimed.

(c) The recapture of abated taxes may be canceled, in whole or in part, if the local governing body determines that the taxpayer's failure to meet the requirements is a result of circumstances beyond the control of the taxpayer."

Section 2. Section 15-6-156, MCA, is amended to read:

"15-6-156. Class thirteen property – description – taxable percentage. (1) Except as provided in subsections (2)(a) through (2)(i), class thirteen property includes:

(b) electrical generation facilities, except wind generation facilities, biomass generation facilities, and energy storage facilities classified under 15-6-157, owned or operated by an exempt wholesale generator or an entity certified as an exempt wholesale generator pursuant to 42 U.S.C. 16451;

(b) air and water pollution control and carbon capture equipment as defined in this section;

(c) any personal or real property used primarily in the production of ethanol-blended gasoline during construction and for the first 3 years of its operation;

(d) all land and improvements and all personal property owned by a research and development firm, provided that the property is actively devoted to research and development;

(e) machinery and equipment used in electrolytic reduction facilities; and

(f) all property used and owned by persons, firms, corporations, or other organizations that:

(2) (a) “Air and water pollution control and carbon capture equipment” means that portion of identifiable property, facilities, machinery, devices, or equipment certified as provided in subsections (2)(b) and (2)(c) and designed, constructed, under construction, or operated for removing, disposing, abating, treating, eliminating, destroying, neutralizing, stabilizing, rendering inert, storing, or preventing the creation of air or water pollutants that, except for the use of the item, would be released to the environment. This includes machinery, devices, or equipment used to capture carbon dioxide or other greenhouse gases. Reduction in pollutants obtained through operational techniques without specific facilities, machinery, devices, or equipment is not eligible for certification under this section.

(b) Requests for certification must be made on forms available from the department of revenue. Certification may not be granted unless the applicant is in substantial compliance with all applicable rules, laws, orders, or permit conditions. Certification remains in effect only as long as substantial compliance continues.

(c) The department of environmental quality shall promulgate rules specifying procedures, including timeframes for certification application, and definitions necessary to identify air and water pollution control and carbon capture equipment for certification and compliance. The department of revenue shall promulgate rules pertaining to the valuation of qualifying air and water pollution control and carbon capture equipment. The department of environmental quality shall identify and track compliance in the use of certified air and water pollution control and carbon capture equipment and report continuous acts or patterns of noncompliance at a facility to the department of revenue. Casual or isolated incidents of noncompliance at a facility do not affect certification.

(d) To qualify for the exemption under subsection (3)(b)(i), the air and water pollution control and carbon capture equipment must be placed into service after January 1, 2014, for the purposes of environmental benefit or to comply with state or federal pollution control regulations. If the air or water pollution control and carbon capture equipment enhances the performance of existing air and water pollution control and carbon capture equipment, only the market value of the enhancement is subject to the exemption under subsection (3)(b)(i).

(e) Except as provided in subsection (2)(d), equipment that does not qualify for the exemption under subsection (3)(b)(i) includes but is not limited to equipment placed into service to maintain, replace, or repair equipment installed on or before January 1, 2014.

(f) A person may appeal the certification, classification, and valuation of the property to the Montana tax appeal board. Appeals on the property certification must name the department of environmental quality as the respondent, and appeals on the classification or valuation of the equipment must name the department of revenue as the respondent.

In order to maintain the exemption, the owner of fiber optic or coaxial cable shall reinvest the tax savings from the exemption by installing and placing in service new fiber optic or coaxial cable in Montana within 2 years from the date the owner first claimed the exemption provided for in this subsection (3)(b)(ii) without charging those costs to the consumer. The cost of installing or placing into service fiber optic or coaxial cable with the reinvested tax savings without charging those costs to the consumer must be equal to or greater than the value of the tax savings received from the tax incentive.

(B) Fiber optic or coaxial cable installed using federal funds received pursuant to section 9901 of the American Rescue Plan Act is not eligible for exemption from taxation under this section.

(C) An entity that claims a tax exemption under this subsection (3)(b)(ii) shall maintain adequate books and records demonstrating the investment the owner made when installing and placing in service fiber optic or coaxial cable in Montana. The property owners shall make those records available to the department for inspection upon request.

(4) (a) The property taxes exempted from taxation by subsection (3)(b)(ii) are subject to termination or recapture if the department determines that the owner failed to install and place in service new coaxial or fiber cable in Montana as provided in subsection (3)(b)(ii) or otherwise violates the provisions of this section.

(b) Upon notice from the department that the owner's exemption has terminated, any local governing body may recapture taxes previously exempted in that jurisdiction, plus interest and penalties for nonpayment of property taxes as provided in 15-16-102, during any tax year in which an exemption under the provisions of subsection (3)(b)(ii) was improper. Any recapture must occur within 10 years after the end of the calendar year in which the exemption was first claimed.

(c) The recapture of abated taxes may be canceled, in whole or in part, if the local governing body determines that the taxpayer's failure to meet the requirements is a result of circumstances beyond the control of the taxpayer."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to property tax years beginning after December 31, 2024.

CHAPTER NO. 624

[SB 552]

AN ACT PROVIDING THAT A PETITION TO TRANSFER MAY BE FILED BY A COUNTY ATTORNEY IF AN OFFENDER PREVIOUSLY SENTENCED FOR A FELONY WHO RECEIVED A SUSPENDED OR DEFERRED SENTENCE IN ONE COUNTY IS CHARGED WITH ANOTHER FELONY IN A DIFFERENT COUNTY SO THAT BOTH CASES CAN BE FILED IN THE COUNTY WHERE THE SECOND FELONY CASE IS ALLEGED TO HAVE OCCURRED; PROVIDING A FILING FEE; AND AMENDING SECTIONS 46-18-203 AND 46-23-1011, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence.

(1) **Upon** On the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court or with a court as provided in subsection (3) either before the period of suspension or deferral has begun or during the period of suspension or deferral but not after the period has expired. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) *A county attorney in a county where the defendant is alleged to have committed a new felony offense may petition the sentencing court in a county where the defendant was sentenced to a suspended or deferred sentence in a prior felony conviction to transfer the matter to the county where the new felony is alleged to have been committed for revocation of the prior suspended or deferred sentence. The petition must be served on the county attorney in the original sentencing county, the sentencing judge in the sentencing jurisdiction of the prior felony conviction, any victims, and the defendant.*

(3)(4) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4)(5) Without unnecessary delay and no more than 60 days after arrest, the offender must be brought before the judge, and at least 10 days prior to the hearing the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5)(6) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b) (6)(b).

(6)(7) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

(i) the terms and conditions of the suspended or deferred sentence; or

(ii) a condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711.

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7)(8) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence by committing either compliance violations or noncompliance violations, or both, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions, which may include placement in:

(A) a secure facility designated by the department for up to 9 months; or

(B) a community corrections facility or program designated by the department for up to 9 months, including but not limited to placement in a prerelease center, sanction or hold bed, transitional living program, enhanced

supervision program, relapse intervention bed, chemical dependency treatment, or 24/7 sobriety program;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time, consult the records and recollection of the probation and parole officer, and allow all of the elapsed time served without any record or recollection of violations as a credit against the sentence. If the judge determines that elapsed time should not be credited, the judge shall state the reasons for the determination in the order. Credit must be allowed for time served in a detention center or for home arrest time already served.

(c) If the judge finds that the offender has not violated a term or condition of a suspended or deferred sentence, the judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8)(9) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9)(10) All sanction and placement decisions must be documented in the offender's file.

(10)(11) As used in this section:

(a) "absconding" means when an offender deliberately makes the offender's whereabouts unknown to a probation and parole officer or fails to report for the purposes of avoiding supervision, and reasonable efforts by the probation and parole officer to locate the offender have been unsuccessful; and

(b) "compliance violation" means a violation of the conditions of supervision that is not:

(i) a new criminal offense;

(ii) possession of a firearm in violation of a condition of probation;

(iii) behavior by the offender or any person acting at the offender's direction that could be considered stalking, harassing, or threatening the victim of the offense or a member of the victim's immediate family or support network;

(iv) absconding; or

(v) failure to enroll in or complete a required sex offender treatment program or a treatment program designed to treat violent offenders.

(11)(12) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence.

(13) *A filing fee of \$120 must be filed with a petition for revocation when a transfer of jurisdiction is requested.*

Section 2. Section 46-23-1011, MCA, is amended to read:

If the sentencing judge did not set conditions of probation at the time of sentencing, the court shall, at the request of the department, hold a hearing and set conditions of probation. The probationer must be present at

the hearing. The probationer has the right to counsel as provided in chapter 8 of this title.

If the victim is a minor, a parent or guardian of the victim may make the request on the victim's behalf.

(3) A copy of the conditions of probation must be signed by the probationer. The department may require a probationer to waive extradition for the probationer's return to Montana.

(4) The probation and parole officer shall regularly advise and consult with the probationer using effective communication strategies and other evidence-based practices to encourage the probationer to improve the probationer's condition and conduct and shall inform the probationer of the restoration of rights on successful completion of the sentence.

(b) The probation and parole officer shall provide the county attorney in the sentencing jurisdiction with a report that identifies the conditions of probation and the reason why the officer believes that the judge should modify or add the conditions.

(c) The county attorney may file a petition requesting that the court modify or add conditions as requested by the probation and parole officer.

A grant recipient listed under [section 1(4) and (7)] may not receive funds from both the reclamation and development grants program and the renewable resource grant and loan program for the same project during the same biennium.

Section 3. Condition of grants. The disbursement of funds under [section 1] is subject to the following conditions that must be met by the grant recipient:

(1) The grant recipient must have a scope of work, schedule, and budget for the project that is approved by the department of natural resources and conservation. Any changes in scope of work or budget after legislative approval may not alter project goals and objectives. Changes in activities that would reduce the public or natural resource benefits as presented in department of natural resources and conservation reports and applicant testimony to the 69th legislature may result in a proportional reduction in the grant amount.

(2) The grant recipient must document that other matching funds required for completion of the project are firmly committed.

(3) The grant recipient must have a project management plan that is approved by the department of natural resources and conservation.

(4) The grant recipient shall comply with the auditing and reporting requirements provided for in 2-7-503 and establish a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with the auditing and reporting requirements provided for in 2 CFR 200.

(5) The grant recipient shall satisfactorily complete the conditions described in the recommendation section of the project narrative of the program report to the legislature for the biennium ending June 30, 2027, or, in the case of planning grants issued under [section 1(1)], complete the conditions specified at the time of written notification of the approved grant authority.

(6) The grant recipient shall execute a grant agreement with the department of natural resources and conservation.

(7) Any other specific requirements considered necessary by the department must be met to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal as presented to the legislature.

Section 4. Appropriations established. There is appropriated to any entity of state government that receives a grant under [section 1] the amount of the grant upon award of the grant by the department of natural resources and conservation. Grants to entities from prior biennia are reauthorized for the completion of contract work.

Section 5. Approval of grants – completion of biennial appropriation. The legislature, pursuant to 85-1-605, approves the renewable resource grant and loan program grants listed in [section 1]. The authorization of these grants constitutes a biennial appropriation from the natural resources projects state special revenue account established in 15-38-302.

Section 6. Section 85-1-612, MCA, is amended to read:

“85-1-612. Rulemaking authority. The department shall adopt rules:

(1) prescribing a reasonable application fee and the form and content of applications for grants and loans;

(2) governing the application of the criteria for awarding loans and grants to private persons;

(3) providing for the servicing of loans including arrangements for obtaining security interests and the establishment of reasonable fees or charges to be made;

(4) describing the terms and conditions for making grants and loans, the security instruments, and the agreements necessary;

(5) describing the ranking criteria used to evaluate and prioritize grants to governmental entities, *which must include a ratio calculated by dividing the amount of the locally provided match, which includes cash or capital*

improvement funds, by the annual operating budget for the system. Projects with a higher ratio of match may be given priority over other projects with a lower ratio, and consideration must be given to the size and cost of the proposed project, the number of users the project serves, and the ability of the applicant to fund the fund dedicated to capital improvements.

(6) specifying any other procedures necessary to accomplish the objectives of the renewable resource grant and loan program.”

Section 7. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each federally recognized tribal government in Montana.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Coordination instruction. (1) If both [this act] and an act that provides additional funding for renewable resource grant and loan program grants from a source other than the natural resources projects state special revenue account established in 15-38-302 are passed and approved, the projects listed in [section 1(4) and (7) of this act] that do not receive funding from the appropriations in [section 1(2) and (5) of this act] may receive funding from the appropriation in the other act designated for renewable resource grant and loan program grants in the order of completion of the conditions of [section 3 of this act] and to the extent that there is appropriation authority available.

(2) Appropriations made in [section 1(1)(a) through(1)(e)] may be adjusted within [section 1(1)(a) through (1)(e)] within the biennium based on demand or emergencies.

Section 3. Condition of grants. The disbursement of funds under [section 1] is subject to the following conditions that must be met by the grant recipient:

(1) The grant recipient must have a scope of work, schedule, and budget for the project that is approved by the department of natural resources and conservation. Any changes in scope of work or budget subsequent to legislative approval may not alter project goals and objectives. Changes in activities that would reduce the public or natural resource benefits as presented in department of natural resources and conservation reports and applicant testimony to the 69th legislature may result in a proportional reduction in the grant amount.

(2) The grant recipient shall document that other matching funds required for the completion of the project are firmly committed.

(3) The grant recipient must have a project management plan that clearly outlines the roles of participating entities and that is approved by the department of natural resources and conservation.

(4) The grant recipient shall comply with the auditing and reporting requirements provided for in 2-7-503 and establish a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with the auditing and reporting requirements provided for in 2 CFR 200.

(5) The grant recipient shall submit documentation to the department demonstrating satisfactory completion of the conditions of described in the recommendation section of the project narrative of the program report to the legislature for the biennium ending June 30, 2027, or, in the case of planning grants issued under [section 1(1)], complete the conditions specified at the time of written notification of the approved grant authority.

(6) The grant recipient shall execute a grant agreement with the department of natural resources and conservation.

(7) Any other specific requirements considered necessary by the department must be met to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal as presented to the legislature.

Section 4. Appropriations established. There is appropriated to any entity of state government that receives a grant under [section 1] the amount of the grant upon award of the grant by the department of natural resources and conservation. Grants to entities from prior biennia are reauthorized for the completion of contract work.

Section 5. Approval of grants -- completion of biennial appropriation. The legislature, pursuant to 90-2-1111, approves the reclamation and development grants listed in [section 1]. The authorization of these grants constitutes a biennial appropriation from the natural resources projects state special revenue account established in 15-38-302.

Section 6. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each federally recognized tribal government in Montana.

Section 7. Coordination instruction. (1) If both [this act] and an act that provides additional funding for reclamation and development grants from a source other than the natural resources projects state special revenue account established in 15-38-302 are passed and approved, the projects listed in [section 1(4) of this act] that do not receive funding from the appropriations in [section 1(2) of this act] may receive funding from the appropriation in the other act designated for reclamation and development grants as follows:

- (a) in the order of completion of the conditions of [section 3 of this act]; and
- (b) to the extent that there is appropriation authority available.

(2) If both [section 1(1)(b) of House Bill No. 6] and [section 1(1) of this act] are passed and approved and if all of the \$750,000 in grant funds authorized in [section 1(1) of this act] are not expended for planning reclamation and development projects by the end of the biennium, then projects eligible for funding under [section 1(1)(b) of House Bill No. 6] are eligible to apply for funding under [section 1(1) of this act] for renewable resource project planning grants.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective July 1, 2025.

Expenditures required for cost-effective carbon offsets pursuant to this subsection (6)(e) are fully recoverable in rates. By March 31, 2008, the commission shall adopt rules for the implementation of this subsection (6)(e).

(f) The commission order may include other findings that the commission determines are necessary.

(g) A commission order that denies approval must describe why the findings required in subsection (6)(c) could not be reached.

(h) The commission order must approve or deny an initial cost finding, in whole or in part. Any additional costs in excess of the commission approved amount must be approved or denied, in whole or in part, in a subsequent proceeding.

(7) Notwithstanding any provision of this chapter to the contrary, if the commission has issued an order containing the findings required under subsection (6)(c), the commission may not subsequently disallow the recovery of costs related to the approved electricity supply resource based on contrary findings.

(8) Until the state or federal government has adopted uniformly applicable statewide standards for the capture and sequestration of carbon dioxide, the commission may not approve an application for the acquisition of an equity interest or lease in a facility or equipment used to generate electricity that is primarily fueled by coal and that is constructed after January 1, 2007, unless the facility or equipment captures and sequesters a minimum of 50% of the carbon dioxide produced by the facility. Carbon dioxide captured by a facility or equipment may be sequestered offsite from the facility or equipment.

(9) Nothing limits the commission's ability to subsequently, in any future rate proceeding, inquire into the manner in which the public utility has managed, dispatched, operated, or maintained any resource or managed any power purchase agreement as part of its overall resource portfolio. The commission may subsequently disallow rate recovery for the costs that result from the failure of a public utility to reasonably manage, dispatch, operate, maintain, or administer electricity supply resources in a manner consistent with 69-3-201 and commission rules.

(10) The commission shall adopt rules prescribing minimum filing requirements for applications filed pursuant to this part."

CHAPTER NO. 634

[HB 69]

AN ACT REVISING HARD ROCK AND ROCK PRODUCTS MINING FEES; PROVIDING FOR AN ANNUAL SMALL MINER ADMINISTRATIVE FEE AND LATE FEE, AN EXPLORATION LICENSE RENEWAL FEE, AN OPERATING PERMIT APPLICATION FEE, AN ANNUAL PERMIT FEE FOR MINES AND ROCK PRODUCTS MINES, AND A FEE FOR PERMIT AMENDMENTS; CREATING A HARD-ROCK MINING PERMITTING PROGRAM ACCOUNT; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 82-4-305, 82-4-311, 82-4-331, 82-4-332, 82-4-335, 82-4-339, 82-4-342, AND 82-4-343, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Hard-rock mining permitting program account.

(1) There is a hard-rock mining permitting program account in the state special revenue fund established in 17-2-102. Money transferred to the fund by the legislature, fees collected in accordance with this part, and interest and income earned on money in the account must be deposited into the account.

(2) The department shall use money in the account to administer and enforce this part.

Section 2. Section 82-4-305, MCA, is amended to read:

"82-4-305. Exemption – small miners – written agreement.

(1) Except as provided in subsections (3) through ~~(11)~~ (12), the provisions of this part do not apply to a small miner if the small miner annually *submits a \$100 administrative fee and agrees* in writing:

(a) that the small miner will not pollute or contaminate any stream;

(b) that the small miner will provide protection for human and animal life through the installation of bulkheads installed over safety collars and the installation of doors on tunnel portals;

(c) that the small miner will provide a map locating the miner's mining operations. The map must be of a size and scale determined by the department.

(d) if the small miner's operations are placer or dredge mining, that the small miner shall salvage and protect all soil materials for use in reclamation of that site and shall reclaim all land disturbed by the operations to comparable utility and stability as that of adjacent areas.

(2) For small-miner exemptions obtained after September 30, 1985, a small miner may not obtain or continue an exemption under subsection (1) unless the small miner annually certifies in writing:

(a) if the small miner is an individual, that:

(i) no business association or partnership of which the small miner is a member or partner has a small-miner exemption; and

(ii) no corporation of which the small miner is an officer, director, or owner of record of 25% or more of any class of voting stock has a small-miner exemption; or

(b) if the small miner is a partnership or business association, that:

(i) none of the associates or partners holds a small-miner exemption; and

(ii) none of the associates or partners is an officer, director, or owner of 25% or more of any class of voting stock of a corporation that has a small-miner exemption; or

(c) if the small miner is a corporation, that no officer, director, or owner of record of 25% or more of any class of voting stock of the corporation:

(i) holds a small-miner exemption;

(ii) is a member or partner in a business association or partnership that holds a small-miner exemption; or

(iii) is an officer, director, or owner of record of 25% or more of any class of voting stock of another corporation that holds a small-miner exemption.

(3) A small miner whose operations are placer or dredge mining shall post a performance bond equal to the state's documented cost estimate of reclaiming the disturbed land, although the bond may not exceed \$10,000 for each operation. If the small miner has posted a bond for reclamation with another government agency, the small miner is exempt from the requirement of this subsection.

(4) If a small miner who conducts a placer or dredge mining operation fails to reclaim the operation, the small miner is liable to the department for all of its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and for state materials and equipment used. If

the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(5) If a small miner who conducts a placer or dredge mining operation fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (6), before or after it incurs those costs.

(6) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (5), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(7) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation in which the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of. The acreage disturbed by the operation using cyanide ore-processing reagents or other metal leaching solvents or reagents and covered by the operating permit is excluded from the 5-acre limit specified in 82-4-303(30)(a)(i) and (30)(a)(ii).

(8) (a) Except for a small miner proposing to conduct a placer or dredge mining operation, a small miner who intends to use an impoundment to store waste from ore processing shall obtain approval for the design, construction, operation, and reclamation of that impoundment and post a performance bond for that part of the small miner's operation before constructing an impoundment. The small miner shall post a performance bond equal to the state's documented cost estimate of reclaiming the disturbed land. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(a).

(b) The department shall conduct a review of the adequacy of the bond posted by a small miner using an impoundment pursuant to this section at least once every 5 years and adjust the bond if necessary to ensure reclamation of the impoundment. The acreage disturbed by the portion of the operation

that uses an impoundment to store waste from ore processing is included in the 5-acre limit specified in 82-4-303(30)(a)(i) and (30)(a)(ii) and is subject to the provisions of this subsection (8).

(c) If a small miner under this subsection (8) fails to reclaim the operation, the small miner is liable to the department for all of its reasonable costs of reclamation, including a reasonable charge for services performed by state personnel and for state materials and equipment used. If the small miner posts a surety bond, the surety is liable to the state to the extent of the bond amount and the small miner is liable for the remainder of the reasonable costs to the state of reclaiming the operation.

(d) If a small miner under this subsection (8) fails to commence reclamation of the operation within 6 months after cessation of mining or within an extended period allowed by the department for good cause shown or if the small miner fails to diligently complete reclamation, the department shall notify the small miner by certified mail that it intends to reclaim the operation unless the small miner commences reclamation within 30 days and diligently completes the reclamation. The notice must be mailed to the address stated on the small miner exclusion statement or, if the small miner has notified the department of a different address by letter or in the annual certification form, to the most recent address given to the department. If the small miner fails to commence reclamation within 30 days or to diligently complete reclamation, the department may revoke the small miner exclusion statement, forfeit any bond that has been posted with the department, and enter and reclaim the operation. If the small miner has not posted a bond with the department or if the reasonable costs of reclamation exceed the amount of the bond, the department may also collect additional reclamation costs, as set forth in subsection (8)(e), before or after it incurs those costs.

(e) To collect additional reclamation costs, the department shall notify the small miner by certified mail, at the address determined under subsection (8)(d), of the additional reasonable reclamation costs and request payment within 30 days. If the small miner does not pay the additional reclamation costs within 30 days, the department may bring an action in district court for payment of the estimated future costs and, if the department has performed any reclamation, of its reasonable actual costs. The court shall order payment of costs that it determines to be reasonable and shall retain jurisdiction until reclamation of the operation is completed. Upon completion of reclamation, the court shall order payment of any additional costs that it considers reasonable or the refund of any portion of any payment for estimated costs that exceeds the actual reasonable costs incurred by the department.

(f) Except for a small miner who conducts a placer or dredge mining operation, a small miner utilizing an impoundment to store waste from ore processing on or after April 28, 2005, shall obtain approval of the design, construction, operation, and reclamation of that impoundment and post a performance bond within 6 months of April 28, 2005. If the small miner has posted a bond for reclamation of that site with a federal government agency, the small miner is exempt from the requirements of this subsection (8)(f).

(9) The exemption provided in this section does not apply to a person:

(a) whose failure to comply with the provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in the forfeiture of a bond, unless that person meets the conditions described under 82-4-360;

(b) who has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) who has failed to post a reclamation bond required by this section, unless the department has certified that the area for which the bond should have been posted has been reclaimed by that person or reclaimed by the department and the person has reimbursed the department for the cost of the reclamation; or

(d) who has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

(10) The exemption provided in this section does not apply to an area:

(a) under permit pursuant to 82-4-335;

(b) that has been permitted pursuant to 82-4-335 and reclaimed by the permittee, the department, or any other state or federal agency; or

(c) that has been reclaimed by or has been subject to remediation of contamination or pollution by a public agency, under supervision of a public agency, or using public funds.

(11) A small miner may not use mercury except in a contained facility that prevents the escape of any mercury into the environment.

(12) *If a small miner fails to meet the annual reporting requirement in this section on or before March 1 of each year, the small miner shall pay a late fee of \$100 in addition to the \$100 administrative fee."*

Section 3. Section 82-4-311, MCA, is amended to read:

"82-4-311. Disposition of fees, fines, penalties, and other uncleared money. (1) ~~All fees, fines~~ *Fines, penalties, and other uncleared money* that has been or will be paid to the department under the provisions of this part must be placed in the environmental rehabilitation and response account in the state special revenue fund ~~provided for established in 75-1-110.~~

(b) Funds held by the department as bond or as a result of bond forfeiture that are no longer needed for reclamation and for which the department is not able to locate a surety or other person who owns the funds after diligent search must be deposited in the environmental rehabilitation and response account in the state special revenue fund *established in 75-1-110.*

(2) *Fees paid to the department under this part must be placed in the hard-rock mining permitting program account established in [section 1]."*

Section 4. Section 82-4-331, MCA, is amended to read:

"82-4-331. Exploration license required – employees included – limitation. (1) (a) A person may not engage in exploration in the state without first obtaining an exploration license from the department. A license must be issued for a period of 1 year from the date of issue and is renewable from year to year on application. An application for renewal must be filed within 30 days preceding the expiration of the current license and be accompanied by payment of a ~~\$25 renewal fee~~ *the fee specified in 82-4-342(2)(c), if applicable, and the following renewal fee:*

(ii) *for an exploration license approved for activities only on the surface of the land, \$100.*

(b) A license may not be renewed if the applicant for renewal is in violation of any provision of this part. A license is subject to suspension and revocation as provided by this part.

(2) Employees of persons holding a valid license under this part are included in and covered by the license.

(3) A person may not be issued an exploration license if:

(a) that person's failure, or the failure of any firm or business association of which that person was a principal or controlling member, to comply with the provisions of this part, the rules adopted under this part, or a permit or license

issued under this part has resulted in either the receipt of bond proceeds by the department or the completion of reclamation by the person's surety or by the department, unless that person meets the conditions described in 82-4-360;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305; or

Section 5. Section 82-4-332, MCA, is amended to read:

"82-4-332. Exploration license. (1) An exploration license must be issued to any applicant who:

(a) pays ~~a~~ *the following fee of \$100* to the department:

(ii) *for a license approved for activities only on the surface of the land, \$1,000;*

(b) agrees to reclaim any surface area damaged by the applicant during exploration operations, as may be reasonably required by the department; *and*

(c) is not in default of any other reclamation obligation under this law.

(2) An application for an exploration license must be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application must include an exploration map or sketch in sufficient detail to locate the area to be explored and to determine whether significant environmental problems would be encountered. The department shall by rule determine the precise nature of the exploration map or sketch. The applicant shall state what type of prospecting and excavation techniques will be employed in disturbing the land.

(3) Prior to the issuance of an exploration license, the applicant shall file with the department a reclamation and revegetation bond in a form and amount as determined by the department in accordance with 82-4-338.

(4) In the event that the holder of an exploration license desires to mine the area covered by the exploration license and has fulfilled all of the requirements for an operating permit, the department shall allow the postponement of the reclamation of the acreage explored if that acreage is incorporated into the complete reclamation plan submitted with the application for an operating permit. Any land actually affected by exploration or excavation under an exploration license and not covered by the operating reclamation plan must be reclaimed within 2 years after the completion of exploration or abandonment of the site in a manner acceptable to the department."

Section 6. Section 82-4-335, MCA, is amended to read:

"82-4-335. Operating permit – limitation – fees. (1) A person may not engage in mining, ore processing, or reprocessing of tailings or waste material, construct or operate a hard-rock mill, use cyanide ore-processing reagents or other metal leaching solvents or reagents, or disturb land in anticipation of those activities in the state without first obtaining a final operating permit from the department. Except as provided in 82-4-343, a separate final operating permit is required for each complex.

(2) A small miner who intends to use a cyanide ore-processing reagent or other metal leaching solvents or reagents shall obtain an operating permit for that part of the small miner's operation where the cyanide ore-processing reagent or other metal leaching solvents or reagents will be used or disposed of.

(3) (a) Prior to receiving an operating permit from the department, a person shall pay ~~the basic permit fee of \$500~~ *an application fee of \$5,000, except that a person mining primarily rock products as defined in 82-4-303 shall pay an application fee of \$500.*

(b) The department may require a person who is applying for a permit pursuant to subsection (1) to pay an additional fee not to exceed the actual amount of contractor and employee expenses beyond the normal operating expenses of the department whenever those expenses are reasonably necessary to provide for timely and adequate review of the application, including any environmental review conducted under Title 75, chapter 1, parts 1 and 2. The department may further define these expenses by rule. Whenever the department determines that an additional fee is necessary and the additional fee will exceed \$5,000, the department shall notify the applicant that a fee must be paid and submit to the applicant an itemized estimate of the proposed expenses. The department shall provide the applicant an opportunity to review the department's estimated expenses. The applicant may indicate which proposed expenses the applicant considers duplicative or excessive, if any.

~~(b)(c)~~ (i) Subject to subsection ~~(3)(b)(ii)~~ *(3)(c)(ii)*, a contractor shall, at the request of the applicant, directly submit invoices of contractor expenses to the applicant.

(c) a proposed reclamation plan;

(d) the expected starting date of operations;

(e) a map showing the specific area to be mined and the boundaries of the land that will be disturbed, the topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, and the location of proposed access roads to be built;

(f) the names and addresses of the owners of record and any purchasers under contracts for deed of the surface of the land within the permit area and the owners of record and any purchasers under contracts for deed of all surface area within one-half mile of any part of the permit area, provided that the department is not required to verify this information;

(g) the names and addresses of the present owners of record and any purchasers under contracts for deed of all minerals in the land within the permit area, provided that the department is not required to verify this information;

(h) the source of the applicant's legal right to mine the mineral on the land affected by the permit, provided that the department is not required to verify this information;

(i) the types of access roads to be built and manner of reclamation of road sites on abandonment;

(l) a plan detailing the design, operation, and monitoring of impounding structures, including but not limited to tailings impoundments and water reservoirs, sufficient to ensure that the structures are safe and stable. For a tailings storage facility, this requirement is met by submission of a design document pursuant to 82-4-376, a panel report pursuant to 82-4-377, and a tailings operation, maintenance, and surveillance manual pursuant to 82-4-379 prior to issuance of a draft permit.

(m) a plan identifying methods to be used to monitor for the accidental discharge of objectionable materials and remedial action plans to be used to control and mitigate discharges to surface or ground water;

(o) an assessment of the potential for the postmining use of mine-related facilities for other industrial purposes, including evidence of consultation with the county commission of the county or counties where the mine or mine-related facilities will be located.

(5) Except as provided in subsection (7), the permit provided for in subsection (1) for a large-scale mineral development, as defined in 90-6-302, must be conditioned to provide that activities under the permit may not commence until the impact plan is approved under 90-6-307 and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the approved impact plan, as provided in 90-6-307. If the permittee does not comply with that commitment within the time scheduled, the department, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

(6) When the department determines that a permittee has become or will become a large-scale mineral developer pursuant to 82-4-339 and 90-6-302 and provides notice as required under 82-4-339, within 6 months of receiving the notice, the permittee shall provide the department with proof that the permittee has obtained a waiver of the impact plan requirement from the hard-rock mining impact board or that the permittee has filed an impact plan with the hard-rock mining impact board and the appropriate county or counties. (7) Compliance with 90-6-307 is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons.

(8) A person may not be issued an operating permit if:

(a) that person's failure, or the failure of any firm or business association of which that person was a principal or controlling member, to comply with the

provisions of this part, the rules adopted under this part, or a permit or license issued under this part has resulted in either the receipt of bond proceeds by the department or the completion of reclamation by the person's surety or by the department, unless that person meets the conditions described in 82-4-360;

(b) that person has not paid a penalty for which the department has obtained a judgment pursuant to 82-4-361;

(c) that person has failed to post a reclamation bond required by 82-4-305; or

(d) that person has failed to comply with an abatement order issued pursuant to 82-4-362, unless the department has completed the abatement and the person has reimbursed the department for the cost of abatement.

AN ACT REINSTATING FORMER EMPLOYER CONTRIBUTION RATES FOR THE HIGHWAY PATROL OFFICERS' RETIREMENT SYSTEM, THE SHERIFFS' RETIREMENT SYSTEM, AND THE GAME WARDENS'

AND PEACE OFFICERS' RETIREMENT SYSTEM; INSTITUTING A 0% EMPLOYER CONTRIBUTION RATE FOR THE JUDGES' RETIREMENT SYSTEM; PROVIDING APPROPRIATIONS; AMENDING SECTIONS 15-10-420, 17-7-502, 19-2-405, 19-2-409, 19-5-404, 19-6-404, 19-7-403, 19-7-404, AND 19-8-504, MCA; AND PROVIDING EFFECTIVE DATES AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's newly taxable value, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

- (i) annexation of real property and improvements into a taxing unit;
- (ii) construction, expansion, or remodeling of improvements;
- (iii) transfer of property into a taxing unit;
- (iv) subdivision of real property; and
- (v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

- (i) a change in the boundary of a tax increment financing district;
- (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- (iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the

certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:

(a) may increase the number of mills to account for a decrease in reimbursements; and

(b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

(iv) a levy for the support of a study commission under 7-3-184;

(v) a levy for the support of a newly established regional resource authority;

(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;

(vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under 7-2-2807 upon relocation of a county boundary;

(viii) a levy used to fund the sheriffs' retirement system under ~~19-7-404(3)(b)~~ 19-7-404(2)(b); or

(ix) a governmental entity from levying mills for the support of an airport authority in existence prior to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past. The levy under this subsection (9)(a)(ix) is limited to the amount in the resolution creating the authority.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

This actuarially determined employer contribution is effective July 1 following the annual actuarial valuation completed in the prior calendar year with a maximum annual increase of no more than 0.5% in any year.~~

~~(b) The actuarially determined employer contribution must be the sum of the following contribution rates minus the employee contribution provided in 19-8-502:~~

~~(ii) If the June 30, 2023, actuarial valuation determines the system's amortization period is less than 25 years, then the closed amortization period used for the purposes of subsection (2)(c)(i) must be that amortization period.~~

~~(d) The contribution rate under subsection (2)(b)(ii) for the contemporary unfunded liability must be the amount required on a level percent basis to pay the annual contemporary unfunded liabilities attributable to the employer's employees over a layered amortization schedule so that each fiscal year's contemporary unfunded liability is amortized over a closed 10-year period, starting with the contemporary unfunded liability for the fiscal year ending June 30, 2024.~~

~~(e) The contribution rate under subsection (2)(b)(iii) for the normal cost of benefits as they accrue must be the amount required on a level percent basis to pay the normal cost of benefits as determined in the annual actuarial valuation as the benefits accrue for each of the employer's employees.~~

~~(3) For the purposes of this section, the following definitions apply:~~

~~(a) "Contemporary unfunded liability" means the plan's annual fiscal year actuarial gains and losses smoothed over 5 years starting with the fiscal year ending June 30, 2019.~~

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title – public policy – purpose. (1) [Sections 1 through 20] may be cited as the “Beer and Table Wine Distribution Act”.

(2) The public policy of the state of Montana is to maintain a system to provide for, regulate, and control the acquisition, importation, and distribution of beer and table wine.

(3) The legislature finds and declares that the purpose of [sections 1 through 20] is to assure continued interbrand competition in beer and table wine sales through competing independent distributors and to assure breweries and wineries the ability to protect the reputations of their products through quality control arrangements.

Section 2. Definitions. As used in [sections 1 through 20], unless the context requires otherwise, the following definitions apply:

(1) “Agreement of distributorship” means a contract, agreement, commercial relationship, license, or other arrangement for a definite or an indefinite period of time between a supplier and a distributor that provides for the sale of beer, table wine, or sacramental wine by the supplier to the distributor.

(2) “Distribute” means to:

(a) deliver beer, table wine, or sacramental wine:

(i) to a retailer's premises licensed to sell beer, table wine, or sacramental wine;

(ii) to a noncontiguous storage area as allowed in 16-3-311(6);

(iii) pursuant to an approved alternative delivery arrangement in [section 16(7)]; and

(iv) to an alternate alcoholic beverage storage facility as allowed in 16-4-213(8); and

(b) to deliver table wine to an agency liquor store.

(3) "Good cause" means failure by a distributor to comply with reasonable business requirements imposed, or sought to be imposed, by a supplier under the terms of an agreement of distributorship if the requirements are imposed on other similarly situated distributors either by the terms of their agreements or in the manner of their enforcement by the supplier.

(4) "Person" means a natural person, corporation, partnership, trust, agency, or other entity and includes individual officers, directors, or other persons in active control of the activities of the entity.

(5) "Supplier" means a brewery, winery, or an importer of beer, table wine, or sacramental wine that enters into or is a party to an agreement of distributorship with a distributor.

Section 3. Distributor's license – fee. (1) A person desiring to sell and distribute beer, table wine, or sacramental wine at wholesale to licensed retailers or table wine to agency liquor stores under the provisions of this code shall apply to the department for a license to do so and shall submit with the application the initial license fee of \$400. The department may issue licenses to qualified applicants in accordance with the provisions of this code.

(2) A distributor's license expires at midnight on June 30 following the date of its issuance.

(3) A license fee may not be imposed on distributors by a municipality or any other political subdivision of the state.

(4) The license must be prominently displayed in the distributor's licensed premises at all times.

(5) (a) An applicant must have:

(i) a fixed place of business;

(ii) sufficient capital; and

(iii) the facilities, storehouse, and receiving house or warehouse for the receiving, storage, handling, and moving of beer, table wine, or sacramental wine in large and jobbing quantities for distribution and sale in original packages to other licensed distributors or licensed retailers or table wine to agency liquor stores.

(b) A distributor is entitled to only one license, which must be issued for the distributor's licensed premises in Montana. A license may be issued for each subwarehouse operated by the distributor. The license must be prominently displayed at the subwarehouse at all times.

Section 4. Distributor financial interest in retailers prohibited. A distributor may not advance or loan money to or furnish money for or pay for or on behalf of any retailer any license or tax that may be required to be paid for any retailer. A distributor may not be financially interested, either directly or indirectly, in the conduct or operation of the business of a retailer. A distributor is considered to have a financial interest within the meaning of this section if:

(1) the distributor owns or holds any interest in or a lien or mortgage against the retailer or the retailer's premises;

(2) the distributor is under a contract with a retailer concerning future purchases or the sale of merchandise by one from or to the other; or

(3) a retailer holds an interest, as a stockholder or otherwise, in the business of the distributor.

Section 5. Beer agreement of distributorship provisions. (1) A brewery or beer importer and distributor must have a written agreement of distributorship that provides for purchase of the brewery or beer importer's products from the brewery or beer importer by the distributor.

(2) A beer agreement of distributorship must provide:

(a) that the brewer or beer importer or any officer, agent, or representative of any brewer or beer importer and the distributor involved shall mutually determine the size or extent of the area in which the distributor may sell or distribute the products of the brewer or beer importer to the retail licensees. The territory must be the territory agreed upon between the distributor and brewer or the distributor and beer importer and may not be changed without the mutual consent of both the distributor and brewer or the distributor and beer importer.

(b) the agreed-upon brands of the brewer or beer importer to be sold by the distributor;

(c) that the brewer or beer importer recognizes that the distributor is free to manage the distributor's business in the manner that the distributor considers best and that this prerogative vests in the distributor the exclusive right to establish selling prices, to select the brands that the distributor wishes to handle, and to determine the effort and resources that the distributor will exert to develop and promote the sale of the brewer's or beer importer's products handled by the distributor;

(d) a procedure for the review of alleged distributor deficiencies asserted by the brewer or beer importer to constitute good cause as provided in [section 2] including the submission in writing to the distributor by the brewer or beer importer of the deficiencies, if the deficiencies are susceptible of correction and if the distributor desires to correct the deficiencies, and that a reasonable period of time must be given the distributor for rectification of the deficiencies prior to any notice of intent to terminate;

(e) a termination clause providing that the brewer or beer importer shall deliver, in writing, to the distributor a 60-day notice of intent to terminate the agreement, contract, or franchise;

(f) that all agreements between a brewer and a distributor are interpreted and governed by the laws of Montana and that those laws must be liberally construed to effectuate the remedial purpose of the protections of [sections 1 through 20];

(g) that in any dispute resulting in litigation between a brewer or a beer importer and a distributor, the litigation must occur in a Montana court, either federal or state, unless that forum would create an unreasonable burden on any party, as determined by the court in which the litigation is commenced; and

(h) that all agreements between a brewer or a beer importer and a distributor must recognize the constitutional right to a jury trial as set forth in Article II, section 26, of the Montana constitution.

Section 6. Table wine agreement of distributorship provisions.

(1) A winery or wine importer and distributor must have a written agreement of distributorship that provides for purchase of the winery or wine importer's products from the winery or wine importer by the distributor.

(2) A table wine agreement of distributorship must provide that:

(a) a winery or wine importer shall notify a distributor in writing at least 60 days prior to termination of an agreement of distributorship unless a termination without notice is permitted as provided in [section 7]. The written

notice must state the reasons for termination. Notice of termination is void if within 60 days of the notice, the distributor rectifies the deficiency stated as the reason for termination and if the deficiency was not stated as reason for termination in a notice previously voided under the provisions of this subsection (2)(a).

(b) a winery or wine importer may not unreasonably withhold or delay approval of a sale or transfer of the ownership, management, or control of a distributorship. However, a distributor shall give a winery or wine importer no less than 60 days' prior written notice of any material change in ownership, management, or control.

(3) If a winery or wine importer terminates an agreement of distributorship under the provisions of subsection (2)(a), the distributor subject to the termination is entitled to compensation for the laid-in cost of inventory. In the event of any termination of the agreement by the winery or wine importer other than termination for good cause or for any reason set forth in [section 7(3)], the distributor is entitled to compensation for the laid-in cost of inventory and to liquidated damages based on the sales of the brand or brands involved, as may be provided in the agreement. If the winery or wine importer and the distributor are unable to agree on the amount of liquidated damages, the amount of liquidated damages must be determined by an arbitrator appointed under subsection (4).

(4) If undertaken in good faith by a winery or wine importer, a winery or wine importer may terminate an agreement of distributorship for a legitimate business reason not within the definition of good cause if an arbitrator appointed by the department finds, after hearing the winery or wine importer and the distributor, that the termination is in the best interest of the brands concerned. Arbitration under this section must be conducted under the provisions of Title 27, chapter 5.

(5) All agreements of distributorship are interpreted and governed by the laws of Montana.

(6) In any dispute resulting in litigation between a winery or wine importer and a distributor, the litigation must occur in a Montana court, federal or state, unless that forum would create an unreasonable burden on any party, as determined by the court in which the litigation is commenced.

(7) Agreements between a winery or wine importer and a distributor must recognize the constitutional right to a jury trial as set forth in Article II, section 26, of the Montana constitution.

(8) A provision in an agreement of distributorship that is inconsistent with the requirements of this section is void.

Section 7. Winery and wine importer agreement of distributorship provisions. (1) An agreement of distributorship for a winery or wine importer's product must provide that a distributor shall:

(a) maintain the financial and competitive capability to efficiently and effectively distribute a winery or wine importer's products;

(b) maintain the quality and integrity of a winery or wine importer's products in a manner set forth by the winery or wine importer;

(c) exert the distributor's best efforts to sell the winery or wine importer's brands;

(d) merchandise the products in retail stores and agency liquor stores as agreed between the distributor and the winery or wine importer; and

(e) give a winery or wine importer not less than 60 days' written notice of the distributor's intent to terminate an agreement of distributorship.

(2) As provided in [section 6], a winery or wine importer may terminate an agreement of distributorship based on a deficiency or other good cause by giving 60 days' prior written notice to the distributor.

(3) A winery or wine importer may terminate an agreement of distributorship immediately and without notice if the reason for the termination is insolvency, assignment for the benefit of creditors, bankruptcy, or revocation or suspension for more than 14 days of a license to operate that is required by the state or the federal government.

Section 8. Table wine distributor. (1) A winery or wine importer may appoint one or more distributors to distribute its table wines in a specified territory. If the winery or wine importer appoints two or more distributors to sell its table wines in the same or overlapping territories, the winery or wine importer shall offer the same prices, delivery, terms, and promotional support to each distributor.

(2) A winery or wine importer may not appoint more than one distributor to distribute its hard cider in a specified territory.

(3) For the purposes of this section, "table wine" has the same meaning as provided in 16-1-106 but does not include hard cider.

Section 9. Distributors' service obligations for beer – applicability. (1) A distributor appointed to distribute a brand of beer within a territory specified by agreement pursuant to [section 5] shall call on and offer that brand to at least 75% of the retailers within that territory at least every 3 weeks. However, if the brand of beer for which the distributor is appointed is a product of a brewer or beer importer whose products are not generally available, the distributor shall, at least every 3 weeks, call on and offer that brand to as many retailers within that territory as is reasonably possible given the amount of that brand that is available to the distributor.

(2) If a retailer's account with a distributor is current as required under 16-3-243, the distributor may not refuse to sell the retailer any generally available brand of beer for which the distributor has been appointed for the territory in which the retailer is located. The distributor shall offer to deliver the beer to the retailer at least every 3 weeks.

(3) For the purposes of this section, a brewer or beer importer's products are not generally available if:

(a) all of the brands of a brewer or beer importer shipped to a distributor during the most recent calendar quarter total less than 600 barrels;

(b) all of the brands of a brewer or beer importer shipped into the state total less than 1,200 barrels in each of the 2 consecutive preceding calendar quarters; and

(c) all of the brands produced by the brewer at all of its facilities total less than 150,000 barrels per year.

(4) This section applies to all beer distribution agreements entered into, assigned, or amended after July 1, 1986. It does not apply to a distribution agreement for a named brand entered into before July 1, 1986, but does not prohibit a brewer who is a party to an agreement from requiring the appointed distributor to fulfill similar service obligations in the territory.

Section 10. Winery or wine importer prohibitions – illegal acts by brewers or beer importers. (1) A winery or wine importer or an officer, agent or representative of a winery or wine importer may not:

(a) coerce, induce, or attempt to coerce or induce a distributor to engage in an illegal act or course of conduct;

(b) require a distributor to accept delivery of a product or other item or commodity that was not ordered by the distributor; or

(c) fix or maintain the price at which a distributor shall resell table wine.

(2) A brewer or beer importer or an officer, agent, or representative of a brewer or beer importer may not:

(a) coerce, attempt to coerce, or persuade any person licensed to sell beer as a distributor to enter into any agreement or to take any action that would violate or tend to violate any of the laws of this state or any rules promulgated by the department;

(b) sell its products in the state without a written contract that conforms to the provisions of [sections 1 through 20] with each appointed licensed distributor;

(c) designate or allow more than one distributor to sell or distribute a specific brand of the brewer's or beer importer's products to retail licensees in the same area, provided that nothing in [sections 1 through 20] prohibits the brewer or beer importer from designating more than one distributor to sell or distribute different brands of the same manufacturer to retail licensees in the same area;

(d) fix or maintain the price at which a distributor resells the brewer's or beer importer's products. Without limitation, it is a violation of this section if:

(i) after a distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the distributor for those products within 60 days;

(ii) after a distributor has exceeded a resale price increase recommended by a brewer or beer importer, the brewer or beer importer raises the price that it charges the distributor in an amount proportionately larger than the amount that it raised the distributor's prices initially when compared to the increase in the resale price that it recommended to the distributor; or

(iii) the brewer or beer importer links or ties its participation in promotional discounts to the distributor's compliance with any recommended resale price.

(e) cancel, terminate, discontinue, or fail to renew, except for just cause and in accordance with the current terms and standards established by the brewer or beer importer then equally applicable to all distributors, any agreement or contract, written or oral, or the franchise of any wholesaler existing on January 1, 1974, or entered into after that date to sell beer manufactured by the brewer or imported by the beer importer. A brewer or beer importer may, notwithstanding the preceding sentence, make reasonable classifications among distributors. If a brewer or beer importer cancels or terminates a distributor's franchise, the brewer or beer importer has the burden of proving that the classification was reasonable and not arbitrary. The provisions of [sections 1 through 20] must be a part of any franchise, contract, agreement, or understanding, whether written or oral, between any distributor of beer licensed to do business in this state and any manufacturer or beer importer doing business with the licensed distributor just as though the provisions had been specifically agreed upon between the distributor and the manufacturer or beer importer. A distributor of beer licensed to conduct business in the state may not waive any of the protections or agree to any provision contrary to [sections 1 through 20] by any conduct, including but not limited to the signing of any contract or agreement with terms contrary to those provisions.

(3) (a) Just cause as used in subsection (2)(e) means that the distributor failed to comply with the reasonable requirements placed on the distributor by the brewer or beer importer as a part of any written franchise, contract, or agreement between the parties.

(b) The sale or purchase or other restructuring of the brewer or beer importer by a successor in the manufacturing tier of the beer industry does not constitute just cause as that term is used in subsection (2)(e).

(c) For the purposes of this subsection (3), a successor means a person or entity that replaces a brewer or beer importer with regard to the right to manufacture, sell, distribute, or import a brand or brands of beer regardless of the character or form of the succession. A successor is obligated to all of the terms and conditions of any franchise, contract, agreement, or understanding, whether written or oral, in effect on the date of succession. A successor has the right to contractually require its distributor to comply with operational standards of performance if the standards are uniformly established for all of the successor's distributors and conform to the requirements of this section.

Section 11. Transfer of distributor's interest in business. A distributor may sell or transfer the business or an interest in the business to any person or to one or more members of the distributor's family or heirs or legatees, whether the distributor operates as an individual, a partnership, or corporation. However, the consent of the brewer, beer importer, winery, or wine importer in writing is required for the transferee to continue as a distributor of the brewer, beer importer, winery, or wine importer. The consent must consider the personal, financial, and managerial responsibilities and capabilities of the transferee, and the consent may not unreasonably be withheld.

Section 12. Contractual or franchise relationship -- existence by actions. The doing or accomplishing of any of the following acts constitutes prima facie evidence of a contractual or franchise relationship between a licensed distributor and a brewer, beer importer, winery, or wine importer within the intention of [sections 1 through 20]:

(1) the shipment, preparation for shipment, or acceptance of any order by any brewer, beer importer, winery, or wine importer or its agent for any beer, table wine, or sacramental wine to a licensed distributor within this state; or

(2) the payment by any licensed distributor within this state or the acceptance of payment by any brewer, beer importer, winery, or wine importer or its agent for the shipment of an order of beer, table wine, or sacramental wine intended for sale within this state.

Section 13. Distributor agreements filed with department. Within 60 days after entering into a new agreement, an exact copy of all agreements, contracts, or franchises between a brewer, beer importer, winery, or wine importer and a distributor must be filed by the distributor with the department as a public document and must be available to any of the parties to a dispute. The department, on the instigation of an action in a court of record, shall file an exact certified copy of the agreement with the court for the court's consideration in determining any matter before it. Any contracts, agreements, or franchises not on record with the department may not be considered by a court as having any force or effect. The distributor shall notify the brewer, beer importer, winery, or wine importer of the filing of the agreement with the department.

Section 14. Beer required to be shipped to distributor. Except as provided in 16-3-214 and 16-4-401(9)(e), all beer that is to be distributed in Montana, whether manufactured outside of or within the state of Montana, must be consigned to and shipped, either directly or via a licensed storage depot, to a licensed distributor and unloaded into the distributor's warehouse in Montana or subwarehouse in Montana. A brewer or beer importer shall maintain records of all beer, including the name or kind received, on hand, and sold. The records may at any time be inspected by a representative of the department. The distributor shall distribute the beer from the warehouse or subwarehouse and shall keep records at the distributor's licensed premises of all beer, including the name or kind received, on hand, sold, and distributed. The records may be inspected by a representative of the department at any time.

Section 15. Sales by distributor. (1) A distributor may sell and deliver beer purchased or acquired by the distributor to another distributor, retailer, or common carrier licensed under this code.

(2) A distributor may sell and deliver table wine and sacramental wine purchased or acquired by the distributor to another distributor, retailer, or common carrier licensed under this code and *table wine* to an agency liquor store.

Section 16. Dock sales. (1) Except as provided in subsections (2) through (4), beer may not be delivered to a licensed retailer at any location other than the retailer's licensed premises, noncontiguous storage areas under 16-3-311(6), and resort alternate storage facilities under 16-4-213(8).

(2) An all-beverages licensee may personally or through an employee obtain from any distributor's warehouse any quantity of beer as the all-beverages licensee and distributor may agree to buy and sell.

(3) Retailers other than an all-beverages licensee may personally or through an employee obtain from the distributor's warehouse any quantity of beer that the retailer and distributor may agree to buy and sell only within the territory of the distributor in which the retailer is located.

(4) Except as provided in subsections (5) through (6), table wine and sacramental wine may not be delivered to a licensed retailer or liquor store agent at any location other than the retailer's licensed premises, an agency liquor store, noncontiguous storage areas under 16-3-311(6), or resort alternate storage facilities under 16-4-213(8).

(5) An all-beverages licensee may personally or through an employee obtain from any distributor's warehouse any quantity of table wine that the all-beverages licensee and distributor may agree to buy and sell.

(6) Liquor store agents or retailers other than all-beverages licensees may personally or through an employee obtain from the distributor's warehouse any quantity of table wine as the agent or retailer and distributor may agree to buy and sell only within the territory of the distributor in which the agent's liquor store or retailer is located.

(7) When a distributor's trucks and equipment are incapable of delivering beer, table wine, or sacramental wine to a retail licensee's premises due to the unique physical location of the retail licensee's premises, examples of which are premises located on an island or atop a mountain, the distributor and retail licensee may seek prior department approval for an alternative delivery arrangement on a form provided by the department. If the department approves the alternative delivery arrangement request, the department shall provide the distributor and the retail licensee a written summary of the conditions of the approved delivery arrangement. Failure to comply with the approved alternative delivery arrangement may subject the distributor or retail licensee to administrative action.

Section 17. Sales to public by distributor unlawful. A distributor may not give, sell, deliver, or distribute any beer, table wine, or sacramental wine purchased or acquired by the distributor to the public.

Section 18. Consumption of beer, table wine, or sacramental wine on distributor's premises unlawful. A distributor may not sell, serve, or give away any beer, table wine, or sacramental wine to be consumed on the distributor's premises.

Section 19. Quarterly report of distributor and retailer. (1) A licensed distributor shall, on or before the 15th day of each month following the end of each quarter, make an exact return to the department of the amount of beer, table wine, and sacramental wine purchased or acquired by the distributor during the previous quarter, the amount of beer, table wine, and sacramental

wine sold and delivered by the distributor during the previous quarter, and the amount of inventory on hand in the manner and form prescribed by the department. The department has the right at any time to make an examination of the distributor's books and premises and otherwise check the accuracy of the return or check the alcoholic content of beer, table wine, and sacramental wine that the distributor may have on hand.

(2) A wine retailer licensed to do business in the state shall, on or before the 15th day of each month following the end of each quarter, in the manner and form prescribed by the department, make a return to the department of the amount of wine purchased directly from any out-of-state winery in the previous quarter.

Section 20. Injunction to prevent franchise cancellation. (1) A person injured by a violation of [sections 1 through 20] may bring a civil action in a court of competent jurisdiction to enjoin further violations in addition to other remedies provided by law.

(2) A court of competent jurisdiction may enjoin the cancellation or termination of a franchise or agreement between a distributor and a brewer, between a distributor and a beer importer, between a distributor and a winery, or between a distributor and a wine importer at the instance of a distributor that is or would be adversely affected by the cancellation or termination. In granting an injunction, the court shall provide that the brewer, beer importer, winery, or wine importer may not supply the customers or territory of the distributor who is servicing the territory or customers through other distributors or means while the injunction is in effect.

Section 21. Section 16-1-106, MCA, is amended to read:

AN ACT EXPANDING THE LIVESTOCK LOSS REDUCTION AND MITIGATION PROGRAMS TO INCLUDE BLACK BEARS; AMENDING SECTIONS 2-15-3110, 2-15-3111, 2-15-3112, 2-15-3113, 81-1-110, AND 87-1-217, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-15-3110, MCA, is amended to read:

“2-15-3110. Livestock loss board – purpose, membership, and qualifications. (1) There is a livestock loss board. The purpose of the board is to administer the programs called for in the Montana gray wolf conservation and management plan, the Montana mountain lion management plan, *the Montana black bear management plan*, and the Montana grizzly bear management plan and established in 2-15-3111 through 2-15-3113, with funds provided through the accounts established in 81-1-110, in order to minimize losses caused by wolves, mountain lions, *black bears*, and grizzly bears to livestock producers and to reimburse livestock producers for livestock losses from wolf, mountain lion, *black bear*, and grizzly bear predation.

(2) The board consists of five members, appointed by the governor, as follows:

(a) three members who are actively involved in the livestock industry and who have knowledge and experience with regard to wildlife impacts or management; and

(b) two members of the general public who are or have been actively involved in wildlife conservation or wildlife management and who have knowledge and experience with regard to livestock production or management.

(3) The board is designated as a quasi-judicial board for the purposes of 2-15-124. Notwithstanding the provisions of 2-15-124(1), the governor is not required to appoint an attorney to serve as a member of the board.

(4) The board is allocated to the department of livestock for administrative purposes only as provided in 2-15-121.

(5) The board shall adopt rules to implement the provisions of 2-15-3110 through 2-15-3114 and 81-1-110 through 81-1-113.

(6) The board shall prioritize grants for prevention of wolf and grizzly bear predation over those for mountain lion or *black bear* predation.”

Section 2. Section 2-15-3111, MCA, is amended to read:

“2-15-3111. Livestock loss reduction program. The livestock loss board shall establish and administer a program to cost-share with individuals or incorporated entities in implementing measures to prevent wolf, mountain lion, *black bear*, and grizzly bear predation on livestock, including:

- (1) eligibility requirements for program participation;
- (2) application procedures for program participation and procedures for awarding grants for wolf, mountain lion, *black bear*, and grizzly bear predation prevention measures, subject to grant priorities and the availability of funds;
- (3) criteria for the selection of projects and program participants, which may include establishment of grant priorities based on factors such as chronic depredation, multiple depredation incidents, single depredation incidents, and potential high-risk geographical or habitat location;
- (4) grant guidelines for prevention measures on public and private lands, including:

- (a) grant terms that clearly set out the obligations of the livestock producer and that provide for a term of up to 12 months subject to renewal based on availability of funds, satisfaction of program requirements, and prioritization of the project;

- (b) cost-share for prevention measures, which may be a combination of grant and livestock producer responsibility, payable in cash or in appropriate services, such as labor to install or implement preventive measures, unless the board adjusts the cost-share because of extenuating circumstances related to chronic or multiple depredation; and

- (c) proactive preventive measures and other preventive measures as information on new or different successful prevention measures becomes available; and

- (5) reporting requirements for program participants to assist in determining the effectiveness of loss reduction relative to each grant.”

Section 3. Section 2-15-3112, MCA, is amended to read:

“2-15-3112. Livestock loss mitigation program – definitions. The livestock loss board shall establish and administer a program to reimburse livestock producers for livestock losses caused by wolves, mountain lions, *black bears*, and grizzly bears, subject to the following provisions:

- (1) The board shall establish eligibility requirements for reimbursement, which must provide that all Montana livestock producers are eligible for coverage for losses by wolves, mountain lions, *black bears*, and grizzly bears to cattle, swine, horses, mules, sheep, goats, llamas, and livestock guard dogs on state, federal, tribal, and private land.

- (2) (a) Except as provided in subsection (2)(b), the board may reimburse confirmed and probable livestock losses at an amount not to exceed the fair market value of the livestock.

- (b) The board may reimburse confirmed and probable livestock losses by paying a multiplier of the fair market value of the livestock based on a board-determined region.

- (c) Before the board may issue a reimbursement for losses to a livestock producer eligible for coverage for losses, the department of revenue shall certify that the livestock producer has paid per capita fees as required by 15-24-921. Except for a tribal member or tribal entity participating in an authorized agreement pursuant to 2-15-3113, a livestock producer may not receive a reimbursement for losses until the producer has paid any delinquent per capita fees.

- (3) Other losses may be reimbursed at rates determined by the board.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves, mountain lions, *black bears*, or grizzly bears may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) Names, addresses, and other personally identifiable information of claimants must remain confidential and may not be released.

(6) (a) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster's decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation.

(b) The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board.

(c) The board shall hold a hearing on an appeal within 90 days of receipt of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board's decision.

(7) As used in this section, the following definitions apply:

(a) "Confirmed" means reasonable physical evidence that livestock was actually attacked or killed by a wolf, mountain lion, *black bear*, or grizzly bear, including but not limited to the presence of bite marks indicative of the spacing of tooth punctures of wolves, mountain lions, *black bear*, or grizzly bears and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or other physical evidence that allows a reasonable inference of wolf, mountain lion, *black bear*, or grizzly bear predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, twice the average value of commercial sheep of the same age and sex;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, twice the average value of commercial cattle of the same age and sex;

(vii) for other registered livestock, twice the average value of commercial-grade animals of the same breed, age, and sex; or

(viii) for other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) "Probable" means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected

depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner's employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred."

Section 4. Section 2-15-3113, MCA, is amended to read:

"2-15-3113. Additional powers and duties of livestock loss board.

(1) The livestock loss board shall:

- (a) process claims;

(4) The livestock loss board may sell or auction any carcasses or parts of carcasses from wolves, or mountain lions, or *black bears* received pursuant to 87-1-217. The proceeds, minus the costs of the sale including the preparation of the carcass or part of the carcass for sale, must be deposited into the livestock loss reduction and mitigation special revenue account established in 81-1-110 and used for the purposes of 2-15-3111 through 2-15-3114."

Section 5. Section 81-1-110, MCA, is amended to read:

“81-1-110. Livestock loss reduction and mitigation accounts.

(1) There are livestock loss reduction and mitigation special revenue accounts administered by the department within the state special revenue fund and the federal special revenue fund established in 17-2-102.

(2) (a) All state proceeds allocated or budgeted for the purposes of 2-15-3110 through 2-15-3114, 81-1-110, and 81-1-111, except those transferred to the account provided for in 81-1-112 or 81-1-113 or appropriated to the department of livestock, must be deposited in the state special revenue account provided for in subsection (1) of this section.

(b) Money received by the state in the form of gifts, grants, reimbursements, or allocations from any source intended to be used for the purposes of 2-15-3111 through 2-15-3113 must be deposited in the appropriate account provided for in subsection (1) of this section.

Section 6. Section 87-1-217, MCA, is amended to read:

“87-1-217. Policy for management of large predators – legislative intent. (1) In managing large predators, the primary goals of the department, in the order of listed priority, are to:

(a) protect humans, livestock, and pets;

(b) preserve and enhance the safety of the public during outdoor recreational and livelihood activities; and

(c) preserve citizens’ opportunities to hunt large game species.

(2) With regard to large predators, it is the intent of the legislature that the specific provisions of this section concerning the management of large predators will control the general supervisory authority of the department regarding the management of all wildlife.

(3) For the management of wolves in accordance with the priorities established in subsection (1), the department may use lethal action to take problem wolves that attack livestock if the state objective for breeding pairs has been met. For the purposes of this subsection, “problem wolves” means any individual wolf or pack of wolves with a history of livestock predation.

(4) The department shall work with the livestock loss board and the United States department of agriculture wildlife services to establish the conditions under which carcasses or parts of carcasses from wolves, ~~or~~ mountain lions, *or black bears* are retrieved during management activities and when those carcasses or parts of carcasses are made available to the livestock loss board for sale or auction pursuant to 2-15-3113.

CHAPTER NO. 650

[HB 392]

AN ACT ESTABLISHING THE CHILD DIGITAL PROTECTION ACT; GENERALLY REVISING LAWS RELATED TO THE CREATION OF PROFITABLE FAMILY VIDEO CONTENT FEATURING MINOR CHILDREN; PROVIDING FOR TRUST CONTRIBUTIONS OF PROFITS MADE FROM VIDEO CONTENT FEATURING MINOR CHILDREN; PROVIDING A RIGHT TO REQUEST REMOVAL OF CONTENT; PROVIDING A PRIVATE RIGHT OF ACTION; AND PROVIDING DEFINITIONS.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 7] may be cited as the “Child Digital Protection Act”.

Section 2. Legislative findings and purpose. (1) The legislature finds that social media influencers can make significant amounts of money from digital content. Some influencers use the influencers’ minor children as subjects of the content. The children featured in family-produced video content generate interest in and revenue for the content but receive no financial compensation for participation. Unlike in child acting, the children are not playing a part and lack legal protections in the state.

(2) The legislature further finds that social media influencers who market video content of the influencers’ families, or “content creators”, can profit from the personal property rights of the influencers’ children without restriction. Some children are filmed from birth, with highly personal details of the children’s lives shared on the internet for compensation. In addition to severe loss of privacy, the children receive no consideration for the use and exchange of the children’s personal property rights.

(3) The purpose of [sections 1 through 7] is to allow minors to receive proportional compensation for the use of specified personal property rights in which the minor’s parent or parents have reached a specified profit threshold from the use. Further, the purpose of [sections 1 through 7] is to provide for minors to exercise control over specified personal property rights on reaching the age of majority.

Section 3. Definitions. As used in [sections 1 through 7], unless the context clearly indicates otherwise, the following definitions apply:

(1) “Age of majority” means 18 years of age.

(2) “Content creation” means content shared on an online platform that generates compensation.

(3) “Content creator” means a person or persons 18 years of age or older, including family members, who creates content performed in the state that generates compensation and includes any proprietorship, partnership, company, or other corporate entity assuming the name or identity of a

particular individual or individuals or family members for the purposes of that content creator.

(4) “Likeness” means an image, painting, sketch, model, diagram, or other clear representation, other than a photograph, of an individual’s face, body, or part of the individual’s face or body, or the distinctive appearance, gestures, or mannerisms of an individual.

(5) “Minor” means a person under 18 years of age whose principal place of residence is in the state.

(6) “Name” means the actual or assumed name or nickname of a living or deceased individual that is intended to identify that individual.

(7) “Online platform” means a public-facing website, web application, or digital application, including a mobile application. The term includes a social network, advertising network, mobile operating system, search engine, e-mail service, monetization platform to sell digital services, streaming service and paid subscription.

(8) “Photograph” means a photograph or photographic reproduction, still or moving, or a videotape or online or live television transmission of an individual, so that the individual is readily identifiable.

(9) “Video segment” means a self-contained moving visual image that is recorded in an electronic medium.

Section 4. Trust contribution for profitable video content involving minor child. (1) A content creator meeting the criteria under subsection (2) shall compensate, under subsection (3), the content creator’s minor child whose likeness, name, or photograph constitutes the video content meeting the criteria in subsection (2)(a).

(2) This section applies to a content creator meeting the following criteria at any time within the previous 12-month period:

(a) (i) the number of views received for each video segment on an online platform or network meet the platform or network’s threshold for generation of compensation; or

(ii) the content creator receives actual compensation for the video content equal to or greater than \$0.10 a view; and

(b) at least 30% of the content creator’s compensated video content produced within a 30-day period includes the likeness, name, or photograph of the content creator’s minor child.

(3) A content creator meeting the criteria in subsection (2) shall set aside a percentage, calculated under subsection (4), of the gross earnings on the video content including the likeness, name, or photograph of the content creator’s minor child in a trust to be preserved for the benefit of the minor on reaching the age of majority according to the following distribution:

(a) if only one minor child meets the content threshold described in subsection (2)(b), the percentage required under subsection (4) of total gross earnings on a video segment including the likeness, name, or photograph of the content creator’s minor child that is equal to or greater than the content percentage that includes the minor child as described in subsection (2)(b); or

(b) if more than one minor child meets the content threshold described in subsection (2)(b) and a video segment includes more than one of those children, the additive percentage required under subsection (4) for all minor children in a video segment must be equally divided between the children, regardless of differences in percentage of content featuring the individual children.

(4) (a) For video segments that include the likeness, name, or photograph of the minor that is equal to or greater than 30% but less than 50% of the compensated video content, the trust contribution under subsection (3) must be equal to 10% of the gross earnings.

(b) For video segments that include the likeness, name, or photograph of the minor that is equal to or greater than 50% but less than 75% of the compensated video content, the trust contribution under subsection (3) must be equal to 25% of the gross earnings.

(c) For video segments that include the likeness, name, or photograph of a minor that is equal to or greater than 75% of the compensated video content, the trust contribution under subsection (3) must be equal to 50% of the gross earnings.

(5) Content percentage is measured by the percentage of time the likeness, name, or photograph of the content creator's minor child visually appears or is the subject of an oral narrative in a video segment, as compared to the total length of the video segment.

Section 5. Right to be forgotten – requests to remove content involving minor child after reaching age of majority. (1) On reaching the age of majority, an individual previously covered under [section 4] may request the permanent deletion of a video segment that includes the likeness, name, or photograph of the individual from an online platform or network that provided compensation to the individual's parent or parents in exchange for the video content.

(2) An online platform or network shall take all reasonable steps to permanently delete the video segment for which a request under subsection (1) is made.

(3) A contract with an online platform or network for the exchange or use of video content that would reasonably be anticipated to include greater than a nominal use of a content creator's minor child must include notification to the online platform or network of the minor child's future rights as provided in this section.

Section 6. Private right of action – remedies. (1) An individual harmed by a violation of [sections 4 and 5] may maintain a cause of action for the following remedies:

(a) injunctive relief;

(b) damages in an amount that is the greater of:

(i) \$1,500; or

(ii) actual damages sustained to the individual as a result of the violation; and

(c) recovery for any profits that are attributable to the violation not included in the calculation of actual damages under subsection (2)(b).

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-10-420, MCA, is amended to read:

“15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year’s newly taxable value, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

- (i) annexation of real property and improvements into a taxing unit;
- (ii) construction, expansion, or remodeling of improvements;
- (iii) transfer of property into a taxing unit;
- (iv) subdivision of real property; and
- (v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

- (i) a change in the boundary of a tax increment financing district;
- (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- (iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported

as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) ~~Subject to subsection (8), subsection (1)(a) This section does not apply to:~~

~~(a) mills imposed under 15-10-109, 20-9-331, 20-9-333, 20-9-360, or 20-25-439;~~

~~(a)(b) school district levies established in Title 20 or any other title of the Montana Code Annotated; or~~

~~(b)(c) a mill levy imposed for a newly created regional resource authority.~~

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:

(a) may increase the number of mills to account for a decrease in reimbursements; and

(b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7).

~~(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.~~

~~(9)(8) (a) The provisions of subsection (1) do not prevent or restrict:~~

~~(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;~~

~~(ii) a levy to repay taxes paid under protest as provided in 15-1-402;~~

~~(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;~~

~~(iv) a levy for the support of a study commission under 7-3-184;~~

~~(v) a levy for the support of a newly established regional resource authority;~~

~~(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;~~

~~(vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under 7-2-2807 upon relocation of a county boundary;~~

~~(viii) a levy used to fund the sheriffs' retirement system under 19-7-404(3)(b); or~~

~~(ix) a governmental entity from levying mills for the support of an airport authority in existence prior to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past. The levy under this subsection (9)(a)(ix) (8)(a)(ix) is limited to the amount in the resolution creating the authority.~~

(b) A levy authorized under subsection (9)(a) (8)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

~~(10)~~(9) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

~~(11)~~(10) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable value in a governmental unit."

(i) decrease the multiplier used to calculate the statewide elementary and high school mill value per ANB for school retirement guaranteed tax base purposes under 20-9-366 to the nearest whole number determined by the superintendent to result in a decrease in the amount of retirement guaranteed tax base aid distributed to eligible school districts *counties* equal to 15% of the decrease in the calculated amount between the 2 years;—

~~(b) more, then the superintendent shall increase the multipliers used in the guaranteed tax base formulas under 20-9-366 and in the formula for school major maintenance aid under 20-9-525 to the nearest whole number by an amount calculated by the superintendent to result in an increase in the amount of guaranteed tax base aid and school major maintenance aid distributed to eligible counties and school districts equal to 55% of the increase in the calculated amount between the 2 years in the following order, with any amount exceeding the caps under subsections (3)(b)(i) through (3)(b)(iii) flowing to the next mechanism:~~

~~(i) first, the multiplier used in calculating the statewide mill value per elementary and high school ANB for retirement purposes, not to exceed 305%;~~

~~(ii) second, the multiplier used in calculating the amount of state school major maintenance aid support for each dollar of local effort, not to exceed 365%; and~~

~~(iii) third, the multiplier used in calculating the facility guaranteed mill value per ANB for school facility entitlement guaranteed tax base purposes, not to exceed 300%.~~

(i) first increase the multiplier used to calculate statewide mill value per elementary and high school ANB for retirement purposes under 20-9-366, not to exceed 305%, to the nearest whole number determined by the superintendent to result in an increase in the amount of guaranteed tax base aid distributed to eligible counties as close as mathematically possible to the excess amount determined in subsection (3)(c); and

(ii) if there is an excess amount remaining after the 305% cap is hit under subsection (3)(c)(i), then:

(A) the superintendent shall increase the percentages of the basic and per-ANB entitlements in 20-9-306(2)(b) and (3)(a) by whole numbers not to exceed 45.3% and 90% respectively, then the multiplier used to calculate the statewide elementary and high school guaranteed tax base ratios used for funding BASE budgets under 20-9-366 by whole numbers in a manner determined by the superintendent to result in an increase in the amount of guaranteed tax base aid distributed to eligible districts as close as mathematically possible to the excess amount remaining without an increase in the amount of BASE property taxes on a statewide basis; and

(B) in making the calculations under subsection (3)(c)(ii)(A) and in calculating the guaranteed tax base aid ratios under 20-9-366 for the ensuing school fiscal year, the superintendent shall utilize a GTBA budget area for the prior year based on the adjusted percentages of the basic and per-ANB entitlements.

(4) (a) The adjustments to the multipliers *and percentages* under subsection (3) are applicable to state equalization aid distributions in the fiscal year following the adjustment.

(b) Adjustments to the multipliers *and percentages* made under subsection (3) remain in effect in subsequent years unless further changed under 20-9-366 or subsection (3) of this section or as otherwise provided by law.”

(3) (a) In any year in which the legislature has appropriated funds for distribution from the school major maintenance aid account, the superintendent of public instruction shall administer the distribution of school major maintenance aid from the school major maintenance aid account for deposit in the subfund of the building reserve fund provided for in 20-9-502(3)(e). Subject to proration under subsection (5) of this section, aid must be annually distributed no later than the last working day of May to a school district imposing a levy pursuant to 20-9-502(3) in the current school fiscal year, with the amount of state support per dollar of local effort of the applicable elementary and high school program of each district determined as follows:

(i) using the taxable valuation most recently determined by the department of revenue under 20-9-369;

(A) divide the total statewide taxable valuation by the statewide total of school major maintenance amounts and, ~~subject to adjustment under 20-9-336~~; multiply the result by 187%;

(B) multiply the result determined under subsection (3)(a)(i)(A) by the district's school major maintenance amount;

(C) subtract the district's taxable valuation from the amount determined under subsection (3)(a)(i)(B); and

(D) divide the amount determined under subsection (3)(a)(i)(C) by 1,000;

(ii) determine the greater of the amount determined in subsection (3)(a)(i) or 18% of the district's mill value;

(iii) multiply the result determined under subsection (3)(a)(ii) by the district's school major maintenance amount, then divide the product by the sum of the result determined under subsection (3)(a)(ii) and the district's mill value; and

(iv) divide the result determined under subsection (3)(a)(iii) by the difference resulting from subtracting the result determined under subsection (3)(a)(iii) from the district's school major maintenance amount.

(b) For a district with an adopted general fund budget in the prior year greater than or equal to 97% of the district's general fund maximum budget in the prior year, the amount determined in subsection (3)(a)(iv) rounded to the nearest cent is the amount of school major maintenance aid per dollar of local

effort, not to exceed an amount that would result in the state aid composing more than 80% of the district's school major maintenance amount.

(c) For a district with an adopted general fund budget in the prior year less than 97% of the district's maximum budget in the prior year, multiply the amount determined in subsection (3)(a)(iv) by the ratio of the district's adopted general fund budget in the prior year to the district's maximum general fund budget in the prior year. The result, rounded to the nearest cent, is the amount of state school major maintenance aid per dollar of local effort, not to exceed an amount that would result in the state aid composing more than 80% of the district's school major maintenance amount.

(4) Using the taxable valuation most recently determined by the department of revenue under 20-9-369, the superintendent shall provide school districts with a preliminary estimated amount of state school major maintenance aid per dollar of local effort for the ensuing school year no later than March 1 and a final amount for the current school year no later than July 31.

(5) If the appropriation from or the available funds in the school major maintenance aid account in any school fiscal year are less than the amount for which school districts would otherwise qualify, the superintendent of public instruction shall proportionally prorate the aid distributed to ensure that the distributions do not exceed the appropriated or available funds.

(6) If in any fiscal year the amount of revenue in the school major maintenance aid account is sufficient to fund school major maintenance aid without a proration reduction pursuant to subsection (5) and if in that same fiscal year the amount of revenue available in the school facility and technology account established in 20-9-516 will result in a proration reduction in debt service assistance pursuant to 20-9-346(2)(b) for that fiscal year, the state treasurer shall transfer any excess funds in the school major maintenance aid account to the school facility and technology account, not to exceed the amount required to avoid a proration reduction.

(7) For the purposes of this section, the following definitions apply:

(a) "Local effort" means an amount of money raised by levying no more than 10 mills pursuant to 20-9-502(3) and, provided that 10 mills have been levied, any additional amount of money deposited or transferred by trustees to the subfund pursuant to 20-9-502(3).

(b) "School major maintenance amount" means the sum of \$15,000 and the product of \$110 multiplied by the district's budgeted ANB for the prior fiscal year."

Section 12. Section 20-9-533, MCA, is amended to read:

"20-9-533. Technology acquisition and depreciation fund -- limitations. (1) The trustees of a district may establish a technology acquisition and depreciation fund for school district expenditures incurred for:

(a) the purchase, rental, repair, and maintenance of technological equipment, including computers and computer network access;

(b) cloud computing services for technology infrastructure, platform, software, network, storage, security, data, database, test environment, curriculum, or desktop virtualization purposes, including any subscription or any license-based or pay-per-use service that is accessed over the internet or other remote network to meet the district's information technology and other needs; and

(c) associated technical training for school district personnel.

(2) Any expenditures from the technology acquisition and depreciation fund must be made in accordance with the financial administration requirements for a budgeted fund pursuant to this title. The trustees of a district shall fund the technology acquisition and depreciation fund with:

(a) the state money received under 20-9-534; and

(b) other local, state, private, and federal funds received for the purpose of funding technology or technology-associated training.

(3) In depreciating the technological equipment of a school district for levies approved prior to July 1, 2013, the trustees may include in the district's budget, contingent upon voter approval of a levy under subsection (6) and pursuant to the school budgeting requirements of this title, an amount each fiscal year that does not exceed 20% of the original cost of any technological equipment, including computers and computer network access, that is owned by the district. The amount budgeted pursuant to levies approved prior to July 1, 2013, may not, over time, exceed 150% of the original cost of the equipment.

(4) The annual revenue requirement for each district's technology acquisition and depreciation fund determined within the limitations of this section must be reported by the county superintendent of schools to the board of county commissioners on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values as the technology acquisition and depreciation fund levy requirement for that district, and a levy must be made by the county commissioners in accordance with 20-9-142.

(5) Any expenditure of technology acquisition and depreciation fund money must be within the limitations of the district's final technology acquisition and depreciation fund budget and the school financial administration provisions of this title.

(6) In addition to the funds received pursuant to subsection (2), the trustees of a school district may submit a proposition to the qualified electors of the district to approve an additional levy to fund costs of providing the technologies included in subsection (1). The election must be called and conducted in the manner prescribed by this title for school elections and in the manner prescribed by 15-10-425. A technology levy authorization approved after July 1, 2013, may not exceed 10 years.

(7) The technology proposition is approved if a majority of those electors voting at the election approve the levy. ~~Notwithstanding any other provision of law, the levy under subsection (6) is subject to 15-10-420.~~

(8) A district whose qualified electors have previously approved a technology levy of perpetual duration prior to July 1, 2013, may submit a proposition to the qualified electors on or after July 1, 2013, for an increase in the amount of the levy to cover the costs of providing technologies under subsections (1)(b) and (1)(c) or to seek relief from the obligation of tracking depreciation of equipment under a levy approved prior to July 1, 2013. In seeking approval of the proposition, the district shall specify a proposed revised duration of the underlying perpetual levy previously approved and a proposed duration for the proposed increase in the amount of the levy, neither of which may exceed 10 years. If the proposition is approved by the qualified electors, both the underlying levy previously approved for a perpetual duration and the increase in the amount of the levy are subject to the revised durational limit specified on the ballot.

(9) The trustees of a district may not use revenue in the technology acquisition and depreciation fund to finance contributions to the teachers' retirement system, the public employees' retirement system, or the federal social security system or for unemployment compensation insurance."

Section 13. Section 20-10-141, MCA, is amended to read:

"20-10-141. Schedule of maximum reimbursement by mileage rates. (1) The mileage rates in subsection (2) for school transportation constitute the maximum reimbursement to districts for school transportation

from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates may not limit the amount that a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school transportation during the ensuing school fiscal year. All bus miles traveled on bus routes approved by the county transportation committee are reimbursable. Nonbus mileage is reimbursable for a vehicle driven by a bus driver to and from an overnight location of a school bus when the location is more than 10 miles from the school. A district may approve additional bus or nonbus miles within its own district or approved service area but may not claim reimbursement for the mileage. Any vehicle, the operation of which is reimbursed for bus mileage under the rate provisions of this schedule, must be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(2) *Subject to adjustment by the superintendent of public instruction pursuant to [section 20]:*

(a) ~~The~~ the rate for each bus mile traveled must be determined in accordance with the following schedule:

- (i) ~~50 cents~~ 50 cents for a school bus as defined in 20-10-101(5)(a)(ii);
- (ii) ~~95 cents~~ 95 cents for a school bus with a rated capacity of not more than 49 passenger seating positions;
- (iii) ~~\$1.15~~ \$1.15 for a school bus with a rated capacity of 50 to 59 passenger seating positions;
- (iv) ~~\$1.36~~ \$1.36 for a school bus with a rated capacity of 60 to 69 passenger seating positions;
- (v) ~~\$1.57~~ \$1.57 for a school bus with a rated capacity of 70 to 79 passenger seating positions; and
- (vi) ~~\$1.80~~ \$1.80 for a school bus with 80 or more passenger seating positions.

(b) Nonbus mileage, as provided in subsection (1), must be reimbursed at a rate of ~~50 cents~~ 50 cents a mile.

(3) The rated capacity is the number of passenger seating positions of a school bus as determined under the policy adopted by the board of public education. If modification of a school bus to accommodate pupils with disabilities reduces the rated capacity of the bus, the reimbursement to a district for pupil transportation is based on the rated capacity of the bus prior to modification.

(4) The number of pupils riding the school bus may not exceed the passenger seating positions of the bus."

Section 14. Section 20-10-144, MCA, is amended to read:

"20-10-144. Computation of revenue and net tax levy requirements for district transportation fund budget. Before the second Monday of August, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted in the budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or \$100, whichever is larger, the contingency amount on the budget must be reduced to the limitation amount and used in this determination of the schedule amount; plus

(e) any estimated costs for transporting a child out of district when the child has mandatory approval to attend school in a district outside the district of residence.

(2) (a) The schedule amount determined in subsection (1) or the total transportation fund budget, whichever is smaller, is divided by ~~2~~ 4 and is used to determine the available state and county revenue to be budgeted on the following basis:

(i) ~~one-half~~ *three-fourths* is the budgeted state transportation reimbursement; and

(ii) ~~one-half~~ *one-fourth* is the budgeted county transportation fund reimbursement and must be financed in the manner provided in 20-10-146.

(b) When the district has a sufficient amount of fund balance for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and fund balance reappropriated must be used to reduce the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of 20 U.S.C. 7701, et seq., or other anticipated federal money received in lieu of that federal act;

(b) anticipated payments from other districts for providing school bus transportation services for the district;

(c) anticipated payments from a parent or guardian for providing school bus transportation services for a child;

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4);

(e) anticipated revenue from coal gross proceeds under 15-23-703;

(f) anticipated oil and natural gas production taxes;

(g) anticipated transportation payments for out-of-district pupils under the provisions of 20-5-320 through 20-5-324;

(h) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

(i) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the

trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The transportation fund levy requirements determined in subsection (4) for each district must be reported to the county commissioners on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values by the county superintendent as the transportation fund levy requirements for the district, and the levy must be made by the county commissioners in accordance with 20-9-142."

Section 15. Section 20-10-145, MCA, is amended to read:

"20-10-145. State transportation reimbursement. (1) A district providing school bus transportation or individual transportation in accordance with this title, board of public education transportation policy, and superintendent of public instruction transportation rules must receive a state reimbursement of its transportation expenditures under the transportation reimbursement rate provisions of 20-10-141 and 20-10-142. The state transportation reimbursement is ~~one-half~~ *three-fourths* of the reimbursement amounts established in 20-10-141 and 20-10-142 or one-half of the district's transportation fund budget, whichever is smaller, and must be computed on the basis of the number of days the transportation services were actually rendered to transport eligible transportees, as defined in 20-10-101, to or from school to participate in the minimum aggregate hours of instruction required pursuant to 20-1-301. In determining the amount of the state transportation reimbursement, an amount claimed by a district may not be considered for reimbursement unless the amount has been paid in the regular manner provided for the payment of other financial obligations of the district.

(2) Requests for the state transportation reimbursement must be made by each district semiannually during the school fiscal year on the claim forms and procedure promulgated by the superintendent of public instruction. The claims for state transportation reimbursements must be routed by the district to the county superintendent, who after reviewing the claims shall send them to the superintendent of public instruction. The superintendent of public instruction shall establish the validity and accuracy of the claims for the state transportation reimbursements by determining compliance with this title, board of public education transportation policy, and the transportation rules of the superintendent of public instruction. After making any necessary adjustments to the claims, the superintendent of public instruction shall order a disbursement from the state money appropriated by the legislature of the state of Montana for the state transportation reimbursement.

(3) The superintendent of public instruction shall make the disbursement to each school district according to the following schedule:

(a) By September 1 of each year, the superintendent of public instruction shall make a payment equal to 50% of the state transportation reimbursement paid to the district in the previous school year.

(b) By March 31 of each year, the superintendent of public instruction shall make a payment to the district equal to the approved amount of state reimbursement for first semester transportation claims less the amount distributed to the district under subsection (3)(a).

(c) By June 30 of each year, the superintendent of public instruction shall make a payment to the district to pay the balance of the approved amount due to the district for first and second semester transportation.

(4) Unless authorized for payment to a school district investment account established under 20-9-235, the payment of all the district's claims within one county must be made to the county treasurer of the county, and the county superintendent shall apportion the payment in accordance with the apportionment order supplied by the superintendent of public instruction.

(5) After adopting a budget amendment for the transportation fund in accordance with 20-9-161 through 20-9-166, the district shall send to the superintendent of public instruction a copy of each new or amended individual transportation contract and each new or amended bus route form to which the budget amendment applies. State reimbursement for the additional obligations must be paid as provided in subsection (1)."

Section 16. Section 20-10-146, MCA, is amended to read:

"20-10-146. County transportation reimbursement. (1) The apportionment of the county transportation reimbursement by the county superintendent for school bus transportation or individual transportation that is actually rendered by a district in accordance with this title, board of public education transportation policy, and the transportation rules of the superintendent of public instruction must be ~~the same as one-third the amount of~~ the state transportation reimbursement payment, except that:

(a) if any cash was used to reduce the budgeted county transportation reimbursement under the provisions of 20-10-144(2)(b), the annual apportionment is limited to the budget amount;

(b) when the county transportation reimbursement for a school bus has been prorated between two or more counties because the school bus is conveying pupils of more than one district located in the counties, the apportionment of the county transportation reimbursement must be adjusted to pay the amount computed under the proration; and

(c) when county transportation reimbursement is required under the mandatory attendance agreement provisions of 20-5-321.

(2) The county transportation net levy requirement for the financing of the county transportation fund reimbursements to districts is computed by:

(a) totaling the net requirement for all districts of the county, including reimbursements to a special education cooperative or prorated reimbursements to joint districts or reimbursements under the mandatory attendance agreement provisions of 20-5-321;

(b) determining the sum of the money available to reduce the county transportation net levy requirement by adding:

(i) anticipated money that may be realized in the county transportation fund during the ensuing school fiscal year;

(ii) oil and natural gas production taxes;

(iii) coal gross proceeds taxes under 15-23-703;

(iv) any fund balance available for reappropriation from the end-of-the-year fund balance in the county transportation fund;

(v) federal forest reserve funds allocated under the provisions of 17-3-213; and

(vi) other revenue anticipated that may be realized in the county transportation fund during the ensuing school fiscal year; and

(c) subtracting the money available, as determined in subsection (2)(b), to reduce the levy requirement from the county transportation net levy requirement.

(3) The net levy requirement determined in subsection (2)(c) must be reported to the county commissioners on or before the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values by the county superintendent, and a levy must be set by the county commissioners in accordance with 20-9-142.

(4) The county superintendent of each county shall submit a report of the revenue amounts used to establish the levy requirements to the superintendent of public instruction on or before September 15. The report must be completed on forms supplied by the superintendent of public instruction.

(5) The county superintendent shall apportion the county transportation reimbursement from the proceeds of the county transportation fund. The county superintendent shall order the county treasurer to make the apportionments in accordance with 20-9-212(2) and after the receipt of the semiannual state transportation reimbursement payments.”

Section 17. Section 20-25-439, MCA, is amended to read:

“20-25-439. Vocational-technical education – mill levy required.

(1) ~~Subject to 15-10-420, the~~ *The* boards of county commissioners of Cascade, Lewis and Clark, Missoula, Silver Bow, and Yellowstone Counties shall in each calendar year levy a tax of 1 1/2 mills on the dollar value of all taxable property, real and personal, located within the respective county.

(2) The funds from the mill levy must be deposited in the general fund and must be distributed for vocational-technical education on the basis of budgets approved by the board of regents.”

Section 18. Section 90-6-403, MCA, is amended to read:

“90-6-403. Jurisdictional revenue disparity – conditioned exemption and reallocation of certain taxable valuation. (1) When an impact plan for a large-scale mineral development approved pursuant to 90-6-307 identifies a jurisdictional revenue disparity, the board shall promptly notify the developer, all affected local government units, and the department of revenue of the disparity. Except as provided in 90-6-404 and this section, the increase in taxable valuation of the mineral development that occurs after the issuance and validation of a permit under 82-4-335 is not subject to the usual application of county and school district property tax mill levies. This increase in taxable valuation must be allocated to local government units as provided in 90-6-404. The increase in taxable valuation allocated as provided in 90-6-404 is subject to 15-10-420 and the application of property tax mill levies in the local government unit to which it is allocated. The increase in taxable valuation allocated to the local government unit is considered newly taxable property in the recipient local government unit as provided in 15-10-420.

(2) ~~Subject to 15-10-420, the~~ *The* total taxable valuation of a large-scale mineral development remains subject to the statewide mill levies and basic county levies for elementary and high school BASE funding programs as provided in 20-9-331 and 20-9-333.

(3) The provisions of subsection (1) remain in effect until the large-scale mineral development ceases operations or until the existence of the jurisdictional revenue disparity ceases, as determined by the board.”

Section 19. Adjustments to guaranteed tax base multipliers and calculations to mitigate impacts of reappraisal on property tax relief. (1) The department of revenue and the office of public instruction shall annually collaborate and jointly assess how reappraisal affects, on a statewide basis, the portions of funding between guaranteed tax base aid and

local property tax responsibilities for the general fund BASE budgets of school districts and the countywide school retirement funds budgets of counties.

(2) After completing the analysis under subsection (1) and by the May 1 deadline for finalizing guaranteed tax base aid ratios under 20-9-369, the office of public instruction shall annually adjust the guaranteed tax base multipliers and calculations outlined in sections 20-9-366 through 20-9-368 to prevent any statewide increase in property taxes due to the combined effects of reappraisal and the standard guaranteed tax base aid formulas for the general fund BASE budgets of school districts and the countywide school retirement funds budgets of counties.

Section 20. School funding adjustments following 2025 legislative session – duties of superintendent of public instruction and department of revenue. (1) Following the conclusion of the 2025 legislative session and no later than May 15, 2025, the department of revenue shall provide to the superintendent of public instruction an estimate of the revenue in excess of \$441.624 million expected to be generated by the county and statewide school equalization levies under 20-9-331, 20-9-333, and 20-9-360 in fiscal year 2026.

(2) If the amount reported under subsection (1) is greater than \$0 and less than \$24.5 million, the superintendent shall:

(a) leave the guaranteed tax base multipliers under 20-9-366, as amended by [this act], unadjusted; and

(b) increase the school transportation mileage rates in 20-10-141(2)(a) and (2)(b), as amended by [this act], by the same percentage, not to exceed 200%, to rates that result in an increase in the distribution of total state transportation reimbursements to school districts in fiscal year 2026 equal to the amount reported under subsection (1) of this section. Adjustments to the rates made under this subsection (2)(b) remain in effect in subsequent fiscal years.

(3) If the amount reported under subsection (1) is equal to or greater than \$24.5 million, the superintendent shall:

(a) increase the school transportation mileage rates pursuant to subsection (2)(b); and

(b) subtract \$24.5 million from the amount reported under subsection (1) and use the remainder for the calculations in subsection (4).

(4) Using the amount determined under subsection (3)(b), the superintendent of public instruction shall calculate:

(a) first, an increase in the multiplier used in calculating the statewide mill value per elementary and high school ANB for retirement purposes under 20-9-366, as amended by [this act], for fiscal year 2026 that results in an increase in the amount of guaranteed tax base aid for retirement distributed to counties in fiscal year 2026 that is equal to the amount determined under subsection (3)(b), not to exceed \$7.7 million;

(b) then, if money remains, an increase in the multiplier used in calculating the statewide elementary and high school guaranteed tax base ratios used for funding BASE budgets under 20-9-366, as amended by [this act], for fiscal year 2026 that results in an increase in the amount of guaranteed tax base aid distributed to school districts in fiscal year 2026 that is equal to the amount remaining, not to exceed \$17.9 million.

Section 21. Codification instruction. [Section 19] is intended to be codified as an integral part of Title 20, chapter 9, part 3, and the provisions of Title 20, chapter 9, part 3, apply to [section 19].

Section 22. Coordination instruction. If both House Bill No. 2 and [this act] are passed and approved, then:

(1) the appropriations for “Transportation Aid” in House Bill No. 2 for fiscal year 2026 and fiscal year 2027 must be increased to align with the adjustments

made to school transportation mileage rates by the superintendent of public instruction under [section 20 of this act] but the increases may not result in a “Transportation Aid” appropriation exceeding \$36.5 million for either fiscal year; and

(2) the general fund appropriation for “K-12 BASE Aid” in House Bill No. 2 for fiscal year 2026 must be increased in accordance with the adjustments made by the superintendent of public instruction under [section 20 of this act] but the increase may not exceed \$25.6 million.

Section 23. Coordination instruction. If both House Bill No. 156 and [this act] are passed and approved, then:

(1) [sections 8 and 9 of this act], amending 20-9-367 and 20-9-368, terminate June 30, 2026; and

(2) effective July 1, 2026, [section 19(2) of this act] must be replaced with:

“(2) After completing the analysis under subsection (1) and by the May 1 deadline for finalizing guaranteed tax base aid ratios under 20-9-369, the office of public instruction shall annually adjust the guaranteed tax base multipliers and calculations outlined in sections 20-9-366 through 20-9-368 to prevent any statewide increase in property taxes due to the combined effects of reappraisal and the standard guaranteed tax base aid formulas supporting the countywide levy for BASE budget funding support and the countywide school retirement funds budgets of counties.”

Section 24. Effective date. [This act] is effective on passage and approval.

Section 25. Applicability. [This act] applies to school district budgeting and funding distributions for school fiscal years beginning on or after July 1, 2025.

WHEREAS, section 20-7-411(3), MCA, obligates school districts to provide a special education program for each child with a disability beginning at age 3; and

WHEREAS, the prohibition on including preschool pupils in annual number belonging (ANB) counts under section 20-9-311(7), MCA, applies specifically to preschool programs created at trustees' discretion under section 20-7-117(2), MCA; and

WHEREAS, if preschool-aged children with disabilities receiving special education from a school district are not included in ANB counts, there is no mechanism for state financial support for their education.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-101, MCA, is amended to read:

“20-5-101. Admittance of child to school. (1) The trustees shall assign and admit a child to a school in the district when the child is:

- (a) 5 years of age or older on or before September 10 of the year in which the child is to enroll but is not yet 19 years of age;
- (b) a resident of the district; and
- (c) otherwise qualified under the provisions of this title to be admitted to the school.

(2) The trustees of a district may assign and admit any nonresident child to a school in the district under the tuition provisions of this title.

(3) (a) The trustees may at their discretion assign and admit a child to a school in the district who is under 5 years of age or an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision of this section. The trustees may also admit an individual who has graduated from high school but is not yet 19 years of age even though no special circumstances exist for waiver of the age provision of this section.

(b) As used in this subsection (3), “exceptional circumstances” means any of the following:

(i) the child is being admitted into a preschool program established by the trustees pursuant to 20-7-117;

(ii) the child is determined by the trustees to be ready for kindergarten and the child's parents have requested early entry into the district's regular 1-year kindergarten program;

(iii) the child is being admitted into an early literacy targeted intervention classroom or jumpstart program pursuant to Title 20, chapter 7, part 18;

(iv) *the child is a child with a disability and is being admitted into a special education program pursuant to 20-7-411*; or

(v) the adult is 19 years of age or older and in the trustees' determination would benefit from educational programs offered by a school of the district.

(c) The admittance of an individual under this subsection (3) does not in and of itself impact the ANB calculations governed by 20-9-311.

(4) The trustees shall assign and admit a child who is homeless, as defined in the Stewart B. McKinney Homeless Assistance Act (Public Law 100-77), to a school in the district regardless of residence. The trustees may not require an out-of-district attendance agreement or tuition for a homeless child.

(5) The trustees shall assign and admit a child whose parent or guardian is being relocated to Montana under military orders to a school in the district and allow the child to preliminarily enroll in classes and apply for programs offered by the district prior to arrival and establishing residency.

(6) Except for the provisions of subsection (4), tuition for a nonresident child must be paid in accordance with the tuition provisions of this title.

(7) The trustees' assignment of a child meeting the qualifications of subsection (1) to a school in the district outside of the adopted school boundaries applicable to the child is subject to the district's grievance policy. Upon completion of procedures set forth in the district's grievance policy, the trustees' decision regarding the assignment is final.

(8) The trustees shall assign and admit a child who is enrolled in a nonpublic or home school and who meets the requirements of subsection (1) as a part-time enrollee at the request of the child's parent or guardian.

(9) For the purposes of this part, "part-time enrollee" means a qualifying pupil who is enrolled and admitted at one of the fractional levels that qualify for part-time ANB pursuant to 20-9-311(4)(a) or (4)(d)."

Section 2. Section 20-9-311, MCA, is amended to read:

"20-9-311. Calculation of average number belonging (ANB) – 3-year averaging. (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Except as provided in subsection (4)(d), enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b) if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency.

(e) (i) Except as provided in subsection (4)(e)(ii), a pupil in ~~kindergarten through grade 12~~ who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes. When a pupil is concurrently enrolled in more than one district, any fractional enrollment under subsection (4)(a) must be attributed first to a pupil's nonresident district.

(ii) A pupil who participates in a jumpstart program under Title 20, chapter 7, part 18, may be counted as up to 1 1/4 enrollment for ANB purposes. A district shall add one-quarter enrollment for a pupil who participated in an early literacy jumpstart program to the pupil's regular enrollment count under this subsection (4) in both the October and February enrollment counts following the student's participation in the jumpstart program.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) (a) (i) The enrollment of preschool pupils; *in preschool programs created at the discretion of trustees* as provided in 20-7-117; may not be included in the ANB calculations.

(ii) *Preschool children with disabilities receiving special education services as required under 20-7-411(3) may be included in ANB calculations based on the aggregate hours of pupil instruction as provided in subsection (4) of this section.*

(b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by September 10 of the school year may not be included in the ANB calculations.

(c) A pupil with disabilities who is over 19 years of age and has not yet reached 21 years of age by September 10 of the school year and who is receiving special education services from a school district pursuant to 20-7-411(4)(a) may be included in the ANB calculations if:

- (i) the student has not graduated;
- (ii) the student is eligible for special education services and is likely to be eligible for adult services for individuals with developmental disabilities due to the significance of the student's disability; and
- (iii) the student's individualized education program has identified transition goals that focus on preparation for living and working in the community following high school graduation since age 16 or the student's disability has increased in significance after age 16.

(d) A school district providing special education services pursuant to subsection (7)(c) is encouraged to collaborate with agencies and programs that serve adults with developmental disabilities in meeting the goals of a student's transition plan.

(8) The average number belonging of the regularly enrolled pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled pupils attending the schools of the district, except that:

(a) the ANB is calculated as a separate budget unit when:

(i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when geographic barriers exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

- (A) 75% of the basic entitlement for the fourth year;
- (B) 50% of the basic entitlement for the fifth year; and
- (C) 25% of the basic entitlement for the sixth year.

(b) when a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) when a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) when a school has been designated as nonaccredited by the board of public education because of failure to meet the board of public education's assurance and performance standards, the regularly enrolled pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of in-person or remote instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

(c) Access to school programs and services for a student who is incarcerated in a facility, other than a youth detention center, may be limited to the programs and services provided by the district at district expense under an agreement with the incarcerating facility.

(d) This subsection (10) may not be construed to require a school district to offer access to activities governed by an organization having jurisdiction over interscholastic activities, contests, and tournaments to a pupil who is not otherwise eligible under the rules of the organization.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under this title and who is:

(a) a resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school or an offsite instructional setting of the district;

(b) unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;

(d) receiving special education and related services, other than day treatment, under a placement by the trustees at a private nonsectarian school or private program if the pupil's services are provided at the district's expense under an approved individual education plan supervised by the district;

(e) participating in the running start program at district expense under 20-9-706;

(f) receiving educational services, provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the department of public health and human services;

(g) enrolled in an educational program or course provided at district expense using remote delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs. The pupil:

(i) must meet the residency requirements for that district as provided in 1-1-215;

(ii) shall live in the district and must be eligible for educational services under the Individuals With Disabilities Education Act or under 29 U.S.C. 794; or

(iv) must be receiving remote instruction under 20-7-118(1)(c).

(h) a resident of the district attending the Montana youth challenge program or a Montana job corps program under an interlocal agreement with the district under 20-9-707.

(12) A district shall, for ANB purposes, calculate the enrollment of an eligible Montana youth challenge program participant as half-time enrollment.

(13) (a) A district may, for ANB purposes, include in the October and February enrollment counts an individual who is otherwise eligible under this title and who during the prior school year:

(i) resided in the district;

(ii) was not enrolled in the district or was not enrolled full time; and

(iii) completed an extracurricular activity with a duration of at least 6 weeks.

(b) (i) Except as provided in subsection (13)(b)(ii), each completed extracurricular activity under subsection (13)(a) may be counted as one-sixteenth enrollment for the individual, but under this subsection (13) the individual may not be counted as more than one full-time enrollment for ANB purposes.

(ii) Each completed extracurricular activity lasting longer than 18 weeks may be counted as one-eighth enrollment.

(c) For the purposes of this section, "extracurricular activity" means:

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the elementary and high school programs pursuant to subsection (14)(a) and then combined.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 6] and 15-6-134, the following definitions apply:

(1) “Homestead reduced tax rate” means the tax rate provided for in 15-6-134(3)(b)(i).

(2) “Long-term rental” means class four residential property:

(a) that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and the parcel on which the long-term rental improvements are located but not including any contiguous or adjacent parcels;

(b) that an owner can demonstrate was:

(i) rented for periods of 28 days or more for at least 7 months in each tax year for which the rental property reduced tax rate is claimed; or

(ii) vacant for not more than 5 months to complete documented property repairs;

(c) that is occupied by tenants who use the dwelling as a residence during the year in which the reduced tax rate is claimed; and

(d) for which the owner is current on payment of the assessed Montana property taxes when claiming the reduced tax rate.

(3) “Owner” includes a purchaser under contract for deed as defined in 70-20-115, a grantor of a trust indenture as defined in 71-1-303, and the trustee of a grantor trust that is revocable as defined in 72-38-103.

(4) (a) “Principal residence” means class four residential property:

(i) that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and the parcel on which the principal residence improvements are located but not including any contiguous or adjacent parcels;

(ii) in which an owner can demonstrate the owner owned and lived for at least 7 months of the year for which the homestead reduced tax rate for a principal residence is claimed;

(iii) that is the only residence for which the owner claims the homestead reduced tax rate for that year; and

(iv) for which the owner made payment of the assessed Montana property taxes.

(b) An owner who cannot meet the requirements of subsection (4)(a)(ii) because the owner’s principal residence changed during the tax year to another principal residence may still qualify for the homestead reduced tax rate if the owner paid the Montana property taxes while residing in each principal residence for a total of at least 7 consecutive months for each tax year.

(5) “Rental property reduced tax rate” means the tax rate provided for in 15-6-134(3)(b).

(6) "Tax year 2026" means the period from January 1, 2026, through December 31, 2026.

Section 2. Homestead reduced tax rate – application – limitations. (1) There is a homestead reduced tax rate provided for in 15-6-134(3)(b)(i) for a principal residence as provided in this section.

(2) (a) Beginning in tax year 2026, the owner of a principal residence may apply to the department to receive the homestead reduced tax rate. The owner of a principal residence who applied for and received the rebate provided for in [sections 9 through 11] for tax year 2024 automatically qualifies for the homestead reduced tax rate unless subsections (2)(c)(i) through (2)(c)(iii) apply to the principal residence for which the rebate was claimed. The owner of a principal residence who did not receive a rebate under [sections 9 through 11], shall apply as provided in this section to receive the homestead reduced tax rate in tax year 2026.

(b) To receive the homestead reduced tax rate for the tax year in which the application is first made, the owner shall apply electronically through the department's website or by mail on a form prescribed by the department between December 1 of the immediately preceding year and March 1. Applications submitted by mail must be postmarked by March 1. Approved applications received electronically or postmarked after March 1 apply to the following tax year.

(c) Once approved, the homestead reduced tax rate remains effective until the end of the tax year in which any of the following events occur:

- (i) there is a change in ownership of the property;
- (ii) the owner no longer uses the dwelling as a principal residence; or
- (iii) the owner applies for a homestead reduced tax rate for a different principal residence.

(d) If a homestead reduced tax rate is terminated pursuant to subsection (2)(c) or [section 4], any remaining property taxes due for the year in which the homestead reduced tax rate is terminated must be based on the tax rate in effect on January 1 of the year in which the homestead reduced tax rate was terminated.

(e) An application for a homestead reduced tax rate must be submitted on a form prescribed by the department and must contain:

(i) a written declaration made under penalty of perjury that the applicant owns and maintains the land and improvements as the principal residence as defined in [section 1]. The application must state the penalty provided for in [section 4].

(ii) the geocode or other property identifier of the principal residence for which the applicant is requesting the homestead reduced tax rate;

(iii) the social security number of the applicant; and

(iv) any other information required by the department that is relevant to the applicant's eligibility.

(3) (a) Except as provided in subsection (3)(b), class four residential property owned by an entity is not eligible to receive the homestead reduced tax rate.

(b) The trustee of a grantor revocable trust may apply for a homestead reduced tax rate for a principal residence on behalf of the trust if the dwelling meets the definition of a principal residence for the grantor.

(c) Class four residential property located on fee land within the exterior boundaries of an Indian reservation within this state is automatically eligible for the homestead reduced tax rate provided for in this section and is not required to submit an application pursuant to subsection (2).

(4) The department shall notify the owner if the homestead reduced tax rate is applied to the property or if the application was denied.

Section 3. Rental property reduced tax rate -- application -- limitations. (1) There is a rental property reduced tax rate provided for in 15-6-134(3)(b) for a long-term rental as provided in this section.

(2) (a) Beginning in tax year 2026, the owner of a long-term rental may apply to the department to receive the rental property reduced tax rate. The application must be made by an individual owner or, for an entity owner, by an authorized representative of the entity.

(b) The department shall mail a notice to potential claimants by October 30, 2025, for tax year 2026. Receipt of a notice does not establish that a taxpayer or property owner is eligible to receive the rental property reduced tax rate, and a taxpayer who does not receive a notice may still be eligible to claim the rental property reduced tax rate. All taxpayers, regardless of the receipt of notice, shall apply for a reduced rate as provided in this subsection (2).

(c) To receive the rental property reduced tax rate for the tax year in which the application is first made, the owner or authorized representative shall apply electronically or by mail on a form prescribed by the department between December 1 of the immediately preceding year and March 1. Applications received electronically or postmarked after March 1 apply to the following tax year.

(d) Once approved, the rental property reduced tax rate remains effective until the end of the tax year in which any of the following events occur:

- (i) there is a change in ownership of the property;
- (ii) the property is no longer rented to tenants as a dwelling;
- (iii) the terms of the lease change and the property no longer qualifies as a long-term rental as defined in [section 1]; or
- (iv) the owner fails to submit a **complete** reapplication to the department as required in subsection (4).

(d)(e) If a rental property reduced tax rate is terminated pursuant to subsection (2)(d) or [section 4], any remaining property taxes due for the year in which the rental property reduced tax rate is terminated must be based on the tax rate in effect on January 1 of the year in which the rental property reduced tax rate was terminated.

(3) An application for a rental property reduced tax rate must be submitted on a form prescribed by the department and must contain:

(a) a written declaration made under penalty of perjury that the applicant owns and maintains the land and improvements as a long-term rental as defined in [section 1]. The application must state the penalty provided for in [section 4].

(b) the geocode or other property identifier for the long-term rental for which the applicant is requesting the rental property reduced tax rate;

(c) the social security number or taxpayer identification number of the applicant;

(d) the income and expense information for the long-term rental for the immediately preceding year, including the amount of rent charged each month; and

(e) any other information required by the department that is relevant to the applicant's eligibility.

(4) To continue receiving the rental property reduced tax rate, the owner of a qualifying long-term rental shall reapply as required by the department. Beginning in 2028, the department shall require reapplication of 20% of long-term rentals each year.

(5) Periods of short-term vacancy not exceeding 3 5 months in a 12-month period do not disqualify a long-term rental from receiving the rental property reduced tax rate.

(6) The department shall notify the owner if the rental property reduced tax rate is applied to the property or if the application was denied.

Section 4. Homestead and rental property reduced tax rates – improper approval – penalty for false or fraudulent application.

(1) Except as provided in subsection (2), if the department determines that an application for a homestead reduced tax rate or a rental property reduced tax rate was improperly approved or that the property no longer qualifies for the reduced rate, the department shall revise the assessment for each year the homestead reduced tax rate or the rental property reduced tax rate was improperly granted subject to the assessment revision procedure established in 15-8-601.

(2) (a) A person who files a false or fraudulent application for a homestead reduced tax rate provided for in [section 2 ~~or~~ 3] or for a rental property reduced tax rate provided for in [section 4 3] is subject to criminal prosecution under the provisions of 45-7-202.

(3) (a) If a person is determined to have filed a false or fraudulent application, the department shall revise the assessment of the property subject to the assessment revision procedure established in this section and 15-8-601 and assess a penalty as provided in this subsection (3). The penalty is equal to three times the base penalty amount calculated under subsection (3)(b) plus interest at the rate provided in 15-16-102 calculated from the original due date of the taxes, until paid.

(b) The base penalty amount is equal to the property tax due for each year the homestead reduced tax rate or the rental property reduced tax rate was improperly received, determined using the tax rate provided for in 15-6-134(3)(a), the appraised value, and the mill levies in effect for the year, less the actual property taxes paid in the year.

(c) The revised assessment and penalty must be assessed against a person who filed a false or fraudulent application even if the person no longer owns the property.

(4) If the person who filed a false or fraudulent application no longer owns the property associated with the false or fraudulent application, the penalty plus interest provided for in subsection (3) may be recovered as any other tax owed the state. If the penalty plus interest becomes due and owing, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

(5) Except as provided in subsection (4), if the department determines that a false or fraudulent application was made, the department shall send the revised assessment with the additional penalty amount as determined under subsection (3) to the county treasurer in the county where the property is located.

(6) The county treasurer shall distribute property taxes, penalty, and interest collected under this section proportionally to the affected taxing jurisdictions.

(7) A revised assessment made under this section must be made within 10 years after the end of the calendar year in which the original application was made.

Section 5. Appeal of denial of reduced tax rate. (1) (a) If the department denies an application for a homestead reduced tax rate or a rental property reduced tax rate, the owner may request an informal review of the denial by submitting an objection on written or electronic forms provided by the department for that purpose in a manner prescribed by the department. The objection must be made no later than 30 days after the date of the denial notification sent pursuant to [section 2 (4) or 3(6)].

(b) The property owner may request that the department consider extenuating circumstances to grant an application for the homestead reduced tax rate or the rental property reduced tax rate. Extenuating circumstances include but are not limited to extraordinary, unusual, or infrequent events that are material in nature and of a character different from the typical or customary, and that are not expected to recur.

(c) After the informal review, the department shall determine the correct status of the homestead reduced tax rate or the rental property reduced tax rate and notify the taxpayer of its determination by mail or electronically. In the notification, the department shall state its reasons for accepting or denying the application.

(2) If a property owner is aggrieved by the determination made by the department after the review provided for in subsection (1), the property owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board, whose findings are final subject to the right of review in the courts. An appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. If the county tax appeal board or the Montana tax appeal board determines that the homestead reduced tax rate or the rental property reduced tax rate should apply, the department shall adjust the taxable value of the property in accordance with the board's order.

Section 6. Rulemaking authority. The department shall adopt rules that are necessary to implement and administer [sections 1 through 6].

Section 7. Legislative findings -- local government charters and fixed mill levy limits superseded -- definition. (1) (a) The legislature finds that most local governments set mill levies that adjust downward when taxable value increases under 15-10-420. This floating mill levy concept automatically lowers the number of mills levied against a taxpayer when property values increase, which mitigates increases in property values. However, when mill levies are fixed, the opposite occurs when property values increase, and property taxes are not automatically mitigated for taxpayers that are levied based on a fixed mill levy.

(b) The legislature finds further that it is prohibited under Article VIII, section 2, of the Montana constitution, from suspending or contracting away the power to tax. The legislature also recognizes and respects the power of local governments under Article XI, section 5, of the Montana constitution to adopt, amend, revise, or abandon a charter.

(2) As a matter of policy, the legislature intends to supersede local government charters that fix mill levy limits for the limited purpose of exercising the power to tax while also maintaining local government revenue sources without raising taxes on residential taxpayers. Having considered all options on a statewide basis, the legislature finds the statutory structure of the property tax has evolved significantly since the passage of Initiative Measure No. 105 on November 4, 1986, and the enactment of 15-10-420 by the legislature in 1999. Given the significant change in the structure of the property tax and the rising cost of residential property in the last 5 years, there is a compelling interest to all the citizens of the state to lower residential property tax rates for primary residences, which can only be accomplished by this section and 15-10-420.

(3) A local government with a charter form of government that includes a mill levy limit of a specific number of mills that may be imposed in the charter shall levy the number of mills in fiscal year 2026 and subsequent tax years that will generate the amount of property taxes assessed in fiscal year 2025, without amending or revising the charter. In fiscal years after 2026, the local government shall levy the number of mills levied in fiscal year 2026.

(4) A taxing entity with a local mill levy limit of a specific number of mills that may be imposed for public safety that was authorized by the voters before [the effective date of this section] may:

(a) elect to transition a voted mill public safety levy to a dollar-based mill levy equal to the amount of property taxes assessed in fiscal year 2025 and thereafter subject to the provisions of 15-10-420(1)(a); or

(b) levy the number of mills in fiscal year 2026 that will generate the amount of property taxes assessed in fiscal year 2025. In fiscal years after 2026, the local government shall levy the number of mills levied in fiscal year 2026.

(5) As used in this section, “public safety” means police, fire, and emergency medical services.

Section 8. Reimbursement for loss of revenue from certain fixed mill levies – definition. (1) The department shall reimburse each taxing entity as provided in this section for the revenue loss resulting from the tax rate reductions in 15-6-134 as amended by [this act] for the following levies:

(a) levies of a local government with a charter form of government that includes a mill levy limit of a specific number of mills that may be imposed in the charter; and

(b) levies stated as a specific mill levy authorized by voters for public safety before [the effective date of this act].

(2) (a) For fiscal year 2026, the reimbursement must be equal to the difference between the property tax revenue collected from the levies provided for in subsection (1) and the property tax revenue collected in fiscal year 2025. After fiscal year 2026, the reimbursement must be equal to the difference between the property tax revenue collected from the levies provided for in subsection (1) and the property tax revenue that would be collected in the current fiscal year using the mill levy that would raise the fiscal year 2025 tax revenue using the fiscal year 2026 taxable value.

(b) A reimbursement pursuant to this section must include any fines, penalties, or damages resulting from a judgment levy against the taxing entity in levying property taxes in accordance with [section 7].

(3) A taxing entity eligible to receive a reimbursement under this section shall report the loss in revenue from the tax rate reductions in 15-6-134 as amended by [this act] and any amount reimbursable under subsection (2)(b) to the department of revenue.

(4) A reimbursement provided for in this section may only be made for 4 years after [the effective date of this section].

(5) The department shall distribute the reimbursements with the entitlement share payments under 15-1-121(7).

(6) As used in this section, “public safety” means police, fire, and emergency medical services.

Section 9. Definitions. As used in [sections 9 through 11], the following definitions apply:

(1) “Montana property taxes” means the ad valorem property taxes, special assessments, and other fees imposed on property classified under 15-6-134 that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre, as is reasonably necessary for its use as a dwelling and that were assessed and paid by the taxpayer for tax year 2024. The amount of Montana property taxes assessed and paid is equal to the total amount billed by the local government for the dwelling as shown on the 2024 property tax bill received by the taxpayer with a first-half payment due in or around November 2024 and a second-half payment due in or around May 2025.

(2) “Owned” includes purchasing under a contract for deed and being the grantor or grantors under a revocable trust indenture.

(3) (a) “Principal residence” means, subject to the provisions of subsection (3)(b), a dwelling:

(i) in which an owner can demonstrate the owner owned and lived for at least 7 months of the year for which the property tax rebate is claimed;

(ii) that is the only residence for which the taxpayer claims the property tax rebate; and

(iii) for which the taxpayer made payment of the assessed Montana property taxes during tax year 2024.

(b) A taxpayer who cannot meet the requirements of subsection (3)(a)(i) because the owner’s principal residence changed during the tax year to another principal residence may still claim the property tax rebate if the taxpayer paid the Montana property taxes while residing in each principal residence for a total of at least 7 consecutive months for the 2024 tax year.

(4) “Tax year 2024” means the period January 1, 2024, through December 31, 2024.

Section 10. Property tax rebate – manner of claiming – limitations – appeals. (1) Subject to the conditions provided for in [sections 9 through 11], there is a rebate of Montana property taxes in the amount of \$400 or the amount of total property taxes paid, whichever is less, for tax year 2024.

(2) The rebate provided for in subsection (1) is for Montana property taxes assessed to and paid by a taxpayer or taxpayers on property they owned and occupied as a principal residence during tax year 2024.

(3) The department shall mail a notice to potential claimants by June 30, 2025, for tax year 2024. Receipt of a notice does not establish that a taxpayer or property owner is eligible for a rebate, and a taxpayer who does not receive a notice may still be eligible to claim a rebate. All taxpayers, regardless of the receipt of notice, shall claim a rebate as provided in subsection (5).

(4) Except as provided in subsections (5)(c) and (5)(d), a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre that is owned by an entity is not eligible to claim the rebate.

(5) (a) (i) All claims for this property tax rebate must be submitted to the department electronically or by mail.

(ii) Electronic claims must be submitted between August 15, 2025, and October 1, 2025, through the department’s website.

(iii) Claims submitted by mail must be made on a form prescribed by the department and postmarked by October 1.

(iv) The department may grant an extension of time if the claimant establishes good cause for missing the October 1 deadline. The department’s authority to consider an application terminates on December 1, 2025, and any applications or requests for extension received after that date may not be processed.

(b) Subject to subsections (5)(c) and (5)(d), a claim for rebate must be submitted, under penalty of false swearing and the penalties provided in [section 11], on a form prescribed by the department and must contain:

(i) an affirmation that the claimant owns and maintains the land and improvements as the principal residence as defined in [section 9];

(ii) the geocode or other property identifier for the principal residence that the claimant is requesting the rebate on;

(iii) the social security number of the claimant and the claimant’s spouse; and

(iv) any other information as required by the department that is relevant to the claimant's eligibility.

(c) The personal representative of the estate of a deceased taxpayer may execute and file the claim for rebate on behalf of a deceased taxpayer who qualifies for the rebate.

(d) The trustee of a grantor revocable trust may file a claim on behalf of the trust if the dwelling meets the definition of a principal residence for the grantor.

(6) Only one rebate will be issued to a taxpayer for the Montana property taxes paid by the taxpayer for tax year 2024.

(7) If a debt is due and owing to the state, the department may offset the rebate in this section as provided in sections 15-30-2629, 15-30-2630, 17-4-105, or as otherwise provided by law.

(8) If a property tax rebate is denied by the department, the claimant is entitled to a written explanation why the application was denied. A claimant may make a written appeal of a denial to a management level employee of the department, who shall issue a final decision that is not appealable. Appeals occurring under this subsection (8) are not subject to the provisions contained in 15-1-211.

Section 11. Property tax rebate – penalty for false or fraudulent claim. (1) Except as provided in subsection (2), if the department discovers that a rebate paid to a taxpayer exceeded the amount allowed by [sections 9 through 11], the department may, within 1 year from the date the rebate was transmitted to the taxpayer, assess the taxpayer for the difference. The assessment is subject to the uniform dispute review procedure established in 15-1-211.

(2) A person who files a false or fraudulent claim for a property tax rebate under [sections 9 through 11] is subject to criminal prosecution under the provisions of 45-7-202. If a false or fraudulent claim has been paid by the department, the amount paid may be recovered as any other tax owed the state, together with a penalty of 300% of the rebate claimed and interest on the amount of the rebate claimed plus penalty at the rate of 12% a year, until paid. If this rebate plus penalty becomes due and owing, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 12. Section 15-1-121, MCA, is amended to read:

“15-1-121. Entitlement share payment – purpose – appropriation.

(1) As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

- (b) vehicle, boat, and aircraft taxes and fees pursuant to:
 - (i) Title 23, chapter 2, part 5;
 - (ii) Title 23, chapter 2, part 6;
 - (iii) Title 23, chapter 2, part 8;
 - (iv) 61-3-317;
 - (v) 61-3-321;
 - (vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;
 - (vii) Title 61, chapter 3, part 7;
 - (viii) 5% of the fees collected under 61-10-122;
 - (ix) 61-10-130;
 - (x) 61-10-148; and
 - (xi) 67-3-205;
 - (c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);
 - (d) district court fees pursuant to:
 - (i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);
 - (ii) 25-1-202;
 - (iii) 25-9-506; and
 - (iv) 27-9-103;
 - (e) certificate of title fees for manufactured homes pursuant to 15-1-116;
 - (f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;
 - (g) all beer, liquor, and wine taxes pursuant to:
 - (i) 16-1-404;
 - (ii) 16-1-406; and
 - (iii) 16-1-411;
 - (h) late filing fees pursuant to 61-3-220;
 - (i) title and registration fees pursuant to 61-3-203;
 - (j) veterans' cemetery license plate fees pursuant to 61-3-459;
 - (k) county personalized license plate fees pursuant to 61-3-406;
 - (l) special mobile equipment fees pursuant to 61-3-431;
 - (m) single movement permit fees pursuant to 61-4-310;
 - (n) state aeronautics fees pursuant to 67-3-101; and
 - (o) department of natural resources and conservation payments in lieu of taxes pursuant to former Title 77, chapter 1, part 5.
- (3) Except as provided in subsection (7)(b), the total amount received by each local government in the prior fiscal year as an entitlement share payment under this section is the base component for the subsequent fiscal year distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is each local government's base component. The sum of all local governments' base components is the fiscal year entitlement share pool.
- (4) (a) Except as provided in subsections (4)(b)(iv) and (7)(b), the base entitlement share pool must be increased annually by an entitlement share growth rate as provided for in this subsection (4). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year.
- (b) By October 1 of each year, the department shall calculate the growth rate of the entitlement share pool for the next fiscal year in the following manner:
- (i) The department shall calculate the entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide

accounting, budgeting, and human resource system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsections (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporate income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.

(ii) Except as provided in subsections (4)(b)(iii) and (4)(b)(iv), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. Subject to subsection (4)(b)(iv), the entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

(iv) The entitlement share growth rate, as described in this subsection (4), is:

(A) for fiscal year 2018, 1.005;

(B) for fiscal year 2019, 1.0187;

(C) for fiscal year 2020 and thereafter, determined as provided in subsection (4)(b)(ii). The rate must be applied to the entitlement payment for the previous fiscal year as if the payment had been calculated using entitlement share growth rates for fiscal years 2018 and 2019 as provided in subsection (4)(b)(ii).

(5) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (8). The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources for which reimbursement is provided in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts distributed under 15-1-123(4) for local governments, the funding provided for in subsection (8) of this section, and the amounts distributed under 15-1-123(5) for tax increment financing districts are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) (a) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

(b) For fiscal year 2018 and thereafter, the growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in 15-1-123(1) and (2). The department shall calculate the portion of the entitlement share pool attributable to the reimbursement in 15-1-123(1) and (2), including the application of the growth rate in previous fiscal years, for counties, consolidated local governments, and cities and, for fiscal year 2018 and thereafter, apply the growth rate for that portion of the entitlement share pool as provided in 15-1-123(3).

(c) The growth amount resulting from the application of the growth rate in 15-1-123(3) must be allocated as provided in subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A) of this section.

(d) *The growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in [section 8].*

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(5), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) One-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

<i>Flathead</i>	Kalispell - District 2	\$4,638
Flathead	Kalispell - District 3	37,231
Flathead	Whitefish District	148,194
Gallatin	Bozeman - downtown	31,158
Missoula	Missoula - 1-1C	225,251
Missoula	Missoula - 4-1C	30,009

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts.

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base component, the entitlement share growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) (a) Except as provided in 2-7-517, a payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1.

(b) A payment required pursuant to this section must be withheld if a local government:

(i) fails to meet a deadline established in 2-7-503(1), 7-6-611(2), 7-6-4024(3), or 7-6-4036(1); and

(ii) fails to remit any amounts collected on behalf of the state as required by 15-1-504 or as otherwise required by law within 45 days of the end of a month.

(c) A payment required pursuant to this section may be withheld if, for more than 90 days, a local government fails to:

(i) file a financial report required by 15-1-504;

(ii) remit any amounts collected on behalf of the state as required by 15-1-504; or

(iii) remit any other amounts owed to the state or another taxing jurisdiction."

(1) (a) Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser under contract for deed a notice that includes the land classification, market value, and taxable value of the land and improvements owned or being purchased. A notice must be mailed or, with property owner consent, provided electronically to the owner only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational and informal classification and appraisal review purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the intangible land value assistance program provided for in 15-6-240, the property tax assistance programs provided for in Title 15, chapter 6, part 3, *the homestead reduced tax rate provided for in [section 2], the rental property reduced tax rate provided for in [section 3],* and the residential property tax credit for the elderly provided for in 15-30-2337 through 15-30-2341;

(v) a statement that the notice is not a tax bill; and

(vi) a taxpayer option to request an informal classification and appraisal review by checking a box on the notice and returning it to the department.

(c) When the department uses an appraisal method that values land and improvements as a unit, including the sales comparison approach for

residential condominiums or the income approach for commercial property, the notice must contain a combined appraised value of land and improvements.

(d) Any misinformation provided in the information required by subsection (1)(b) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice in written or electronic form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail or provide electronically the notice to a new owner or purchaser under contract for deed unless the department has received the realty transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

(3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an informal classification and appraisal review by submitting an objection on written or electronic forms provided by the department for that purpose or by checking a box on the notice and returning it to the department in a manner prescribed by the department.

(i) For property other than class three property described in 15-6-133, class four property described in 15-6-134, class ten property described in 15-6-143, and centrally assessed property described in 15-23-101, the objection must be submitted within 30 days from the date on the notice.

(ii) For class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection may be made only once each valuation cycle. An objection must be made in writing or by checking a box on the notice within 30 days from the date on the classification and appraisal notice for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing or by checking a box on the notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within 30 days from the date on the notice.

(iii) For centrally assessed property described in 15-23-101(2)(a), the objection must be submitted within 20 days from the date on the notice. A taxpayer may submit an objection up to 10 days after this deadline on request to the department.

(iv) (A) For centrally assessed property described in 15-23-101(2)(b) and (2)(c), an objection to the valuation or classification may be made only once each valuation cycle. An objection must be made in writing within the time period specified in subsection (3)(a)(iii) for a reduction in the appraised value

to be considered for both years of the 2-year valuation cycle. An objection made after the deadline specified in subsection (3)(a)(iii) will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within the time period specified in subsection (3)(a)(iii).

(B) If a property owner has exhausted the right to object to a valuation, as provided for in subsection (3)(a)(iv)(A), the property owner may ask the department to consider extenuating circumstances to adjust the value of property described in 15-23-101(2)(b) or (2)(c). Occurrences that may result in an adjustment to the value include but are not limited to extraordinary, unusual, or infrequent events that are material in nature and of a character different from the typical or customary business operations, that are not expected to recur frequently, and that are not normally considered in the evaluation of the operating results of a business, including bankruptcies, acquisitions, sales of assets, or mergers.

(b) If the objection relates to residential or commercial property and the objector agrees to the confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within 8 weeks of submission of the objection, the following information:

(i) the methodology and sources of data used by the department in the valuation of the property; and

(ii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) At the request of the objector or a representative of the objector, and only if the objector or representative signs a written or electronic confidentiality agreement, the department shall provide in written or electronic form:

(i) comparable sales data used by the department to value the property;

(ii) sales data used by the department to value residential property in the property taxpayer's market model area; and

(iii) if the cost approach was used by the department to value residential property, the documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.

(d) For properties valued using the income approach as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(e) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the department does not use the appraisal provided by the taxpayer in conducting the appeal, the department shall provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(f) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination by mail or electronically. The department may not determine an appraised value that is higher than the value that was the subject of the

objection unless the reason for an increase was the result of a physical change in the property or caused by an error in the description of the property or data available for the property that is kept by the department and used for calculating the appraised value. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection on written or electronic forms provided by the department or by checking a box on the notice; and

(b) the department has provided to the objector by mail or electronically its stated reason in writing for making the adjustment.

(5) A taxpayer's written objection or objection made by checking a box on the notice and supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) Except as provided in 15-2-302 and 15-23-102, if a property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. A county tax appeal board or the Montana tax appeal board may consider the actual selling price of the property, independent appraisals of the property, negative property features that differentiate the subject property from the department's comparable sales, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the Montana tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 16. Section 15-15-101, MCA, is amended to read:

The application must state the post-office address of the applicant, specifically describe the property involved, and state the facts upon which it is claimed the reduction should be made."

Section 18. Section 15-15-103, MCA, is amended to read:

"15-15-103. Examination of applicant – failure to hear application.

(1) Before the county tax appeal board grants any application or makes any reduction applied for, it shall examine on oath the person or agent making the application with regard to the value of the property of the person *or eligibility for the homestead reduced tax rate provided for in [section 2] or the rental property reduced tax rate provided for in [section 3]*. A reduction may not be made unless the applicant makes an application, as provided in 15-15-102, and attends the county board hearing. An appeal of the county board's decision may not be made to the Montana tax appeal board unless the person or the person's agent has exhausted the remedies available through the county board. In order to exhaust the remedies, the person or the person's agent shall attend the county board hearing. On written request by the person or the person's agent and on the written concurrence of the department, the county board may waive the requirement that the person or the person's agent attend the hearing. The testimony of all witnesses at the hearing and the deliberation of the county tax appeal board in rendering a decision must be electronically recorded and preserved for 1 year. If the decision of the county board is appealed, the record of the proceedings, including the electronic recording of all testimony and the deliberation of the county tax appeal board, must be forwarded, together with all exhibits, to the Montana board. The date of the hearing, the proceedings before the county board, and the decision must be entered upon the minutes of the county board, and the county board shall notify the applicant of its decision by mail within 3 days. A copy of the minutes of the county board must be transmitted to the Montana board no later than 3 days after the county board holds its final hearing of the year.

(2) (a) Except as provided in 15-15-201, if a county board refuses or fails to hear a taxpayer's timely application for a reduction in valuation of property *or eligibility for a reduced tax rate*, the taxpayer's application is considered to be granted on the day following the county board's final meeting for that year. The department shall enter the appraisal, *or classification, or tax rate* sought in the application in the property tax record. An application is not automatically granted for the following appeals:

(i) those listed in 15-2-302(1); and

(ii) if a taxpayer's appeal from the department's determination of classification or appraisal made pursuant to 15-7-102 was not received in time, as provided for in 15-15-102, to be considered by the county board during its current session.

(b) The county board shall provide written notification of each application that was automatically granted pursuant to subsection (2)(a) to the department, the Montana board, and any affected municipal corporation. The notice must include the name of the taxpayer and a description of the subject property.

(3) The county tax appeal board shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana

board of real estate appraisers and the appraisal was conducted within 6 months of the valuation date. If the county tax appeal board does not use the appraisal provided by the taxpayer in conducting the appeal, the county board shall provide to the taxpayer the reason for not using the appraisal.”

(b) that one-half of all taxes levied and assessed will be due and payable on or before 5 p.m. on the next May 31 and that unless paid prior to that time the taxes will be delinquent and will draw interest at the rate of 5/6 of 1% a month from the time of delinquency until paid and 2% will be added to the delinquent taxes as a penalty; and

(3) The municipality shall, upon request of the county treasurer, provide the information to be included under subsection (2)(a)(iii) ready for mailing.

(4) The notice in every case must be given as provided in 7-1-2121. Failure to publish or post notices does not relieve the taxpayer from any tax liability. Any failure to give notice of the tax due for the current year or of delinquent tax will not affect the legality of the tax.

(5) If the department revises an assessment that results in an additional tax of \$5 or less, an additional tax is not owed and a new tax bill does not need to be prepared.”

Section 28. Coordination instruction. If Senate Bill No. 542, House Bill No. 863, and [this act] are passed and approved, then the section in House Bill No. 863 that coordinates with [this act] is void.

Section 29. Coordination instruction. If both Senate Bill No. 542 and [this act] are passed and approved, then [sections 1 through 23 and 25 of this act] are void and [section 4 of Senate Bill No. 542] must be amended as follows:

Section 4. Legislative findings – local government charters and fixed mill levy limits superseded. (1) (a) The legislature finds that most local governments set mill levies that adjust downward when taxable value increases under 15-10-420. This floating mill levy concept automatically lowers the number of mills levied against a taxpayer when property values increase, which mitigates increases in property values. However, when mill levies are fixed, the opposite occurs when property values increase, and property taxes are not automatically mitigated for taxpayers that are levied based on a fixed mill levy.

(b) The legislature finds further that it is prohibited under Article VIII, section 2, of the Montana constitution, from suspending or contracting away the power to tax. The legislature also recognizes and respects the power of local governments under Article XI, section 5, of the Montana constitution to adopt, amend, revise, or abandon a charter.

(2) As a matter of policy, the legislature intends to supersede local government charters that fix mill levy limits for the limited purpose of exercising the power to tax while also maintaining local government revenue sources without raising taxes on residential taxpayers. Having considered all options on a statewide basis, the legislature finds the statutory structure of the property tax has evolved significantly since the passage of Initiative Measure No. 105 on November 4, 1986, and the enactment of 15-10-420 by the legislature in 1999. Given the significant change in the structure of the property tax and the rising cost of residential property in the last 5 years, there is a compelling interest to all the citizens of the state to lower residential property tax rates for primary residences, which can only be accomplished by this section and 15-10-420.

(3) A local government with a charter form of government that includes a mill levy limit of a specific number of mills that may be imposed in the charter shall levy the number of mills in fiscal year 2026 and subsequent tax years that will generate the amount of property taxes assessed in fiscal year 2025, without amending or revising the charter. In fiscal years after 2026, the local government ~~shall~~ *may levy an amount not to exceed* the number of mills levied in fiscal year 2026.

(4) A taxing entity with a local mill levy limit of a specific number of mills that may be imposed that was authorized by the voters before [the effective date of this section], shall:

(a) elect to transition a voted mill levy to a dollar-based mill levy equal to the amount of property taxes assessed in fiscal year 2025 and thereafter subject to the provisions of 15-10-420(1)(a); or

(b) levy the number of mills in fiscal year 2026 that will generate the amount of property taxes assessed in fiscal year 2025. In fiscal years after 2026, the local government ~~shall~~ *may levy an amount not to exceed* the number of mills levied in fiscal year 2026.”

Section 30. Appropriation. (1) There is appropriated \$500,000 from the general fund to the department of revenue for the fiscal year ending June 30, 2025, to implement [this act]. (ii) there are no other changes to the water right;

(iii) the capacity of the diversion is not increased;

(iv) there are no points of diversion or intervening water rights between the existing point of diversion and the replacement point of diversion or the appropriator obtains written waivers from all intervening water right holders;

(v) the replacement point of diversion is on the same surface water source and is located as close as reasonably practicable to the existing point of diversion;

(vi) the replacement point of diversion replaces an existing point of diversion and the existing point of diversion will no longer be used;

(vii) the existing point of diversion has been used in the 10 years prior to the notice for change of appropriation right for a replacement point of diversion;

(viii) the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct, and complete notice of change in appropriation right for a replacement point of diversion is submitted to the department as provided in subsection (3)(b).

(b) The appropriator shall file a correct and complete notice of change in appropriation right for a replacement point of diversion with the department on a form provided by the department within 60 days after completion of a replacement in point of diversion.

(ii) the volume authorized by the permit or water reservation will not be exceeded;

(iii) the place of use is within:

(A) the municipality's land use plan and future land use map boundary duly adopted by the municipality pursuant to Title 76, chapter 25;

(B) the municipality's growth policy boundary duly adopted by the municipality pursuant to Title 76, chapter 1; or

(C) a county water and sewer district's service area boundary adopted under Title 7, chapter 13, part 23;

(iv) all water being diverted by the system is being measured; and

(v) there are no other changes to the water right or rights.

(b) The appropriator shall file a correct and complete notice of change in appropriation right for municipal use with the department on a form provided by the department within 180 days of annexation by a municipality under Title 7, chapter 2, or addition of land to a county water and sewer district under Title 7, chapter 13, part 23.

(c) A notice of change in appropriation right for municipal use may include a change in place of use for a water right that is not an unperfected permit or water reservation if:

(i) the criteria in subsection (4)(a) are satisfied for each unperfected permit and water reservation;

(ii) the criteria in subsection (4)(a) are satisfied for each additional water right being changed;

(iii) the unperfected volume of the unperfected permit or water reservation is adequate to satisfy the additional water use needs of the entire additional place of use;

(iv) the existing place of use is the same for all rights being changed; and

(v) all rights being changed share the same common distribution system.

(5) (a) An appropriator with a water right for stock use may add, move, or remove stock tanks without the prior approval of the department if:

(i) stock tanks are added to a water right for livestock direct from source;

(ii) stock tanks are added to or removed from an existing stock watering system; or

(iii) stock tanks are moved on an existing stock watering system.

(b) The following requirements must be met for a change filed under this subsection (5):

(i) the diverted flow rate of the stock watering system may not exceed the historical diverted flow rate of the stock watering system. If stock tanks are being added to a livestock direct from source water right, the maximum flow rate for the diversion to the tanks may not exceed 35 gallons a minute.

(ii) the number of stock animal units that will be watered on the system may not exceed the historical number of stock animal units watered;

(iii) the stock watering system infrastructure is adequate to control diversions and prevent waste of water; and

(iv) the appropriator has a possessory interest or the written consent of a person with a possessory interest in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the appropriator has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) The appropriator shall file a correct and complete notice of change in appropriation right for stock tanks with the department on a form provided by the department within 60 days after stock tanks are added or moved.

(d) A temporary change in appropriation right for stock tanks may be authorized in accordance with 85-2-407.

(6) (a) If the department determines a notice of change in appropriation filed pursuant to subsections (1) through (5) is not correct and complete, the department shall return the notice to the appropriator, along with a notification describing the defects. A notice of change in appropriation right that is not corrected and completed within 60 days of the notification is terminated.

(b) Within 90 days of determining a notice of change in appropriation right is correct and complete, the department shall determine if the applicable criteria for issuance of a change in appropriation right are satisfied, and:

(i) if the department determines that the notice of change in appropriation right satisfies the applicable criteria in subsection (1), (2), (3), (4), or (5), the department shall issue an authorization of a change in appropriation right; or

(ii) if the department determines that the notice of change in appropriation right does not satisfy the criteria in subsection (1), (2), (3), (4), or (5), the department shall notify the appropriator, and the appropriator shall submit an application for a change in appropriation right to the department pursuant to 85-2-402.

(7) (a) If an authorization of a change in appropriation right is issued under subsection (3), (4), or (5), the department shall prepare a public notice that includes a summary of the change in appropriation right. The public notice must state that within no more than 45 days after the date of publication, a person may file with the department a written objection to the authorization of the change in appropriation right. The department shall publish the notice once in a newspaper of general circulation in the area of the source.

(b) The department shall also serve the notice by first-class mail on:

(i) an appropriator of water or applicant for or holder of a permit who, according to the records of the department, may be affected by the proposed appropriation;

(ii) any purchaser under contract for deed as defined in 70-20-115 of property that according to the records of the department may be affected by the proposed appropriation; and

(iii) any public agency that has reserved waters in the source under 85-2-316.

(c) The department may, in the department's discretion, also serve notice on any state agency or other person the department believes may be interested in or affected by the proposed appropriation.

(d) The department shall file in the department's records proof of service by affidavit of the publisher in cases of notice by publication and by affidavit of the department in cases of service by mail.

(8) (a) An objector to a change authorization issued under subsection (3), (4), or (5) shall file a correct and complete objection on a form prescribed by the department on or before the date specified in the notice provided under subsection (7).

(i) A person has standing to file an objection under this subsection (8) if the property, water rights, or interests of the person would be adversely affected by the proposed change.

(ii) The department shall adopt rules delineating the components of a correct and complete objection.

(iii) The department shall notify the objector of any defect in an objection. An objection not corrected or completed within 15 business days from the date of notification of the defect is terminated.

(iv) An objection is valid if the objector has standing, has filed a correct and complete objection within the prescribed time, and has stated the applicable information required under this subsection (8) and the rules of the department.

(v) An objection must state facts indicating that the change in appropriation right:

(A) will adversely affect the use of the water rights of the objector or of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3; or

(B) does not satisfy the applicable criteria set forth in subsection (3), (4), or (5).

(b) If a valid objection is filed, the department shall hold a contested case hearing pursuant to 85-2-309. The contested case hearing is limited to those issues for which a correct and complete objection is filed. The appropriator changing the water right bears the burden of proof of lack of adverse effect or any of the criteria for which a correct and complete objection is filed.

(c) If the department determines after a contested case hearing on the objection that the rights of other appropriators have been or will be adversely affected or that the change in appropriation right does not satisfy the criteria set forth in subsection (3), (4), or (5), the department may revoke the change in appropriation right or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

The chief water judge and the associate water judge may issue orders, on the motion of an interested party or on the judge’s own motion, that may reasonably be required to allow the judge to fulfill the judge’s responsibilities, including but not limited to requiring the joinder of persons not parties to the administrative hearing being conducted by the department pursuant to 85-2-309 or 85-2-402 as considered necessary to resolve any factual or legal issue certified pursuant to 85-2-309(2). (Terminates September 30, 2025--sec. 6, Ch. 126, L. 2017.)

3-7-224. (Effective October 1, 2025) Jurisdiction of chief water judge and associate water judge. (1) The chief water judge and the associate water judge may, at the discretion of the chief justice of the Montana supreme court, also serve as water judge for one of the water divisions.

(2) The chief water judge and the associate water judge have jurisdiction over cases certified to the district court under 85-2-309 and all matters relating to the determination of existing water rights within the boundaries of the state of Montana.

(3) With regard to the consideration of a matter within the chief water judge's jurisdiction, the chief water judge and the associate water judge have the same powers as a district court judge. The chief water judge and the associate water judge may issue orders, on the motion of an interested party or on the judge's own motion, that may reasonably be required to allow the judge to fulfill the judge's responsibilities, including but not limited to requiring the joinder of persons not parties to the administrative hearing being conducted by the department pursuant to 85-2-309, ~~or 85-2-402, or [section 1]~~ as considered necessary to resolve any factual or legal issue certified pursuant to 85-2-309(2)."

Section 3. Section 85-2-309, MCA, is amended to read:

"85-2-309. Hearings on objections – jurisdiction. (1) If the department determines that an objection to an application for a permit under 85-2-311, ~~or an application for a change in appropriation right under 85-2-402, or a notice of change in appropriation right under [section 1]~~ states a valid objection, it shall hold a contested case hearing, pursuant to Title 2, chapter 4, part 6, on the objection within 90 days from the date set by the department for the filing of objections after serving notice of the hearing by first-class mail upon the applicant and the objector, unless the department certifies an issue to the district court for determination by a water judge under subsection (2). The department may consolidate hearings if more than one objection is filed to an application. The department may extend the 90-day deadline for good cause shown or upon request of the applicant and all objectors. The department shall file in its records proof of the service by affidavit of the department.

(2) (a) At any time prior to commencement or before the conclusion of a hearing as provided in subsection (1), the department may in its discretion certify to the district court all factual and legal issues involving the adjudication or determination of the water rights at issue in the hearing, including but not limited to issues of abandonment, quantification, or relative priority dates. Certified controversies must be given priority by a water judge over all other adjudication matters.

(b) If the department fails to certify an issue as provided in this section after a timely request by a party to the hearing, the department shall include its denial to certify as part of the record of the hearing.

(c) Upon determination of the issues certified to it by the department, the court shall remand the matter to the department for further processing of the application under this chapter.

(3) Subsection (2) does not apply in the case of a matter considered at a hearing under this section pursuant to 85-2-316 or 85-2-322."

Section 4. Section 85-2-402, MCA, is amended to read:

"85-2-402. Changes in appropriation rights – definition. (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and ~~subsections (15) and (16) of this section [section 1]~~, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed

change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(2) Except as provided in subsections (4) through (6), ~~(15), (16), and (18)~~ and, if applicable, subject to subsection ~~(17)~~ (15), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3. For purposes of this section, adverse effects analysis is specific to the proposed change in appropriation right and a determination that water is not legally available pursuant to 85-2-311 does not necessarily mean that an adverse effect will occur.

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate, except for:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water. This subsection (2)(d) does not apply to:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permit holder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

- (a) the criteria in subsection (2) are met; and
- (b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:
 - (i) the existing legal demands of water rights on the state water supply, as well as projected legal demands of water rights for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;
 - (ii) the benefits to the applicant and the state;
 - (iii) the effects on the quantity and quality of water for existing uses in the source of supply;
 - (iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;
 - (v) the effects on private property rights by any creation of or contribution to saline seep; and
 - (vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.
- (5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:
 - (a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and
 - (b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.
- (6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:
 - (a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:
 - (i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;
 - (ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and
 - (iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.
 - (b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:
 - (i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the existing legal demands of water rights placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in appropriation right approval under the applicable criteria and procedures of 85-2-312.

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change in appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

~~(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:~~

~~(i) the appropriation right is for:~~

~~(A) ground water outside the boundaries of a controlled ground water area; or~~

~~(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the rule establishing the controlled ground water area do not restrict a change in appropriation right;~~

~~(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;~~

~~(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:~~

~~(A) 450 gallons a minute for a municipal well; or~~

~~(B) 35 gallons a minute and 10 acre-feet a year for all other wells;~~

~~(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and~~

~~(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).~~

~~(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.~~

~~(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.~~

~~(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.~~

~~(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.~~

~~(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:~~

~~(A) cease appropriation of water from the replacement well pending approval by the department; and~~

~~(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).~~

~~(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.~~

~~(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.~~

~~(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).~~

~~(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant~~

water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency;

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this subsection (16).

(17)(15) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows pursuant to 85-2-320 and this section and to benefit the fishery resource pursuant to 85-2-436 and this section.

(18) (a) An appropriator may change an appropriation right for a replacement point of diversion without the prior approval of the department if:

(i) the existing point of diversion is inoperable due to natural causes or deteriorated infrastructure;

(ii) there are no other changes to the water right;

(iii) the capacity of the diversion is not increased;

(iv) there are no points of diversion or intervening water rights between the existing point of diversion and the replacement point of diversion or the appropriator obtains written waivers from all intervening water right holders;

(v) the replacement point of diversion is on the same surface water source and is located as close as reasonably practicable to the existing point of diversion;

(vi) the replacement point of diversion replaces an existing point of diversion and the existing point of diversion will no longer be used;

(vii) the appropriator can show that the existing point of diversion has been used in the 10 years prior to the notice for change of appropriation right for a replacement point of diversion;

(viii) the appropriator can show the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct and complete notice of replacement point of diversion is submitted to the department as provided in subsection (18)(b).

(b) (i) Within 60 days after completion of a replacement point of diversion, the appropriator shall file a notice of replacement point of diversion with the department on a form provided by the department.

(ii) The department shall review the notice of replacement point of diversion and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (18)(a) have been met and the notice is correct and complete. The department may inspect the diversion to confirm that the criteria under subsection (18)(a) have been met. If the department issues an authorization of a change in an appropriation right for a replacement point

of diversion, the department shall prepare a notice of the authorization and provide notice of the authorization in the same manner as required in 85-2-307 for applications:

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement point of diversion has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement point of diversion within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement point of diversion is not filed and completed within the time allowed or if the department determines the criteria under subsection (18)(a) have not been met, the appropriator shall:

(A) cease appropriation of water from the replacement point of diversion pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (18) do not apply to an appropriation right abandoned under 85-2-404.

(d) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (18)(a).

(e) (i) An appropriator may file a correct and complete objection with the department alleging that the change in appropriation right for a replacement point of diversion will adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3.

(ii) If the department determines after a contested case hearing between the appropriator and the objector that the rights of other appropriators have been or will be adversely affected, it may revoke the change or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

(iii) The burden of proof to prove lack of adverse effect at the hearing is on the appropriator changing the point of diversion."

Section 5. Section 85-2-407, MCA, is amended to read:

"85-2-407. Temporary changes in appropriation right. (1) Except as provided in 85-2-410, an appropriator may not make a temporary change in appropriation right for the appropriator's use or another's use except with department approval in accordance with 85-2-402, [section 1], and this section.

(2) Except as provided in subsection (9), a temporary change in appropriation right may be approved for a period not to exceed 10 years. A temporary change in appropriation right may be approved for consecutive or intermittent use.

(3) An authorization for a temporary change in appropriation right may be renewed by the department for a period not to exceed 10 years. There is no limitation on the number of renewals the appropriator may seek. Renewal of an authorization for a temporary change in appropriation right requires notice to the department by the appropriator. Upon receipt of the notice, the department shall notify other appropriators potentially affected by the renewal and shall allow 90 days for submission of new evidence of adverse effects to other water rights. A temporary change authorization may not be renewed by the department if it determines that the right of an appropriator, other than an appropriator described in subsection (7), is adversely affected.

(4) (a) During the term of the original temporary change authorization, the department may modify or revoke its authorization for a temporary change if it determines that the right of an appropriator, other than an appropriator described in subsection (7), is adversely affected.

(b) An appropriator, other than an appropriator identified in subsection (7), may object:

- (i) during the initial temporary change application process;
- (ii) during the temporary change renewal process; and
- (iii) once during the term of the temporary change permit.

(5) The priority of appropriation for a temporary change in appropriation right is the same as the priority of appropriation of the right that is temporarily changed.

(6) Neither a change in appropriation right nor any other authorization right is required for reversion of the appropriation right to the permanent purpose, place of use, point of diversion, or place of storage after the period for which a temporary change was authorized expires.

(7) A person issued a water use permit with a priority of appropriation after the date of filing of an application for a temporary change in appropriation right under this section may not object to the exercise of the temporary change according to its terms, the renewal of the authorization for the temporary change, or the reversion of the appropriation right to its permanent purpose, place of use, point of diversion, or place of storage. Persons described in this subsection must be notified of the existence of any temporary change authorizations from the same source of supply.

(8) If a water right for which a temporary change in appropriation right has been approved is transferred as an appurtenance of real property, the temporary change remains in effect unless another change in appropriation right is authorized by the department.

(9) If the quantity of water that is subject to a temporary change in appropriation right is made available from the development of a new water conservation or storage project, a temporary change in appropriation right may be approved for a period not to exceed 30 years unless a renewal is obtained pursuant to subsection (3)."

AN ACT GENERALLY REVISING LAWS RELATING TO WILDFIRES AND UTILITIES; REQUIRING CERTAIN ENTITIES TO PREPARE A WILDFIRE MITIGATION PLAN; PROVIDING DEFINITIONS; PROVIDING REQUIREMENTS FOR THE WILDFIRE MITIGATION PLAN; PROVIDING FOR APPROVAL OF THE WILDFIRE MITIGATION PLAN; REQUIRING UPDATED REPORTS RELATING TO THE WILDFIRE MITIGATION PLAN AND SUBMISSION OF AN UPDATED WILDFIRE MITIGATION PLAN; PROVIDING THAT CERTAIN ENTITIES THAT HAVE SUBSTANTIALLY FOLLOWED AN APPROVED WILDFIRE MITIGATION PLAN ARE AFFORDED CERTAIN CIVIL LIABILITY PROTECTIONS FOR INJURY OR DAMAGES CAUSED BY WILDFIRE; REVISING THE STANDARD OF CARE RELATING TO CERTAIN ENTITIES AND WILDFIRE; PROVIDING RULEMAKING AUTHORITY TO THE PUBLIC SERVICE COMMISSION RELATING TO WILDFIRE MITIGATION PLANS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature finds that electric facilities providers of Montana have an obligation to serve customers and extend services, which is different from typical businesses, and that they provide a necessary and beneficial public service for the supply, transmission, and delivery of electricity to the people of Montana as well as a fundamental basis of economic growth and development of all sectors of Montana's economy; and

WHEREAS, there is a growing threat of wildfires in the United States and within the state of Montana; and

WHEREAS, in recognition of electric facilities providers' obligation to serve their customers and in order to secure and sustain Montana's reliable provision of electricity and services associated with it at just and reasonable rates, electric facilities providers must be encouraged and have the right to deliver and transmit electricity throughout the state without fear or risk of being held strictly liable for wildfire losses under the common law theory of ultrahazardous activity or being held liable for wildfires caused by factors beyond their control; and

THEREFORE, the intent of the Legislature to protect electric facilities providers from strict liability and uncertain common law standards of care in the event of an unintentionally or negligently caused wildfire and to provide a standard of care for electric facilities providers that choose to affirmatively undertake wildfire mitigation efforts.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 3], the following definitions apply:

(1) "Approval authority" means the commission for a regulated utility, the board of trustees for an electric cooperative, the city council or city commission for a municipal utility, or the appropriate body responsible for corporate governance of any other type of electric facilities provider.

(2) "Commission" has the same meaning as provided in 69-1-101.

(3) "Department" means the department of natural resources and conservation, as provided in 2-15-3301.

(4) "Electric cooperative" means a cooperative organized under Title 35, chapter 18, or a similar state law for providing electricity to the public in Montana.

(5) "Electric facilities" means any equipment used for the transmission or distribution of electricity to the public, including but not limited to generation and energy storage resources, substations, switchyards, poles, towers, transformers, conductors, and relaying, sectionalizing, and protective equipment, such as arrestors.

(6) "Electric facilities provider" means any of the following that engages in electric transmission and distribution activities as defined in this section:

(a) a an operator, regulated utility, or electric cooperative;

(b) a municipally owned utility;

(c) an entity, owning electric facilities in the state without regard to the jurisdiction of the commission; or

(d) a transmitting utility under the jurisdiction of the federal energy regulatory commission.

(8) "Jointly owned electric facility" means an identified set of electric facilities that is jointly owned by multiple parties and operated by a designated operator.

(9) "Operator" means the person or entity designated by the owners of a jointly owned electric facility as defined in this section as responsible for the operation and maintenance of jointly owned electric facilities.

(10) "Regulated utility" means a public electric utility regulated by the commission under Title 69, chapter 3.

(11) "Wildfire" has the same meaning as "forest or range fire" as defined in 50-63-104 and, for the purposes of [sections 1 through 3], a fire ignited

by electric facilities or activities associated with electric transmission and distribution activities, regardless of whether the fire's ignition occurs within an incorporated municipality.

(12) "Wildfire mitigation plan" means an electric facilities provider's written plan, including any related components, that identifies risks associated with wildfire and strategies to mitigate or reduce those risks.

Section 2. Electric facilities provider – wildfire -- wildfire mitigation plan approval. (1) An electric facilities provider shall prepare a wildfire mitigation plan in accordance with this section and submit the plan to its approval authority and commence implementation of its wildfire mitigation plan no later than December 31, 2025. An electric facilities provider shall resubmit an updated or subsequent wildfire mitigation plan to its approval authority at least every 3 years.

(2) A wildfire mitigation plan must include a description of:

(a) areas in which the electric facilities provider has electric facilities or electric transmission and distribution activities that may be subject to a heightened risk of wildfire;

(b) the strategies and programs that the electric facilities provider will use to inspect, maintain, repair, and operate its electric facilities;

(c) the strategies and programs that the electric facilities provider will use to perform vegetation management;

(d) the strategies for modifications or upgrades to electric facilities and preventative programs that the electric facilities provider will employ to reduce the risk of its electric facilities igniting a wildfire;

(e) the strategies and methods for de-energizing power lines and modifying electric facility operations to mitigate potential wildfires taking into consideration the ability of the electric facilities provider to reasonably access the proposed electric facility to be de-energized, the balance of the risk of wildfire with the need for continued supply of electricity to a community, and any potential impact to public safety, first responders, and health and communications infrastructure;

(f) the methods the electric facilities provider intends to use to restore its electrical system in the event systems are de-energized for the prevention of a wildfire;

(g) the estimated incremental costs associated with implementing the plan, including system improvements and upgrades for a regulated utility;

(h) community outreach and public awareness efforts before and during a wildfire season; and

(i) potential participation, if applicable, with state or local wildland fire protection plans or wildfire mitigation plans.

(3) An electric cooperative must present incremental costs associated with implementing a wildfire mitigation plan to its approval authority for consideration when reviewing the plan. However, those costs may not be a part of the wildfire mitigation plan itself.

(4) For the purposes of [sections 1 through 3], the approval authority for an electric facilities provider's wildfire mitigation plan shall:

(a) initially review an electric facilities provider's wildfire mitigation plan;

(b) consider any input from a federal, tribal, state, or local entity, or other interested persons during a public comment period not to exceed 45 days; and

(c) after a public meeting and no more than 60 days after the close of public comment:

(i) approve the wildfire mitigation plan or identify any deficiencies in the plan; and

(ii) provide required modifications in writing with the opportunity for the electric facilities provider to correct the deficiencies and resubmit the plan for approval.

(5) The department and Montana disaster and emergency services shall review a wildfire mitigation plan submitted to the commission and within the public comment period provide comments and recommendations regarding aspects of the plan within each of their jurisdictions.

(6) The approval authority shall approve the wildfire mitigation plan if the approval authority determines the wildfire mitigation plan contains the required components in subsection (2), is in the public interest, and reasonably balances the incremental costs of implementing the plan with the risk of a potential wildfire.

(7) No later than June 1 of each year, the electric facilities provider shall submit to its approval authority a report summarizing the electric facilities provider's wildfire mitigation efforts and compliance with its currently authorized wildfire mitigation plan.

(8) For any jointly owned electric facilities, the operator shall prepare and implement the required wildfire mitigation plan for the jointly owned electric facilities. If an owner of a jointly owned electric facility is a regulated utility, the commission is the approval authority whether or not the operator is a regulated utility. The operator's submission and implementation of a wildfire mitigation plan as required by this subsection satisfies the obligations under this section for the jointly owned electric facility only.

(9) In accordance with the Montana Administrative Procedure Act, the commission may make any necessary rules establishing procedures for the review and comment on a regulated utility's wildfire mitigation plan, including for the appointment of a technical master to determine whether the wildfire mitigation plan contains the required components in subsection (2).

(10) Nothing in this section may be construed to create a new liability, basis for claim, or separate legal cause of action arising from the review or approval of a wildfire mitigation plan when none would exist otherwise.

Section 3. Electric facilities provider – wildfire – cause of action – standard of care – damages. (1) The purpose of this section is to set statutory criteria governing the civil liability of an electric facilities provider for wildfire-related claims. An electric facilities provider has an obligation to serve the public, and a standard of strict liability may not be applied to an electric facilities provider as follows:

(a) in a cause of action alleging the electric facilities provider's electric facilities or electric transmission and distribution activities caused wildfire-related damages; or

(b) in a cause of action alleging an electric facilities provider's wildfire mitigation activities conducted in accordance with a wildfire mitigation plan caused damages.

(2) An electric facilities provider may be found civilly liable only under the provisions of this section, and may not be found civilly liable under any other statute, theory of recovery, or common law claim, for wildfire-related injury or damages arising from the electric facilities provider's electric facilities or electric transmission and distribution activities or for injury or damages arising from any act or omission of the electric facilities provider associated with implementing a wildfire mitigation plan.

(3) An electric facilities provider may be found civilly liable for:

(a) wildfire-related injury or damages arising from the electric facilities provider's electric facilities or electric transmission and distribution activities; or

(b) injury or damages arising from an act or omission of the electric facilities provider associated with implementing a wildfire mitigation plan only if the party seeking recovery establishes:

(i) the electric facilities provider failed to exercise the degree of care, skill, and learning expected of a reasonable, similarly situated electric facilities provider at the time in the state, acting under the same or similar circumstances; and

(ii) the failure was the proximate cause of the injury to person or property for which recovery is sought.

(4) After an electric facilities provider has commenced implementation of its wildfire mitigation plan, in an action against an electric facilities provider seeking wildfire-related damages arising from the electric facilities provider's electric facilities or electric transmission and distribution activities, there is a rebuttable presumption that the electric facilities provider acted reasonably if, with respect to the place of the wildfire's ignition, the electric facilities provider substantially followed a wildfire mitigation plan that was approved in accordance with [section 2], provided that evidence related to the electric facilities provider's actual incremental costs associated with implementing a wildfire mitigation plan may not be considered in determining whether the electric facilities provider substantially followed its wildfire mitigation plan. The presumption in this subsection (4) may be controverted by other evidence.

(5) In an action against an electric facilities provider under this section, if a plaintiff has proved liability, as required:

(a) a plaintiff may recover for real and personal property damage pursuant to 50-63-104;

(b) in the event of a bodily injury or death, a plaintiff may recover:

(i) economic damages, including medical expenses and lost wages; and

(ii) noneconomic damages;

(c) a plaintiff may not recover noneconomic losses unless the plaintiff suffered bodily injury or death;

(d) an electric facilities provider may not be assessed punitive damages unless there is a showing, by clear and convincing evidence, that the electric facilities provider's actions were grossly negligent or intentional. An electric facilities provider's acts or omissions may not be considered grossly negligent if the electric facilities provider substantially followed its wildfire mitigation plan with respect to the place of ignition. The availability of punitive damages is otherwise subject to the provisions of 27-1-220 and 27-1-221.

(e) a person who obtains payment pursuant to a policy of insurance for damages resulting from a wildfire loss is deemed to have been made whole exclusively for purposes of an insurer's right to subrogation under this section.

(6) A civil action against an electric facilities provider under this section must be commenced within 3 years from the date the plaintiff first incurred injury or damages, without regard to when the injury or damages are discovered.

(7) This section does not affect express contractual rights of any person or entity in any way involving communications facilities or the shared use of electric facilities or pole attachments.

Section 4. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each federally recognized tribal government in Montana.

Section 5. Codification instruction. [Sections 1 through 3] are intended to be codified as a new part in Title 69, chapter 2, and the provisions of Title 69, chapter 2, apply to [sections 1 through 3].

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is

invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. Effective date. [This act] is effective on passage and approval.

(2) The number of elected trustees of the K-12 school district must be based on the classification of the attached elementary district under the provisions of 20-3-341 and 20-3-351.

(3) Calculations for the following must be made separately for the elementary school program and the high school program of a K-12 school district:

(a) the calculation of ANB for purposes of determining the total per-ANB entitlements must be in accordance with the provisions of 20-9-311;

(b) the basic county tax for elementary equalization and revenue for the elementary BASE funding program for the district must be determined in accordance with the provisions of 20-9-331, and the basic county tax for high school equalization and revenue for the high school BASE funding program for the district must be determined in accordance with 20-9-333;

(c) the guaranteed tax base aid for BASE funding program purposes for a K-12 school district must be calculated separately, using each district's guaranteed tax base ratio, as defined in 20-9-366. The BASE budget levy to be levied for the K-12 school district must be prorated based on the ratio of the BASE funding program amounts for elementary school programs to the BASE funding program amounts for high school programs.

(d) the levy authority limits under 20-9-502(3) and the corresponding state school major maintenance aid under 20-9-525(3) for a K-12 school district must be calculated separately for the K-12 school district's elementary and high school programs in the same manner as those limits and aid would be calculated if the K-12 school district consisted of a separate elementary and high school district.

Section 4. Section 20-9-380, MCA, is amended to read:

~~“20-9-380. School facilities fund --school major maintenance aid special revenue account.~~ (1) There is a school facilities fund administered by the department of administration. Pursuant to 17-5-703, a percentage of coal severance taxes received by the state must be deposited into this fund. Earnings not transferred to the school ~~major maintenance aid facility and technology~~ account as provided in subsection (2) must be retained in the school facilities fund.

(2) The school ~~major maintenance aid facility and technology~~ account established in ~~20-9-525~~ *20-9-516* receives earnings from the school facilities fund as provided in 17-5-703.

(3) A school district that receives funds from the school ~~major maintenance aid~~ account shall, within 30 days of receiving the funds, file with the office of the superintendent of public instruction a document acknowledging it has received funds from the coal severance tax trust fund.”

Section 5. Section 20-9-502, MCA, is amended to read:

~~“20-9-502. Purpose and authorization of building reserve fund -- subfund structure.~~ (1) The trustees of any district may establish a building reserve fund to budget for and expend funds for any of the purposes set forth in this section. Appropriate subfunds must be created to ensure separate tracking of the expenditure of funds from voted and nonvoted levies and transfers for school safety pursuant to 20-9-236.

(2) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district for the purpose of raising money for the future construction, equipping, or enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(i) the purpose or purposes for which the new or addition to the building reserve will be used;

(ii) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(iii) the total amount of money that will be raised during the duration of time specified for the levy; and

(iv) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(b) Except as provided in subsection (4)(b), a building reserve tax authorization may not be for more than 20 years.

(c) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(d) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the

building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(3) (a) A subfund must be created to account for revenue and expenditures for school major maintenance and repairs authorized under this subsection (3). The trustees of a district may authorize and impose a levy of no more than 10 mills on the taxable value of all taxable property within the district for that school fiscal year for the purposes of raising revenue for identified improvements or projects meeting the requirements of 20-9-525(2). The 10-mill limit under this subsection (3) must be calculated using the district's total taxable valuation most recently certified by the department of revenue under 15-10-202. The amount of money raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) may not exceed the district's school major maintenance amount *as defined in 20-9-525*. ~~For the purposes of this section, the term "school major maintenance amount" means the sum of \$15,000 and the product of \$110 multiplied by the district's budgeted ANB for the prior fiscal year.~~ To authorize and impose a levy under this subsection (3), the trustees shall:

(i) following public notice requirements pursuant to 20-9-116, adopt no later than March 31 of each fiscal year a resolution:

(A) identifying the anticipated improvements or projects for which the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) will be used; and

(B) estimating a total dollar amount of money to be raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, anticipated state aid pursuant to 20-9-525(3), and the resulting estimated number of mills to be levied using the district's taxable valuation most recently certified by the department of revenue under 15-10-202; and

(ii) include the amount of any final levy to be imposed as part of its final budget meeting noticed in compliance with 20-9-131.

(b) Proceeds from the levy may be expended only for the purposes under 20-9-525(2), and the expenditure of the money must be reported in the annual trustees' report as required by 20-9-213.

(c) Whenever the trustees of a district impose a levy pursuant to this subsection (3) during the current school fiscal year, they shall budget for the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) in the district's building reserve fund budget. Any expenditures of the funds must be made in accordance with the financial administration provisions of this title for a budgeted fund.

(d) When a tax levy pursuant to this subsection (3) is included as a revenue item on the final building reserve fund budget, the county superintendent shall report the levy requirement to the county commissioners by the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values and a levy on the district must be made by the county commissioners in accordance with 20-9-142.

(e) A subfund in the building reserve fund must be created for the deposit of proceeds from the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3).

(f) If the imposition of 10 mills pursuant to subsection (3)(a) is estimated by the trustees to generate an amount less than the maximum levy revenue specified in subsection (3)(a), the trustees may deposit additional funds from any lawfully available revenue source and may transfer additional funds

from any lawfully available fund of the district to the subfund provided for in subsection (3)(a), up to the difference between the revenue estimated to be raised by the imposition of 10 mills and the maximum levy revenue specified in subsection (3)(a). The district's local effort for purposes of calculating its eligibility for state school major maintenance aid pursuant to 20-9-525 consists of the combined total of funds raised from the imposition of 10 mills and additional funds raised from deposits and transfers in compliance with this subsection (3)(f).

(4) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district to provide funding for transition costs incurred when the trustees:

- (i) open a new school under the provisions of Title 20, chapter 6;
- (ii) close a school;
- (iii) replace a school building;
- (iv) consolidate with or annex another district under the provisions of Title 20, chapter 6; or
- (v) receive approval from voters to expand an elementary district into a K-12 district pursuant to 20-6-326.

(b) Except as provided in subsection (4)(c), the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district's maximum general fund budget for the current year or \$250 per ANB for the current year. The duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

- (i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and
- (ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(5) (a) A subfund in the building reserve fund must be created for:

- (i) the funds transferred to the building reserve fund for school safety and security pursuant to 20-9-236; and
- (ii) funds generated by a voter-approved levy for school and student safety and security pursuant to subsection (5)(b) of this section.

(b) A voted levy may be imposed with the approval of the qualified electors of the district to provide funding for improvements to school and student safety and security that meet any of the criteria set forth in 20-9-236(1)(a) through (1)(e). A voted levy for school and student safety and security may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406. The election for a voted levy for school and student safety and security must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425."

Section 6. Section 20-9-516, MCA, is amended to read:

(b) By the last working day in August, the superintendent of public instruction shall allocate a portion of the \$1 million for school technology purposes to each district based on the ratio that each district's BASE budget bears to the statewide BASE budget amount for all school districts for the purposes of 20-9-533.

~~(3) If in any fiscal year the amount of revenue in the school facility and technology account is sufficient to fund debt service assistance without a proration reduction pursuant to 20-9-346(2)(b) and if in that same fiscal year the amount of revenue available in the school major maintenance aid account established in 20-9-525 will result in a proration reduction in school major maintenance aid pursuant to 20-9-525(5) for that fiscal year, the state treasurer shall transfer any excess funds in the school facility and technology account to the school major maintenance aid account not to exceed the amount required to avoid a proration reduction."~~

(i) using the taxable valuation most recently determined by the department of revenue under 20-9-369:

~~(4)(3)~~ Using the taxable valuation most recently determined by the department of revenue under 20-9-369, the superintendent shall provide school districts with a preliminary estimated amount of state school major maintenance aid per dollar of local effort for the ensuing school year no later than March 1 and a final amount for the current school year no later than July 31.

Section 5. Section 39-71-201, MCA, is amended to read:

"39-71-201. Workers' compensation administration fund. (1) A workers' compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. The department may use the workers' compensation administration fund to reimburse premiums for high-quality work-based learning programs, as provided in 39-71-319. The department shall collect and deposit in the state treasury to the credit of the workers' compensation administration fund:

(a) all fees and penalties provided in 39-71-107, 39-71-205, 39-71-223, 39-71-304, 39-71-307, 39-71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

(b) all fees paid by an assessment on paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of \$200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in

the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay its proportionate share determined by the paid losses in the preceding calendar year of all costs of administering and regulating the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs. The assessment provided for by this subsection (5) must be paid by the employer in:

- (i) one installment due on July 1; or
- (ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment may be up to 4% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) The assessment must be paid in:

- (i) one installment due on July 1; or
- (ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2

insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up to 4% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the assessment on the paid losses paid in the preceding year. Any excess amount collected must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the assessed amount must be added to the amount to be collected as a premium surcharge in the following year.

(8) By July 1, an insurer under compensation plan No. 2 that paid benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment of up to 4% of paid losses paid in the preceding calendar year. The department shall determine and notify the insurer by April 30 of each year of the amount that is due by July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of \$500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state. Reimbursement of premiums required under 39-71-319 by the workers' compensation administration fund also is a debit on the fund.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) *The department shall transfer funds to the workers' compensation court fund as provided by [section 3].*

~~(13)~~(14) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."

Section 6. Transition – rights of personnel – rights to property – rules and orders – legal proceedings – rights of duties under existing transactions – references. (1) (a) The workers' compensation judge and each employee of the office of workers' compensation judge affected by the transfer of the office from the executive branch to the judicial branch are entitled to all rights that the judge or employee possessed as a judge or employee before [the effective date of this act], including:

- (i) rights to tenure in office and of pay;

(3) The supreme court succeeds to the rules and orders of the office of workers' compensation judge relating to the functions or parts of functions transferred in [this act]. The rules and orders of the office of workers' compensation judge in effect before [the effective date of this act] remain in effect until amended, repealed, superseded, or nullified by proper authority or by law.

(4) The transfer of the office of workers' compensation judge to the judicial branch does not affect the validity of any judicial or administrative proceeding pending or that may have been commenced before [the effective date of this act].

(5) The rights, privileges, and duties of the holders of bonds and other obligations issued and of the parties to contracts, leases, indentures, and other transactions entered into by the office of workers' compensation judge before [the effective date of this act], by the state or by any agency, officer, or employee of the state or any agency, and covenants and agreements remain in effect, and none of those rights, privileges, duties, covenants, or agreements are impaired or diminished by reason of the transfer of the functions of the office of workers' compensation judge. The supreme court is substituted for the department of labor and industry and succeeds to its rights and duties under the provisions of those bonds, contracts, leases, indentures, and other transactions related to the office of workers' compensation judge.

(3) The code commissioner is instructed to change all internal references within and to the renumbered subsections in the Montana Code Annotated, including within sections enacted or amended by the 2025 legislature, to reflect the new section numbers assigned pursuant to this section.

(4) Any section enacted by the 2025 legislature that is to be codified in Title 39, chapter 71, part 29, must be codified as an integral part of the new chapter, and the provisions of the new chapter apply to the enacted sections.

[HB 584]

AN ACT GENERALLY REVISING LAWS RELATED TO DENTAL ANESTHESIA INSPECTIONS; AUTHORIZING THE BOARD OF DENTISTRY TO ESTABLISH STANDARDS FOR PERMITS AND INSPECTIONS RELATED TO THE ADMINISTRATION OF ANESTHESIA BY A DENTIST; PROVIDING DEFINITIONS; PROVIDING RULEMAKING AUTHORITY; ALLOWING FOR THE ESTABLISHMENT OF FEES; ALLOWING A TEMPORARY PERMIT; AND AMENDING SECTION 37-4-101, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Permit required to administer anesthesia – board to set minimum qualifications – inspection – fees – temporary permit.

(1) A dentist may administer deep sedation, general anesthesia, or moderate sedation on application of a permit and inspection by the board.

(2) (a) The board may adopt rules prescribing reasonable standards for the administration and monitoring of anesthesia and sedation, including minimum education, continuing education, and experience qualifications for deep sedation, general anesthesia, moderate sedation, and minimal sedation.

(b) The board may adopt rules prescribing standards for a licensee holding an anesthesia permit. The rules must include a minimum of equipment, supplies, and drugs necessary for administering deep sedation, general anesthesia, or moderate sedation and may include a minimum of equipment and supplies when nitrous oxide or oxygen is administered alone or in conjunction with a single oral sedative agent.

(3) (a) An initial inspection must be performed for each deep sedation, general anesthesia, or moderate sedation permit, with a reinspection at intervals not to exceed 5 years.

(b) The initial inspection must be performed by an inspector appointed by the board. The applicant must be notified at least 30 days prior to the inspection, and the name of the inspector must be provided.

(4) The board may charge fees, including an application fee, permit renewal fee, initial inspection fee, and reinspection fee, to be set at the discretion of the board. Fees must be commensurate with costs.

(5) The board may grant a temporary permit, on receipt of application and payment of the initial inspection fee, authorizing a licensed dentist to administer deep sedation, general anesthesia, or moderate sedation for a period not to exceed 120 days or until an inspection is complete. The temporary permit may be extended on approval by the board.

Section 2. Section 37-4-101, MCA, is amended to read:

“37-4-101. Definitions – practice of dentistry. (1) Unless the context requires otherwise, in this chapter, the following definitions apply:

(a) “Board” means the board of dentistry provided for in 2-15-1732.

(b) “Deep sedation” means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained.

(c) “Department” means the department of labor and industry provided for in Title 2, chapter 15, part 17.

(d) “General anesthesia” means a drug-induced loss of consciousness during which patients are not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patent airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

(e) *“Minimal sedation” means a minimally depressed level of consciousness, produced by a pharmacological method, that retains the patient’s ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected.*

(f) *“Moderate sedation” means a drug-induced depression of consciousness during which patients respond purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained. The drugs and techniques used for moderate sedation should render the unintended loss of consciousness unlikely. Repeated dosing of an agent before the effects of previous dosing is obtained may result in a greater alteration of the state of consciousness than intended. A patient whose only response is reflex withdrawal from a painful stimulus is not in a state of moderate sedation.*

(2) Except for the provisions of 37-4-104, a person is practicing dentistry under this chapter if the person:

(a) performs, attempts, advertises to perform, causes to be performed by the patient or any other person, or instructs in the performance of dental operations, oral surgery, or dental service of any kind gratuitously or for a salary, fee, money, or other remuneration paid or to be paid, directly or indirectly, to the person, any other person, or any agency;

(b) is a manager, proprietor, operator, or conductor of a place where dental operations, oral surgery, or dental services are performed, unless the person is the personal representative of the estate of a deceased dentist or the personal representative of a disabled dentist, as provided in 37-4-104;

(c) directly or indirectly, by any means or method, furnishes, supplies, constructs, reproduces, or repairs a prosthetic denture, bridge, appliance, or other structure to be worn in the human mouth;

(d) places the appliance or structure in the human mouth or attempts to adjust it;

(e) advertises to the public, by any method, to furnish, supply, construct, reproduce, or repair a prosthetic denture, bridge, appliance, or other structure to be worn in the human mouth;

(f) diagnoses, professes to diagnose, prescribes for, professes to prescribe for, treats, or professes to treat disease, pain, deformity, deficiency, injury, or physical condition of human teeth, jaws, or adjacent structures;

(g) extracts or attempts to extract human teeth or corrects, attempts, or professes to correct malpositions of teeth or of the jaw;

(h) gives or professes to give interpretations or readings of dental roentgenograms;

(i) administers an anesthetic of any nature, subject to the limitations provided in 37-4-511, in connection with a dental operation;

(j) uses the words “dentist”, “dental surgeon”, or “oral surgeon”, the letters “D.D.S.” or “D.M.D.”, or any other words, letters, title, or descriptive matter that in any way represents the person as being able to diagnose, treat, prescribe, or operate for any disease, pain, deformity, deficiency, injury, or physical condition of human teeth, jaws, or adjacent structures;

(k) states, advertises, or permits to be stated or advertised, by sign, card, circular, handbill, newspaper, radio, or otherwise, that the person can perform or will attempt to perform dental operations or render a diagnosis in connection with dental operations; or

(l) engages in any of the practices included in the curricula of recognized dental colleges.”

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 37, chapter 4, part 3, and the provisions of Title 37, chapter 4, part 3, apply to [section 1].

The secretary of state may also use legislator contact information provided by the legislative services division for the purposes of the register. The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator or the legislative services division. An agency proposing rules shall consult the register when providing sponsor contact.

~~(b)~~ An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator's address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a). If the agency is able to contact the primary sponsor by using less than all of these three methods of contact, the other methods need not be used.

(9) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor

and industry rules relating to commercial drug formularies as provided in 39-71-704.”

Section 6. Section 2-4-305, MCA, is amended to read:

“2-4-305. Requisites for validity – authority and statement of reasons. (1) (a) The agency shall fully consider written and oral submissions respecting the proposed rule, ~~including comments submitted by the primary sponsor of the legislation prior to the drafting of the substantive content and wording of a proposed rule that initially implements legislation.~~

(b) (i) Upon adoption of a rule, an agency shall ~~issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement fairly summarize and respond to the substance of comments received by the means set forth in the notice, and the reasons for overruling the considerations urged against its the rule’s adoption.~~ If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is published in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(ii) ~~If an adopted rule that initially implements legislation does not reflect the comments submitted by the primary sponsor, the agency shall provide a statement explaining why the sponsor’s comments were not incorporated into the adopted rule.~~

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but

does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section, unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule, and unless the adoption is in compliance with the prohibitions of subsection ~~(11)~~ (10). The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency's substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) (a) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a ~~statement of reasonable necessity~~ *proposal* for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under 2-4-302 [section 1], and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

(9) Subject to 2-4-112, if a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to all or a portion of a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to all or a portion of the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, all or a portion of the proposal notice that the committee objects to may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records.

~~(10)~~(9) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.

~~(11)~~(10) (a) In the year preceding the year in which the legislature meets in regular session, an agency may not adopt a rule between October 1 through the end of the year.

(b) This subsection ~~(11)~~ (10) does not apply to:

(i) an emergency rule adopted under 2-4-303;

(ii) subject to subsection ~~(11)(c)(i)~~ (10)(c)(i), a rule adopted for implementation of a program or policy if the unavailability of information, guidance, or notice precluded adoption of the rule before October 1; or

(iii) subject to subsection ~~(11)(c)(ii)~~ (10)(c)(ii), a rule adopted by providing the proposal notice and statement of reasoning with an opportunity to object to the appropriate administrative rule review committee.

(c) (i) A rule may only be exempted under subsection ~~(11)(b)(ii)~~ (10)(b)(ii) if the notice required under 2-4-302(1)~~(a)~~ provides a statement explaining why the unavailability of information, guidance, or notice precluded adoption of the rule before October 1.

(ii) A rule may be exempted under subsection ~~(11)(b)(iii)~~ (10)(b)(iii) only if the agency provides a copy of the proposal notice and an explanation of the reason why the rule must be adopted before the end of the year by electronic mail to each member of the committee and the committee staff. If the committee does not object to the proposal within 10 business days after the electronic mail of the proposal and explanation has been sent to the committee, the agency may proceed with adoption of the proposed rule. If, during the 10-day review period, a majority of the members notify the committee presiding officer that those members object to the proposed rulemaking, the presiding officer shall notify the agency by electronic mail that the committee objects. Following notice of the objection, a rule may not be adopted before the end of the year."

Section 7. Section 2-4-306, MCA, is amended to read:

"2-4-306. Filing and format – adoption and effective dates – dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the printed or electronic format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter and the secretary of state's rules. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule if the rule is adopted by the agency.

(4) Each rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(b) subject to applicable constitutional or statutory provisions:

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under ~~2-4-305(9)~~ **2-4-406**, the committee meets and under **2-4-406(1)(2)** *formally* objects to all or some portion of a proposed rule before the proposed rule is adopted, the proposed rule or portion of the proposed rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state, unless, following the committee's *formal* objection under **2-4-406(1)(2)** and subject to **2-4-112**:

(i) the committee withdraws its objection under **2-4-406** before the proposed rule is adopted; or

(ii) the rule or portion of a rule objected to is adopted with changes that in the opinion of a majority of the committee members, as communicated in writing to the committee presiding officer and staff, make it comply with the committee's objection and concerns.

(5) An agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency's lawful authority.

(6) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in **39-71-704**. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in **39-71-704**."

Section 8. Section **2-4-406**, MCA, is amended to read:

"2-4-406. Committee objection to violation of authority for rule – effect. (1) *Subject to 2-4-112, the appropriate administrative rule review committee may informally object to a notice of proposed rulemaking. If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that they object to all or a portion of a notice of proposed rulemaking:*

(a) the committee shall notify the agency in writing of the objection;

(b) the committee shall address the objections at the next committee meeting;
and

(c) the objecting members shall be identified in the committee's records.

(d) The proposal notice to which the committee objects may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not renew the objection by majority vote.

(2) (a) *Subject to 2-4-112, the appropriate administrative rule review committee may formally object to a proposed or adopted rule. If the appropriate administrative rule review committee objects to all or some portion of a*

proposed or adopted rule because the committee, *by majority vote*, considers it not to have been proposed or adopted in substantial compliance with 2-4-302, 2-4-303, and 2-4-305, the committee shall send a written objection to the agency ~~that promulgated the rule.~~

(i) ~~The objection must contain~~ *that contains* a concise statement of the committee's reasons for its action;

(ii) *that sets forth the provisions of 2-4-302, 2-4-303, and 2-4-305 with which the proposal does not comply and the basis for belief of noncompliance; and*

(iii) *that must be included in the committee's records.*

(b) *Following notice by the committee to the agency, all or a portion of the proposal notice that the committee objects to may not be adopted until:*

(i) *publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection; or*

(ii) *as provided in 2-4-306(4)(c).*

(2)(3) Within 14 days after the mailing of a committee *formal* objection to a rule, the agency promulgating the rule shall respond in writing to the committee. After receipt of the response, the committee may withdraw or modify its objection.

(3)(4) Subject to 2-4-112, if the committee fails to withdraw or substantially modify its *formal* objection to a rule, it may vote to send the objection to the secretary of state, who shall, upon receipt of the objection, publish the objection in the register adjacent to any notice of adoption of the rule and in the ARM adjacent to the rule, provided an agency response must also be published if requested by the agency. Costs of publication of the objection and the agency response must be paid by the committee.

(4)(5) If ~~an~~ *a formal* objection to all or a portion of a rule has been published pursuant to subsection (3) (4), the agency bears the burden, in any action challenging the legality of the rule or portion of a rule objected to by the committee, of proving that the rule or portion of the rule objected to was adopted in substantial compliance with 2-4-302, 2-4-303, and 2-4-305. If a rule is invalidated by court judgment because the agency failed to meet its burden of proof imposed by this subsection and the court finds that the rule was adopted in arbitrary and capricious disregard for the purposes of the authorizing statute, the court may award costs and reasonable attorney fees against the agency."

Section 9. Section 37-1-122, MCA, is amended to read:

"37-1-122. Active supervision -- rebuttable presumption -- reconsideration. (1) (a) Before making a determination approving or disapproving a board action subject to active supervision as provided in 37-1-121(1)(d), the commissioner of labor and industry shall:

(i) notify the affected board and the economic affairs interim committee in writing of the particular action identified for commissioner review;

(ii) give the board a timeframe of at least 30 days in which to provide the commissioner with written comments and materials justifying the proposed action; and

(iii) meet with the board or its representatives regarding the board action.

(b) The commissioner may require that the board provide the commissioner with other relevant information, including but not limited to comments, documents, or other material submitted to the board regarding the board action.

(c) The commissioner may approve a board action subject to active supervision under 37-1-121(1)(d) without the notice and opportunity for board comment required under subsection (1)(a) if the commissioner has sufficient information to act.

(2) (a) There is a rebuttable presumption that if a board has not received a written notice as provided in 37-1-121(1)(d) regarding a board action within 30 days, that the board action is presumed to be approved by the commissioner because the department has determined the board action will not unreasonably restrain or potentially unreasonably restrain competition in trade or commerce.

(b) At any time a board may request that the department or commissioner confirm in writing that a board action is not subject to active supervision under 37-1-121(1)(d) because the commissioner has determined that the board action will not unreasonably restrain or potentially unreasonably restrain competition in trade or commerce.

(3) If the commissioner determines that a board action is subject to active supervision procedures under 37-1-121(1)(d) and this section, the commissioner shall issue a written determination within 30 days after meeting with the board or its representatives as provided in subsection (1).

(4) (a) The board may request that the commissioner reconsider the determination. A request under this subsection (4) must be in writing, provide any additional supporting materials or arguments, and be received by the commissioner within 10 days after issuance of the commissioner's written determination.

(b) The commissioner may meet with the board or representatives of the board as part of the reconsideration process.

(c) The commissioner shall issue a written reconsideration decision within 10 days of receiving the written request for a reconsideration or within 10 days after meeting with the board or its representatives regarding the redetermination.

(5) This section may not be construed to mean that the commissioner's determination under 37-1-121(1)(d) or the process described in this section is a contested case proceeding as defined in 2-4-102.

(6) (a) After the economic affairs interim committee is notified of the commissioner's decision to issue a written determination or redetermination, the committee shall notify the commissioner if the committee plans to provide an opportunity for public comment on the commissioner's action at the next committee meeting.

(b) The commissioner shall notify the economic affairs interim committee of a final determination under this section. The committee shall follow the procedures in Title 2, chapter 4, if the committee decides to conduct a review. A final determination of the commissioner may be suspended ~~as provided in 2-4-305(9)~~ by the committee whether the determination is for a rule or for another board action."

Section 10. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 2, chapter 4, part 3, and the provisions of Title 2, chapter 4, part 3, apply to [section 1].

Section 11. Coordination instruction. If both House Bill No. 126 and [this act] are passed and approved and if both contain a section that amends 2-4-302, then House Bill No. 126 is void and [section 1 of this act] must be amended as follows:

"Section 1. Sponsor contact for administrative rulemaking – sponsor comments – request for economic impact statement. (1) When an agency begins to work on the substantive content of a proposal notice for a rule that initially implements legislation, *and not less than 10 days in*

advance of a proposal notice, the agency shall contact the legislator who was the primary sponsor of the legislation. The primary sponsor must be contacted at the sponsor's legislative e-mail address. An agency has complied with the primary sponsor contact requirements of this section upon sending the e-mail meeting the requirements of this subsection. *If an agency fails to comply with the requirements of this subsection, then the proposal notice is ineffective.* The agency shall:

(a) inform the sponsor of known and expected dates in the rulemaking process;

(b) provide the sponsor a timeline to submit informal comments or to meet to discuss the rulemaking; and

(c) invite the sponsor's explanation of the legislation's intent.

~~(2) If comments received from the sponsor are not incorporated into the rules proposed, the agency shall set forth the reasons for not incorporating the comments as part of the proposal notice. If the primary sponsor submits comments pursuant to subsection (1)(b) for an agency proposal and the agency disagrees with the primary sponsor, the agency shall publish the primary sponsor's unredacted comments in the proposal notice and provide a statement explaining why the sponsor's comments were not incorporated into the proposed rule.~~

(3) The sponsor may request an economic impact statement be prepared pursuant to 2-4-405. The request must set forth the requirements of 2-4-405(2)(a) and an explanation of whether and how the economic burden of the proposed rulemaking can be mitigated while implementing the sponsor's legislation. The request must be directed to the appropriate administrative rule review committee, and the provisions of 2-4-405 apply.

(4) The sponsor is an interested person as set forth in 2-4-302 for purposes of rulemaking that initially implements legislation."

Section 12. Coordination instruction. If both House Bill No. 126 and [this act] are passed and approved and if both contain a section that amends 2-4-305, then House Bill No. 126 and [section 6 of this act], amending 2-4-305, are void and 2-4-305 must be amended as follows:

"2-4-305. Requisites for validity – authority and statement of reasons. (1) (a) The agency shall fully consider written and oral submissions respecting the proposed rule, ~~including comments submitted by the primary sponsor of the legislation prior to the drafting of the substantive content and wording of a proposed rule that initially implements legislation.~~

~~(b) (i) Upon adoption of a rule, an agency shall issue a concise statement of the principle reasons for and against its adoption, incorporating in the statement fairly summarize and respond to the substance of comments received by the means set forth in the proposal notice and shall state the reasons for overruling the considerations urged against its the rule's adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is published in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.~~

~~(ii) If an adopted rule that initially implements legislation does not reflect the comments submitted by the primary sponsor by the means set forth in the proposal notice, the agency shall publish the sponsor's unredacted comments in the adoption notice and provide a statement explaining why the sponsor's comments were not incorporated into the adopted rule.~~

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section, unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule, and unless the adoption is in compliance with the prohibitions of subsection (11) (10). The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency's substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) (a) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a ~~statement of reasonable necessity~~ *proposal* for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under ~~2-4-302~~ *[section 1]*, and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

~~(9) Subject to 2-4-112, if a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to all or a portion of a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to all or a portion of the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, all or a portion of the proposal notice that the committee objects to may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records.~~

~~(10)~~(9) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.

~~(11)~~(10) (a) In the year preceding the year in which the legislature meets in regular session, an agency may not adopt a rule between October 1 through the end of the year.

(b) This subsection ~~(11)~~ (10) does not apply to:

(i) an emergency rule adopted under 2-4-303;

(ii) subject to subsection ~~(11)(c)(i)~~ (10)(c)(i), a rule adopted for implementation of a program or policy if the unavailability of information, guidance, or notice precluded adoption of the rule before October 1; or

(iii) subject to subsection ~~(11)(c)(ii)~~ (10)(c)(ii), a rule adopted by providing the proposal notice and statement of reasoning with an opportunity to object to the appropriate administrative rule review committee.

(c) (i) A rule may only be exempted under subsection ~~(11)(b)(ii)~~ (10)(b)(ii) if the notice required under 2-4-302(1)(a) provides a statement explaining why the unavailability of information, guidance, or notice precluded adoption of the rule before October 1.

(ii) A rule may be exempted under subsection ~~(11)(b)(iii)~~ (10)(b)(iii) only if the agency provides a copy of the proposal notice and an explanation of the reason why the rule must be adopted before the end of the year by electronic mail to each member of the committee and the committee staff. If the committee does not object to the proposal within 10 business days after the electronic mail of the proposal and explanation has been sent to the committee, the agency may proceed with adoption of the proposed rule. If, during the 10-day review period, a majority of the members notify the committee presiding officer that those members object to the proposed rulemaking, the presiding officer shall

notify the agency by electronic mail that the committee objects. Following notice of the objection, a rule may not be adopted before the end of the year.”

Section 13. Effective date. [This act] is effective on passage and approval.

Section 14. Applicability. [This act] applies to rule proposals published on or after [the effective date of this act].

CHAPTER NO. 696

[HB 599]

AN ACT REVISING PARENTAL RIGHTS REGARDING DATA COLLECTION FOR CHILDREN; PROVIDING OPT-OUT AND OPT-IN OPTIONS FOR PARENTS REGARDING EVALUATIONS, SURVEYS, AND DATA COLLECTION; REQUIRING THAT NOTIFICATIONS BE SENT TO PARENTS REGARDING ANY PHYSICAL AND MENTAL HEALTH SCREENINGS OR SURVEYS; AND AMENDING SECTION 40-6-701, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-6-701, MCA, is amended to read:

“40-6-701. Interference with fundamental parental rights restricted – cause of action. (1) A government entity may not interfere with the fundamental right of parents to direct the upbringing, education, health care, and mental health of their children unless the government entity demonstrates that the interference:

(a) furthers a compelling governmental interest; and
(b) is narrowly tailored and is the least restrictive means available for the furthering of the compelling governmental interest.

(2) All fundamental parental rights are exclusively reserved to the parent of a child without obstruction or interference by a government entity, including but not limited to the rights and responsibilities to do the following:

(a) direct the education of the child, including the right to choose public, private, religious, or home schools and the right to make reasonable choices with public schools for the education of the child;

(b) access and review all written and electronic education records relating to the child that are controlled by or in the possession of a school;

If the application is not acceptable, the department shall set forth the reasons why it is not acceptable, and it may propose modifications, delete areas, or reject the entire application. All items not specified as unacceptable in the department's notification are presumed to be acceptable. If the revision constitutes a significant modification under subsection (8)(b), the department shall conduct a new review, beginning with an administrative completeness determination.

(e) When the application is determined to be acceptable, the department shall publish notice of its determination once a week for 2 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. *If the department required a cumulative hydrologic impact assessment to meet the requirements of this part, the department shall publish a draft of that assessment and the department's determination.* Any person having an interest that is or may be adversely affected *by the determination or the cumulative hydrologic impact assessment* may file a written objection to the determination within 10 days of the department's last published notice. If a written objection is filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 20 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons for the decision within 10 days of the informal conference.

(f) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall prepare written findings granting or denying the permit or major revision application in whole or in part not later than ~~45~~ 60 days from the date the application is determined acceptable. However, if lands subject to the federal lands program are included in the application for permit or major revision, the department shall prepare and submit written findings to the federal regulatory authority. If the department's decision is to grant the permit, the department shall issue the permit on the date of its written finding or, if any federal concurrence is necessary, on the date when the concurrence is obtained. If the application is denied, specific reasons for the denial must be set forth in the written notification to the applicant.

(g) If the department fails to act within the times specified in this subsection (8), it shall immediately notify the board in writing of its failure to comply and the reasons for the failure to comply.

The notice must contain the grounds upon which the requester contends that the decision is in error *and must be limited to the issues raised in written objections and issues in the department's decision not addressed by the department in its notice of determination published pursuant to subsection*

(8)(e). The hearing must be started within 30 days of the request. For purposes of a hearing, the board or its hearings officer may order site inspections of the area pertinent to the application. The board shall within 20 days of the hearing notify the person who requested the hearing, by certified mail, and all other persons, by regular mail, of the findings and decisions. A person who presided at the informal conference may not preside at the hearing or participate in the decision.

(10) In addition to the method of operation, grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1), shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid-producing, toxic, undesirable, or creating a hazard;

(b) as directed by rules, seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

(f) adopt measures to prevent land subsidence unless the department approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner, with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant is required to show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health or to domestic livestock or a viable agricultural operation, or violate any other restrictions the department may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in a manner that will prevent or minimize land subsidence. The remaining waste material must be disposed of as provided by this part and the rules of the department.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of those resources when practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in adjacent areas and to the quality and quantity of water in surface water and ground water systems both during and after strip- or underground-coal-mining operations and during reclamation by:

(i) avoiding acid or other toxic mine drainage by measures including but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content that adversely affects downstream water upon being released to watercourses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but the contributions may not be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to subsection (10)(k)(ii)(A) prior to commencement of strip- or underground-mining operations, with the structures to be certified by a qualified registered engineer and to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations that requires the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country;

(vii) designing and constructing reclaimed channels of intermittent streams and perennial streams to ensure long-term stability; and

(viii) any other actions that the department may prescribe;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except when the department determines that the resulting impoundment of water in the auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in proximity to the channel so as to seriously alter the normal flow of water;

(q) meet other criteria that are necessary to achieve reclamation in accordance with the purposes of this part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions that constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in a manner that prevents a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the throwing, dumping, or piling or otherwise placing of any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land that is under permit and for which a bond has been posted under 82-4-223 or place the materials described in this section in a way that normal erosion or slides brought about by natural physical causes will permit the materials to go

beyond or outside of that area of land. An operator shall conduct the strip- or underground-mining operation in a manner that protects areas outside the permit area.”

AN ACT REVISING LAWS REGARDING EDUCATIONAL PROGRAMS FOR ELIGIBLE CHILDREN RECEIVING IN-STATE INPATIENT TREATMENT OF SERIOUS EMOTIONAL DISTURBANCES; CLARIFYING THE TUITION CALCULATIONS FOR CERTAIN ELIGIBLE CHILDREN; CLARIFYING THE RULEMAKING AUTHORITY PROVIDED TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION; AMENDING SECTIONS 20-7-419 AND 20-7-435, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-7-419, MCA, is amended to read:

“20-7-419. Rules. The superintendent of public instruction shall adopt rules for the implementation of 20-7-420, 20-7-421, 20-7-422, 20-7-435, and 20-7-436, including but not limited to:

- (1) the calculation of tuition under 20-7-420;
- (2) the *various methods for the calculation and distribution of funds under the different circumstances provided in 20-7-435*; and
- (3) the determination of responsibilities of children’s psychiatric hospitals, residential treatment facilities, therapeutic group homes, and public schools pursuant to 20-7-435.”

Section 2. Section 20-7-435, MCA, is amended to read:

“20-7-435. Funding of educational programs for eligible children receiving in-state inpatient treatment of serious emotional disturbances. (1) It is the intent of the legislature that eligible children receiving inpatient treatment of a serious emotional disturbance at in-state qualifying facilities be provided with an appropriate educational opportunity in a cost-effective manner. The legislature further intends that in-state qualifying facilities prioritize treatment of Montana residents over residents of other states.

(2) The superintendent of public instruction may contract with a qualifying facility for provision of an educational program for an eligible child in the qualifying facility. The contract between the superintendent of public instruction and a qualifying facility must include a provision requiring the qualifying facility to provide educational data and regular reports about the academic status and academic progress being made by each eligible child at a qualifying facility.

(3) (a) Whenever the superintendent of public instruction contracts with a qualifying facility for provision of an educational program for an eligible child, the superintendent of public instruction shall establish a daily rate per eligible child for each qualifying facility that reflects actual documented costs of providing an appropriate educational opportunity at that facility and that excludes the cost of services that are eligible for reimbursement under any provision of state or federal law or an insurance policy.

(b) For each eligible child and from appropriations provided for the purposes of this section, the superintendent of public instruction shall pay the qualifying facility the daily rate under subsection (3)(a) minus the amount paid under subsection (3)(c).

(c) For each eligible child, the eligible child’s school district of residence shall pay the qualifying facility a daily rate of 40% of the tuition per-ANB amount as defined in 20-5-323 divided by 180 in a manner prescribed by the superintendent of public instruction. The district of residence shall finance the

tuition amount from the levy authorized to support the district tuition fund or from the district's general fund or any other legally available fund in the discretion of the trustees.

(d) An eligible child whose appropriate educational opportunity is provided under subsection (5)(a) or (5)(b) may not receive funding under this subsection (3).

(e) In preparing and submitting an agency budget pursuant to 17-7-111 and 17-7-112, the superintendent of public instruction shall include a request for funding this section based on the daily rate for each facility as determined under subsection (3)(a). If the money appropriated for the payments to qualifying facilities under this section is not sufficient, the superintendent of public instruction shall request the state budget director to submit a request for a supplemental appropriation in the second year of the biennium that is sufficient to complete the funding of the payments.

(4) A supplemental education fee or tuition, beyond those authorized under this section, may not be charged for an eligible child who receives an education under contract with an in-state children's psychiatric hospital or residential treatment facility under subsection (3) or as provided under subsection (5).

(5) If a qualifying facility fails to provide an appropriate educational opportunity for an eligible child at the facility or fails to negotiate a contract under the provisions of subsection (2), the superintendent of public instruction shall, from appropriations provided for the purposes of this section, choose either of the following two options:

(a) provide for an appropriate educational opportunity for the eligible child utilizing qualified specialists who are employees of the office of public instruction or under contract with the office of public instruction for the purposes of this section. The eligible child's district of residence shall reimburse the office of public instruction at the daily rate established in subsection (3)(c). The district of residence may finance the reimbursement from the levy authorized to support the district tuition fund.

(b) negotiate with the school district in which the qualifying facility is located for the supervision and implementation of an appropriate educational opportunity for eligible children attending the facility. The amount to be paid to the district of attendance by the office of public instruction and the amount to be paid by the eligible child's district of residence are determined *in the same manner* as provided in 20-5-323 and 20-5-324 for out-of-district attendance agreements approved under 20-5-321(1)(d) and (1)(e).

(6) Funds provided to a district under this section, including funds received under the provisions of 20-7-420:

(a) must be deposited in the miscellaneous programs fund of the district that provides the education program for an eligible child, regardless of the age or grade placement of the child who is served under a negotiated contract; and

(b) are not subject to the budget limitations in 20-9-308.

~~(7) The superintendent of public instruction may distribute funds appropriated for contracts with in-state children's psychiatric hospitals or residential treatment facilities under subsection (2) to public school districts for the purpose of supporting educational programs for children with significant behavioral or physical needs.~~

(8)(7) The superintendent of public instruction shall report to the education interim budget committee and the education interim committee in accordance with 5-11-210 no later than September 30 of even-numbered years on the implementation of this section and an analysis that supports each daily rate. The report must include:

(f) whether the sale is supported by the director of the Montana historical society;

(g) whether the commission should include any preservation covenants in a proposed sale agreement for real property;

(h) whether the commission should incorporate any design review ordinances established by Virginia City into a proposed sale agreement for real property; and

(i) other matters that the commission considers necessary or appropriate.

~~(9)~~(10) Except as provided in subsection ~~(11)~~ (12), the proceeds of any sale under subsection ~~(8)~~ (9) must be placed in the account established in 22-3-1004.

~~(10)~~(11) Public notice and the opportunity for a hearing must be given in the geographical area of a proposed acquisition or sale of real property before a final decision to acquire or sell the property is made. The commission shall approve proposals for acquisition or sale of real property and recommend the approved proposal to the board of land commissioners.

~~(11)~~(12) The commission, working with the board of investments, may establish trust funds to benefit historic properties. Interest from any trust fund established under this subsection must be used to preserve and manage assets owned by the commission.

CHAPTER NO. 708

[HB 681]

AN ACT REVISING LAWS RELATED TO LOCAL AND STATE REGULATION OF SUBDIVISIONS AND DETERMINATIONS OF WATER AVAILABILITY; REVISING SUBDIVISION REVIEW CRITERIA INVOLVING THE AVAILABILITY OF WATER; CLARIFYING THE DEFINITION OF WATER RIGHT; REVISING PROCESSES FOR ISSUANCE OF A CERTIFICATE OF WATER RIGHT FOR AN APPROPRIATION OF GROUNDWATER THAT IS EXEMPT FROM PERMITTING REQUIREMENTS; AMENDING SECTIONS 76-3-501, 76-3-604, 76-3-608, 76-3-622, 76-4-104, 85-2-102, AND 85-2-306, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-501, MCA, is amended to read:

"76-3-501. Local subdivision regulations. (1) The governing body of every county, city, and town shall adopt and provide for the enforcement and administration of subdivision regulations reasonably providing for:

- (a) the orderly development of their jurisdictional areas;
- (b) the coordination of roads within subdivided land with other roads, both existing and planned;
- (c) the dedication of land for roadways and for public utility easements;
- (d) the improvement of roads;
- (e) the provision of adequate open spaces for travel, light, air, and recreation;
- (f) the provision of adequate transportation, water, and drainage;
- (g) subject to the provisions of 76-3-511, the regulation of sanitary facilities;
- (h) the avoidance or minimization of congestion; and
- (i) the avoidance of subdivisions that would involve unnecessary environmental degradation and danger of injury to health, safety, or welfare by reason of natural hazard, including but not limited to fire and wildland fire, or the lack of water, drainage, access, transportation, or other public services or that would necessitate an excessive expenditure of public funds for the supply of the services.

(2) Any action that is not specifically prohibited in the conditions of subdivision approval is specifically allowed or is otherwise subject to additional restrictions that may be provided in the governing documents of the subdivision and applicable zoning regulations.

(3) If a local government has historically interpreted and enforced or chosen not to enforce a condition of subdivision approval to the benefit of a parcel

owner, the local government may not undertake a different interpretation or enforcement action against a similarly situated parcel owner in the same subdivision.

(4) A review and decision made by a governing body under the authority of this chapter:

(a) relates specifically and only to the criteria for review and authority provided in this chapter; and

(b) is not constrained, influenced, or restricted by a decision made by a state agency or entity acting under other lawful authority.”

Section 2. Section 76-3-604, MCA, is amended to read:

“76-3-604. Review of subdivision application – review for required elements and sufficiency of information. (1) (a) A subdivision application is considered to be received on the date of delivery to the reviewing agent or agency and when accompanied by the review fee submitted as provided in 76-3-602.

(b) Within 5 working days of receipt of a subdivision application, the reviewing agent or agency shall determine whether the application contains all of the listed materials as required by 76-3-504(1)(a) and shall notify the subdivider or, with the subdivider’s written permission, the subdivider’s agent of the reviewing agent’s or agency’s determination. If the reviewing agent or agency determines that elements are missing from the application, the reviewing agent or agency shall identify those elements in the notification.

(2) (a) Within 15 working days after the reviewing agent or agency notifies the subdivider or the subdivider’s agent that the application contains all of the required elements as provided in subsection (1), the reviewing agent or agency shall determine whether the application and required elements contain detailed, supporting information that is sufficient to allow for the review of the proposed subdivision under the provisions of this chapter and the local regulations adopted pursuant to this chapter and shall notify the subdivider or, with the subdivider’s written permission, the subdivider’s agent of the reviewing agent’s or agency’s determination.

(b) If the reviewing agent or agency determines that information in the application is not sufficient to allow for review of the proposed subdivision, the reviewing agent or agency shall identify the insufficient information in its notification.

(c) A determination that an application contains sufficient information for review as provided in this subsection (2) does not ensure that the proposed subdivision will be approved or conditionally approved by the governing body and does not limit the ability of the reviewing agent or agency or the governing body to request additional information during the review process.

(3) The time limits provided in subsections (1) and (2) apply to each submittal of the application until:

(a) a determination is made that the application contains the required elements and sufficient information; and

(b) the subdivider or the subdivider’s agent is notified.

(4) After the reviewing agent or agency has notified the subdivider or the subdivider’s agent that an application contains sufficient information as provided in subsection (2), the governing body shall approve, conditionally approve, or deny the proposed subdivision within 60 working days or 80 working days if the proposed subdivision contains 50 or more lots, based on its determination of whether the application conforms to the provisions of this chapter and to the local regulations adopted pursuant to this chapter, unless:

(a) the subdivider and the reviewing agent or agency agree to an extension or suspension of the review period, not to exceed 1 year; or

(b) a subsequent public hearing is scheduled and held as provided in 76-3-615.

(5) (a) If the governing body fails to comply with the time limits under subsection (4), the governing body shall pay to the subdivider a financial penalty of \$50 per lot per month or a pro rata portion of a month, not to exceed the total amount of the subdivision review fee collected by the governing body for the subdivision application, until the governing body denies, approves, or conditionally approves the subdivision.

(b) The provisions of subsection (5)(a) do not apply if the review period is extended or suspended pursuant to subsection (4).

(6) If the governing body denies or conditionally approves the proposed subdivision, it shall send the subdivider a letter, with the appropriate signature, that complies with the provisions of 76-3-620.

(7) (a) The governing body shall collect public comment submitted at a hearing or hearings regarding the information presented pursuant to 76-3-622 and shall make any comments submitted or a summary of the comments submitted available to the subdivider within 30 days after conditional approval or approval of the subdivision application and preliminary plat.

(b) The subdivider shall, as part of the subdivider's application for sanitation approval, forward the comments or the summary provided by the governing body to the:

(i) reviewing authority provided for in Title 76, chapter 4, for subdivisions that will create one or more parcels containing less than 20 acres; and

(ii) local health department or board of health for proposed subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres.

(8) (a) For a proposed subdivision that will create one or more parcels containing less than 20 acres, the governing body may require approval by the department of environmental quality as a condition of approval of the final plat.

(b) For a proposed subdivision that will create one or more parcels containing 20 acres or more, the governing body may condition approval of the final plat upon the subdivider demonstrating, pursuant to 76-3-622, that there is an adequate water source and at least one area for a septic system and a replacement drainfield for each lot.

(c) *Except for lots served by a hauled water cistern, an adequate municipal facility, or an adequate county water and/or sewer district facility, as defined in 76-4-102, or that are determined to not need water, a determination may be made that an application for a proposed subdivision contains the required elements and sufficient information for review if the applicant demonstrates that each lot has:*

(i) a water right under Title 85, chapter 2;

(ii) a completed technical analysis for a permit or change application under Title 85, chapter 2; or

(iii) a notice of intent to appropriate groundwater authorized by the department of natural resources and conservation pursuant to 85-2-306.

(9) (a) Review and approval, conditional approval, or denial of a proposed subdivision under this chapter may occur only under those regulations in effect at the time a subdivision application is determined to contain sufficient information for review as provided in subsection (2).

(b) If regulations change during the review periods provided in subsections (1) and (2), the determination of whether the application contains the required elements and sufficient information must be based on the new regulations.

(10) Unless otherwise provided by law, the governing body may review but does not have approval authority of the governing documents of the subdivision or amendments to the governing documents unless the governing documents directly and materially impact a condition of subdivision approval.”

Section 3. Section 76-3-608, MCA, is amended to read:

“76-3-608. Criteria for local government review. (1) The basis for the governing body’s decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision’s impacts on educational services or based solely on parcels within the subdivision having been designated as wildland-urban interface parcels under 76-13-145.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (6) or except as provided in 76-3-509, 76-3-609(2) or (4), or 76-3-616, the specific, documentable, and clearly defined impact on agriculture, agricultural water user facilities, local services, the natural environment, wildlife, wildlife habitat, and public health and safety, excluding any consideration of whether the proposed subdivision will result in a loss of agricultural soils;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements within and to the proposed subdivision for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the proposed subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3) but may not require a set-aside of land or monetary contribution for the loss of agricultural soils. Pursuant to 76-3-620, the governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner’s ability to develop land, but it is recognized that in some instances the impacts of a proposed development may be deemed unmitigable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4) and consistent with 76-3-620, a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) (a) A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or

denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce.

(b) Except for proposed subdivisions served by a hauled water cistern, an adequate municipal facility, or an adequate county water and/or sewer district facility, as defined in 76-4-102, or that are determined to not need water, a governing body may require as a condition of subdivision approval that an applicant obtain approval from the department of natural resources and conservation to appropriate water pursuant to Title 85, chapter 2.

(7) A governing body may not require as a condition of subdivision approval that a property owner waive a right to protest the creation of a special improvement district or a rural improvement district for capital improvement projects that does not identify the specific capital improvements for which protest is being waived. A waiver of a right to protest may not be valid for a time period longer than 20 years after the date that the final subdivision plat is filed with the county clerk and recorder.

(8) A governing body may not approve a proposed subdivision if any of the features and improvements of the subdivision encroach onto adjoining private property in a manner that is not otherwise provided for under chapter 4 or this chapter or if the well isolation zone of any proposed well to be drilled for the proposed subdivision encroaches onto adjoining private property unless the owner of the private property authorizes the encroachment. For the purposes of this section, "well isolation zone" has the meaning provided in 76-4-102.

(9) If a federal or state governmental entity submits a written or oral comment or an opinion regarding wildlife, wildlife habitat, or the natural environment relating to a subdivision application for the purpose of assisting a governing body's review, the comment or opinion may be included in the governing body's written statement under 76-3-620 only if the comment or opinion provides scientific information or a published study that supports the comment or opinion. A governmental entity that is or has been involved in an effort to acquire or assist others in acquiring an interest in the real property identified in the subdivision application shall disclose that the entity has been involved in that effort prior to submitting a comment, an opinion, or information as provided in this subsection.

(10) Findings of fact by the governing body concerning whether the development of the proposed subdivision meets the requirements of this chapter must be based on the record as a whole. The governing body's findings of fact must be sustained unless they are arbitrary, capricious, or unlawful."

Section 4. Section 76-3-622, MCA, is amended to read:

"76-3-622. Water and sanitation information to accompany preliminary plat. (1) Except as provided in subsection (2), the subdivider shall submit to the governing body or to the agent or agency designated by the governing body the information listed in this section for proposed subdivisions that will include new water supply or wastewater facilities. The information must include:

(a) a vicinity map or plan that shows:

(i) the location, within 100 feet outside of the exterior property line of the subdivision and on the proposed lots, of:

(A) flood plains;

(B) surface water features;

(C) springs;

(D) irrigation ditches;

(E) existing, previously approved, and, for parcels less than 20 acres, proposed water wells and wastewater treatment systems, except that the subdivider may locate a water well anywhere on a lot, parcel, or tract of record

if the subdivider maintains the minimum setback distances adopted in rule by the department of environmental quality;

(F) for parcels less than 20 acres, mixing zones identified as provided in subsection ~~(1)(g)~~ (1)(h); and

(G) the representative drainfield site used for the soil profile description as required under subsection (1)(d); and

(ii) the location, within 500 feet outside of the exterior property line of the subdivision, of public water and sewer facilities;

(b) a description of the proposed subdivision's water supply systems, storm water systems, solid waste disposal systems, and wastewater treatment systems, including:

(i) whether the water supply and wastewater treatment systems are individual, shared, multiple user, or public as those systems are defined in rules published by the department of environmental quality; and

(ii) if the water supply and wastewater treatment systems are shared, multiple user, or public, a statement of whether the systems will be public utilities as defined in 69-3-101 and subject to the jurisdiction of the public service commission or exempt from public service commission jurisdiction and, if exempt, an explanation for the exemption;

(c) a drawing of the conceptual lot layout at a scale no smaller than 1 inch equal to 200 feet that shows all information required for a lot layout document in rules adopted by the department of environmental quality pursuant to 76-4-104;

(d) evidence of suitability for new onsite wastewater treatment systems that, at a minimum, includes:

(i) a soil profile description from a representative drainfield site identified on the vicinity map, as provided in subsection (1)(a)(i)(G), that complies with standards published by the department of environmental quality;

(ii) demonstration that the soil profile contains a minimum of 4 feet of vertical separation distance between the bottom of the permeable surface of the proposed wastewater treatment system and a limiting layer; and

(iii) in cases in which the soil profile or other information indicates that ground water is within 7 feet of the natural ground surface, evidence that the ground water will not exceed the minimum vertical separation distance provided in subsection (1)(d)(ii);

(e) for new water supply systems, unless cisterns are proposed, evidence of adequate water availability:

(i) obtained from well logs or testing of onsite or nearby wells;

(ii) obtained from information contained in published hydrogeological reports; or

(iii) as otherwise specified by rules adopted by the department of environmental quality pursuant to 76-4-104;

(f) *except for lots served by a hauled water cistern, an adequate municipal facility, or an adequate county water and/or sewer district facility, as defined in 76-4-102, or that are determined to not need water, evidence that each lot has:*

(i) *a water right under Title 85, chapter 2;*

(ii) *a completed technical analysis for a permit or change application under Title 85, chapter 2; or*

(iii) *a notice of intent to appropriate groundwater authorized by the department of natural resources and conservation pursuant to 85-2-306.*

~~(f)~~(g) evidence of sufficient water quality in accordance with rules adopted by the department of environmental quality pursuant to 76-4-104;

~~(g)~~(h) a preliminary analysis of potential impacts to ground water quality from new wastewater treatment systems, using as guidance rules adopted

pursuant to 75-5-301 and 75-5-303 related to standard mixing zones for ground water, source specific mixing zones, and nonsignificant changes in water quality. The preliminary analysis may be based on currently available information and must consider the effects of overlapping mixing zones from proposed and existing wastewater treatment systems within and directly adjacent to the subdivision. Instead of performing the preliminary analysis required under this subsection (1)(g)(h), the subdivider may perform a complete nondegradation analysis in the same manner as is required for an application that is reviewed under Title 76, chapter 4.

(2) A subdivider whose land division is excluded from review under 76-4-125(1) is not required to submit the information required in this section.

(3) A governing body may not, through adoption of regulations, require water and sanitation information in addition to the information required under this section unless the governing body complies with the procedures provided in 76-3-511."

Section 5. Section 76-4-104, MCA, is amended to read:

"76-4-104. Rules for administration and enforcement. (1) The department shall, subject to the provisions of 76-4-135, adopt reasonable rules, including adoption of sanitary standards, necessary for administration and enforcement of this part.

(2) The rules and standards must provide the basis for approving subdivisions for various types of public and private water supplies, sewage disposal facilities, storm water drainage ways, and solid waste disposal. The rules and standards must be related to:

- (a) size of lots;
- (b) contour of land;
- (c) porosity of soil;
- (d) ground water level;
- (e) distance from lakes, streams, and wells;
- (f) type and construction of private water and sewage facilities; and
- (g) other factors affecting public health and the quality of water for uses relating to agriculture, industry, recreation, and wildlife.

(3) The storm drainage review requirements of this chapter do not apply to divisions or parcels of land that are exempt from review under 76-3-207(1)(a), (1)(d), (1)(e), or (1)(f) that:

- (a) are used for a single-family residential purpose; and
- (b) include no more than 25% that is impervious.

(4) (a) Except as provided in subsection (4)(b), the rules must provide for the review of subdivisions consistent with 76-4-114 by a local department or board of health, as described in Title 50, chapter 2, part 1, if the local department or board of health employs a registered sanitarian or a registered professional engineer and if the department certifies under subsection (5) that the local department or board is competent to conduct the review.

(b) (i) Except as provided in 75-6-121 and subsection (4)(b)(ii) of this section, a local department or board of health may not review public water supply systems, public sewage systems, or extensions of or connections to these systems.

(ii) A local department or board of health may be certified by the department to review subdivisions proposed to connect to existing municipal or county water and/or sewer district water and wastewater systems previously approved by the department if no extension of the systems is required.

(5) (a) The department shall also adopt standards and procedures for certification and maintaining certification to ensure that a local department, local board of health, or independent reviewer is competent to review the subdivisions as described in subsection (4).

(b) On or before December 31, 2023, the department shall develop procedures for certification of prequalified independent reviewers and develop a training curriculum to ensure compliance with this part.

(6) The department shall review those subdivisions described in subsection (4) if:

(a) a proposed subdivision lies within more than one jurisdictional area and the respective governing bodies are in disagreement concerning approval of or conditions to be imposed on the proposed subdivision; or

(b) the local department or board of health elects not to be certified.

(7) The rules must further provide for:

(a) providing the reviewing authority with a copy of the plat or certificate of survey subject to review under this part and other documentation showing the layout or plan of development, including:

(i) total development area; and

(ii) total number of proposed units and structures requiring facilities for water supply or sewage disposal;

(b) adequate evidence that a water supply that is sufficient in terms of *physical* quality, quantity, and dependability will be available to ensure an adequate supply of water for the type of subdivision proposed;

(c) evidence concerning the potability of the proposed water supply for the subdivision;

(d) adequate evidence that a sewage disposal facility is sufficient in terms of capacity and dependability;

(e) standards and technical procedures applicable to storm drainage plans and related designs, in order to ensure proper drainage ways, except that the rules must provide a basis for not requiring storm water review under this part for parcels 5 acres and larger on which the total impervious area does not and will not exceed 5%. Nothing in this section relieves any person of the duty to comply with the requirements of Title 75, chapter 5, or rules adopted pursuant to Title 75, chapter 5.

(f) standards and technical procedures applicable to sanitary sewer plans and designs, including soil testing and site design standards for on-lot sewage disposal systems when applicable;

(g) standards and technical procedures applicable to water systems;

(h) standards and technical procedures applicable to solid waste disposal;

(i) adequate evidence that a proposed drainfield mixing zone and a proposed well isolation zone are located wholly within the boundaries of the proposed subdivision where the proposed drainfield or well is located or that an easement or, for public land, other authorization has been obtained from the landowner to place the proposed drainfield mixing zone or proposed well isolation zone outside the boundaries of the proposed subdivision where the proposed drainfield or proposed well is located.

(i) A proposed drainfield mixing zone or a proposed well isolation zone for an individual water system well that is a minimum of 50 feet inside the subdivision boundary may extend outside the boundaries of the subdivision onto adjoining land that is dedicated for use as a right-of-way for roads, railroads, or utilities.

(ii) This subsection (7)(i) does not apply to the divisions provided for in 76-3-207 except those under 76-3-207(1)(b). Nothing in this section is intended to prohibit the extension, construction, or reconstruction of or other improvements to a public sewage system within a well isolation zone that extends onto land that is dedicated for use as a right-of-way for roads, railroads, or utilities.

(j) criteria for granting waivers and deviations from the standards and technical procedures adopted under subsections (7)(e) through (7)(i);

(k) evidence to establish that, if a public water supply system or a public sewage system is proposed, provision has been made for the system and, if other methods of water supply or sewage disposal are proposed, evidence that the systems will comply with state and local laws and regulations that are in effect at the time of submission of the subdivision application under this chapter. Evidence that the systems will comply with local laws and regulations must be in the form of a certification from the local health department as provided by department rule.

(l) evidence to demonstrate that appropriate easements, covenants, agreements, and management entities have been established to ensure the protection of human health and state waters and to ensure the long-term operation and maintenance of water supply, storm water drainage, and sewage disposal facilities;

(m) eligibility requirements for municipalities and county water and/or sewer districts to qualify as a certifying authority under the provisions of 76-4-127;

(n) construction details for individual and shared onsite wastewater systems to be reviewed by the local board of health at the time of septic permitting, except that the reviewing authority may require additional construction detail if the wastewater is not residential strength;

(o) simplified methods for storm water reviews, including acceptable minimum storm water volumes based solely on impervious area for proposed lots with one or two single-family residences; and

(p) a basis for exempting from review facilities previously approved under this chapter or by a local reviewing authority of the facility is not proposed to be changed, is not affected by a proposed change to another facility, and meets the design conditions of its existing approval under this chapter or by the local authority and is operating properly. Existing systems must meet the current setbacks established in rule and subsection (7)(i), unless the lot was created before the relevant effective dates for mixing zones and isolation zones.

(8) The requirements of subsection (7)(i) regarding proposed drainfield mixing zones and proposed well isolation zones apply to all subdivisions or divisions excluded from review under 76-4-125 created after October 1, 2021, except as provided in subsections (7)(i)(i) and (7)(i)(ii).

(9) The department shall:

(a) conduct a biennial review of experimental wastewater system components that have been granted a waiver or deviation as provided in subsection (7)(j);

(b) utilize relevant analysis of wastewater system components approved in other states and data from peer-reviewed third-party studies to conduct the review provided in subsection (9)(a);

(c) propose those experimental wastewater system components that meet the purposes and provisions of this part for adoption into the rules pursuant to this section; and

(d) report to the local government interim committee biennially, in accordance with 5-11-210, the number and type of experimental wastewater system components reviewed and the number and type of system components approved and provide written findings to explain why a system component was reviewed but not approved.

(10) Review and certification or denial of certification that a division of land is not subject to sanitary restrictions under this part may occur only under those rules in effect when a complete application is submitted to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot was originally intended, the applicable requirements in effect

at the time the lot was recorded must be applied. In the absence of specific requirements, minimum standards necessary to protect public health and water quality apply.

(11) The reviewing authority may not deny or condition a certificate of subdivision approval under this part unless it provides a written statement to the applicant detailing the circumstances of the denial or condition imposition. The statement must include:

- (a) the reason for the denial or condition imposition;
- (b) the evidence that justifies the denial or condition imposition; and
- (c) information regarding the appeal process for the denial or condition imposition.

(12) (a) Subject to subsection (12)(b), the department may adopt rules that provide technical details and clarification regarding the water and sanitation information required to be submitted under 76-3-622.

(b) A subdivider may locate a water well anywhere on a lot, parcel, or tract of record if the subdivider maintains the minimum setback distances adopted in rule. The reviewing authority may not limit a subdivider to a single proposed well location.

(13) (a) The rules must provide for the review of subdivisions consistent with 76-4-114 by an independent reviewer if the department certifies under subsection (5) of this section that the independent reviewer is competent to conduct the review.

(b) (i) Except as provided in subsection (13)(b)(ii), an independent reviewer may not review public water supply systems, public sewage systems, or extensions of or connections to these systems.

(ii) An independent reviewer may be certified by the department to review subdivisions proposed to connect to existing municipal or county water and/or sewer district water and wastewater systems previously approved by the department if no extension of the system is required.

(c) If 110 or more new files are submitted to the department for review in any 1 month, the department shall assign applications received in that month to independent reviewers unless an independent reviewer is not available.

(d) The department shall reimburse independent reviewers at the same rate the department reimburses local departments or local boards of health certified under subsection (4).

(14) Prior to being assigned an application for review, an independent reviewer shall identify any conflict of interest related to the project under potential review. If the independent reviewer identifies a conflict of interest, the application for review must be assigned to a different independent reviewer.

(15) An independent reviewer acting under the requirements of this chapter shall comply with the provisions of Title 2, chapter 6, for public information requests.

(16) An independent reviewer conducting reviews under this section shall complete documents necessary to complete the review and to comply with:

(a) the Montana Environmental Policy Act provided for in Title 75, chapter 1, parts 1 through 3; and

(b) real property takings requirements in accordance with Title 70.”

Section 6. Section 85-2-102, MCA, is amended to read:

“85-2-102. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) “Appropriate” or “appropriation” means:

(a) to divert, impound, or withdraw, including by stock for stock water, a quantity of water for a beneficial use;

(b) in the case of a public agency, to reserve water in accordance with 85-2-316;

(c) in the case of the department of fish, wildlife, and parks, to change an appropriation right to instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource in accordance with 85-2-436;

(d) in the case of the United States department of agriculture, forest service:

(i) instream flows and in situ use of water created in 85-20-1401, Article V; or

“85-2-306. Exceptions to permit requirements. (1) (a) Except as provided in subsection (1)(b), ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works.

(b) If another person has rights in the ground water development works, water may be appropriated with the written consent of the person with those property rights or, if the ground water development works are on national forest system lands, with any prior written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the certificate.

(c) If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person’s intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of a rule promulgated pursuant to 85-2-506.

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring:

(i) when the appropriation is made by a local governmental fire agency organized under Title 7, chapter 33, and the appropriation is used only for emergency fire protection, emergency fire training, and emergency fire-related operations, which may include enclosed storage;

(ii) when a maximum appropriation of 350 gallons a minute or less is used in nonconsumptive geothermal heating or cooling exchange applications, all of the water extracted is returned without delay to the same source aquifer, and the distance between the extraction well and both the nearest existing well and the hydraulically connected surface waters is more than twice the distance between the extraction well and the injection well;

(iii) when the appropriation is outside a stream depletion zone, is 35 gallons a minute or less, and does not exceed 10 acre-feet a year, except that a combined appropriation from the same source by two or more wells or developed springs exceeding 10 acre-feet, regardless of the flow rate, requires a permit; or or

(iv) when the appropriation is within a stream depletion zone, is 20 gallons a minute or less, and does not exceed 2 acre-feet a year, except that a combined appropriation from the same source by two or more wells or developed springs exceeding this limitation requires a permit.

(b) (i) Before appropriating groundwater by means of a well or developed spring pursuant to subsection (3)(a)(iii) or (3)(a)(iv), a person shall file with the department, on a form provided by the department, a correct and complete notice of intent to appropriate groundwater.

(ii) The department shall notify the person of any defects in the notice of intent to appropriate groundwater within 10 business days.

(iii) A notice of intent to appropriate groundwater that is not corrected and completed within 60 days of a notice of defects is terminated.

(iv) Within 10 business days of determining that a notice of intent to appropriate groundwater is correct and complete, the department shall review the notice for compliance with subsection (3)(a) and shall authorize or deny the notice of intent to appropriate groundwater. If the department denies the notice of intent to appropriate groundwater, the department shall include the reasons for the denial.

(v) Unless extended by the department, an appropriation under subsection (3) must be completed within 5 years from the date the notice of intent to appropriate groundwater is authorized. One extension may be granted by the department for up to 5 additional years. The request for an extension must be filed on a form provided by the department and must demonstrate that progress has been made toward putting the water to beneficial use.

~~(b)(c)~~ (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Water use by a public water supply system subject to Title 75, chapter 6, part 1, is considered perfected and the appropriation of water for beneficial use complete when construction of the public water supply system is finished, at which time a notice of completion may be filed and must include a copy of the approval of the public water supply system by the department of environmental quality. All water use by a public water supply system pursuant to subsection (3)(a)(iii) or (3)(a)(iv) must be measured using a totalizing metering device, and measurements must be reported annually on a form prescribed by the department. Noncompliance with metering and reporting requirements may result in a fine determined by the department.

~~(ii)(iii)~~ ~~Upon~~ *On* receipt of the notice of completion, the department shall review the notice and may, before issuing a certificate of water right, return

a defective notice for correction or completion, together with the reasons for returning it. *A correct and complete notice of completion for an appropriation under subsection (3)(a)(iii) or (3)(a)(iv) must establish that the appropriation was completed in substantial accordance with the notice of intent to appropriate groundwater authorized by the department under subsection (3)(b).* A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 60 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

~~(iii)(iv)~~ If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refile of a correct and complete notice with the department *authorization expires and a new notice of intent to appropriate groundwater is required to use water under subsection (3)(a)(iii) or (3)(a)(iv).*

~~(e)(d)~~ A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator *and a duplicate must be maintained in the department's centralized database.* The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

~~(d)(i)~~ Construction of a water supply system subject to Title 75, chapter 6, part 1, and use of a permit exception for the appropriation of water pursuant to this section is proof of beneficial use.

~~(ii)~~ The department shall allocate a volume of 10 acre-feet a year to the system and issue a certificate of water right after the conditions in subsection ~~(3)(d)(i)~~ are met.

~~(iii)~~ The department shall consider a water right as perfected after the conditions in subsection ~~(3)(d)(i)~~ are met.

~~(iv)~~ When the appropriation is for a water supply system that is subject to Title 75, chapter 6, part 1, and is located outside of a stream depletion zone and does not exceed 10 acre-feet a year:

~~(A)~~ For the purposes of subsection ~~(3)(b)(i)~~, the appropriation will be considered perfected upon completion of construction of the water supply system.

~~(B)~~ A copy of the department of environmental quality approval for the water supply system must be submitted with the notice of completion. This section does not preclude the public water supply developer or any subsequent owners from expanding the water system or from revising the water use restrictions within the subdivision, provided that the total amount does not exceed 10 acre-feet per year.

~~(C)~~ Water appropriated under this exception must be measured and reported annually to the department.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt

of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from an ephemeral stream, an intermittent stream, or another source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113.

(9) Pursuant to 85-20-1902, the provisions of this section do not apply within the exterior boundaries of the Flathead Indian reservation."

Section 8. Effective date. [This act] is effective January 1, 2026.

Section 9. Applicability. [This act] applies to subdivisions that are reviewed pursuant to Title 76, chapter 3, on or after [the effective date of this act].

(6) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving cash assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child and for all adult recipients of medical assistance only who are covered under a group related to a program providing cash assistance, as defined in 53-4-201. Basic medicaid benefits consist of all mandatory services listed in subsection (3) but may include those optional services listed in subsections (4)(a) through (4)(s) that the department in its discretion specifies by rule. The department, in exercising its discretion, may consider the amount of funds appropriated by the legislature, whether approval has been received, as provided in 53-1-612, and whether the provision of a particular service is commonly covered by private health insurance plans. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

(b) The department shall, with reasonable promptness, provide access to all medically necessary services prescribed under the early and periodic screening, diagnosis, and treatment benefit, including access to prescription drugs and durable medical equipment for which the department has not negotiated a rebate.

(11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

(b) In its report to the committees, the department shall provide an explanation for the proposed changes and an estimated budget impact to the department over the next 4 fiscal years.

(13) If available funds are not sufficient to provide medical assistance for all eligible persons, the department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical services made available under the Montana medicaid program after taking into consideration the funding principles set forth in subsection (2).

(14) If services provided under the Montana medicaid program include gender transition treatment or subsequent treatment directly related to the provision of gender transition treatment, services provided under the program must also include detransition treatment under equivalent cost-sharing policies.

AN ACT REVISING THE DEADLINE FOR THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO REVIEW DATA FOR WATER QUALITY ASSESSMENTS; AND AMENDING SECTION 75-5-702, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-5-702, MCA, is amended to read:

“75-5-702. Monitoring – water quality assessment listing – costs payable by department – statewide advisory group. (1) The department shall monitor state waters to assess the quality of those waters and to identify surface water bodies or segments of surface water bodies that are threatened or impaired. The department shall use the monitoring results to revise the list of water bodies that are identified as threatened or impaired and to establish a priority ranking for TMDL development for those waters in accordance with subsections (4) and (7).

(2) In revising the list prepared pursuant to this section, the department shall use all currently available data, including information or data obtained from federal, state, and local agencies, private entities, or individuals with an interest in water quality protection. Except as provided in subsection (6), the department may modify the list only if there is sufficient credible data to support the modification. Prior to publishing a final list, the department shall provide public notice and allow 60 days for public comment on the draft list. The department shall make available for public review, upon request, documentation used in the determination to list or delist a particular water body, including, at a minimum, a description of the information, data, and methodology used. The department may charge a reasonable fee for the documentation, commensurate with the cost of providing the documentation to the requestor.

(3) A person may request that the department add or remove a water body or reprioritize a water body on a draft or published list by providing the data or information necessary to support the request. ~~The department shall review the data within 60 days from its submittal.~~ *The department shall review the data within 180 days from its submittal.* If the department determines that there is sufficient credible data to grant the request, the department shall provide public notice of its intended action and allow 60 days for public comment prior to taking action on the request. A person aggrieved by the department's decision to grant or deny the request may appeal the department's decision to the board.

(4) The department shall, in consultation with local conservation districts and watershed advisory groups pursuant to 75-5-704, review and revise the list and priority rankings of water bodies identified as threatened or impaired. The department shall review and revise the list at intervals not to exceed 5 years. The department shall make available for public review the data and information used in making any changes in its list of threatened or impaired water bodies that is developed and maintained pursuant to this section.

(5) By October 1, 1999, and in consultation with the statewide TMDL advisory group established pursuant to subsection (10), the department shall develop and maintain a data management system that can be used to assess the validity and reliability of the data used in the listing and priority ranking process. The department shall make available to the public, upon request, data from its data management system. The department may charge a reasonable fee for the data, commensurate with its cost of providing the data to the requestor.

(6) By October 1, 1999, and in consultation with the statewide TMDL advisory group, the department shall use the data management system developed and maintained pursuant to subsection (5) to revise the list and to remove any water body that lacks sufficient credible data to support its listing. If the department removes a water body because there is a lack of sufficient credible data to support its listing, the department shall monitor and assess that water body during the next field season or as soon as possible thereafter to determine whether it is a threatened water body or an impaired water body.

(7) Except as provided in subsection (9), in prioritizing water bodies for TMDL development, the department shall, in consultation with the statewide TMDL advisory group, take into consideration the following:

- (a) the beneficial uses established for a water body;
- (b) the extent that natural factors over which humans have no control are contributing to any impairment;
- (c) the impacts to human health and aquatic life;
- (d) the degree of public interest and support;
- (e) the character of the pollutant and the severity and magnitude of water quality standard noncompliance;
- (f) whether the water body is an important high-quality resource in an early stage of degradation;
- (g) the size of the water body not achieving standards;
- (h) immediate programmatic needs, such as waste load allocations for new permits or permit renewals and load allocations for new nonpoint sources;
- (i) court orders and decisions relating to water quality;
- (j) state policies and priorities, including the protection and restoration of native fish when appropriate;
- (k) the availability of technology and resources to correct the problems;
- (l) whether actions or voluntary programs that are likely to correct the impairment of a particular water body are currently in place; and
- (m) the recreational, economic, and aesthetic importance of a particular water body.

(8) Except as provided in subsection (9), the department shall, in consultation with the statewide TMDL advisory group, develop a method of rating water bodies according to the criteria and considerations described in subsection (7) in order to rank the listed water bodies as high priority, moderate priority, or low priority for TMDL development. The department may not rank a water body as a high priority under this section without first validating the data necessary to support the ranking.

(9) (a) When the department receives an application for a new individual permit to discharge into a surface water body or a segment of a surface water body pursuant to 75-5-401, the surface water body or segment of a surface water body has been listed pursuant to subsection (2) of this section, the discharge would contain a pollutant for which the water body or segment is threatened or impaired, and a TMDL has not been developed for that water body or segment, the department shall:

(i) within 30 days of the department's receipt of the application, initiate the development of a TMDL on the water body or segment; and

(ii) except as provided in subsection (9)(b), within 180 days of the department's receipt of the application, complete development of the TMDL pursuant to 75-5-703.

(b) If the department is not able to complete development of the TMDL in accordance with subsection (9)(a)(ii), the department shall, within 30 days of the department's receipt of the application, specify in writing to the applicant why the department is not able to complete development of a TMDL in

accordance with subsection (9)(a)(ii). The department and the applicant shall make reasonable efforts to mutually agree in writing to a timeframe in which the department shall complete development of the TMDL. If the department specifies a lack of resources as a reason why the department cannot complete development of the TMDL in accordance with subsection (9)(a)(ii), the department shall clearly explain in its written specification what resources are not available, why those resources are not available, and when those resources will be available.

(c) If the department and the applicant cannot mutually agree to a timeframe in accordance with subsection (9)(b), the department shall, within 60 days of the department's receipt of the application, specify in writing to the applicant the timeframe in which the TMDL will be completed by the department and the reasons why that timeframe is appropriate. If the department specifies a lack of resources as a reason why the department's timeframe is appropriate, the department may request the applicant provide funding for the development of the TMDL in order to accelerate the completion of the TMDL.

(d) The applicant may, within 15 days of the department's written specification provided in accordance with subsection (9)(c), request in writing a hearing before the board for the purpose of petitioning the board to reverse or modify the department's decision. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection. If the parties to the contested case waive a formal proceeding pursuant to 2-4-603, the informal proceeding must be conducted within 30 days after the board's receipt of the written request. After the hearing and in a reasonable time, the board shall affirm, modify, or reverse the action of the department, and the board shall make findings and conclusions that explain its decision. Pending the board's decision, the department shall develop the TMDL in accordance with the timeframe specified in subsection (9)(a)(ii).

(e) The department may not declare an application incomplete or deficient because a TMDL has not been prepared.

(f) If on April 27, 2015, an application for a new individual permit to discharge into a surface water body or a segment of a surface water body pursuant to 75-5-401 is pending, the surface water body or segment of a surface water body has been listed pursuant to subsection (2) of this section, the discharge would contain a pollutant for which the water body or segment is threatened or impaired, and a TMDL has not been developed for the water body or segment, the department shall, except as provided in subsection (9)(g), complete a TMDL for the water body or segment within 180 days of April 27, 2015.

(g) If the department is not able to complete development of the TMDL within 180 days of April 27, 2015, pursuant to subsection (9)(f), then the timeframes established in accordance with subsections (9)(b), (9)(c), and (9)(d) apply to the application, but the timeframes are measured from April 27, 2015, not from the date the department receives an application.

(10) (a) The department shall establish a statewide TMDL advisory group to serve in the consultation capacity set forth in 75-5-703, 75-5-704, and this section. Fourteen members, and any replacement members that may be necessary, must be appointed by the director, based upon one nomination from each of the following interests:

 - (xii) supervisors of soil and water conservation districts for counties west of the continental divide;
 - (xiii) the hydroelectric industry; and
 - (xiv) fishing-related businesses.
- (b) If the director receives more than one nomination from a particular interest, the director shall notify the respective nominators and request that they agree on one nominee.

(11) The department shall provide public notice of meetings of the statewide TMDL advisory group and shall solicit, document, and consider public comments provided during the deliberations of the advisory group.”

(26) "Person" means the state, a political subdivision of the state, institution, firm, corporation, partnership, individual, or other entity and includes persons resident in Canada.

(27) "Point source" means a discernible, confined, and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, or vessel or other floating craft, from which pollutants are or may be discharged.

(28) (a) "Pollution" means:

(i) contamination or other alteration of the physical, chemical, or biological properties of state waters that exceeds that permitted by Montana water quality standards, including but not limited to standards relating to change in temperature, taste, color, turbidity, or odor; or

(ii) the discharge, seepage, drainage, infiltration, or flow of liquid, gaseous, solid, radioactive, or other substance into state water that will or is likely to create a nuisance or render the waters harmful, detrimental, or injurious to public health, recreation, safety, or welfare, to livestock, or to wild animals, birds, fish, or other wildlife.

(b) The term does not include:

(i) a discharge, seepage, drainage, infiltration, or flow that is authorized under the pollution discharge permit rules adopted by the department under this chapter;

(ii) activities conducted under this chapter that comply with the conditions imposed by the department in short-term authorizations pursuant to 75-5-308;

(iii) contamination of ground water within the boundaries of a geologic storage reservoir, as defined in 82-11-101, by a carbon dioxide injection well in accordance with a permit issued pursuant to Title 82, chapter 11, part 1;

(iv) contamination of ground water within the boundaries of an underground mine using in situ coal gasification and operating in accordance with a permit issued under 82-4-221;

(c) Contamination referred to in subsections (28)(b)(iii) and (28)(b)(iv) does not require a mixing zone.

(29) "Sewage" means water-carried waste products from residences, public buildings, institutions, or other buildings, including discharge from human beings or animals, together with ground water infiltration and surface water present.

(30) "Sewage system" means a device for collecting or conducting sewage, industrial wastes, or other wastes to an ultimate disposal point.

(31) "Standard of performance" means a standard adopted by the department for the control of the discharge of pollutants that reflects the greatest degree of effluent reduction achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, when practicable, a standard permitting no discharge of pollutants.

(32) (a) "State waters" means a body of water, irrigation system, or drainage system, either surface or underground.

(b) The term does not apply to:

(i) ponds or lagoons used solely for treating, transporting, or impounding pollutants; or

(ii) irrigation waters or land application disposal waters when the waters are used up within the irrigation or land application disposal system and the waters are not returned to state waters.

(33) "Sufficient credible data" means chemical, physical, or biological monitoring data, alone or in combination with narrative information, that supports a finding as to whether a water body is achieving compliance with applicable water quality standards.

(34) "Threatened water body" means a water body or stream segment for which sufficient credible data and calculated increases in loads show that the water body or stream segment is fully supporting its designated uses but threatened for a particular designated use because of:

(a) proposed sources that are not subject to pollution prevention or control actions required by a discharge permit, the nondegradation provisions, or reasonable land, soil, and water conservation practices; or

(b) documented adverse pollution trends.

(35) "Total maximum daily load" or "TMDL" means the sum of the individual waste load allocations for point sources and load allocations for both nonpoint sources and natural background sources established at a level necessary to achieve compliance with applicable surface water quality standards.

(38) "Water quality protection practices" means those activities, prohibitions, maintenance procedures, or other management practices applied to point and nonpoint sources designed to protect, maintain, and improve the quality of state waters. Water quality protection practices include but are not limited to treatment requirements, standards of performance, effluent standards, and operating procedures and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from material storage.

(39) "Water well" means an excavation that is drilled, cored, bored, washed, driven, dug, jetted, or otherwise constructed and intended for the location, diversion, artificial recharge, or acquisition of ground water.

(40) "Watershed advisory group" means a group of individuals who wish to participate in an advisory capacity in revising and reprioritizing the list of water bodies developed under 75-5-702 and in the development of TMDLs under 75-5-703, including those groups or individuals requested by the department to participate in an advisory capacity as provided in 75-5-704."

Section 2. Section 75-5-301, MCA, is amended to read:

"75-5-301. Classification and standards for state waters. Consistent with the provisions of 80-15-201 and this chapter, the department shall:

(1) establish the classification of all state waters in accordance with their present and future most beneficial uses, creating an appropriate classification for streams that, due to sporadic flow, do not support an aquatic ecosystem that includes salmonid or nonsalmonid fish;

(2) formulate and adopt standards of water quality, considering the economics of waste treatment and prevention. When rules are adopted regarding temporary standards, they must conform with the requirements of 75-5-312. Standards must meet the following requirements:

(a) for carcinogens, the water quality standard for protection of human health must be the value associated with an excess lifetime cancer risk level, assuming continuous lifetime exposure, not to exceed 1×10^{-3} in the case of arsenic and 1×10^{-5} for other carcinogens. However, if a standard established at a risk level of 1×10^{-3} for arsenic or 1×10^{-5} for other carcinogens violates

the maximum contaminant level obtained from 40 CFR, part 141, then the maximum contaminant level must be adopted as the standard for that carcinogen.

(b) standards for the protection of aquatic life do not apply to ground water.

(3) review, from time to time at intervals of not more than 3 years and, to the extent permitted by this chapter, revise established classifications of waters and adopted standards of water quality;

(4) adopt rules governing the granting of mixing zones, requiring that mixing zones granted by the department be specifically identified and requiring that mixing zones have:

(a) the smallest practicable size;

(b) a minimum practicable effect on water uses; and

(c) definable boundaries;

(5) adopt rules implementing the nondegradation policy established in 75-5-303, including but not limited to rules that:

(a) provide a procedure for department review and authorization of ~~degradation~~ *a feasibility allowance*;

(b) establish criteria for the following:

(i) determining important economic or social development; and

(ii) weighing the social and economic importance to the public of allowing the proposed project against the cost to society associated with a loss of water quality;

(c) establish criteria for determining whether a proposed activity or class of activities, in addition to those activities identified in 75-5-317, will result in nonsignificant changes in water quality for any parameter in order that those activities are not required to undergo review under 75-5-303(3). These criteria must be established in a manner that generally:

(i) equates significance with the potential for harm to human health, a beneficial use, or the environment;

(ii) considers both the quantity and the strength of the pollutant;

(iii) considers the length of time the degradation will occur;

(iv) considers the character of the pollutant so that greater significance is associated with carcinogens and toxins that bioaccumulate or biomagnify and lesser significance is associated with substances that are less harmful or less persistent.

(d) provide that changes of nitrate as nitrogen in ground water are nonsignificant if the discharge will not cause degradation of surface water and the predicted concentration of nitrate as nitrogen at the boundary of the ground water mixing zone does not exceed:

(i) 7.5 milligrams per liter from sources other than sewage;

(ii) 5.0 milligrams per liter from sewage discharged from a system that does not use level two treatment in an area where the ground water nitrate as nitrogen is 5.0 milligrams per liter or less;

(iii) 7.5 milligrams per liter from sewage discharged from a system using level two treatment, which must be defined in the rules; or

(iv) 7.5 milligrams per liter from sewage discharged from a system in areas where the ground water nitrate as nitrogen level exceeds 5.0 milligrams per liter primarily from sources other than human waste; and

(e) for septic system discharges that are not subject to ground water permitting requirements under 75-5-401, establish criteria to determine when the discharges result in nonsignificant changes in surface water quality in order that those discharges are not required to undergo review under 75-5-303(3) and no further analysis under law or rule is required. The criteria must:

(i) be adopted by rule before July 1, 2024; and

(ii) be developed in a manner that generally considers soil type, mixing zone dilution and nitrogen credits, horizontal distance between the discharge and the surface water in the direction of ground water flow, and elevation, including:

(A) adopt surface water impacts for low flow conditions based on mixing zone dilution concentrations and other credits for nitrogen;

(B) credit nitrogen degradation at the drainfield and riparian zone attenuation based on soil type;

(C) exempt surface water body impacts when drainfield is lower in elevation than the waterbody;

(D) limit the adjacent to surface water trigger analysis to a maximum of 1/4 or 1/2 mile from the drainfield to a surface water, depending on soil type; and

(E) create nonsignificant surface water impact categories of 500 or more feet from the surface water that consider soil texture, ground water depths and other pertinent information.

(6) to the extent practicable, ensure that the rules adopted under subsection (5) establish objective and quantifiable criteria for various parameters. These criteria must, to the extent practicable, constitute guidelines for granting or denying applications for authorization to degrade high-quality waters under the policy established in 75-5-303(2) ~~and (3)~~.

(7) adopt rules to implement this section."

Section 3. Section 75-5-303, MCA, is amended to read:

"75-5-303. Nondegradation policy. (1) Existing uses of state waters and the level of water quality necessary to protect those uses must be maintained and protected.

(2) Unless authorized by the department under subsection (3) or exempted from review under 75-5-317, the quality of high-quality waters must be maintained.

(3) The department may ~~not authorize degradation of~~ *allow lower water quality through a feasibility allowance in* high-quality waters ~~unless when it~~ has been affirmatively demonstrated by a preponderance of evidence to the department that:

(a) ~~degradation a feasibility allowance~~ is necessary because there are no economically, environmentally, and technologically feasible modifications to the proposed project that would result in no degradation;

(b) the proposed project will result in important economic or social development ~~and that the benefit of the development exceeds the costs to society of allowing degradation of in the area that the~~ high-quality waters are located;

(c) existing and anticipated use of state waters will be fully protected; and

(d) the least degrading water quality protection practices determined by the department to be economically, environmentally, and technologically feasible will be fully implemented by the applicant prior to and during the proposed activity.

(4) The department shall issue a preliminary decision either denying or authorizing ~~degradation the feasibility allowance~~ and shall provide public notice and a 30-day comment period prior to issuing a final decision. The department's preliminary and final decisions must include:

(a) a statement of the basis for the decision; and

(b) a detailed description of all conditions applied to ~~any authorization to degrade state waters~~ *a feasibility allowance*, including, when applicable, monitoring requirements, required water protection practices, reporting requirements, effluent limits, designation of the mixing zones, the limits of

~~degradation~~ the authorized *feasibility allowance*, and methods of determining compliance with the ~~authorization for degradation~~ *feasibility allowance*.

(5) An interested person wishing to challenge a final department decision may request a hearing before the board within 30 days of the final department decision. The contested case procedures of Title 2, chapter 4, part 6, apply to a hearing under this section.

(6) Periodically, but not more often than every 5 years, the department may review ~~authorizations to degrade~~ *feasibility allowances* for state waters. Following the review, the department may, after timely notice and opportunity for hearing, modify the ~~authorization~~ *feasibility allowance* if the department determines that an economically, environmentally, and technologically feasible modification to the development exists. The decision by the department to modify an ~~authorization~~ *feasibility allowance* may be appealed to the board.

(7) The department may not issue an ~~authorization to degrade~~ *feasibility allowance* for state waters that are classified as outstanding resource waters.

(8) The department shall adopt rules to implement this section."

Section 4. Section 75-5-316, MCA, is amended to read:

"75-5-316. Outstanding resource water classification -- rules -- criteria -- limitations -- procedure -- definition. (1) As provided under the provisions of 75-5-301 and this section, the department may adopt rules regarding the classification of waters as outstanding resource waters.

(2) The department may not:

(a) grant an ~~authorization to degrade~~ *feasibility allowance* under 75-5-303 in outstanding resource waters; or

(b) allow a new or increased point source discharge that would result in a permanent change in the water quality of an outstanding resource water.

(3) (a) A person may petition the department for rulemaking to classify state waters as outstanding resource waters. The department shall initially review a petition against the criteria identified in subsection (3)(c) to determine whether the petition contains sufficient credible information for the department to accept the petition.

(b) The department may reject a petition without further review if it determines that the petition does not contain the sufficient credible information required by subsection (3)(a). If the department rejects a petition under this subsection (3)(b), it shall specify in writing the reasons for the rejection and the petition's deficiencies.

(c) The department may not adopt a rule classifying state waters as outstanding resource waters until it accepts a petition and makes a written finding containing the provisions enumerated in subsection (3)(d) that, based on a preponderance of the evidence:

(i) the waters identified in the petition constitute an outstanding resource based on the criteria provided in subsection (4);

(ii) the increased protection under the classification is necessary to protect the outstanding resource identified under subsection (3)(a) because of a finding that the outstanding resource is at risk of having one or more of the criteria provided in subsection (4) compromised as a result of pollution; and

(iii) classification as an outstanding resource water is necessary because of a finding that there is no other effective process available that will achieve the necessary protection.

(d) The written finding provided for in subsection (3)(c) must:

(i) identify the criteria provided in subsection (4) that serve as justification for the determination that the water is an outstanding resource;

(ii) specifically identify the criteria that are at risk and explain why those criteria are at risk; and

(iii) specifically explain why other available processes, including the requirements of 75-5-303, will not achieve the necessary protection.

(4) The department shall consider the following criteria in determining whether certain state waters are outstanding resource waters. However, the department may determine that compliance with one or more of these criteria is insufficient to warrant classification of the water as an outstanding resource water. The department shall consider:

- (a) whether the waters have been designated as wild and scenic;
- (b) the presence of endangered or threatened species in the waters;
- (c) the presence of an outstanding recreational fishery in the waters;
- (d) whether the waters provide the only source of suitable water for a municipality or industry;
- (e) whether the waters provide the only source of suitable water for domestic water supply; and
- (f) other factors that indicate outstanding environmental or economic values not specifically mentioned in this subsection (4).

(5) Before accepting a petition, the department shall:

(a) publish a notice and brief description of the petition in a daily newspaper of general circulation in the area affected and make copies of the proposal available to the public. The cost of publication must be paid by the petitioner.

(b) provide for a 30-day written public comment period regarding whether the petition contains sufficient credible information, as provided in subsection (3)(b), prior to the hearing required in subsection (5)(c);

(c) hold a public hearing regarding the petition and its contents and allow further written and oral testimony at the hearing;

(d) issue a proposed decision, including:

- (i) the written finding provided for in subsection (3)(c); and
- (ii) the department's acceptance or rejection of the petition;

(e) provide for a 30-day public comment period regarding the department's proposed decision; and

(f) issue a final decision on acceptance or rejection of the petition, which must include a response to comments received by the department, and make copies of this decision available to the public.

(6) (a) After acceptance of a petition, the department shall prepare an environmental impact statement, as provided under Title 75, chapter 1, part 2, and this section.

(b) (i) The petitioner is responsible for all of the costs associated with gathering and compiling data and information, and completing the environmental impact statement.

(ii) Before the department may initiate work on the environmental impact statement, the petitioner shall pay the estimated cost of completing the environmental impact statement, as determined by the department.

(iii) Upon completion of the environmental impact statement, the petitioner shall pay the department any costs that exceeded the estimated cost. If the cost of the environmental impact statement was less than the estimated cost paid by the petitioner, the department shall reimburse the difference to the petitioner.

(iv) The department may not grant or deny a petition until full payment for the environmental impact statement is received.

(7) The department shall consult with other relevant state agencies and county governments when reviewing outstanding resource water classification petitions.

(8) (a) After completion of an environmental impact statement and consultation with state agencies and local governments, the department may deny an accepted outstanding resource water classification petition if it finds that:

(i) the requirements of subsection (3)(c) have not been met; or

(ii) based on information available to the department from the environmental impact statement or otherwise, approving the outstanding resource waters classification petition would cause significant adverse environmental, social, or economic impacts.

(b) If the department denies the petition, it shall identify its reasons for petition denial.

(c) If the department grants the petition, the department shall initiate rulemaking to classify the waters as outstanding resource waters.

(9) A rule classifying state waters as outstanding resource waters under this section may be adopted but is not effective until approved by the legislature.

(10) The department may not postpone or deny an application for ~~an authorization to degrade state waters~~ *a feasibility allowance* under 75-5-303 based on pending:

(a) department action on an outstanding resource water classification petition regarding those waters; or

(b) legislative approval of department action designating those waters as outstanding resource waters.

(11) As used in this section, "petitioner" means an individual, corporation, partnership, firm, association, or other private or public entity that petitions the department to adopt rules to classify waters as outstanding resource waters."

Section 5. Section 75-5-516, MCA, is amended to read:

"75-5-516. Fees authorized for recovery -- process -- rulemaking.

(1) Except as provided in subsections (12) and (13), the department shall by rule prescribe fees sufficient to cover the department's documented costs, both direct and indirect, of:

(a) reviewing and acting upon an application for a permit, permit modification, permit renewal, certificate, license, or other authorization required by rule under 75-5-201 or 75-5-401;

(b) reviewing and acting upon a petition for a ~~degradation~~ *feasibility allowance* under 75-5-303;

(c) reviewing and acting upon an application for a permit, certificate, license, or other authorization for which an exclusion is provided by rule from the permitting requirements established under 75-5-401;

(d) enforcing the terms and conditions of a permit or authorization identified in subsections (1)(a) through (1)(c). If the permit or authorization is not issued, the department shall return this portion of any application fee to the applicant.

(e) conducting compliance inspections and monitoring effluent and ambient water quality; and

(f) preparing water quality rules or guidance documents.

(2) Except as provided in subsection (12), the rules promulgated under this section must include:

(a) a fee on all applications for permits or authorizations, as identified in subsections (1)(a) through (1)(c), that recovers to the extent permitted by this subsection (2) the department's cost of reviewing and acting upon the applications. This fee may not be more than \$5,000 per discharge point for an application addressed under subsection (1), except that an application with multiple discharge points may be assessed a lower fee for those points according to rule.

(b) an annual fee to be assessed according to the volume and concentration of waste discharged into state waters. The annual fee may not be more than \$3,000 per million gallons discharged per day on an annual average for any activity under permit or authorization, as described in subsection (1), except that:

(i) a permit or authorization with multiple discharge points may be assessed a lower fee for those points according to rule; and

(ii) a facility that consistently discharges effluent at less than or equal to one-half of its effluent limitations and that is in compliance with other permit requirements, using the previous calendar year's discharge data, is entitled to a 25% reduction in its annual permit fee. Proportionate reductions of up to 25% of the permit fee may be given to facilities that consistently discharge effluent at levels between 50% and 100% of their effluent limitations. However, a new permittee is not eligible for a fee reduction in its first year of operation, and a permittee with a violation of any effluent limit during the previous calendar year is not eligible for a fee reduction for the following year.

(3) To the extent permitted under subsection (2)(b), the annual fee must be sufficient to pay the department's estimated cost of conducting all tasks described under subsection (1) after subtracting:

(a) the fees collected under subsection (2)(a);

(b) state general fund appropriations for functions administered under this chapter; and

(c) federal grants for functions administered under this chapter.

(4) For purposes of subsection (3), the department's estimated cost of conducting the tasks described under subsection (1) is the amount authorized by the legislature for the department's water quality discharge permit programs.

(5) If the applicant or holder fails to pay a fee assessed under this section or rules adopted under this section within 90 days after the date established by rule for fee payment, the department may:

(a) impose an additional assessment consisting of not more than 20% of the fee plus interest on the required fee computed as provided in 15-1-216; or

(b) suspend the permit or exclusion. The department may lift the suspension at any time up to 1 year after the suspension occurs if the holder has paid all outstanding fees, including all penalties, assessments, and interest imposed under subsection (5)(a).

(6) Fees collected pursuant to this section must be deposited in an account in the special revenue fund type pursuant to 75-5-517.

(7) The department shall give written notice to each person assessed a fee under this section of the amount of fee that is assessed and the basis for the department's calculation of the fee. This notice must be issued at least 30 days prior to the due date for payment of the assessment.

(8) A holder of or an applicant for a permit, certificate, or license may appeal the department's fee assessment to the board within 20 days after receiving written notice of the fee determination under subsection (7). The appeal must include a written statement detailing the reasons that the permitholder or applicant considers the department's fee assessment to be erroneous or excessive.

(9) If part of the department's fee assessment is not in dispute in an appeal filed under subsection (8), the undisputed portion of the fee must be paid to the department upon written request of the department.

(10) The contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, part 6, apply to a hearing before the board under this section.

(11) A municipality may raise rates to cover costs associated with the fees prescribed in this section for a public sewer system without the hearing required in 69-7-111.

(12) (a) The application fee assessed pursuant to this section for a suction dredge, as described in 82-4-310(2), may not be more than:

- (i) \$25 if it is owned and operated by a resident of this state; or
- (ii) \$100 if it is owned and operated by a nonresident of this state.

(b) The annual fee assessed pursuant to this section for a suction dredge, as described in 82-4-310(2), may not be more than:

- (i) \$25 if it is owned and operated by a resident of this state; or
- (ii) \$100 if it is owned and operated by a nonresident of this state.

(13) A county, an incorporated city or town, or a conservation district formed pursuant to Title 76, chapter 15, is not subject to fees for authorizations pursuant to 75-5-318 or certifications related to section 401 of the federal Clean Water Act, 33 U.S.C. 1341.”

Section 6. Section 75-5-605, MCA, is amended to read:

“75-5-605. Prohibited activity – exemption. (1) It is unlawful to:

(a) cause pollution, as defined in 75-5-103, of any state waters or to place or cause to be placed any wastes where they will cause pollution of any state waters. Any placement of materials that is authorized by a permit issued by any state or federal agency is not a placement of wastes within the prohibition of this subsection (1)(a) if the agency’s permitting authority includes provisions for review of the placement of materials to ensure that it will not cause pollution of state waters.

(b) violate any provision set forth in a permit or stipulation, including but not limited to limitations and conditions contained in the permit;

(c) cause degradation of state waters without ~~authorization~~ *a feasibility allowance* pursuant to 75-5-303;

(d) violate any order issued pursuant to this chapter; or

(e) violate any provision of this chapter.

(2) Except for the permit exclusions identified in 75-5-401(5), it is unlawful to carry on any of the following activities without a current permit from the department:

(a) construct, modify, or operate a disposal system that discharges into any state waters;

(b) construct or use any outlet for the discharge of sewage, industrial wastes, or other wastes into any state waters; or

(c) discharge sewage, industrial wastes, or other wastes into any state waters.

(3) Activities associated with routine or periodic maintenance, repair, replacement, or operation of irrigation water conveyance systems, including activities associated with any constructed channel, canal, ditch, pipeline, or portion of any constructed channel, canal, ditch, or pipeline, are not prohibited activities under this chapter if the activities do not result in exceeding water quality standards for any receiving water outside the irrigation water conveyance system. The diversion of water in accordance with an existing water right or permit pursuant to Title 85, chapter 2, is not a prohibited activity under this chapter.”

Section 7. Department to amend rules. The department shall amend ARM 17.30.707 and 17.30.708 to add references to feasibility allowances.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 714

[HB 690]

AN ACT GENERALLY REVISING CHILD ABUSE AND NEGLECT LAWS; CLARIFYING THAT CERTAIN DEFINITIONS OF ABUSE AND NEGLECT DO NOT INCLUDE REFERRING TO OR RAISING A CHILD IN A MANNER CONSISTENT WITH THE CHILD’S BIOLOGICAL SEX; PROVIDING THAT A MEMBER OF THE UNITED STATES CONGRESS OR THE MONTANA LEGISLATURE MAY NOT DISCLOSE INFORMATION TO A PARENT OR GUARDIAN THAT IS SUBJECT TO ATTORNEY-CLIENT PRIVILEGE; PROVIDING AN EXCEPTION; PROVIDING THAT A MEMBER MAY CHALLENGE THE DEPARTMENT’S DESIGNATION OF A RECORD AS ATTORNEY-CLIENT PRIVILEGED; AND AMENDING SECTIONS 41-3-102 AND 41-3-205, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-102, MCA, is amended to read:

“41-3-102. (Temporary) Definitions. As used in this chapter, the following definitions apply:

(1) (a) “Abandon”, “abandoned”, and “abandonment” mean:

(i) leaving a child under circumstances that make reasonable the belief that the parent does not intend to resume care of the child in the future;

(ii) willfully surrendering physical custody for a period of 6 months and during that period not manifesting to the child and the person having physical custody of the child a firm intention to resume physical custody or to make permanent legal arrangements for the care of the child;

(iii) that the parent is unknown and has been unknown for a period of 90 days and that reasonable efforts to identify and locate the parent have failed; or

(iv) the voluntary surrender, as defined in 40-6-402, by a parent of a newborn who is no more than 30 days old to an emergency services provider, as defined in 40-6-402.

(b) The terms do not include the voluntary surrender of a child to the department solely because of parental inability to access publicly funded services.

(2) "A person responsible for a child's welfare" means:

(a) the child's parent, guardian, or foster parent or an adult who resides in the same home in which the child resides;

(b) a person providing care in a day-care facility;

(c) an employee of a public or private residential institution, facility, home, or agency; or

(d) any other person responsible for the child's welfare in a residential setting.

(3) "Abused or neglected" means the state or condition of a child who has suffered child abuse or neglect.

(b) This chapter may not be construed to require or justify a finding of child abuse or neglect for the sole reason that a parent or legal guardian, because of religious beliefs, does not provide adequate health care for a child. However, this chapter may not be construed to limit the administrative or judicial authority of the state to ensure that medical care is provided to the child when there is imminent substantial risk of serious harm to the child.

(5) "Best interests of the child" means the physical, mental, and psychological conditions and needs of the child and any other factor considered by the court to be relevant to the child.

(6) "Child" or "youth" means any person under 18 years of age.

(7) (a) "Child abuse or neglect" means:

(i) actual physical or psychological harm to a child;

(ii) substantial risk of physical or psychological harm to a child; or

(iii) abandonment.

(2) There is a prescription drug plus discount program rebate account in the state special revenue fund to the credit of the department. All money received by the state as rebates from pharmaceutical manufacturers for the program must be deposited in the account. The money in the account, which is administered by the department, must be used to expand prescription drug benefits to qualified individuals. Interest on account balances accrues to the account. (6) The department shall establish by rule eligibility based upon the applicant's family income as provided in 53-6-1003. The total income may not exceed 250% of the federal poverty level. The department may adopt rules defining income. In establishing eligibility based upon income, the department shall take into account the amount of funding available for the program. The department shall issue enrollment materials to eligible individuals.

(7) Establishment of the program is contingent upon compliance with all applicable federal laws. The department may adopt rules necessary to implement conditions required by federal law.

(9) Participation in the program by a pharmacy or a pharmaceutical manufacturer is voluntary.

(10) (a) The department may not contract with either an in-state or out-of-state mail **service order** pharmacy, as defined in 37-7-702, for the purposes of the program for at least 1 year after persons eligible for the program have begun to purchase drugs through the program. At that time, the department shall evaluate the number of pharmacies within the state providing prescription drugs as part of the program.

(b) If the department determines that there are insufficient pharmacies participating in the program to allow reasonable access to persons qualified to purchase prescription drugs through the program, it may, after the evaluation provided for in subsection (10)(a), use one or more in-state or out-of-state mail service order pharmacies, or both, for the purposes of the program.”

AN ACT REVISING LAWS RELATING TO FIREARMS; PROVIDING FOR THE MONTANA FIREARMS LIABILITY CLARIFICATION ACT; PROVIDING LEGISLATIVE INTENT; PROVIDING DEFINITIONS; PROVIDING LIMITATIONS ON NEGLIGENT MARKETING CLAIMS; CREATING A PREDICATE EXCEPTION LIMITATION; PROVIDING PENALTIES; AND CREATING A PRIVATE RIGHT OF ACTION.

WHEREAS, the Protection of Lawful Commerce in Arms Act (PLCAA), 15 U.S.C. 7901, et seq., provides essential protections to firearms manufacturers and sellers against certain lawsuits arising from the criminal or unlawful misuse of their products; and

WHEREAS, the predicate exception within the PLCAA allows for certain lawsuits to proceed if the defendant knowingly violated a state or federal statute applicable to the sale or marketing of firearms and the violation was a proximate cause of the harm; and

WHEREAS, recent litigation in the United States has demonstrated attempts to circumvent the protections of the PLCAA through broad interpretations of the predicate exception; and

WHEREAS, a broad interpretation of the predicate exception could undermine the purpose of the PLCAA, effectively swallowing the rule by allowing general statutes to circumvent the PLCAA's protections; and

WHEREAS, this legislation aims to prevent judicial activism or jury verdicts based on emotion or political leanings, ensuring that manufacturers are not unfairly punished because their products were illegally used by criminals.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 7] may be cited as the “Montana Firearms Liability Clarification Act”.

Section 2. Legislative intent. It is the intent of the legislature to:

(1) ensure that firearms manufacturers and sellers are not unfairly held liable for the criminal misuse of their products;

(2) clarify and tighten the scope of the predicate exception to prevent its misuse and maintain the intended protections in the Protection of Lawful Commerce in Arms Act, 15 U.S.C. 7901, et seq.; and

(3) define the circumstances under which negligent marketing claims can be pursued in this state, ensuring the claims are based on clear and concrete statutory violations specific to firearm sales and marketing.

Section 3. Definitions. As used in [sections 1 through 7], unless the context clearly indicates otherwise, the following definitions apply:

(1) “Firearm” means a weapon that will, is designed to, or may readily be converted to expel a projectile by the action of an explosive, as defined in 18 U.S.C. 921(a)(3).

(2) “Manufacturer” means a person engaged in the business of manufacturing firearms or ammunition for sale or distribution.

(3) “Negligent marketing” means any advertising, promotion, or marketing practice by a manufacturer or seller that directly poses a foreseeable and substantial risk of harm to the purchaser or specific identifiable individuals.

(4) “Seller” means a person engaged in the business of selling firearms or ammunition at wholesale or retail.

Section 4. Limitations on negligent marketing claims. It is unlawful for a person to bring a negligent marketing claim against a manufacturer or seller of firearms or ammunition unless all of the following conditions are met:

(1) the marketing practice directly targeted individuals who are legally prohibited from owning firearms;

(2) the marketing practice encouraged or facilitated the unlawful use of firearms;

(3) there is a direct and substantial causal link between the marketing practice and the harm suffered by the plaintiff; and

(4) the marketing practice violated a state or federal statute explicitly regulating the sale or marketing of firearms or ammunition in a manner that constitutes a willful and knowing violation of the law.

Section 5. Predicate exception limitation. (1) The predicate exception under the Protection of Lawful Commerce in Arms Act, 15 U.S.C. 7901, et seq., may not be interpreted broadly. A claim may only proceed if the specific statute cited as being violated:

(a) explicitly regulates firearms or ammunition; and

(b) provides clear, concrete requirements that the manufacturer or seller failed to meet, which directly caused the harm in question.

(2) General state consumer protection laws or public nuisance laws may not be considered as statutes applicable to the sale or marketing of firearms or ammunition for the purposes of the predicate exception.

(3) A broad interpretation of the predicate exception, which could effectively replace the law by allowing general statutes to circumvent the Protection of Lawful Commerce in Arms Act, 15 U.S.C. 7901, et seq., must be explicitly rejected.

Section 6. Enforcement and penalties. (1) The attorney general is authorized to enforce the provisions of [sections 1 through 7].

(2) A person who brings a negligent marketing claim in violation of [section 4] is subject to:

(a) dismissal of the claim; and

(b) payment of reasonable attorney fees and costs incurred by a party defending the claim.

Section 7. Private right of action. (1) A manufacturer or seller harmed by a negligent marketing claim brought in violation of [section 4] may bring a civil action for damages and injunctive relief.

(2) A plaintiff who prevails in an action brought pursuant to this section is entitled to recover reasonable attorney fees and costs.

Section 8. Codification instruction. [Sections 1 through 7] are intended to be codified as an integral part of Title 45, chapter 8, part 3, and the provisions of Title 45, chapter 8, part 3, apply to [sections 1 through 7].

Section 9. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(b) Subsection (2)(a) does not apply to flags recognizing official government entities, law enforcement agencies, military branches, or public service organizations.

(3) Nothing in [sections 1 through 3] may be construed to limit the private speech of individuals, and nothing in [sections 1 through 3] may be interpreted to restrict expressions of personal belief outside of official government displays.

(2) Pursuant to 17-7-210, if construction of a new facility requires an immediate or future increase in state funding for program expansion or operations and maintenance, the legislature may not authorize the new facility unless it also appropriates funds for the increase in state funding for program expansion and operations and maintenance. To the extent allowed by law, at the end of each fiscal year following approval of a new facility but prior to receipt of its certificate of occupancy, the appropriation made in subsection (3) reverts to its originating fund. The appropriation is not subject to the provisions of 17-7-304.

(2) If the budget director transfers funds from the capital developments long-range building program account provided for in 17-7-209 to the fund provided for in [section 1], then:

(a) the amount transferred of the appropriation in [section 4] is void; and

(b) the amount transferred is appropriated from the fund provided for in [section 1] to the department of corrections on [the effective date of the act], for the purposes set forth in [section 1]. This appropriation is authorized to continue until the construction of a correctional facility is completed as determined by the budget director and all leases, if any, have terminated. Any unexpended or unobligated funds must revert to the general fund.

Section 6. Planning and design. The department of administration may proceed with the planning and design of capital projects using existing contracts in [section 4] prior to the receipt of other funding sources. The department may use interentity loans in accordance with 17-2-107 to pay planning and design costs incurred before the receipt of other funding sources.

Section 7. Reporting. (1) A report containing the expenditures and obligations related to securing or constructing correctional facilities as provided in [sections 1 and 4] must be submitted by the department of corrections at each quarterly meeting of:

Section 1. Future of corrections fund. (1) There is an account in the state special revenue fund established in 17-2-102 to be known as the future of corrections fund. The department of corrections shall administer the fund.

(2) Eligible uses of the fund include:

(a) securing an additional correctional facility, which may include build-to-lease agreements; and

(b) securing additional correctional facilities through agreements with private correctional facilities as provided for in 53-30-601.

CHAPTER NO. 735

[HB 846]

AN ACT GENERALLY REVISING PROPERTY TAXATION FOR CERTAIN LOCAL GOVERNMENT SUBDIVISIONS; PROVIDING FOR RECONCILIATION PAYMENTS BETWEEN CERTAIN SCHOOL DISTRICTS WHEN ISOLATED PUPILS ARE INVOLVED; ESTABLISHING A PROCESS FOR A SCHOOL DISTRICT TO SEEK A RECONCILIATION PAYMENT BY PETITIONING THE COUNTY SUPERINTENDENT AND PAYING A PROCESSING FEE; PROVIDING THAT THE TAXABLE VALUE OF TERRITORY TRANSFERRED BETWEEN SCHOOL DISTRICTS IS SPLIT BETWEEN THE DISTRICTS FOR A PERIOD OF 3 YEARS; PROVIDING FOR PAYMENTS BETWEEN DISTRICTS FOLLOWING A TERRITORY TRANSFER IF A RECONCILIATION PAYMENT WAS MADE PREVIOUSLY; PROVIDING DEFINITIONS; AMENDING SECTION 20-6-105, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. For the purposes of [sections 1 through 4] and 20-6-105, the following definitions apply:

(1) "Advisory capacity" has the same meaning as provided in 2-15-102.

(2) (a) "District operational levies" means property tax levies imposed on the property of a school district in support of a school district's budgeted operations. The term includes levies for all school district budgeted funds except the debt service fund.

(b) The term does not include countywide school levies.

(3) "Isolated pupil" means a pupil who is enrolled and admitted in a nonresident district contiguous to the pupil's resident school district under conditions specified in 20-5-321 and who is unable to access onsite services of a resident school district.

(4) "Reconciliation payment" means payment provided for in [section 2] from a resident school district to reimburse a school district of attendance for educating an isolated pupil of the resident school district.

(5) "Resident school district" means the school district where an isolated pupil maintains legal residence as defined in 1-1-215.

(6) "School district" means a school district created under Title 20, chapter 6.

(7) "School district of attendance" means the school district where the isolated pupil is enrolled, admitted, and receiving onsite instruction.

(8) "Unable to access onsite services of a resident school district" means a case in which a pupil resides in a location in which, because of geographic conditions between the pupil's home and the school that the pupil would attend within the resident school district, it is impractical to access onsite programs in the resident school district, based on a travel time of more than 60 minutes under normal weather conditions over a publicly owned and maintained road using the shortest passable route while complying with all applicable speed limits to the school the pupil would attend in the resident school district.

Section 2. Qualification for reconciliation payment – petition to qualify. (1) A school district that has enrolled and admitted an isolated pupil is qualified for a reconciliation payment as provided in this section when the isolated pupil is a resident of a contiguous school district that has a taxable

value of at least \$100 million and a taxable value per-ANB that is greater than 1.5 times the taxable value per-ANB in the school district of attendance.

(2) On payment of a processing fee of \$100 to the county superintendent of the county in which the resident school district of an isolated pupil is located, a school district that meets the requirements of subsection (1) may annually petition to qualify for a reconciliation payment calculated pursuant to [section 3]. To qualify for a reconciliation payment in the subsequent fiscal year, the school district shall file a petition with the county superintendent no later than June 1. The petition must include supporting evidence for the qualification of the school district of attendance for a reconciliation payment, including the number of full-time equivalent isolated pupils who were enrolled and admitted to the school district of attendance and receiving onsite instruction in the current school year.

(3) On receipt of a petition for a reconciliation payment, the county superintendent shall undertake a reasonable inquiry to assess the validity of the petition and eligibility for the reconciliation payment. The county superintendent shall exercise their best judgment and make a determination based on available and credible evidence, documentation, and applicable laws and policies. The county superintendent shall afford deference to the petitioner's assertions, ensuring that the evaluation process remains fair, transparent, and consistent with established criteria. The county superintendent may utilize resources and expertise from the office of public instruction, the department of revenue, and the department of transportation to verify the credibility of the evidence presented and to better ascertain the facts surrounding the petition.

(4) The county superintendent shall complete the inquiry and communicate the findings and determination, including a designation of the number of full-time equivalent isolated pupils enrolled in the school district of attendance, to the petitioner and the resident school district within 30 calendar days from the date of receipt of the petition. If further information or clarification is required to make an informed determination, the county superintendent may request additional documentation or engage in dialogue with the petitioner within this timeframe.

(5) An affected school district that disagrees with the county superintendent's determination may appeal to the district court by filing a verified petition with the court clerk and serving a copy of the petition on the county superintendent. The petition must clearly outline the objections of the school district to the basis of the county superintendent's determination and the objective criteria set forth in [sections 1 through 4]. Filing and serving the petition stays the county superintendent's decision until the court reaches a final determination on the matter. The court shall schedule a hearing at the earliest possible convenience. The court shall review the record and determine whether the county superintendent's decision constituted an abuse of discretion. The proceedings must be summary and informal, and the court's decision must be considered final.

Section 3. Proportional reconciliation of taxable valuation – reimbursement for isolated pupils. (1) The resident school district shall impose a levy and make a reconciliation payment to the school district of attendance as calculated in this section when a petition under [section 2] has been granted to a school district of attendance by the applicable county superintendent.

(2) Following approval of the petition and not later than the first Tuesday in September, the school district of attendance shall notify the resident school district of the mills budgeted to be imposed by the school district of attendance

for district operational levies pursuant to the final budget adopted by the school district of attendance in compliance with 20-9-131.

(3) The resident school district shall calculate and impose levies on all of its taxable value sufficient to generate the amount of the reconciliation payment. The reconciliation payment must be incorporated into the tuition budget of the district of residence. The amount of the reconciliation payment must be calculated by:

(a) multiplying the number of full-time equivalent isolated pupils of the resident school district in the prior year as approved by the county superintendent pursuant to [section 2(4)] by the mill value per-ANB determined pursuant to subsection (4); and

(b) multiplying the result of subsection (3)(a) by the number of mills reported by the school district of attendance under subsection (2).

(4) The mill value per-ANB for the resident school district under subsection (3)(a) must be calculated by the office of public instruction and reported by May 1 with the information required in 20-9-369(1)(a) to the resident school district and to the school district of attendance based on the certified taxable value of the resident school district for the prior school fiscal year divided by the resident school district's budgeted ANB in the prior school fiscal year.

(5) Revenue generated from the reconciliation payment levy imposed on the resident school district pursuant to subsection (4) must be deposited in the tuition fund of the resident school district and used solely for reconciliation payments to the school district of attendance.

(6) By December 31, the resident school district shall pay at least one-half of the reconciliation payment provided for in this section to the school district of attendance. The remaining obligation must be paid by June 15 of the same fiscal year.

(7) On receipt of the reconciliation payment, a school district of attendance shall deposit the payment in the school district's flexibility fund or any other budgeted funds in the discretion of the trustees.

Section 4. Advisory council. (1) A school district with an enrollment of isolated pupils comprising 5% or more of its budgeted ANB shall establish an advisory council dedicated to fostering open dialogue and collaboration on matters that impact isolated pupils and other nonresident pupils from the areas in which isolated pupils reside. The council shall serve in an advisory capacity as a vital forum for listening to and voicing the concerns and insights of parents, guardians, and community members regarding the educational experiences of isolated pupils.

(2) The board of trustees of the school district of attendance shall appoint members to the advisory council following a public notice process that invites community participation and expressions of interest. The size of the council, the terms of service, and specific responsibilities must be outlined by district policy. A majority of the council's members must be parents or legal guardians of isolated pupils. The board may appoint other stakeholders at its discretion.

(3) The agenda for regular meetings of the board may include, at the council's request, a dedicated item for a report from the advisory council.

Section 5. Section 20-6-105, MCA, is amended to read:

"20-6-105. Transfer of territory from one district to another -- hearing on effects of proposed transfer -- burden of proof -- standard of proof -- appeal to district court. (1) ~~(a) Except as provided in 20-6-214, 20-6-215, 20-6-308, and 20-6-322, and subsections (1)(b) and (1)(c) of this section, a petition to transfer territory from one school district to another may be presented to the county superintendent if:~~

(i)(a) the petition is signed by 60% of the registered electors qualified to vote at general elections in the territory proposed for transfer;

(ii)(b) the territory to be transferred is contiguous to the district to which it is to be attached, includes taxable property, and has school-age children living in it;

(iii)(c) the territory to be transferred is not located within 3 miles, over the shortest practicable route, of an operating school in the district from which it is to be transferred; and

(iv)(d) the board of trustees of the school district that would receive the territory has approved the proposed transfer by a resolution adopted by a majority of the members of the board of trustees at a meeting for which proper notice was given.

~~(b) A petition to transfer territory to or from a K-12 district may not be presented to a county superintendent unless both school boards and the county superintendents have agreed in writing.~~

~~(c) Registered voters within the exterior boundaries of school districts that consolidated during the years 2004 to 2008 may petition for changes in their boundaries under the law in effect on July 1, 2005.~~

(2) ~~Once~~ When a petition to transfer territory has been filed, an additional petition to transfer that territory may not be filed for ~~4 years~~ 1 full fiscal year unless the county superintendents have agreed in writing.

(3) The petition for a transfer of territory must be delivered to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the district to which the territory is to be transferred;

(b) state the reasons why the transfer is requested; and

(c) state the number of school-age children residing in the territory.

(4) If both the trustees of the receiving and transferring school districts have approved the proposed territory transfer in writing, the county superintendent shall grant the transfer.

(5) For any petition that meets the criteria specified in subsection (1) and contains the information required by subsection (3) but that has not been approved in writing by the board of trustees of the school district that would transfer the territory, the county superintendent shall:

(a) not more than 40 days after receipt of the petition, set a place, date, and time for a hearing to consider the petition; and

(b) give notice of the place, date, and time of the hearing. The notice must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for notices for school elections, with at least one notice posted in the territory to be transferred. Notice must also be delivered to the board of trustees of the school district from which the territory is to be transferred.

(6) The county superintendent shall conduct a hearing as scheduled, and any resident, taxpayer, or representative of the receiving or transferring district must, ~~upon~~ on request, be heard. At the hearing, the petitioners have the initial burden of presenting evidence on the proposed transfer's effect on:

(a) the educational opportunity for the students in the receiving and transferring districts, including but not limited to:

(i) class size;

(ii) ability to maintain demographic diversity;

(iii) local control;

(iv) parental involvement; and

(v) the capability of the receiving district to provide educational services;

(b) student transportation, including but not limited to:

(i) safety;

(ii) cost; ~~and~~

(iii) travel time of students; *and*

(iv) *whether there are isolated pupils in the territory proposed for transfer;*
and

(c) the economic viability of the proposed new districts, including but not limited to:

(i) the existence of a significant burden on the taxpayers of the district from which the territory will be transferred *if the transfer is approved and on the taxpayers of the school district to which the territory is to be transferred if the transfer is rejected;*

(ii) the significance of any loss in state funding for the students in both the receiving and transferring districts;

(iii) the viability of the future bonding capacity of the receiving and transferring districts, including but not limited to the ability of the receiving district and the transferring district to meet minimum bonding requirements;

(iv) the ability of the receiving district and the transferring district to maintain sufficient reserves; and

(v) the cumulative effect of other transfers of territory out of the district in the previous 8 years on the taxable value of the district from which the territory is to be transferred. In cases ~~where~~ *in which* the cumulative effect of other transfers of territory out of the district in the previous 8 years is equal to or greater than 25% of the district's taxable value, the following additional factors must be considered and weighed in the decision:

(A) the district's rate of passage of discretionary levies placed before the voters over the previous 8 years;

(B) the district's reduction or elimination of instructional staff or programs over the previous 8 years; and

(C) any increase in district taxes over the previous 8 years and the likely increase in district taxes if the transfer is granted.

(7) After receiving evidence from both the proponents and opponents of the proposed territory transfer on the effects described in subsection (6), the county superintendent shall, within 30 days after the hearing, issue findings of fact, conclusions of law, and an order.

(8) If, based on a preponderance of the evidence, the county superintendent determines that the evidence on the effects described in subsection (6) supports a conclusion that a transfer of the territory is in the best and collective interest of students in the receiving and transferring districts and does not negatively impact the ability of the districts to serve those students, the county superintendent shall grant the transfer. If the county superintendent determines that, based on a preponderance of the evidence presented at the hearing, a transfer of the territory is not in the best and collective interest of students in the receiving and transferring districts and will negatively impact the ability of the districts to serve those students, the county superintendent shall deny the territory transfer.

(9) The decision of the county superintendent is final 30 days after the date of the decision unless it is appealed to the district court by a resident, taxpayer, or representative of either district affected by the petitioned territory transfer. The county superintendent's decision must be upheld unless the court finds that the county superintendent's decision constituted an abuse of discretion under this section. *The county superintendent shall notify the department of revenue of the approval of a petition to transfer territory from one school district to another.*

(10) Whenever a petition to transfer territory from one district to another district creates a joint district or affects the boundary of an existing joint district, the petition to transfer territory must be delivered to the county superintendent of the county in which the territory proposed to be transferred is located. The county superintendent shall notify any other county superintendents of counties with districts affected by the petition, and the duties prescribed in this section for the county superintendent must be performed jointly. If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (6) and in issuing the decision required in subsection (8). The decision issued under subsection (8) must be made by a majority of the county superintendents.

(11) A petition seeking to transfer territory out of or into a K-12 district must propose the transfer of territory for both elementary and high school purposes. In the case of a proposed transfer out of or into a K-12 district, a petition that fails to propose the transfer of territory for both elementary and high school purposes is invalid for the purposes of this section.

(12) If a petition to transfer territory is granted under this section, for the 3 years immediately following the transfer:

(a) the taxable value of territory transferred must be divided equally between the school district from which the territory is transferred and the school district to which the property is transferred;

(b) when certifying taxable values pursuant to 15-10-202, the department of revenue shall include half of the certified value of the transferred territory in each school district's certified taxable value;

(c) each school district shall calculate the mills required for its district operational levies, as defined in [section 1], based on the certified taxable value provided under subsection (12)(b) of this section; and

(d) when levying taxes for district operational levies pursuant to 20-9-142, the county commissioners shall fix and levy one-half of the number of mills for each district's operational levies on the full taxable value of all property within the transferred territory.

(13) (a) When a petition to transfer territory is granted for a school district that has paid a reconciliation payment to another school district under [section 3]:

(i) the school district to which the territory is transferred shall budget and impose a levy for 3 consecutive years following the transfer to generate revenue equal to the most recent reconciliation payment it received from the district from which the territory is transferred; and

(ii) the school district imposing the levy shall deposit the revenue in its tuition fund and pay the district from which the territory is transferred an amount equal to the revenue raised in subsection (13)(a)(i) for 3 consecutive years following the transfer, with at least half of the annual payment made by December 31 and the remainder made by June 15 of the same fiscal year.

(b) The school district from which territory is transferred shall deposit the received payment in its flexibility fund or allocate it among its budgeted funds as determined by the trustees."

Section 6. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 20, chapter 6, part 1, and the provisions of Title 20, chapter 6, part 1, apply to [sections 1 through 4].

Section 7. Effective date. [This act] is effective on passage and approval.

Section 8. Coordination instruction. If both Senate Bill No. 260 and [this act] are passed and approved, then [sections 10 through 14 of Senate Bill No. 260] are void.

Section 9. Applicability. [This act] applies to school years beginning on or after July 1, 2025.

(1) (a) Each individual subject to tax under this chapter, except farmers or ranchers as defined in subsection (6), shall pay for the tax year, through employer withholding, as provided in 15-30-2502, through payment of estimated tax in four installments, as provided in subsection (2) of this section, or through a combination of employer withholding and estimated tax payments, at least:

(i) 90% of the tax for the current tax year, less tax credits and withholding allowed the taxpayer; or

(ii) an amount equal to 100% of the individual’s tax liability for the preceding tax year, if the preceding tax year was a period of 12 months and if the individual filed a return for the tax year.

(b) Payment of estimated taxes under this section is not required if:

(i) the combined tax liability of employer withholding and estimated tax for the current year is less than \$500 after reductions for credits and withholding;

(ii) the individual did not have any tax liability for the preceding tax year, which was a tax year of 12 months, and if the individual was a citizen or resident of the United States throughout that tax year;

(iii) the underpayment was caused by reason of casualty, disaster, or other unusual circumstances that the department determines to constitute good cause; or

(iv) the individual retired in the tax year after having attained the age of 62 or if the individual became disabled in the tax year. In addition, payment of estimated taxes under this section is not required in the tax year following the tax year in which the individual retired or became disabled.

(2) Estimated taxes must be paid in four installments according to one of the following schedules:

(a) Subject to the due date provision in 15-30-2604(1)(b), for each taxpayer whose tax year begins on January 1, estimated tax payments are due on the following dates:

Installment	Date
First	April 15
Second	June 15
Third	September 15
Fourth	January 15 of the following tax year

(b) Subject to the due date provision in 15-30-2604(1)(b), for each taxpayer whose tax year begins on a date other than January 1, estimated tax payments are due on the following dates:

Installment	Date
First	15th day of the 4th month following the beginning of the tax year
Second	15th day of the 6th month following the beginning of the tax year
Third	15th day of the 9th month following the beginning of the tax year
Fourth	15th day of the month following the close of the tax year

(3) (a) Except as provided in subsection (4), each installment must be 25% of the required annual payment determined pursuant to subsection (1).

If the taxpayer's tax situation changes, each succeeding installment must be proportionally changed so that the balance of the required annual payment is paid in equal installments over the remaining period of time.

(b) If the taxpayer's tax situation changes after the date for the first installment or any subsequent installment, as specified in subsection (2)(a) or (2)(b), so that the taxpayer is required to pay estimated taxes, the taxpayer shall pay 25% for each succeeding installment except for the first one in which a payment is required. For estimated taxes required to be paid beginning with the second installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 50% for that installment and 25% for the third and fourth installments, respectively. For estimated taxes required to be paid beginning with the third installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 75% for that installment and 25% for the fourth installment.

(4) (a) If for any required installment the taxpayer determines that the installment payment is less than the amount determined under subsection (3)(a), the lower amount may be paid as an annualized income installment.

(b) For any required installment, the annualized income installment is the applicable percentage described in subsection (4)(c) applied to the tax computed on the basis of annualized Montana taxable income in the tax year for the months ending before the due date for the installment less the total amount of any prior required installments for the tax year.

(c) For the purposes of this subsection (4), the applicable percentage is determined according to the following schedule:

Required Installment	Applicable Percentage
First	22.5%
Second	45%
Third	67.5%
Fourth	90%

(d) A reduction in a required installment resulting from the application of an annualized income installment must be recaptured by increasing the amount of the next required installment, determined under subsection (3)(a), by the amount of the reduction. Any subsequent installment must be increased by the amount of the reduction until the amount has been recaptured.

(5) (a) Subject to subsection (5)(e), if an estimated tax, an employer withholding tax, or a combination of estimated tax and employer withholding tax is underpaid, there must be added to the amount due under this chapter interest on the amount of the underpayment as provided in 15-1-216. The interest is computed on the amount of the underpayment, as determined in subsection (5)(b), for the period from the time the payment was due to the date payment was made or to the 15th day of the 4th month of the year following the tax year in which the payment was to be made, whichever is earlier.

(b) For the purpose of determining the amount of interest due in subsection (5)(a), the amount of the underpayment is the required installment amount less the installment amount paid, if any, on or before the due date for the installment.

(c) For the purpose of determining the amount of interest due in subsection (5)(a), an estimated payment must be credited against unpaid required installments in the order in which those installments are required to be paid.

(d) Interest may not be charged with respect to any underpayment of the fourth installment of estimated taxes if:

(i) the taxpayer pays in full the amount computed on the return as payable; and

(ii) the taxpayer files a return on or before the last day of the month following the close of the tax year referred to in subsection (2)(a) or (2)(b).

(e) Interest on the underpayment of estimated tax may not be assessed against a taxpayer if the tax paid by the taxpayer from employer withholding and estimated tax payments satisfies the requirements of subsection (1)(a)(i) or (1)(a)(ii) and the taxpayer has paid approximately equal quarterly installments of estimated taxes.

(6) For the purposes of this section, “farmer or rancher” means a taxpayer who derives at least 66 2/3% of the taxpayer’s gross income, determined for federal income tax purposes, from farming or ranching operations, or both.

(7) The department shall promulgate rules governing reasonable extensions of time for paying the estimated tax. An extension may not be for more than 6 months.

(8) (a) *Notwithstanding 15-1-206(2), the department may, in its discretion, waive the interest required to be added under subsection (5), for underpaid estimated taxes attributable to the 2024 tax year, if the taxpayer:*

(i) timely files a Montana income tax return for the 2024 income tax year, as provided in 15-3024 2604; and

(ii) when filing the return as provided in subsection (8)(a)(i), pays to the department any balance of income tax remaining unpaid.

(b) The waiver authority provided for under this subsection (8) terminates January 1, 2026.”

(2) Any transfers made pursuant to subsection (1) are not considered expenditures to be applied against budget authority. Any revenue transfers that are not encumbered for expenditures in compliance with subsection (1) within 2 full school fiscal years after the funds are transferred must be transferred back to the originating fund from which the revenue was transferred.

(3) The intent of this section is to increase the flexibility and efficiency of school districts without an increase in local taxes. In furtherance of this intent, if transfers of funds are made from any school district fund supported by a nonvoted levy, the district may not increase its nonvoted levy for the purpose of restoring the transferred funds."

Section 3. Section 20-9-502, MCA, is amended to read:

"20-9-502. Purpose and authorization of building reserve fund – subfund structure. (1) The trustees of any district may establish a building reserve fund to budget for and expend funds for any of the purposes set forth in this section. Appropriate subfunds must be created to ensure separate tracking of the expenditure of funds from voted and nonvoted levies and transfers for school safety pursuant to 20-9-236.

(2) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district for the purpose of raising money for the future construction, equipping, or enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(i) the purpose or purposes for which the new or addition to the building reserve will be used;

(ii) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(iii) the total amount of money that will be raised during the duration of time specified for the levy; and

(iv) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(b) Except as provided in subsection (4)(b), a building reserve tax authorization may not be for more than 20 years.

(c) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(d) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and

impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(3) (a) A subfund must be created to account for revenue and expenditures for school major maintenance and repairs authorized under this subsection (3). The trustees of a district may authorize and impose a levy of no more than 10 mills on the taxable value of all taxable property within the district for that school fiscal year for the purposes of raising revenue for identified improvements or projects meeting the requirements of 20-9-525(2). The 10-mill limit under this subsection (3) must be calculated using the district's total taxable valuation most recently certified by the department of revenue under 15-10-202. The amount of money raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) may not exceed the district's school major maintenance amount. For the purposes of this section, the term "school major maintenance amount" means the sum of \$15,000 and the product of \$110 multiplied by the district's budgeted ANB for the prior fiscal year. To authorize and impose a levy under this subsection (3), the trustees shall:

(i) following public notice requirements pursuant to 20-9-116, adopt no later than March 31 of each fiscal year a resolution:

(A) identifying the anticipated improvements or projects for which the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) will be used; and

(B) estimating a total dollar amount of money to be raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, anticipated state aid pursuant to 20-9-525(3), and the resulting estimated number of mills to be levied using the district's taxable valuation most recently certified by the department of revenue under 15-10-202; and

(ii) include the amount of any final levy to be imposed as part of its final budget meeting noticed in compliance with 20-9-131.

(b) Proceeds from the levy may be expended only for the purposes under 20-9-525(2), and the expenditure of the money must be reported in the annual trustees' report as required by 20-9-213.

(c) Whenever the trustees of a district impose a levy pursuant to this subsection (3) during the current school fiscal year, they shall budget for the proceeds of the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) in the district's building reserve fund budget. Any expenditures of the funds must be made in accordance with the financial administration provisions of this title for a budgeted fund.

(d) When a tax levy pursuant to this subsection (3) is included as a revenue item on the final building reserve fund budget, the county superintendent shall report the levy requirement to the county commissioners by the later of the first Tuesday in September or within 30 calendar days after receiving certified taxable values and a levy on the district must be made by the county commissioners in accordance with 20-9-142.

(e) A subfund in the building reserve fund must be created for the deposit of proceeds from the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3).

(f) If the imposition of 10 mills pursuant to subsection (3)(a) is estimated by the trustees to generate an amount less than the maximum levy revenue specified in subsection (3)(a), the trustees may deposit additional funds from any lawfully available revenue source and may transfer additional funds from any lawfully available fund of the district to the subfund provided for in subsection (3)(a), up to the difference between the revenue estimated to be raised by the imposition of 10 mills and the maximum levy revenue specified in subsection (3)(a). The district's local effort for purposes of calculating its eligibility for state school major maintenance aid pursuant to 20-9-525 consists of the combined total of funds raised from the imposition of 10 mills and additional funds raised from deposits and transfers in compliance with this subsection (3)(f).

(4) (a) A voted levy may be imposed and a subfund must be created with the approval of the qualified electors of the district to provide funding for transition costs incurred when the trustees:

- (i) open a new school under the provisions of Title 20, chapter 6;
- (ii) close a school;
- (iii) replace a school building;
- (iv) consolidate with or annex another district under the provisions of Title 20, chapter 6; or
- (v) receive approval from voters to expand an elementary district into a K-12 district pursuant to 20-6-326.

(b) Except as provided in subsection (4)(c), the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district's maximum general fund budget for the current year or \$250 per ANB for the current year. The duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

- (i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and
- (ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(5) (a) A subfund in the building reserve fund must be created for:

- (i) the funds transferred to the building reserve fund for school safety and security pursuant to 20-9-236; and
- (ii) funds generated by a voter-approved levy for school and student safety and security pursuant to subsection (5)(b) of this section.

(b) A voted levy may be imposed with the approval of the qualified electors of the district to provide funding for improvements to school and student safety and security that meet any of the criteria set forth in ~~20-9-236(1)(a) through (1)(e)~~ 20-9-236(1). A voted levy for school and student safety and security may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406. The election for a voted levy for school and student safety and security must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425."

Section 4. Appropriation. (1) There is appropriated \$240,000 from the general fund to the office of public instruction for the biennium beginning July 1, 2025, to support school districts in implementing the requirements of [section 1].

(2) The office of public instruction shall administer a grant program to reimburse school districts for the purchase and ongoing maintenance of automatic external defibrillators as part of the implementation of [section 1]. The grant program shall provide a reimbursement of \$1 for every \$1 paid by a school district up to a maximum state contribution of \$700 per automatic external defibrillator.

(3) The office of public instruction may use up to 5% of the appropriation in this section for the purpose of administering the reimbursement grant program.

Section 5. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 20, chapter 7, part 13, and the provisions of Title 20, chapter 7, part 13, apply to [section 1].

Section 6. Effective date. [This act] is effective July 1, 2025.

The licensed retailer must demonstrate that it has adequate control over all alcoholic beverages to prevent self-service, service to underage persons, and service to persons who are actually or apparently intoxicated. Except as provided in subsections (8), (10), and (11), the premises must be separated from the rest of the building by permanent walls but may have inside access to the rest of the building at all times even if the businesses or uses in the other part of the building are unrelated to the operation of the premises in which the alcoholic beverages are served. A licensee may lease the kitchen or another specified area to allow another business entity to operate a business within its premises without permanent floor-to-ceiling walls and without a concession agreement if the other business does not take orders for, serve, or deliver alcohol and has a separate point of sale system. If the premises are located in a portion of a building, the licensed retailer must be able to demonstrate that there are adequate safeguards in place to prevent public access to alcoholic beverages after hours, either by the presence of a lockable door or other security features such as rolling gates, locking cabinets, tap locks, or key card access.

(b) A resort retail all-beverages licensee, a retail all-beverages licensee, or an on-premises consumption beer and wine licensee within the boundaries of a resort area may also utilize up to three alternate alcoholic beverage storage facilities as allowed in 16-4-213(8).

A licensee shall provide a copy of the revised floorplan with the proposed alteration for the licensed premises to the department within 7 days of beginning the alteration. Department approval may not be unreasonably withheld. If the completed alteration differs from the approved alteration due to modifications required for approval by other state or local government entities, such as compliance with fire or building codes, the department must be notified, but preapproval is not required for these modifications. An alteration for the purposes of this

section is any structural change in a premises that does not increase the square footage of the existing approved premises. An alteration that increases the square footage of the existing approved premises must be approved by the department prior to beginning the alteration. A cosmetic change, such as painting, carpeting, or other interior decorating, is not considered an alteration under this section. If the alteration does not require the licensee to obtain a building permit, then the inspections by local government agencies may not be required for department approval.

(3) The interior portion of the licensed premises must be a continuous area that is under the control of the licensee and not interrupted by any area in which the licensee does not have adequate control and includes multiple floors on the premises and common areas necessarily shared by multiple building tenants in order to allow patrons to access other tenant businesses or private dwellings in the same building, including but not limited to entryways, hallways, stairwells, and elevators.

(4) The premises may include one or more exterior patios or decks as long as sufficient physical safeguards are in place to ensure proper service and consumption of alcoholic beverages. An additional perimeter barrier may not be required if an existing boundary naturally defines the outdoor service area and impedes foot traffic.

(5) Premises suitability does not include a minimum number of seats.

(6) A licensed retailer may apply to the department to have a noncontiguous storage area that is under the control of the licensed retailer approved for onsite alcoholic beverage storage separate from its service area as long as the licensed retailer demonstrates that there are adequate safeguards in place to prevent public access to alcoholic beverages after hours, either by the presence of a lockable door or other security features such as rolling gates, locking cabinets, tap locks, or key card access. The application fee is \$100. On department approval, an on-premises consumption retailer's keg storage and beer lines running into the licensed premises may be in a noncontiguous storage area provided that the licensee is able to maintain control and adequate safeguards are in place to prevent public access.

(7) A licensed retailer operating within a hotel or similar short-term lodging facility may apply to the department to allow for the delivery of alcoholic beverages to guests of accommodation units, and the prestocking of alcoholic beverages in accommodation units is allowed for the accommodation units within the property as long as the purchaser's age is verified and there are adequate safeguards in place to prevent underage service. The application fee is \$100.

(8) An on-premises consumption retailer may be located adjacent to a brewery or winery if the licensees are able to maintain control of their respective premises through adequate physical separation.

(9) (a) For the purposes of this section, "adequate physical separation" means:

(i) the premises of the retailer and the premises of the brewery or winery are secured after business hours from each other and from any other business, including but not limited to prohibiting a customer from accessing a brewery sample room and purchasing alcohol after the brewery tasting room hours of operation as specified in 16-3-213(2)(b); and

(ii) the separation may include doors, gates, or windows that may be left open during business hours.

(b) The term does not require permanent floor-to-ceiling walls.

(10) For colocated premises authorized in 16-4-401(9), there are no physical separation requirements applied by this code but the licensee shall follow any federal requirements.

(11) A public airport all-beverages licensee, licensed pursuant to 16-4-208, or the Yellowstone airport beer and wine licensee, licensed pursuant to 16-4-304, may use the airport terminal or part of the terminal as premises licensed for the on-premises consumption of alcoholic beverages without regard to other businesses or uses in the terminal. The airport licensee must be able to demonstrate that there are adequate safeguards in place to prevent public access to alcoholic beverages after hours, either by the presence of a lockable door or other security features such as rolling gates, locking cabinets, tap locks, or key card access.”

Section 3. Section 16-4-213, MCA, is amended to read:

(2) (a) Except as provided in subsections (2)(b) and (2)(c), the department may issue one resort retail all-beverages license for the first 100 accommodation units and an additional license for each additional 50 accommodation units within an approved resort area as long as the recreational facilities under 16-4-212 have also been completed.

game, or fur-bearing animal districts throughout the state. The commission may declare a closed season for hunting, fishing, or trapping in any of those districts and later may open those districts to hunting, fishing, or trapping.

(4) The commission may declare a closed season on any species of game, fish, game birds, or fur-bearing animals threatened with undue depletion from any cause. During this season, subject to the provisions of 87-6-401(1)(i) and rules adopted by the commission, a person may take a deer or elk with a valid license or permit using plain lead projectiles and a muzzleloading rifle that is charged with loose black powder, loose pyrodex, or an equivalent loose black powder substitute and ignited by a flintlock, wheel lock, matchlock, or percussion mechanism using a percussion or musket cap. The muzzleloading rifle must be a minimum of 45 caliber and may not have more than two barrels.

(10) *For the purpose of shed hunting as defined in 87-2-101 in a wildlife management area, the commission shall allow a resident as defined in 87-2-102 access to the area 7 days in advance of a nonresident. (5) Action requiring the consent of members or managers under this chapter may be taken without a meeting.

(6) A member or manager may appoint a proxy to vote or otherwise act for the member or manager by signing an appointment instrument, either personally or by the member's or manager's attorney-in-fact.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-2357, MCA, is amended to read:

“15-30-2357. Tax credit for hiring registered apprentice or veteran apprentice. (1) Subject to the provisions of {15-30-2361(8) and} 39-6-109, a taxpayer is allowed a credit against the tax imposed by chapter 31 or this chapter for employing a registered apprentice or registered veteran apprentice who works in Montana.

(2) The credit may not exceed the taxpayer’s tax liability and may not be carried forward or carried back.

(3) The credit may be claimed only in the tax year in which the department of labor and industry approved the credit as provided in 39-6-109(4). If a taxpayer claims the credit but was not approved by the department of labor and industry, the taxpayer’s return must be processed without regard to the credit.

(4) For fiscal year filers, the credit available to claim in the current fiscal year is the credit allowed for the calendar year that ends within the taxpayer’s fiscal period.

(5) Subject to the probationary period provided for in 39-6-109, if an employer employs an apprentice for less than the full preceding calendar year, the employer may apply for the full credit for the year in which the apprentice was employed.

(6) The department shall, after consultation with the department of labor and industry, prescribe a form for a taxpayer to claim the tax credit. The form must provide the department with sufficient information for the proper administration of the credit.

(7) The department shall provide the department of labor and industry an annual report detailing the tax credit provided to employers for the previous year. The information provided to the department of labor and industry is subject to the provisions of 15-30-2618 and 15-31-511.

(8) The department may adopt rules, prepare forms, and maintain records that are necessary to implement this credit. (Bracketed language terminates December 31, 2028--sec. 4, Ch. 391, L. 2023.)”

Section 2. Section 15-30-2361, MCA, is amended to read:

“15-30-2361. (Temporary) Grow Montana jobs – annual job growth incentive tax credit. (1) Subject to the provisions of 39-11-404, a taxpayer is allowed an annual job growth incentive tax credit against the tax imposed by chapter 31 or this chapter for creating qualifying net employee growth in the state.

(2) The amount of the credit is equal to 50% of the taxpayer’s total estimated taxes imposed on the taxpayer each year for the Montana source wages paid to qualifying new employees in the credit certificate under the Federal Insurance Contributions Act, 26 U.S.C. 3111(a) and (b).

(3) The credit allowed by this section may not be refunded if the taxpayer has a tax liability less than the amount of the credit. If the sum of credit carryovers from the credit, if any, and the amount of credit allowed by this section for the tax year exceeds the taxpayer’s tax liability for the current tax year, the excess attributable to the current tax year’s credit is a credit carryover to succeeding tax years for a period not to exceed 10 years from the tax year the credit was claimed. The entire amount of unused credit must be carried forward to the earliest of the succeeding years, and the oldest available unused credit must be used first. Any credit remaining 10 years after the tax year for which the credit is based may not be refunded or credited to the taxpayer.

(4) The credit may be claimed for up to 7 years, but only in a tax year in which the department of labor and industry approved the credit by issuing the taxpayer with a credit certificate as provided in 39-11-404. If a taxpayer claims the credit but was not approved by the department of labor and industry, the taxpayer’s return will be processed without regard to the credit.

(5) For fiscal year filers, the credit available to claim in the current fiscal year is the credit allowed for the calendar year that ends within the taxpayer’s fiscal period.

(6) The department shall, after consultation with the department of labor and industry, prescribe a form for a taxpayer to claim the tax credit. The form must provide the department with sufficient information for the proper administration of the credit.

(7) The department shall provide the department of labor and industry with an annual report detailing the tax credit provided to taxpayers for the previous year. The information provided to the department of labor and industry is subject to the provisions of 15-30-2618 and 15-31-511.

~~(8) A taxpayer claiming this credit may not claim the apprenticeship tax credit pursuant to sections 15-30-2357, 15-31-173, and 39-6-109 in the same tax year that this credit is claimed. This subsection does not prevent a credit carryover from this credit from being used in a tax year in which the apprenticeship tax credit is claimed.~~

~~(9)~~(8) Each biennium, the department shall provide to the revenue interim committee information regarding all approvals granted and credit certificates issued, including the credits claimed, the names of the qualifying employers of the credits, and the amount of tax credits claimed. This information is not subject to the confidentiality requirements of 15-30-2618 or 15-31-511.

~~(10)~~(9) For the purposes of this section, the terms “credit certificate”, “qualifying employer”, “qualifying net employee growth”, and “qualifying new employee” have the same meaning as those terms are defined in 39-11-404. (Terminates December 31, 2028--sec. 4, Ch. 391, L. 2023.)”

Section 3. Section 15-31-175, MCA, is amended to read:

“15-31-175. (Temporary) Grow Montana jobs – annual job growth incentive tax credit. (1) There is an annual job growth incentive tax credit against the taxes otherwise due under 15-31-121 or 15-31-122 that is allowable in the amount established pursuant to 15-30-2361 when a taxpayer hires qualifying new employees *as defined in 39-11-404* in the state. The credit is administered as provided in 15-30-2361, 39-11-404, and this section.

(2) If the credit allowed under this section is claimed by a small business corporation as defined in 15-30-3301 or a partnership, the credit must be attributed to shareholders or partners using the same proportion to report the corporation's or partnership's income or loss for Montana income tax purposes. (Terminates December 31, 2028--sec. 4, Ch. 391, L. 2023.)”

Section 4. Section 39-11-404, MCA, is amended to read:

“39-11-404. (Temporary) Employer job growth incentive tax credit – administration. (1) An employer that hires qualifying new employees is eligible for an annual job growth incentive tax credit against income taxes imposed pursuant to Title 15, chapter 30 or 31.

(2) The amount and duration of the credit is administered by the department of revenue as provided in 15-30-2361 and 15-31-175.

(3) A qualifying employer seeking approval to claim a credit shall apply for a credit certificate with the department for the preceding calendar year. The application must be submitted on a form prescribed by the department on which the employer:

(a) identifies and describes the number of qualifying new employees hired;

(9) (a) The survey must allow respondents to indicate responses either on a numerical scale from one to five or in the affirmative or negative, with an option for an inability to respond in the affirmative or negative.

(b) The commission may allow respondents to provide written comments other than those that could, if used in a hiring process, trigger a violation of federal or state employment law.

(10) The commission shall compile and make available to each judge that judge's survey results.

(b) The commission's webpage must identify each judge receiving a partial final report.

(4) Prior to a partial final report, the commission shall inform the court administrator of the judges who will receive partial reports.

Section 8. Publication of judicial performance reports. (1) (a) The commission shall provide each judge with the judge's reports in a timely manner. If a report is based on a final evaluation, it must be provided at least 45 days before the last day on which the judge may file a declaration of the judge's candidacy in the next election.

(b) Each report, together with the information collected for the report, must remain confidential unless the judge who is the subject of the report files a declaration of candidacy in the ensuing election. In that event, the report becomes public record on the day following the last day on which the judge may file a declaration of candidacy.

(2) The report must include:

(a) a summary of the results of the judicial performance survey and tabulations of the responses to each question;

(b) information concerning any public discipline that a judge has received and is not subject to restrictions on disclosure under Title 3, chapter 1, part 11;

(e) any other information the commission considers necessary to include in the report.

(3) The report may not refer to information from a judge's earlier judicial performance report.

(4) The commission shall make each report publicly available on the internet.

(5) The commission shall provide the court administrator with each report that becomes public record.

FAILURE TO CLAIM A HOMESTEAD REDUCED TAX RATE; PROVIDING STATUTORY APPROPRIATIONS; PROVIDING DEFINITIONS; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 15-1-121, 15-6-133, 15-6-134, 15-7-102, 15-15-101, 15-15-102, 15-15-103, 15-16-101, 15-17-125, 15-30-2120, AND 17-7-502, MCA; AND PROVIDING EFFECTIVE DATES, APPLICABILITY DATES, AND TERMINATION DATES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 3], the following definitions apply:

(1) “Montana property taxes” means the ad valorem property taxes, special assessments, and other fees imposed on property classified under 15-6-134 that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre, as is reasonably necessary for its use as a dwelling and that were assessed and paid by the taxpayer for tax year 2024. The amount of Montana property taxes assessed and paid is equal to the total amount billed by the local government for the dwelling as shown on the 2024 property tax bill received by the taxpayer with a first-half payment due in or around November 2024 and a second-half payment due in or around May 2025.

(2) “Owned” includes purchasing under a contract for deed and being the grantor or grantors under a revocable trust indenture.

(3) (a) “Principal residence” means, subject to the provisions of subsection (3)(b), a dwelling:

(i) in which an owner can demonstrate the owner owned and lived for at least 7 months of the year for which the property tax rebate is claimed;

(ii) that is the only residence for which the taxpayer claims the property tax rebate; and

(iii) for which the taxpayer made payment of the assessed Montana property taxes during tax year 2024.

(b) A taxpayer who cannot meet the requirements of subsection (3)(a)(i) because the owner’s principal residence changed during the tax year to another principal residence may still claim the property tax rebate if the taxpayer paid the Montana property taxes while residing in each principal residence for a total of at least 7 consecutive months for the 2024 tax year.

(4) “Tax year 2024” means the period January 1, 2024, through December 31, 2024.

Section 2. Property tax rebate – penalty for false or fraudulent claim. (1) Except as provided in subsection (2), if the department discovers that a rebate paid to a taxpayer exceeded the amount allowed by [sections 1 through 3], the department may, within 1 year from the date the rebate was transmitted to the taxpayer, assess the taxpayer for the difference. The assessment is subject to the uniform dispute review procedure established in 15-1-211.

(2) A person who files a false or fraudulent claim for a property tax rebate under [sections 1 through 3] is subject to criminal prosecution under the provisions of 45-7-202. If a false or fraudulent claim has been paid by the department, the amount paid may be recovered as any other tax owed the state, together with a penalty of 300% of the rebate claimed and interest on the amount of the rebate claimed plus penalty at the rate of 12% a year, until paid. If this rebate plus penalty becomes due and owing, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 3. Property tax rebate – manner of claiming – limitations – appeals – statutory appropriation. (1) Subject to the conditions provided

for in [sections 1 through 3], there is a rebate of Montana property taxes in the amount of \$400 or the amount of total property taxes paid, whichever is less, for tax year 2024.

(2) The rebate provided for in subsection (1) is for Montana property taxes assessed to and paid by a taxpayer or taxpayers on property they owned and occupied as a principal residence during tax year 2024.

(3) The department shall mail a notice to potential claimants by June 30, 2025, for tax year 2024. Receipt of a notice does not establish that a taxpayer or property owner is eligible for a rebate, and a taxpayer who does not receive a notice may still be eligible to claim a rebate. All taxpayers, regardless of the receipt of notice, shall claim a rebate as provided in subsection (5).

(4) Except as provided in subsections (5)(c) and (5)(d), a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre that is owned by an entity is not eligible to claim the rebate.

(5) (a) (i) All claims for this property tax rebate must be submitted to the department electronically or by mail.

(ii) Electronic claims must be submitted between August 15, 2025, and October 1, 2025, through the department's website.

(iii) Claims submitted by mail must be made on a form prescribed by the department and postmarked by October 1.

(iv) The department may grant an extension of time if the claimant establishes good cause for missing the October 1 deadline. The department's authority to consider an application terminates on December 1, 2025, and any applications or requests for extension received after that date may not be processed.

(b) Subject to subsections (5)(c) and (5)(d), a claim for rebate must be submitted, under penalty of false swearing and the penalties provided in [section 2], on a form prescribed by the department and must contain:

(i) an affirmation that the claimant owns and maintains the land and improvements as the principal residence as defined in [section 1];

(ii) the geocode or other property identifier for the principal residence that the claimant is requesting the rebate on;

(iii) the social security number of the claimant and the claimant's spouse; and

(iv) any other information as required by the department that is relevant to the claimant's eligibility.

(c) The personal representative of the estate of a deceased taxpayer may execute and file the claim for rebate on behalf of a deceased taxpayer who qualifies for the rebate.

(d) The trustee of a grantor revocable trust may file a claim on behalf of the trust if the dwelling meets the definition of a principal residence for the grantor.

(6) Only one rebate will be issued to a taxpayer for the Montana property taxes paid by the taxpayer for tax year 2024.

(7) If a debt is due and owing to the state, the department may offset the rebate in this section as provided in sections 15-30-2629, 15-30-2630, 17-4-105, or as otherwise provided by law.

(8) If a property tax rebate is denied by the department, the claimant is entitled to a written explanation why the application was denied. A claimant may make a written appeal of a denial to a management level employee of the department, who shall issue a final decision that is not appealable. Appeals occurring under this subsection (8) are not subject to the provisions contained in 15-1-211.

(9) The payment of property tax rebates and administration costs related to paying property tax rebates under this section are statutorily appropriated, as provided in 17-7-502, from the general fund to the department of revenue for distribution to taxpayers and for related administration costs.

Section 4. Legislative findings – local government charters and fixed mill levy limits superseded. (1) (a) The legislature finds that most local governments set mill levies that adjust downward when taxable value increases under 15-10-420. This floating mill levy concept automatically lowers the number of mills levied against a taxpayer when property values increase, which mitigates increases in property values. However, when mill levies are fixed, the opposite occurs when property values increase, and property taxes are not automatically mitigated for taxpayers that are levied based on a fixed mill levy.

(b) The legislature finds further that it is prohibited under Article VIII, section 2, of the Montana constitution, from suspending or contracting away the power to tax. The legislature also recognizes and respects the power of local governments under Article XI, section 5, of the Montana constitution to adopt, amend, revise, or abandon a charter.

(2) As a matter of policy, the legislature intends to supersede local government charters that fix mill levy limits for the limited purpose of exercising the power to tax while also maintaining local government revenue sources without raising taxes on residential taxpayers. Having considered all options on a statewide basis, the legislature finds the statutory structure of the property tax has evolved significantly since the passage of Initiative Measure No. 105 on November 4, 1986, and the enactment of 15-10-420 by the legislature in 1999. Given the significant change in the structure of the property tax and the rising cost of residential property in the last 5 years, there is a compelling interest to all the citizens of the state to lower residential property tax rates for primary residences, which can only be accomplished by this section and 15-10-420.

(3) A local government with a charter form of government that includes a mill levy limit of a specific number of mills that may be imposed in the charter shall levy the number of mills in fiscal year 2026 and subsequent tax years that will generate the amount of property taxes assessed in fiscal year 2025, without amending or revising the charter. In fiscal years after 2026, the local government shall levy the number of mills levied in fiscal year 2026.

(4) A taxing entity with a local mill levy limit of a specific number of mills that may be imposed that was authorized by the voters before [the effective date of this section], shall:

(a) elect to transition a voted mill levy to a dollar-based mill levy equal to the amount of property taxes assessed in fiscal year 2025 and thereafter subject to the provisions of 15-10-420(1)(a); or

(b) levy the number of mills in fiscal year 2026 that will generate the amount of property taxes assessed in fiscal year 2025. In fiscal years after 2026, the local government shall levy the number of mills levied in fiscal year 2026.

Section 5. Definitions. As used in [sections 5 through 10] and 15-6-134, the following definitions apply:

(1) “Homestead reduced tax rate” means the tax rate provided for in 15-6-134(3)(b)(i).

(2) “Long-term rental” means class four residential property:

(a) that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and the parcel on which the long-term rental improvements are located but not including any contiguous or adjacent parcels;

(b) that an owner can demonstrate was:

(i) rented for periods of 28 days or more for at least 7 months in each tax year for which the rental property reduced tax rate is claimed; or

(ii) vacant for not more than 5 months to complete documented property repairs;

(c) that is occupied by tenants who use the dwelling as a residence during the year in which the reduced tax rate is claimed; and

(d) for which the owner is current on payment of the assessed Montana property taxes when claiming the reduced tax rate.

(3) "Owner" includes a purchaser under contract for deed as defined in 70-20-115, a grantor of a trust indenture as defined in 71-1-303, and the trustee of a grantor trust that is revocable as defined in 72-38-103.

(4) (a) "Principal residence" means class four residential property:

(i) that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and the parcel on which the principal residence improvements are located but not including any contiguous or adjacent parcels;

(ii) in which an owner can demonstrate the owner owned and lived for at least 7 months of the year for which the homestead reduced tax rate for a principal residence is claimed;

(iii) that is the only residence for which the owner claims the homestead reduced tax rate for that year; and

(iv) for which the owner made payment of the assessed Montana property taxes.

(b) An owner who cannot meet the requirements of subsection (4)(a)(ii) because the owner's principal residence changed during the tax year to another principal residence may still qualify for the homestead reduced tax rate if the owner paid the Montana property taxes while residing in each principal residence for a total of at least 7 consecutive months for each tax year.

(5) "Rental property reduced tax rate" means the tax rate provided for in 15-6-134(3)(b).

(6) "Tax year 2026" means the period from January 1, 2026, through December 31, 2026.

Section 6. Homestead reduced tax rate -- application -- limitations. (1) There is a homestead reduced tax rate provided for in 15-6-134(3)(b)(i) for a principal residence as provided in this section.

(2) (a) Beginning in tax year 2026, the owner of a principal residence may apply to the department to receive the homestead reduced tax rate. The owner of a principal residence who applied for and received the rebate provided for in [sections 1 through 3] for tax year 2024 automatically qualifies for the homestead reduced tax rate unless subsections (2)(c)(i) through (2)(c)(iii) apply to the principal residence for which the rebate was claimed. The owner of a principal residence who did not receive a rebate under [sections 1 through 3], shall apply as provided in this section to receive the homestead reduced tax rate in tax year 2026.

(b) To receive the homestead reduced tax rate for the tax year in which the application is first made, the owner shall apply electronically through the department's website or by mail on a form prescribed by the department between December 1 of the immediately preceding year and March 1. Applications submitted by mail must be postmarked by March 1. Approved applications received electronically or postmarked after March 1 apply to the following tax year.

(c) Once approved, the homestead reduced tax rate remains effective until the end of the tax year in which any of the following events occur:

- (i) there is a change in ownership of the property;
- (ii) the owner no longer uses the dwelling as a principal residence; or
- (iii) the owner applies for a homestead reduced tax rate for a different principal residence.

(d) If a homestead reduced tax rate is terminated pursuant to subsection (2)(c) or [section 8], any remaining property taxes due for the year in which the homestead reduced tax rate is terminated must be based on the tax rate in effect on January 1 of the year in which the homestead reduced tax rate was terminated.

(e) An application for a homestead reduced tax rate must be submitted on a form prescribed by the department and must contain:

- (i) a written declaration made under penalty of perjury that the applicant owns and maintains the land and improvements as the principal residence as defined in [section 5]. The application must state the penalty provided for in [section 8].

- (ii) the geocode or other property identifier of the principal residence for which the applicant is requesting the homestead reduced tax rate;

- (iii) the social security number of the applicant; and

- (iv) any other information required by the department that is relevant to the applicant's eligibility.

(3) (a) Except as provided in subsection (3)(b), class four residential property owned by an entity is not eligible to receive the homestead reduced tax rate.

(b) The trustee of a grantor revocable trust may apply for a homestead reduced tax rate for a principal residence on behalf of the trust if the dwelling meets the definition of a principal residence for the grantor.

(4) The department shall notify the owner if the homestead reduced tax rate is applied to the property or if the application was denied.

Section 7. Rental property reduced tax rate -- application -- limitations. (1) There is a rental property reduced tax rate provided for in 15-6-134(3)(b) for a long-term rental as provided in this section.

(2) (a) Beginning in tax year 2026, the owner of a long-term rental may apply to the department to receive the rental property reduced tax rate. The application must be made by an individual owner or, for an entity owner, by an authorized representative of the entity.

(b) The department shall mail a notice to potential claimants by October 30, 2025, for tax year 2026. Receipt of a notice does not establish that a taxpayer or property owner is eligible to receive the rental property reduced tax rate, and a taxpayer who does not receive a notice may still be eligible to claim the rental property reduced tax rate. All taxpayers, regardless of the receipt of notice, shall apply for a reduced rate as provided in this subsection (2).

(c) To receive the rental property reduced tax rate for the tax year in which the application is first made, the owner or authorized representative shall apply electronically through the department's website or by mail on a form prescribed by the department between December 1 of the immediately preceding year and March 1. Applications received electronically or postmarked after March 1 apply to the following tax year.

(d) Once approved, the rental property reduced tax rate remains effective until the end of the tax year in which any of the following events occur:

- (i) there is a change in ownership of the property;

- (ii) the property is no longer rented to tenants as a dwelling;

- (iii) the terms of the lease change and the property no longer qualifies as a long-term rental as defined in [section 5]; or

- (iv) the owner fails to submit a reapplication to the department as required in subsection (4).

(e) If a rental property reduced tax rate is terminated pursuant to subsection (2)(d) or [section 8], any remaining property taxes due for the year in which the rental property reduced tax rate is terminated must be based on the tax rate in effect on January 1 of the year in which the rental property reduced tax rate was terminated.

(3) An application for a rental property reduced tax rate must be submitted on a form prescribed by the department and must contain:

(a) a written declaration made under penalty of perjury that the applicant owns and maintains the land and improvements as a long-term rental as defined in [section 5]. The application must state the penalty provided for in [section 8].

(b) the geocode or other property identifier for the long-term rental for which the applicant is requesting the rental property reduced tax rate;

(c) the social security number or taxpayer identification number of the applicant;

(d) the income and expense information for the long-term rental for the immediately preceding year, including the amount of rent charged each month; and

(e) any other information required by the department that is relevant to the applicant's eligibility.

(4) To continue receiving the rental property reduced tax rate, the owner of a qualifying long-term rental shall reapply as required by the department. Beginning in 2028, the department shall require reapplication of 20% of long-term rentals each year.

(5) Periods of short-term vacancy not exceeding 5 months in a 12-month period do not disqualify a long-term rental from receiving the rental property reduced tax rate.

(6) The department shall notify the owner if the rental property reduced tax rate is applied to the property or if the application was denied.

Section 8. Homestead and rental property reduced tax rates – improper approval – penalty for false or fraudulent application.

(1) Except as provided in subsection (2), if the department determines that an application for a homestead reduced tax rate or a rental property reduced tax rate was improperly approved or that the property no longer qualifies for the reduced rate, the department shall revise the assessment for each year the homestead reduced tax rate or the rental property reduced tax rate was improperly granted subject to the assessment revision procedure established in 15-8-601.

(2) (a) A person who files a false or fraudulent application for a homestead reduced tax rate provided for in [section 6] or for a rental property reduced tax rate provided for in [section 7] is subject to criminal prosecution under the provisions of 45-7-202.

(3) (a) If a person is determined to have filed a false or fraudulent application, the department shall revise the assessment of the property subject to the assessment revision procedure established in this section and 15-8-601 and assess a penalty as provided in this subsection (3). The penalty is equal to three times the base penalty amount calculated under subsection (3)(b) plus interest at the rate provided in 15-16-102 calculated from the original due date of the taxes, until paid.

(b) The base penalty amount is equal to the property tax due for each year the homestead reduced tax rate or the rental property reduced tax rate was improperly received, determined using the tax rate provided for in 15-6-134(3)(a), the appraised value, and the mill levies in effect for the year, less the actual property taxes paid in the year.

(c) The revised assessment and penalty must be assessed against a person who filed a false or fraudulent application even if the person no longer owns the property.

(4) If the person who filed a false or fraudulent application no longer owns the property associated with the false or fraudulent application, the penalty plus interest provided for in subsection (3) may be recovered as any other tax owed the state. If the penalty plus interest becomes due and owing, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

(5) Except as provided in subsection (4), if the department determines that a false or fraudulent application was made, the department shall send the revised assessment with the additional penalty amount as determined under subsection (3) to the county treasurer in the county where the property is located.

(6) The county treasurer shall distribute property taxes, penalty, and interest collected under this section proportionally to the affected taxing jurisdictions.

(7) A revised assessment made under this section must be made within 10 years after the end of the calendar year in which the original application was made.

Section 9. Appeal or denial of reduced tax rate. (1) (a) If the department denies an application for a homestead reduced tax rate or a rental property reduced tax rate, the owner may request an informal review of the denial by submitting an objection on written or electronic forms provided by the department for that purpose in a manner prescribed by the department. The objection must be made no later than 30 days after the date of the denial notification sent pursuant to [section 6(4) or 7(6)].

(b) The property owner may request that the department consider extenuating circumstances to grant an application for the homestead reduced tax rate or the rental property reduced tax rate. Extenuating circumstances include but are not limited to extraordinary, unusual, or infrequent events that are material in nature and of a character different from the typical or customary, and that are not expected to recur.

(c) After the informal review, the department shall determine the correct status of the homestead reduced tax rate or the rental property reduced tax rate and notify the taxpayer of its determination by mail or electronically. In the notification, the department shall state its reasons for accepting or denying the application.

(2) If a property owner is aggrieved by the determination made by the department after the review provided for in subsection (1), the property owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board, whose findings are final subject to the right of review in the courts. An appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. If the county tax appeal board or the Montana tax appeal board determines that the homestead reduced tax rate or the rental property reduced tax rate should apply, the department shall adjust the taxable value of the property in accordance with the board's order.

Section 10. Rulemaking authority. The department shall adopt rules that are necessary to implement and administer [sections 5 through 10].

Section 11. Reimbursement for loss of revenue from certain fixed mill levies. (1) The department shall reimburse each taxing entity as provided in this section for the revenue loss resulting from the tax rate reductions in 15-6-134 as amended by [this act] for the following levies:

(a) levies of a local government with a charter form of government that includes a mill levy limit of a specific number of mills that may be imposed in the charter; and

(b) levies stated as a specific mill levy authorized by voters before [the effective date of this section].

(2) (a) For fiscal year 2026, the reimbursement must be equal to the difference between the property tax revenue collected from the levies provided for in subsection (1) and the property tax revenue collected in fiscal year 2025. After fiscal year 2026, the reimbursement must be equal to the difference between the property tax revenue collected from the levies provided for in subsection (1) and the property tax revenue that would be collected in the current fiscal year using the mill levy that would raise the fiscal year 2025 tax revenue using the fiscal year 2026 taxable value.

(b) A reimbursement pursuant to this section must include any fines, penalties, or damages resulting from a judgment levy against the taxing entity in levying property taxes in accordance with [section 4].

(3) A taxing entity eligible to receive a reimbursement under this section shall report the loss in revenue from the tax rate reductions in 15-6-134 as amended by [this act] and any amount reimbursable under subsection (2)(b) to the department of revenue.

(4) A reimbursement provided for in this section may only be made for 4 years after [the effective date of this section].

(5) The department shall distribute the reimbursements with the entitlement share payments under 15-1-121(7).

Section 12. Section 15-1-121, MCA, is amended to read:

“15-1-121. Entitlement share payment – purpose – appropriation.

(1) As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

(b) vehicle, boat, and aircraft taxes and fees pursuant to:

(i) Title 23, chapter 2, part 5;

(ii) Title 23, chapter 2, part 6;

(iii) Title 23, chapter 2, part 8;

(iv) 61-3-317;

(v) 61-3-321;

(vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;

(vii) Title 61, chapter 3, part 7;

(viii) 5% of the fees collected under 61-10-122;

- (ix) 61-10-130;
- (x) 61-10-148; and
- (xi) 67-3-205;
- (c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);
- (d) district court fees pursuant to:
 - (i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);
 - (ii) 25-1-202;
 - (iii) 25-9-506; and
 - (iv) 27-9-103;
- (e) certificate of title fees for manufactured homes pursuant to 15-1-116;
- (f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;
 - (g) all beer, liquor, and wine taxes pursuant to:
 - (i) 16-1-404;
 - (ii) 16-1-406; and
 - (iii) 16-1-411;
 - (h) late filing fees pursuant to 61-3-220;
 - (i) title and registration fees pursuant to 61-3-203;
 - (j) veterans' cemetery license plate fees pursuant to 61-3-459;
 - (k) county personalized license plate fees pursuant to 61-3-406;
 - (l) special mobile equipment fees pursuant to 61-3-431;
 - (m) single movement permit fees pursuant to 61-4-310;
 - (n) state aeronautics fees pursuant to 67-3-101; and
 - (o) department of natural resources and conservation payments in lieu of taxes pursuant to former Title 77, chapter 1, part 5.
- (3) Except as provided in subsection (7)(b), the total amount received by each local government in the prior fiscal year as an entitlement share payment under this section is the base component for the subsequent fiscal year distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is each local government's base component. The sum of all local governments' base components is the fiscal year entitlement share pool.
- (4) (a) Except as provided in subsections (4)(b)(iv) and (7)(b), the base entitlement share pool must be increased annually by an entitlement share growth rate as provided for in this subsection (4). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year.
 - (b) By October 1 of each year, the department shall calculate the growth rate of the entitlement share pool for the next fiscal year in the following manner:
 - (i) The department shall calculate the entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide accounting, budgeting, and human resource system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsections (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporate income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.

(ii) Except as provided in subsections (4)(b)(iii) and (4)(b)(iv), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. Subject to subsection (4)(b)(iv), the entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

(iv) The entitlement share growth rate, as described in this subsection (4), is:

(A) for fiscal year 2018, 1.005;

(B) for fiscal year 2019, 1.0187;

(C) for fiscal year 2020 and thereafter, determined as provided in subsection (4)(b)(ii). The rate must be applied to the entitlement payment for the previous fiscal year as if the payment had been calculated using entitlement share growth rates for fiscal years 2018 and 2019 as provided in subsection (4)(b)(ii).

(5) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (8). The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources for which reimbursement is provided in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts distributed under 15-1-123(4) for local governments, the funding provided for in subsection (8) of this section, and the amounts distributed under 15-1-123(5) for tax increment financing districts are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) (a) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

(b) For fiscal year 2018 and thereafter, the growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in 15-1-123(1) and (2). The department shall calculate the portion of the entitlement share pool attributable to the reimbursement in 15-1-123(1) and (2), including the application of the growth rate in previous fiscal years, for counties, consolidated local governments, and cities and, for fiscal year 2018 and thereafter, apply the growth rate for that portion of the entitlement share pool as provided in 15-1-123(3).

(c) The growth amount resulting from the application of the growth rate in 15-1-123(3) must be allocated as provided in subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A) of this section.

(d) The growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in [section 11].

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(5), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) One-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

Flathead	Kalispell - District 2	\$4,638
Flathead	Kalispell - District 3	37,231
Flathead	Whitefish District	148,194
Gallatin	Bozeman - downtown	31,158
Missoula	Missoula - 1-1C	225,251
Missoula	Missoula - 4-1C	30,009

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts.

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base component, the entitlement share growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) (a) Except as provided in 2-7-517, a payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1.

(b) A payment required pursuant to this section must be withheld if a local government:

(i) fails to meet a deadline established in 2-7-503(1), 7-6-611(2), 7-6-4024(3), or 7-6-4036(1); and

(ii) fails to remit any amounts collected on behalf of the state as required by 15-1-504 or as otherwise required by law within 45 days of the end of a month.

(c) A payment required pursuant to this section may be withheld if, for more than 90 days, a local government fails to:

(i) file a financial report required by 15-1-504;

(ii) remit any amounts collected on behalf of the state as required by 15-1-504; or

(iii) remit any other amounts owed to the state or another taxing jurisdiction."

Section 13. Section 15-6-133, MCA, is amended to read:

"15-6-133. Class three property – description – taxable percentage.

(1) Class three property includes:

(a) agricultural land as defined in 15-7-202;

(b) nonproductive patented mining claims outside the limits of an incorporated city or town held by an owner for the ultimate purpose of developing the mineral interests on the property. For the purposes of this subsection (1)(b), the following provisions apply:

(i) The claim may not include any property that is used for residential purposes, recreational purposes as described in 70-16-301, or commercial purposes as defined in 15-1-101 or any property the surface of which is being used for other than mining purposes or has a separate and independent value for other purposes.

(iii) Nonproductive patented mining claim property must be valued as if the land were devoted to agricultural grazing use.

(c) parcels of land of 20 acres or more but less than 160 acres under one ownership that are not eligible for valuation, assessment, and taxation as agricultural land under 15-7-202(1), which are considered to be nonqualified agricultural land. (2) Subject to subsection (3), class three property is taxed at ~~2.16%~~ 2.05% of its productive capacity value.

(1) (a) Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser under contract for deed a notice that includes the land classification, market value, and taxable value of the land and improvements owned or being purchased. A notice must be mailed or, with property owner consent, provided electronically to the owner only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational and informal classification and appraisal review purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including the intangible land value assistance program provided for in 15-6-240, the property tax assistance programs provided for in Title 15, chapter 6, part 3, *the homestead reduced tax rate provided for in [section 6], the rental property reduced tax rate provided for in [section 7],* and the residential property tax credit for the elderly provided for in 15-30-2337 through 15-30-2341;

(v) a statement that the notice is not a tax bill; and

(vi) a taxpayer option to request an informal classification and appraisal review by checking a box on the notice and returning it to the department.

(c) When the department uses an appraisal method that values land and improvements as a unit, including the sales comparison approach for residential condominiums or the income approach for commercial property, the notice must contain a combined appraised value of land and improvements.

(d) Any misinformation provided in the information required by subsection (1)(b) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice in written or electronic form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail or provide electronically the notice to a new owner or purchaser under contract for deed unless the department has received the realty transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

(3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an informal classification and appraisal review by submitting an objection on written or electronic forms provided by the department for that purpose or by checking a box on the notice and returning it to the department in a manner prescribed by the department.

(i) For property other than class three property described in 15-6-133, class four property described in 15-6-134, class ten property described in 15-6-143, and centrally assessed property described in 15-23-101, the objection must be submitted within 30 days from the date on the notice.

(ii) For class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection may be made only once each valuation cycle. An objection must be made in writing or by checking a box on the notice within 30 days from the date on the classification and appraisal notice for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing or by checking a box on the notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within 30 days from the date on the notice.

(iii) For centrally assessed property described in 15-23-101(2)(a), the objection must be submitted within 20 days from the date on the notice. A taxpayer may submit an objection up to 10 days after this deadline on request to the department.

(iv) (A) For centrally assessed property described in 15-23-101(2)(b) and (2)(c), an objection to the valuation or classification may be made only once each valuation cycle. An objection must be made in writing within the time period specified in subsection (3)(a)(iii) for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made after the deadline specified in subsection (3)(a)(iii) will be applicable only

for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within the time period specified in subsection (3)(a)(iii).

(B) If a property owner has exhausted the right to object to a valuation, as provided for in subsection (3)(a)(iv)(A), the property owner may ask the department to consider extenuating circumstances to adjust the value of property described in 15-23-101(2)(b) or (2)(c). Occurrences that may result in an adjustment to the value include but are not limited to extraordinary, unusual, or infrequent events that are material in nature and of a character different from the typical or customary business operations, that are not expected to recur frequently, and that are not normally considered in the evaluation of the operating results of a business, including bankruptcies, acquisitions, sales of assets, or mergers.

(b) If the objection relates to residential or commercial property and the objector agrees to the confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within 8 weeks of submission of the objection, the following information:

(i) the methodology and sources of data used by the department in the valuation of the property; and

(ii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) At the request of the objector or a representative of the objector, and only if the objector or representative signs a written or electronic confidentiality agreement, the department shall provide in written or electronic form:

(i) comparable sales data used by the department to value the property;

(ii) sales data used by the department to value residential property in the property taxpayer's market model area; and

(iii) if the cost approach was used by the department to value residential property, the documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.

(d) For properties valued using the income approach as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(e) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the department does not use the appraisal provided by the taxpayer in conducting the appeal, the department shall provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(f) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination by mail or electronically. The department may not determine an appraised value that is higher than the value that was the subject of the objection unless the reason for an increase was the result of a physical change in the property or caused by an error in the description of the property or

data available for the property that is kept by the department and used for calculating the appraised value. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection on written or electronic forms provided by the department or by checking a box on the notice; and

(b) the department has provided to the objector by mail or electronically its stated reason in writing for making the adjustment.

(5) A taxpayer's written objection or objection made by checking a box on the notice and supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) Except as provided in 15-2-302 and 15-23-102, if a property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. A county tax appeal board or the Montana tax appeal board may consider the actual selling price of the property, independent appraisals of the property, negative property features that differentiate the subject property from the department's comparable sales, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the Montana tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 17. Section 15-15-101, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Montana growth and opportunity trust. (1) There is a Montana growth and opportunity trust in the permanent fund type funded by annual transfers of volatile revenues as provided for in [section 5]. The trust is administered by the department of revenue.

(2) Transfers into the trust are deposited as follows:

(a) one-half into the distribution portion of the trust; and

(b) one-half into the reinvestment portion of the trust.

(3) (a) Money deposited in the account established in this section must be invested by the board of investments as provided by law.

(b) If allowed by law, the board of investments may invest funds in the trust in higher-yielding investments.

(4) A bill appropriating funds from the corpus of the trust must be treated in the same manner as a bill creating state debt and requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 2. Distributions from Montana growth and opportunity trust. (1) Except as provided in subsection (3), interest earnings from the transfers into the distribution portion of the Montana growth and opportunity trust established in [section 1] are allocated as follows:

(a) 40% to the state property tax assistance account established in [section 14], up to \$20 million a year;

(b) 20% to the Montana water development state special revenue account established in [section 15], up to \$10 million a year;

(c) 20% to the better local bridge state special revenue account established in [section 16], up to \$10 million a year; and

(d) 20% to the Montana early childhood state special revenue account established in [section 17], up to \$10 million a year.

(2) Any remaining interest earnings after the distribution in subsection (1) must be transferred into the Montana growth and opportunity trust established in [section 1].

(3) (a) By August 15 of each year, the state treasurer shall determine whether the previous fiscal year ending fund balance of an account referenced in subsection (1) is greater than the appropriation to the same account for the current year. If the account's ending fund balance exceeds the appropriation, the difference remains in the distribution portion of the trust and is not transferred into that account.

(b) This subsection (3) does not apply to transfers into the state property tax assistance account.

Section 3. Reinvestment of growth and opportunity trust. Transfers into the reinvestment portion of the Montana growth and opportunity trust established in [section 1] are allocated as follows:

(1) 80% to the pension fund provided for in [section 18] until the balance in the fund equals \$1 billion; and

(2) 20% to a Montana housing trust provided for in [section 26] until the balance in the Montana housing trust equals \$500 million.

(3) Any remaining transfer amount must remain in the reinvestment portion of the trust and is not allocated to any purpose.

Section 4. Interest earnings. Interest earnings from the distribution portion and the pension fund within the growth and opportunity trust are combined for purposes of calculating the total amount of interest earnings and are distributed as follows:

(1) 50% pursuant to the accounts which comprise the distribution portion of the trust in the percentages set forth in [section 2]; and

(2) 50% to the pension fund established in [section 18].

Section 5. Volatile revenue -- transfer to Montana growth and opportunity trust. (1) Except as provided in subsection (6), in the fiscal year beginning July 1, 2027, and in each subsequent fiscal year until June 30, 2035, by November 1, the state treasurer shall calculate the amount of volatile revenue from the general fund for that fiscal year. The state treasurer shall transfer 17.5% of the amount of volatile revenue by November 1 and 17.5% of the amount of volatile revenue by May 1 to the Montana growth and opportunity trust established in [section 1].

(2) Except as provided in subsection (6), starting in the fiscal year beginning July 1, 2035, the state treasurer shall transfer 10% of the amount of volatile revenue by November 1 and 10% of the amount of volatile revenue by May 1 to the Montana growth and opportunity trust established in [section 1].

(3) The amount of volatile revenue is an amount equal to:

(a) the sum of capital gains volatile revenue and partnership volatile revenue; and

(b) a portion of interest earnings from the treasury cash account in 17-6-202 as defined pursuant to subsection (4).

(4) The amount of interest earnings from the treasury cash account in 17-6-202 defined as volatile revenue pursuant to subsection (3) is the difference between:

(a) the estimate of interest earnings on the treasury cash account in 17-6-202 as provided in the most recent official revenue estimate provided for in 5-5-227; and

(b) the lowest actual amount of interest earnings on the treasury cash account in 17-6-202 within the most recent 7 years of available data as certified to the legislative fiscal analyst and the budget director by the department of administration and adjusted for inflation pursuant to subsection (7).

(5) For the purposes of this section, the following calculations apply:

(a) "Capital gains increment" is the difference between:

(i) the current calendar year's capital gains estimate as described in the most recent official revenue estimate provided for in 5-5-227; and

(ii) the lowest reported capital gains income from any year within the most recent 7 years of available data, as published in the department of revenue's biennial report provided for in 15-1-205 and adjusted for inflation pursuant to subsection (7).

(b) "Capital gains volatile revenue" is calculated by multiplying the capital gains increment by the rate established in 15-30-2103(2)(a)(ii).

(c) "Partnership increment" is the difference between:

(i) the current calendar year's rents, royalty, and partnership estimate as described in the most recent official revenue estimate provided for in 5-5-227; and

(ii) the lowest reported rents, royalty, and partnership income from any year within the most recent 7 years of available data, as published in the department of revenue's biennial report provided for in 15-1-205 and adjusted for inflation pursuant to subsection (7).

(d) "Partnership volatile revenue" is calculated by multiplying the partnership increment by the rate established in 15-30-2103(1)(a)(ii).

(6) (a) By August 1 of each year, the department of administration shall certify to the legislative fiscal analyst and the budget director the unaudited, unassigned ending fund balances for the most recently completed fiscal year of:

(i) the general fund; and

(ii) the budget stabilization reserve fund provided for in 17-7-130.

(b) If the sum of the ending fund balances for the general fund and budget stabilization reserve fund equal an amount less than 20% of all general revenue appropriations in the second year of the biennium, then the amount of the transfers in subsection (1) is reduced by 50% for the fiscal year.

(7) For the purpose of adjusting for inflation, inflation is based on the consumer price index as defined in 20-9-326, and as published by the bureau of labor statistics of the United States department of labor for the most recently completed calendar year.

Section 6. Section 15-7-102, MCA, is amended to read:

"15-7-102. Notice of classification, market value, and taxable value to owners – appeals. (1) (a) Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser under contract for deed a notice that includes the land classification, market value, and taxable value of the land and improvements owned or being purchased. A notice must be mailed or, with property owner consent, provided electronically to the owner only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

(i) change in ownership;

(ii) change in classification;

(iii) change in valuation; or

(iv) addition or subtraction of personal property affixed to the land.

(b) The notice must include the following for the taxpayer's informational and informal classification and appraisal review purposes:

(i) a notice of the availability of all the property tax assistance programs available to property taxpayers, including *the state property tax assistance provided for in [section 35]*, the intangible land value assistance program provided for in 15-6-240, the property tax assistance programs provided for in Title 15, chapter 6, part 3, and the residential property tax credit for the elderly provided for in 15-30-2337 through 15-30-2341;

(ii) the total amount of mills levied against the property in the prior year;
(iii) the market value for the prior reappraisal cycle;
(iv) if the market value has increased by more than 10%, an explanation for the increase in valuation;

(v) a statement that the notice is not a tax bill; and

(vi) a taxpayer option to request an informal classification and appraisal review by checking a box on the notice and returning it to the department.

(c) When the department uses an appraisal method that values land and improvements as a unit, including the sales comparison approach for residential condominiums or the income approach for commercial property, the notice must contain a combined appraised value of land and improvements.

(d) Any misinformation provided in the information required by subsection (1)(b) does not affect the validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

(2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice in written or electronic form, adopted by the department, containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of changes over the prior tax year.

(b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in 15-1-402.

(c) The department is not required to mail or provide electronically the notice to a new owner or purchaser under contract for deed unless the department has received the realty transfer certificate from the clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

(3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the market value of the property as determined by the department or with the classification of the land or improvements, the owner may request an informal classification and appraisal review by submitting an objection on written or electronic forms provided by the department for that purpose or by checking a box on the notice and returning it to the department in a manner prescribed by the department.

(i) For property other than class three property described in 15-6-133, class four property described in 15-6-134, class ten property described in 15-6-143, and centrally assessed property described in 15-23-101, the objection must be submitted within 30 days from the date on the notice.

(ii) For class three property described in 15-6-133, class four property described in 15-6-134, and class ten property described in 15-6-143, the objection may be made only once each valuation cycle. An objection must be made in writing or by checking a box on the notice within 30 days from the date on the classification and appraisal notice for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing or by checking a box on the notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within 30 days from the date on the notice.

(iii) For centrally assessed property described in 15-23-101(2)(a), the objection must be submitted within 20 days from the date on the notice. A taxpayer may submit an objection up to 10 days after this deadline on request to the department.

(iv) (A) For centrally assessed property described in 15-23-101(2)(b) and (2)(c), an objection to the valuation or classification may be made only once each valuation cycle. An objection must be made in writing within the time period specified in subsection (3)(a)(iii) for a reduction in the appraised value to be considered for both years of the 2-year valuation cycle. An objection made after the deadline specified in subsection (3)(a)(iii) will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the second year of the valuation cycle, the taxpayer shall make the objection in writing no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year of the valuation cycle, within the time period specified in subsection (3)(a)(iii).

(B) If a property owner has exhausted the right to object to a valuation, as provided for in subsection (3)(a)(iv)(A), the property owner may ask the department to consider extenuating circumstances to adjust the value of property described in 15-23-101(2)(b) or (2)(c). Occurrences that may result in an adjustment to the value include but are not limited to extraordinary, unusual, or infrequent events that are material in nature and of a character different from the typical or customary business operations, that are not expected to recur frequently, and that are not normally considered in the evaluation of the operating results of a business, including bankruptcies, acquisitions, sales of assets, or mergers.

(b) If the objection relates to residential or commercial property and the objector agrees to the confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within 8 weeks of submission of the objection, the following information:

(i) the methodology and sources of data used by the department in the valuation of the property; and

(ii) if the department uses a blend of evaluations developed from various sources, the reasons that the methodology was used.

(c) At the request of the objector or a representative of the objector, and only if the objector or representative signs a written or electronic confidentiality agreement, the department shall provide in written or electronic form:

(i) comparable sales data used by the department to value the property;

(ii) sales data used by the department to value residential property in the property taxpayer's market model area; and

(iii) if the cost approach was used by the department to value residential property, the documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.

(d) For properties valued using the income approach as one approximation of market value, notice must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the receipt of all aggregate model output that the department used in the valuation model for the property.

(e) The review must be conducted informally and is not subject to the contested case procedures of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual selling price of the property and other relevant information presented by the taxpayer in support of the taxpayer's opinion as to the market value of the property. The department shall consider an independent appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the department does not use the appraisal

provided by the taxpayer in conducting the appeal, the department shall provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to the taxpayer of the time and place of the review.

(f) After the review, the department shall determine the correct appraisal and classification of the land or improvements and notify the taxpayer of its determination by mail or electronically. The department may not determine an appraised value that is higher than the value that was the subject of the objection unless the reason for an increase was the result of a physical change in the property or caused by an error in the description of the property or data available for the property that is kept by the department and used for calculating the appraised value. In the notification, the department shall state its reasons for revising the classification or appraisal. When the proper appraisal and classification have been determined, the land must be classified and the improvements appraised in the manner ordered by the department.

(4) Whether a review as provided in subsection (3) is held or not, the department may not adjust an appraisal or classification upon the taxpayer's objection unless:

(a) the taxpayer has submitted an objection on written or electronic forms provided by the department or by checking a box on the notice; and

(b) the department has provided to the objector by mail or electronically its stated reason in writing for making the adjustment.

(5) A taxpayer's written objection or objection made by checking a box on the notice and supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. The department shall make the records available for inspection during regular office hours.

(6) Except as provided in 15-2-302 and 15-23-102, if a property owner feels aggrieved by the classification or appraisal made by the department after the review provided for in subsection (3), the property owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board, whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board, pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's determination. A county tax appeal board or the Montana tax appeal board may consider the actual selling price of the property, independent appraisals of the property, negative property features that differentiate the subject property from the department's comparable sales, and other relevant information presented by the taxpayer as evidence of the market value of the property. If the county tax appeal board or the Montana tax appeal board determines that an adjustment should be made, the department shall adjust the base value of the property in accordance with the board's order."

Section 7. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's newly taxable value, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

- (i) annexation of real property and improvements into a taxing unit;
- (ii) construction, expansion, or remodeling of improvements;
- (iii) transfer of property into a taxing unit;
- (iv) subdivision of real property; and
- (v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

- (i) a change in the boundary of a tax increment financing district;
- (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or
- (iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current year market value of that property less the previous year market value of that property.

(d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property under 15-6-134 or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

- (a) school district levies established in Title 20; or
- (b) a mill levy imposed for a newly created regional resource authority.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:

(a) may increase the number of mills to account for a decrease in reimbursements; and

(b) may not increase the number of mills to account for a loss of tax base because of legislative action that is reimbursed under the provisions of 15-1-121(7); *and*

(c) *may not include revenue distributed to a county to provide state property tax assistance pursuant to [section 35].*

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the calculation must be rounded up to the nearest tenth of a mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402;

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

(iv) a levy for the support of a study commission under 7-3-184;

(v) a levy for the support of a newly established regional resource authority;

(vi) the portion that is the amount in excess of the base contribution of a governmental entity's property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;

(vii) a levy for reimbursing a county for costs incurred in transferring property records to an adjoining county under 7-2-2807 upon relocation of a county boundary;

(viii) a levy used to fund the sheriffs' retirement system under 19-7-404(3)(b);
or

(ix) a governmental entity from levying mills for the support of an airport authority in existence prior to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past. The levy under this subsection (9)(a)(ix) is limited to the amount in the resolution creating the authority.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable value in a governmental unit."

Section 8. Section 15-15-101, MCA, is amended to read:

"15-15-101. County tax appeal board – meetings and compensation.

(b) (i) The daily compensation for a member is as follows:

(A) \$45 for 4 hours of work or less; and

(B) \$90 for more than 4 hours of work.

(ii) For the purpose of calculating work hours in this subsection (2)(b), work includes hearing tax appeals, deliberating with other board members, and attending meetings called by the Montana tax appeal board.

(3) Office space and equipment for the county tax appeal boards must be furnished by the county. All other incidental expenses must be paid from the appropriation of the Montana tax appeal board.

(4) The county tax appeal board shall hold an organizational meeting each year on the date of its first scheduled hearing, immediately before conducting the business for which the hearing was otherwise scheduled. At the organizational meeting, the members shall choose one member as the presiding officer of the board. The county tax appeal board shall continue in session from July 1 of the current tax year until December 31 of the current tax year to hear protests concerning assessments made by the department until the business of hearing protests is disposed of and may meet after December 31 to hear an appeal at the discretion of the county tax appeal board.

The notice must be published by May 15 of the current tax year.

(7) Challenges to a department rule governing the assessment of property or to an assessment procedure apply only to the taxpayer bringing the challenge and may not apply to all similarly situated taxpayers unless an action is brought in the district court as provided in 15-1-406.”

Section 9. Section 15-15-102, MCA, is amended to read:

“15-15-102. Application for reduction in valuation – certification as primary residence. (1) ~~The county tax appeal board may not reduce the valuation of property may not be reduced by the county tax appeal board or review eligibility as a primary residence under [section 36]~~ unless either the taxpayer or the taxpayer’s agent makes and files a written application for reduction with the county tax appeal board.

(5) If the department's determination after review is not made in time to allow the county tax appeal board to review the matter during the current tax year, the appeal must be reviewed during the next tax year, but the decision by the county tax appeal board is effective for the year in which the request for review was filed with the department. The application must state the post-office address of the applicant, specifically describe the property involved, and state the facts upon which it is claimed the reduction should be made *or the property should be certified as a primary residence.*"

Section 10. Section 15-15-103, MCA, is amended to read:

(ii) 4% for the first 5 years if 10 to 14 jobs are created or retained;

(iii) 6% for the second 5 years; and

(iv) the board's posted interest rate for the third 5 years, but not to exceed 10% a year.

(e) (i) The interest rates in subsections (2)(d)(i) and (2)(d)(ii) become effective when the board receives certification that the required number of jobs has been created or as provided in subsection (2)(e)(ii). If the board disburses loan proceeds prior to creation of the required jobs, the loan must bear interest at the board's posted rate.

(ii) In establishing interest rates under subsections (2)(d)(i) and (2)(d)(ii) for preventing the elimination of jobs, the board shall require the submission of financial data that allows the board to determine if the loan and interest rate will in fact prevent the elimination of jobs.

(f) If a business entitled to the interest rate in subsection (2)(d)(i) or (2)(d)(ii) reduces the number of required jobs, the board may apply a graduated scale to increase the interest rate, not to exceed the board's posted rate.

(g) For purposes of calculating job creation or retention requirements, the board shall use the state's average weekly wage, as defined in 39-71-116, multiplied by the number of jobs required. This calculated number is the minimum aggregate salary threshold that is required to be eligible for a reduced interest rate. If individual jobs created pay less than the state's average weekly wage, the borrower shall create more jobs to meet the minimum aggregate salary threshold. If fewer jobs are created or retained than required in subsection (2)(d)(i) or (2)(d)(ii) but aggregate salaries meet the minimum aggregate salary threshold, the borrower is eligible for the reduced interest rate. A job paying less than the minimum wage, provided for in 39-3-409, may not be included in the required number of jobs.

(h) (i) A participating private financial institution may charge interest in an amount equal to the national prime interest rate, adjusted on January 1 of each year, but the interest rate may not be less than 6% or greater than 12%.

(ii) At the borrower's discretion, the borrower may request the lead lender to change this prime rate to an adjustable or fixed rate on terms acceptable to the borrower and lender.

(iii) A participating private financial institution, or lead private financial institution if more than one is participating, may charge a 0.5% annual service fee.

(i) The business enterprise may not be charged a loan prepayment penalty.

(j) The loan agreement must contain provisions providing for pro rata lien priority and pro rata liquidation provisions based on the loan percentage of the board and each participating private lender.

(3) If a portion of a loan made pursuant to this section is for construction, disbursement of that portion of the loan must be made based on the percentage of completion to ensure that the construction portion of the loan is advanced prior to completion of the project.

(4) A private financial institution shall participate in a loan made pursuant to this section to the extent of 85% of its lending limit or 25% of the loan,

whichever is less. However, the board's participation in the loan must be 75% of the loan amount.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), a business enterprise receiving a loan under the provisions of this section may not pay bonuses or dividends to investors until the loan has been paid off, except that incentives may be paid to employees for achieving performance standards or goals.

(b) A business enterprise for the production of ethanol to be used as provided in Title 15, chapter 70, part 5, may pay dividends to investors and bonuses to employees if the business enterprise is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(c) A public utility may pay dividends to investors and bonuses to employees if the public utility is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(6) The board may adopt rules that it considers necessary to implement this section."

"17-7-130. Budget stabilization reserve fund – rules for deposits and transfers – purpose. (1) There is an account in the state special revenue fund established by 17-2-102 known as the budget stabilization reserve fund.

(2) The purpose of the budget stabilization reserve fund is to mitigate budget reductions when there is a revenue shortfall.

(3) Except as provided in subsection (4), by August 15 following the end of each fiscal year, an amount equal to the balance of unexpended and unencumbered general fund money appropriated in excess of 0.5% of the total general fund money appropriated for that fiscal year must be transferred by the state treasurer from the general fund to the budget stabilization reserve fund. General fund appropriations that continue from a fiscal year to the next fiscal year and any general fund appropriations made pursuant to 10-3-310 or 10-3-312 are excluded from the calculation.

(4) The provisions of subsection (3) do not apply in a fiscal year in which reductions required by 17-7-140 occur or if a transfer pursuant to subsection (3) would require reductions pursuant to 17-7-140.

(5) If the transfer provided for in subsection (3) increases the balance in the budget stabilization reserve fund to exceed 16% of all general revenue appropriations in the second year of the biennium, the amount in excess is

transferred to the capital developments long-range building program account established in 17-7-209.

(6) By August 1 of each year, the department of administration shall certify to the legislative fiscal analyst and the budget director the following:

(a) the unaudited, unassigned ending fund balance of the general fund for the most recently completed fiscal year; and

(b) the amount of unaudited general fund revenue and transfers into the general fund received in the prior fiscal year recorded when that fiscal year's statewide accounting, budgeting, and human resource system records are closed. General fund revenue and transfers into the general fund are those recorded in the statewide accounting, budgeting, and human resource system using generally accepted accounting principles in accordance with 17-1-102.

(7) (a) The state treasurer shall calculate the operating reserve level of general fund balance defined in 17-7-102(12). The treasurer shall first apply the excess revenue to reach the operating reserve level general fund balance, if necessary.

(b) Once the general fund balance is at the reserve level, 75% of the remaining excess revenue is transferred as follows:

(i) to the budget stabilization reserve fund, until the amount in the fund is equal to 16% of all general revenue appropriations in the second year of the biennium; then

(ii) to the account established in 17-7-209, until the amount in the fund in excess of the amount needed for appropriations from the capital developments long-range building program account in the capital projects fund type is equal to 12% of all general revenue appropriations in the second year of the biennium.

(c) After the transfers in subsections (7)(b)(i) and (7)(b)(ii) have been made, if the balance of the budget stabilization reserve fund exceeds an amount equal to 16% of the general revenue appropriations in the second year of the biennium and the balance of the account established in 17-7-209 in excess of the amount needed for appropriations from the capital developments long-range building program account in the capital projects fund type exceeds 12% of all general revenue appropriations in the second year of the biennium, then:

(i) 75% of any funds in excess of that amount must be transferred to the account established in 17-7-134 *Montana growth and opportunity trust established in [section 1]*; and

(ii) 25% of the funds in excess of that amount remain in the general fund.

(8) For the purposes of this section, the following definitions apply:

(b) "Excess revenue" means the amount of general fund revenue, including transfers in, for the most recently completed fiscal year minus adjusted compound annual growth rate revenue.

(c) "Growth amount" means general fund revenue for the fiscal year prior to the most recently completed fiscal year multiplied by the growth rate.

Section 28. Section 17-7-140, MCA, is amended to read:

"17-7-140. Reduction in spending. (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(c), shall direct agencies to reduce spending

in an amount that ensures that the projected ending general fund balance for the biennium will be at least:

- (i) 4% of the general revenue appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
- (ii) 3% of the general revenue appropriations for the second fiscal year of the biennium in October of the year preceding a legislative session;

(b) An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. A governor may not reduce total agency spending in the biennium by more than 4% of the second year general revenue appropriations for the agency. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the weighted average of all other executive branch agencies. The legislature may exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(c) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The report must be submitted in an electronic format. The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The recommendations must be provided in an electronic format *and entered into the state budgeting software*. The recommendations must be provided to the legislature in accordance with 5-11-210. The legislative finance committee *established in 5-12-201 and the interim budget committees established in 5-12-501* shall meet within ~~20~~ 30 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. *The legislative finance committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending and may incorporate information from the interim budget committees in making recommendations.* Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

- (a) payment of interest and principal on state debt;
- (b) the legislative branch;
- (c) the judicial branch;
- (d) the school BASE funding program, including special education;
- (e) salaries of elected officials during their terms of office; and
- (f) the Montana school for the deaf and blind.

(3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:

- (i) 4% of the general revenue appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;
 - (ii) 1.875% in October of the year preceding a legislative session;
 - (iii) 1.25% in January of the year in which a legislative session is convened;
- and

- (iv) 0.625% in March of the year in which a legislative session is convened.

(b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid and the cost of the state's wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue interim committee in accordance with 5-11-210 of the estimated amount. Within 20 days of notification, the revenue interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue interim committee prior to certifying a projected general fund budget deficit to the governor.

(5) If the budget director certifies a projected general fund budget deficit, the governor may authorize transfers to the general fund from certain accounts as set forth in subsection (6) (7).

(6) If the budget director certifies a projected general fund budget deficit, then the governor may cancel the remaining transfers of volatile revenue to the Montana growth and opportunity trust established in [section 1] for the biennium.

(6)(7) The governor may authorize transfers from the budget stabilization reserve fund provided for in 17-7-130. The governor may authorize \$3 of transfers from the fund for each \$1 of reductions in spending but may not authorize a transfer that would cause the balance of the budget stabilization reserve fund to be less than 6% of all general revenue appropriations in the second year of the biennium."

CHAPTER NO. 776

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2027; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [This act] may be cited as “The General Appropriations Act of 2025”.

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2027 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. An appropriation item designated “Biennial” may be spent in either year of the biennium. An appropriation item designated “Restricted” may be used during the biennium only for the purpose designated by its title and as presented to the Legislature. An appropriation item designated “One Time Only” or “OTO” may not be included in the present law base for the 2029 biennium. The Office of Budget and Program Planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated “Biennial”, “Restricted”, “One Time Only”, or “OTO”. The Office of Budget and Program Planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

Section 5. Appropriation control. The Office of Budget and Program Planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included in each Executive Branch agency’s budget to pay fixed cost allocations for the State Information Technology Services Division of the Department of Administration. The appropriations must be designated as restricted.

Section 6. Appropriation control. For any appropriation for the Legislative Audit Division Federal Single Audit contained in [this act], the Office of Budget and Program Planning is authorized to move the appropriation between agencies. Movement of appropriation authority must be based on actual audit hours worked by legislative auditors on the Federal Single Audit for any specific agency. The “Restricted” and “Biennial” designation must be retained on all appropriations for the Legislative Audit Division Federal Single Audit.

Section 7. Program definition. As used in [this act], “program”:

- (1) has the same meaning as provided in 17-7-102;
- (2) is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system; and
- (3) is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

Section 8. Personal services funding – 2029 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2027 biennium submitted under Title 17, chapter 7, part 1, by each Executive, Judicial, and Legislative Branch agency must include funding

of first level personal services separate from funding of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2029 biennium submitted by November 1 to the legislative fiscal analyst by the Office of Budget and Program Planning. For the purpose of developing the personal services budget for the 2029 biennium, legislatively authorized positions budgeted (PB) are the same as full-time equivalents (FTE).

(2) The provisions of subsection (1) do not apply to the Montana University System.

Section 9. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

State agencies and universities will be billed half the insurance premium in the 2027 biennium by the Risk Management and Tort Defense Division (RMTD) due to an overage in the state insurance fund's reserves. Any insurance premium discounts that would have been realized in the 2027 biennium through participation in RMTD's risk management/loss mitigation programs must be applied from each state agency's or university's insurance premium holiday savings in a reasonable manner to avoid programmatic and funding shortfalls. RMTD has the authority to bill state agencies and universities an increased insurance premium if the agency or university does not participate in risk management/loss mitigation activities during the 2027 biennium.

It is the intent of the Legislature that the Risk Management and Tort Defense Division's proprietary fund partial rate holiday be one-time-only, and the full rate amount will be included in the 2029 biennium's base budget.

WHEREAS, in human beings, there are two -- and only two -- sexes: male and female, which refer to the two body structures (phenotypes) that, in normal development, correspond to one or the other gamete -- sperm for males and ova for females; and

WHEREAS, every individual is either male or female; and

WHEREAS, an individual's sex can be observed or clinically verified at or before birth; and

WHEREAS, rare disorders of sexual development are not exceptions to the binary nature of sex; and

WHEREAS, in no case is an individual's sex determined by stipulation or self-identification; and

WHEREAS, there is increasing confusion about the definition and implications of sex as a biological truth and its relationship to concepts and terms including but not limited to sex assigned at birth, gender, gender identity, gender role, gender expression, and experienced gender; and

WHEREAS, confusion and ambiguities surrounding the definitions of sex, male, female, and related terms can hinder individual efforts to enjoy equal treatment under the law; and

WHEREAS, legal equality of the two sexes -- male and female -- does not imply that the sexes are identical to each other or are the same in every respect; and

WHEREAS, with respect to the two sexes -- male and female -- separate facilities or sports leagues established because of or organized according to physical differences between the sexes do not constitute unequal treatment under the law; and

WHEREAS, physical differences between males and females are enduring, and the two sexes are not fungible.

THEREFORE, it is the intent of the Legislature of this state to clarify and reconcile the meaning of sex, male, female, and related terms in state laws, administrative rules, and guidelines.

Be it enacted by the Legislature of the State of Montana:

Section 1. Terms of wide applicability. (1) Unless the context requires otherwise, the following definitions apply in the Montana Code Annotated:

(a) "Father" means a male parent.

(b) "Female" means, when used to refer to a natural person, an individual who naturally has, had, will have, or would have, but for a congenital anomaly or intentional or unintentional disruption, the reproductive system that at some point produces, transports, and utilizes the large gamete, or ova, for fertilization.

(c) "Male" means, when used to refer to a natural person, an individual who naturally has, had, will have, or would have, but for a congenital anomaly or intentional or unintentional disruption, the reproductive system that at some point produces, transports, and utilizes the small gamete, or sperm, for fertilization.

(d) "Man" means an adult human male, except when used as a generic reference to human beings.

(e) "Mother" means a female parent.

(f) "Oath" includes an affirmation or declaration.

(g) "Person" includes a corporation or other entity as well as a natural person.

(h) "Several" means two or more.

(i) "Sex" means whether someone is male or female, which is distinguished based on the type of gamete, sperm or eggs, they are capable of or expected to produce, as dictated by their primary sexual anatomy. Because there are only two types of gametes, sperm and ova, with two corresponding reproductive systems, there are only two sexes: male and female. An individual's sex is rooted in reproductive anatomy and is in no way influenced or defined by one's psychological state, behavior, expression, or personal identity.

(j) "State", when applied to the different parts of the United States, includes the District of Columbia and the territories.

(k) "United States" includes the District of Columbia and the territories.

(l) "Woman" means an adult human female.

(2) Wherever the word "man" or "men" or a word that includes the syllable "man" or "men" in combination with other syllables, such as "workman", appears in this code, the word or syllable includes "woman" or "women" unless the context clearly indicates a contrary intent and unless the subject matter of the statute relates clearly and necessarily to a specific sex only.

(3) Whenever the term “heretofore” occurs in any statute, it must be construed to mean any time previous to the day the statute takes effect. Whenever the word “hereafter” occurs, it must be construed to mean the time after the statute containing the term takes effect.

(4) (a) The term “gender”, when used alone to refer to a male, female, or the natural differences between a male and female:

(i) must be considered a synonym for sex; and

(ii) may not be considered a synonym or short-hand expression for gender identity, experienced gender, gender expression, or gender role.

(b) The term “gender” does not apply when it is used in conjunction with other words or as an adjective to modify other words, or when context or explicit definition in preexisting state law, administrative rules, or guidelines indicates otherwise.

(c) The term “gender identity”, if used in state law, administrative rules, or guidelines, may not be considered a synonym or substitute for sex or gender.

Section 2. Section 2-18-208, MCA, is amended to read:

“2-18-208. Comparable worth. The department of administration shall, in its continuous efforts to enhance the current classification plan and pay schedules, work toward the goal of establishing a standard of equal pay for comparable worth. (2) comparing, in the classification of positions, the factors for determining job worth across occupational groups whenever those groups are dominated by males or females.”

(a) the employee is adopting a child; or

(b) the employee is a birth father, *as defined in [section 1]*.

Therefore:

I will conduct my campaign in the best American tradition, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponent and my opponent’s party that merit such criticism.

I will defend and uphold the right of every qualified American voter to full and equal participation in the electoral process.

I will conduct my campaign without the use of personal vilification, character defamation, whispering campaigns, libel, slander, or scurrilous attacks on my opposition or my opposition’s personal or family life.

I will not use campaign material of any sort that misrepresents, distorts, or otherwise falsifies the facts, nor will I use malicious or unfounded accusations that aim at creating or exploiting doubts, without justification, as to the loyalty and patriotism of my opposition.

I will not make any appeal to prejudice based on race, sex, as defined in ~~1-1-201~~ *[section 1]*, creed, or national origin.

I will not undertake or condone any dishonest or unethical practice that tends to corrupt or undermine our American system of free elections or that hampers or prevents the full and free expression of the will of the voters.

Insofar as is possible, I will immediately and publicly repudiate support deriving from any individual or group that resorts, on behalf of my candidacy

or in opposition to that of my opponent, to the methods and tactics that I have pledged not to use or condone.””

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO FULLY FUND PUBLIC SAFETY AND LAW ENFORCEMENT AGENCIES, PROGRAMS, SERVICES, AND ACTIVITIES WITHIN MONTANA'S INDIAN RESERVATIONS.

WHEREAS, the Constitution of the United States of America, through the Treaty and Supremacy Clauses, acknowledges Indian nations and tribes as prior sovereigns; and

WHEREAS, through treaties, agreements, statutes, and executive orders, Indian nations and tribes came under the protection of the United States while reserving original sovereign authority and self-government over tribal members and territories; and

WHEREAS, through treaties, agreements, statutes, and executive orders, the United States undertook a federal trust responsibility, among other responsibilities, to assist Indian nations and tribes in providing public safety, law and order, and the administration of justice; and

WHEREAS, Montana's reservations have seen drug and alcohol abuse become an epidemic as methamphetamine, heroin, fentanyl, and other drugs have overtaken tribal lands, causing violent crime, domestic disturbance, and trouble among youth; and

WHEREAS, generations of Montana's Native Americans have mourned a missing or murdered family member or loved one, experienced unacceptably high levels of violence, and been victims of violent crime at rates much higher than national averages; and

WHEREAS, justice has eluded many Native American victims, survivors, and families, while criminal jurisdiction complexities and insufficient funding have left many injustices unaddressed; and

WHEREAS, levels of federal funding for tribal public safety, law enforcement, and tribal courts have consistently remained insufficient to fully fund the necessary public safety activities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Legislature of the State of Montana:

(1) urges the United States Congress to support full funding of public safety and law enforcement agencies, programs, services, and activities within Montana's Indian reservations;

(2) urges the United States Department of Justice to develop a plan to cooperatively administer its Indian Country public safety, law enforcement, and administration of justice programs and services together with the United States Department of the Interior;

(3) urges the United States Department of Justice to conduct government-to-government consultation with Indian tribes to determine how best to provide the administration of programs and services and to allocate appropriated funds to meet the various needs of tribal justice systems, including funding for tribal law enforcement, courts, detention facilities, indigent counsel, victim services, juvenile justice, rehabilitation and reentry programs, and crime prevention efforts;

(4) invites each of the tribal governments of the federally recognized Indian tribes in Montana to adopt their own resolutions to the United States House of Representatives and the United States Senate urging Congress to fully fund law enforcement and public safety programs and services within Montana's Indian reservations and further invites the tribal governments to send their resolutions to the Secretary of State by June 30, 2025, to be collected and forwarded as a package to Congress; and

(5) requests Governor Gianforte to write a letter to the United States House of Representatives and the United States Senate providing similar support for Congress to fully fund Montana Indian reservation law enforcement and public safety programs and services and further requests the Governor to provide the letter to the Secretary of State by June 30, 2025, to be included with the package of resolutions for Congress.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each federally recognized tribal government in Montana on receipt of this resolution.

BE IT FURTHER RESOLVED, that the Secretary of State collect the tribal resolutions and letter from the Governor by June 30, 2025, and, as soon as possible after that date, send those communications along with a copy of this resolution as a single package to the Speaker of the United States House of Representatives, to the Majority Leaders and Minority Leaders of the United States House of Representatives and the United States Senate, to each member of the Montana Congressional Delegation, and to each federally recognized tribal government in Montana.

(3) examine transparency and disclosure requirements as well as civil and criminal liability for entities that develop or deploy artificial intelligence systems; and

(4) assess the benefits and risks of artificial intelligence to state agencies and to the rights and interests of Montana residents, including the impact of artificial intelligence on employment, constitutional and legal rights, privacy interests, and economic welfare in this state.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DECLARING THAT BIOLOGICAL BOYS AND MEN SHOULD NOT BE ALLOWED TO PLAY GIRLS' AND WOMEN'S SPORTS AND URGING THE UNITED STATES CONGRESS TO PASS THE PROTECTION OF WOMEN AND GIRLS IN SPORTS ACT OF 2025.

WHEREAS, in 1972, the United States Congress enacted Title IX of the Civil Rights Act of 1964 for the purpose of prohibiting discrimination based upon sex in any school or any other education program that receives funding from the federal government; and

WHEREAS, Title IX gives women athletes the right to equal opportunity in sports in educational institutions that receive federal funds from elementary schools to colleges and universities; and

WHEREAS, Title IX has made a lasting and significant impact on the lives of girls and women by increasing the participation of girls and women in athletics; and

WHEREAS, Title IX has led to a significant increase in the number of girls participating in athletics at the high school level, from less than 300,000 in 1972 to 3.5 million in 2021, while the number of women participating in collegiate athletics has risen from 29,997 in 1972 to 215,486 in 2021; and

WHEREAS, girls and women who participate in sports are more likely to get better grades in schools and are more likely to graduate than girls who do not play sports; and

WHEREAS, girls and women who play sports have higher levels of confidence and self-esteem and improved physical and mental health; and

HOUSE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING INCREASED TRANSMISSION CAPACITY IN MONTANA.

WHEREAS, Over the last 100 years, Montana's electrical grid has developed and evolved, but additional electrical transmission infrastructure development is needed; and

WHEREAS, electric transmission infrastructure must be updated to keep pace with modern technological developments to better serve the energy needs of the state; and

WHEREAS, lack of access to lower-cost power in Montana has already resulted in the loss of large industrial employers; and

WHEREAS, increased electric transmission capacity within Montana and across state borders will enable greater investments to foster a diversified, resilient, and affordable electric grid; and

WHEREAS, updating Montana's electric transmission infrastructure is essential to unlocking the state's energy development potential, ensuring electric grid reliability, and addressing current constrictions that hinder energy imports, exports, and economic growth; and

WHEREAS, the United States Department of Energy has estimated that every dollar invested into improving the electric transmission system will produce between \$1.60 and \$1.80 in cost savings to the system; and

WHEREAS, electric transmission projects are particularly beneficial to Montanans when they prioritize the use of skilled Montana-based labor; and

WHEREAS, transmission infrastructure not only unlocks tremendous economic benefits but also creates direct tax revenues for local and state governments; and

WHEREAS, in addition to building new transmission lines, reconductoring existing transmission lines with modern wiring and grid-enhancing technologies can produce system benefits at lower upfront costs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature understands that upgrading and expanding electric transmission infrastructure both within Montana and on transmission pathways across state borders is essential to ensure affordable and reliable electricity service in Montana. Affordable and reliable electricity service has been and will continue to be fundamental for stable economic growth.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Governor of Montana, the Governors of North Dakota, South Dakota, Wyoming, and Idaho, members of the Montana Public Service Commission, the Montana Rural Electric Cooperatives' Association, the United States Department of Energy, the Bonneville Power Administration, NorthWestern Energy, Montana-Dakota Utilities Company, and members of the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS AND THE PRESIDENT OF THE UNITED STATES TO UNDERTAKE ACTIONS TO UNLEASH AMERICAN ENERGY BY REFORMING AND STREAMLINING PERMITTING OBLIGATIONS AND REPEALING OR REVISING ENVIRONMENTAL REGULATIONS AND ENVIRONMENTAL REVIEWS THAT DO NOT ALIGN WITH NATIONAL SECURITY INTERESTS.

WHEREAS, the United States should reduce its reliance on foreign energy sources and prioritize domestic energy production and independence; and

WHEREAS, energy production and the infrastructure supporting it are fundamental to the economic stability, national security, and overall well-being of the American people; and

WHEREAS, the United States faces a growing demand for reliable and efficient energy sources, particularly with the rapid rise of artificial intelligence,

which will place an additional strain on existing energy production and transmission networks; and

WHEREAS, environmental stewardship that keeps our air and water clean, protects public health, ensures biodiversity and species protection, and conserves public lands is a worthy goal that is important to achieve, but the current federal permitting and environmental review processes and federal regulations, including the power plant rules finalized by the Environmental Protection Agency in May 2024, the National Environmental Policy Act, the Endangered Species Act, the Clean Air Act, the Clean Water Act, the Surface Mining Control and Reclamation Act, Nuclear Regulatory Commission regulations, and dozens of other regulations have become excessively cumbersome and time-consuming, creating barriers to the construction, development, and deployment of essential new energy infrastructure, while not necessarily meaningfully advancing the goals of these laws; and

WHEREAS, not only do these overly restrictive permitting and environmental review processes and regulations prevent the expansion of critical energy projects that are needed to meet the new demands of energy, but recently enacted regulations under President Biden's Administration were designed to materially harm existing, reliable generation assets, such as Montana's Colstrip Steam Electric Station; and

WHEREAS, in order to support domestic manufacturing, enhance grid reliability and prevent blackouts, lower costs for consumers and businesses, meet the demands of emerging technologies, such as artificial intelligence, and ensure the national energy security goals announced by President Donald J. Trump are met, the federal government should reform and streamline its permitting and environmental review processes and regulations to support the construction and modernization of domestic energy generation and infrastructure necessary to sustain economic growth and technological advancement; and

WHEREAS, the United States' foreign adversaries are leveraging their lack of similar environmental regulatory paradigms to make large-scale investments in energy production and artificial intelligence advancements in an effort to gain technological and geopolitical dominance, while destabilizing the West and neutralizing Americans' global influence; and

WHEREAS, both linear infrastructure, such as pipelines and transmission lines, as well as energy generation infrastructure and corresponding fuel sources for that generation infrastructure face extraordinary and indefensible delays due to overlitigation, inappropriate blocking of nationally important projects by unrepresentative and often radical groups that hold those projects hostage, and excessive use of our court system to hinder worthy projects; and

WHEREAS, major delays in projects caused by inefficient permitting or overlitigation can dramatically increase costs and make projects less viable, harming national security interests, costing consumers, businesses, and taxpayers money, and making our energy system less reliable; and

WHEREAS, unnecessary permitting and regulatory delays also increase American dependence on energy produced by foreign dictators and authoritarian regimes that do not care about the United States' environmental laws; and

WHEREAS, unnecessary permitting delays limit investments made in modernizing our nation's infrastructure that would result in a more efficient energy system with reduced emissions and environmental impact; and

WHEREAS, overlapping federal permitting requirements lack the flexibility to allow for efforts that reflect the spirit and intent of traditional environmental laws by protecting human health and the environment instead of procedural compliance with outdated regulations; and

WHEREAS, failure to reform federal permitting laws is already resulting in harm to our national security interests, fewer jobs, and higher prices for Americans without providing additional benefits for the environment; and

WHEREAS, failing to reform these laws in the coming months will result in even greater limitations on our energy infrastructure, harming our ability to maintain artificial intelligence superiority against our foreign adversaries, and costing even more American jobs while raising costs for consumers and businesses and leaving America vulnerable to unreliability, blackouts, and the resulting severe harm to the American people; and

WHEREAS, President Donald J. Trump has already announced significant initiatives and is advancing policies that strengthen American energy and innovation independence, including the construction of data centers; and

WHEREAS, Montana is rich in abundant energy resource development and deployment opportunities, including coal, oil, natural gas, hydropower, wind, geothermal, hydrogen, solar, pumped storage hydropower, and nuclear capabilities; and

WHEREAS, Montana stands ready to support the United States' energy independence and national security goals by leveraging our natural resources, rich national defense heritage, work ethic, and sheer grit.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

Section 1. Policy. Orderly production and transmission of the United States' vast energy resources, unencumbered by unnecessary regulatory burdens, is essential to our nation's security and the well-being of the American people. It is further in the national interest to ensure that the United States' electricity is affordable, reliable, safe, and secure.

Section 2. Immediate review of Environmental Protection Agency actions taken on May 2024. The Environmental Protection Agency should immediately review and, as appropriate and consistent with applicable law, take swift action to undo two federal power plant regulations that were recently promulgated and conflict with the important national objectives set forth in Section 1.

(1) The Administrator of the Environmental Protection Agency should immediately review all existing regulations, orders, guidance documents, policies, and any other similar agency actions promulgated, issued, or adopted in May 2024, that are or may be inconsistent with, or present obstacles to, the policy set forth in Section 1. For any of these identified actions, the Administrator should, consistent with applicable law, suspend, revise, or rescind the agency actions. This recommendation applies specifically to:

(a) the MATS RTR Rule, or "National Emission Standards for Hazardous Air Pollutants: Coal- and Oil-Fired Electric Utility Steam Generating Units Review of the Residual Risk and Technology Review" 85 FR 38508, May 7, 2024, which should be addressed by June 2025. A repeal of the rule is recommended on the grounds that there have been no material developments in control technologies, practices, or processes since the prior technology review that would reduce emissions, the regulation is not necessary to protect public health, the costs of the regulation do not justify the benefits, and the rule was not promulgated consistent with the Clean Air Act and the Administrative Procedure Act. Of the four new power plant rules published in May 2024, the MATS RTR Rule has the earliest compliance dates and therefore should be addressed first.

(b) the GHG Rule, or "New Source Performance Standards for Greenhouse Gas Emissions From New, Modified, and Reconstructed Fossil

Fuel-Fired Electric Generating Units; Emission Guidelines for Greenhouse Gas Emissions from Existing Fossil Fuel-Fired Electric Generating Units; and Repeal of the Affordable Clean Energy Rule” 89 FR 39798, May 9, 2024, which should be addressed by September 2025. This rule should be repealed initially on the grounds that carbon capture and storage and sequestration has not been adequately demonstrated and is not achievable, it is unlawful to set an emission standard based on generation-shifting, the costs of the regulation do not justify the benefits, and the rule was not promulgated consistent with the Clean Air Act and the Administrative Procedure Act. Following a repeal of the GHG Rule, the Environmental Protection Agency can issue a replacement rule that corrects these deficiencies.

(2) The Administrator of the Environmental Protection Agency, as appropriate and consistent with applicable law, should consider whether to take any additional agency actions to fully enforce the policy set forth in Section 1 of this order. The Environmental Protection Agency should act swiftly to repeal, rescind, or modify these rules in the name of national security and economic prosperity. The rules should not be allowed to stay in effect while replacement rules are developed. The Environmental Protection Agency should use a two-step rulemaking process to repeal, then replace, as required. Additionally, administrative or judicial stay pathways should be pursued. Emergency authorities to effectuate change should be pursued to the fullest extent as ordered by President Donald J. Trump.

Section 3. Regulatory Permitting. (1) Members of the United States Senate and the United States House of Representatives are urged to work in good faith to enact legislation that reforms federal permitting and environmental review processes within the National Environmental Policy Act, Endangered Species Act, Clean Air Act, Clean Water Act, Surface Mining Control and Reclamation Act, Nuclear Regulatory Commission regulations, and other regulations to promote economic and environmental stewardship by expediting the deployment of modern energy infrastructure. These reforms should enable faster construction of energy infrastructure of all kinds without prejudice, including by:

(a) considering steps to limit excessive use of judicial processes to slow projects inappropriately;

(b) preventing inappropriate usage of the federal Clean Water Act and other laws to hinder the lawful building of linear energy infrastructure, such as pipelines and transmission lines;

(c) enacting reforms to plan, permit, and financially support the necessary build-out of electricity transmission infrastructure to support a more reliable energy grid that lowers costs for consumers and businesses;

(d) in addition to more traditional energy sources like coal, natural gas, hydropower, solar, and wind, enabling the domestic build-out of the full array of modern energy technologies, including nuclear, emissions management, hydrogen, geothermal, pumped storage hydropower, battery and storage systems, and all other needs for a modern energy system; and

(e) preempting state laws and regulations that are inconsistent with national security priorities to develop domestic energy production and related infrastructure.

(2) This section should also be extended to the mining and processing of rare earth elements and critical minerals. The United States is highly reliant on China and other countries that do not share our interests to mine and process rare earth elements and critical minerals, with the demand for some of these minerals potentially growing by more than 40 times by 2040. Moreover, China is now banning the importation of rare earth elements and critical

minerals that are essential to the United States' energy generation, chip manufacturing, and military defense technologies. Other developed nations that share our goals to protect the environment while producing abundant energy resources, such as Canada and Australia, have shown that they can permit new mines within 2 to 3 years instead of more than a decade, as is often the case in the United States.

(3) The legislative reforms urged by this resolution should also strive to ensure accountability for federal agencies conducting permitting and environmental review processes, including better data and more aggressive timelines. Additionally, these legislative reforms should be accompanied by a redoubling of efforts to streamline federal regulations to support the efficient building of new energy infrastructure. Failure to act to update our federal permitting system to support building new energy infrastructure will further harm consumers, workers, and businesses, while making the United States less competitive and more vulnerable to both foreign adversaries and domestic outages. Congress should act with urgency in the coming months to fix our broken permitting system.

Section 4. Presidential national security powers. While Members of Congress undertake actions under Section 3 to reform and streamline permitting decisions and environmental review, there are other mechanisms and statutes that President Donald J. Trump has invoked and can continue to expand in the context of national security to streamline permitting, bypass environmental laws, or expedite energy generation like President Donald J. Trump's "Declaring a National Energy Emergency" Executive Order issued on January 20, 2025. Consistent with this Order, emergency authorities should be pursued to the fullest to protect national security, encourage American prosperity, and drive domestic energy independence. To the extent any of these acts and laws are time-sensitive, they should be modified to give broader authority to the President of the United States, especially to deal with our foreign adversaries.

(1) National Emergencies Act - The President of the United States can declare a national emergency under the National Emergencies Act. This declaration could enable the administration to invoke emergency powers that impact energy generation and environmental regulations. For example, certain statutes allow the President to waive or modify requirements under federal laws during emergencies, including the Clean Air Act or Clean Water Act.

(2) Defense Production Act - The Defense Production Act grants the President of the United States authority to prioritize and expand the production of materials and services deemed critical for national defense. If energy generation is framed as vital to national defense or resilience, the Defense Production Act could be used to streamline permitting and bypass environmental reviews under laws like the National Environmental Policy Act.

(3) Energy Policy and Conservation Act - The Energy Policy and Conservation Act provides certain presidential authorities to address energy shortages, particularly during crises. If invoked, it could allow for streamlined permitting processes for energy projects that enhance energy security.

(4) Invoking National Security Exemptions in Environmental Laws - Federal environmental laws, such as the Clean Air Act, Endangered Species Act, or National Environmental Policy Act, include provisions for national security exemptions. President Donald J. Trump or federal agencies at his direction could invoke these clauses to bypass environmental review requirements for energy projects deemed critical to national defense.

Section 5. American Corporate Protections. Congress and President Donald J. Trump should aggressively undertake actions to protect American companies from corporate espionage and theft of intellectual property by our foreign adversaries when it comes to energy generation, artificial intelligence, or other technological advancements that are in the nation's security interests.

BE IT FURTHER RESOLVED, that the Secretary of State is directed to transmit a copy of this resolution to the President of the United States, the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, the Administrator of the Environmental Protection Agency, and each member of the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO DECLARE THE LAST FULL WEEK IN SEPTEMBER AS FRONTOTEMPORAL DEGENERATION AWARENESS WEEK IN THE STATE OF MONTANA.

WHEREAS, it is the custom of the Montana Legislature to recognize official weeks that are set aside to increase awareness of conditions that affect the lives of citizens of Montana; and

WHEREAS, attendant to such concern, it is the sense of the Montana Legislature to proclaim the last full week of September as Frontotemporal Degeneration (FTD) Awareness Week in the State of Montana, in conjunction with the observance of World FTD Awareness Week; and

WHEREAS, FTD is identified in the National Plan to Address Alzheimer's Disease as a related dementia and included as a priority in the goals and strategies of the plan to achieve the vision of a nation free of Alzheimer's disease and related dementias; and

WHEREAS, a primary goal of the Montana Alzheimer's and Dementia State Plan is to promote public awareness and understanding of dementia related diseases; and

WHEREAS, the Association for Frontotemporal Degeneration (AFTD) reports that frontotemporal degeneration (FTD) is a terminal and incurable neurodegenerative disease affecting the frontal and temporal lobes, causing impairments to speech, personality, behavior, and motor skills, which constitutes a major public health concern; and

WHEREAS, it takes an average of 3.6 years from the onset of symptoms to get an accurate diagnosis of FTD with average life expectancy of 7-13 years after start of symptoms; and

WHEREAS, FTD strikes people as young as 21 and old as 80 with the largest percentage of those affected being in their 40s to 60s, rendering people in the prime of life unable to work or function normally; and

WHEREAS, FTD represents an estimated 5 to 15 percent of all dementia cases and is the most common form of dementia for people under 60 years of age; and

WHEREAS, FTD is often misdiagnosed as a psychiatric problem or other neurodegenerative disease because of the wide range of cognitive and behavioral symptoms and their young onset; and

WHEREAS, FTD imposes average annual costs associated with care and living with the disease that are approximately double those of Alzheimer's disease; and

WHEREAS, FTD often affects a person's ability to express emotions and to show affection and empathy for loved ones; and

WHEREAS, in the behavioral variant of FTD, a person's sense of social graces and appropriate behavior can be lost, and their personality may be significantly changed; and

WHEREAS, in the language variants of FTD (primary progressive aphasia), a person may have trouble producing speech and understanding grammar, lose the meaning of words or become hesitant in their speech, and may eventually become mute; and

WHEREAS, in the movement variants of FTD, a person may experience muscle weakness, falling, loss of balance, difficulty making speech, difficulty swallowing, or choking; and

WHEREAS, while there has never been a global epidemiology study of FTD, it is estimated that more than 60,000 people are affected in the United States today; and

WHEREAS, AFTD is the leading national organization exclusively focused on the spectrum of FTD disorders with a mission to improve the quality of life of people affected by FTD and drive research to a cure; and

WHEREAS, it is imperative that there be greater awareness of this serious disease, and more must be done to increase activity at the local, state, and national levels.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature proclaims the last full week of September as Frontotemporal Degeneration Awareness Week and requests that the Governor issue a proclamation of the same.

BE IT FURTHER RESOLVED that the Secretary of State send a copy of this resolution to the Governor, to the director of the Montana Department of Public Health and Human Services, and to the county commission of each county in Montana.

WHEREAS, the U.S. Customs and Border Protection Agency has reduced the hours of service at several Montana-Canada customs ports of entry; and

WHEREAS, the hours of service reductions have impeded commerce and trade between Montana and Canada as well as the free flow of cross-border travel for business, leisure, competitive sports, and the maintenance of family ties; and

WHEREAS, Montana and Canada have a trading relationship that enhances the economic viability of communities on both sides of the border, including \$1.2 billion in goods and services exported from Montana to Canada annually; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Montana Legislature, representing all citizens of Montana, requests the federal government increase the hours of service at Montana-Canada customs ports of entry to enhance trade and allow for increased cross-border travel.

HOUSE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO REVIEW, SIMPLIFY, AND STREAMLINE THE MONTANA YOUTH COURT ACT; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, Article II, section 15, of the Montana Constitution provides that the rights of persons under 18 years of age must include all the fundamental rights of adults unless specifically precluded by laws that enhance the protections of these persons; and

WHEREAS, when a youth commits an act that would constitute a crime if committed by an adult, the Montana Legislature has adopted the Montana Youth Court Act to address, adjudicate, and dispose of these issues; and

WHEREAS, the Montana Youth Court Act provides in section 41-5-102, MCA, that the Act must be interpreted and construed to preserve unity and welfare with the family, reduce youth delinquency, provide consistent consequences for the youth's actions, and provide judicial hearings that ensure the parties a fair, accurate hearing and recognition of their constitutional and statutory rights; and

WHEREAS, the Montana Youth Court Act has been repeatedly amended since its adoption in 1947; and

WHEREAS, in the course of amending the Montana Youth Court Act over the decades, the text has become unwieldy and cluttered and now consists of 13 parts of various sizes with multiple cross-references across the Act; and

WHEREAS, the complexity of the Montana Youth Court Act is now exceeding the complexity of the criminal code for adults; and

WHEREAS, as an example of this complexity, there are multiple decision points as to whether charges should be filed in district court, youth court, or resolved informally without court involvement; and

WHEREAS, as another example of complexity, charging decisions are based on multiple factors, such as the nature of the offense, the youth's age, the discretion or lack of discretion of the county attorney, and the opportunity for a "transfer hearing" to move some or all of the charges to district court or youth court, creating a trial within a trial; and

WHEREAS, as another example of complexity, there are a variety of dispositions unique to the Montana Youth Court Act, such as consent decree, consent adjustment with petition, consent adjustment without petition,

disposition in violation of consent adjustment, commitment to department, and extended jurisdiction juvenile; and

WHEREAS, as another example of complexity, there is a confusing series of laws regarding supervision when a youth becomes an adult, such as a “208 transfer,” an extended jurisdiction prosecution, and the Criminally Convicted Youth Act; and

WHEREAS, as a result of this complexity, a juvenile proceeding was reversed by the Montana Supreme Court for a failure to follow this complex procedure in Matter of C.L., 2021 MT 294 (DA 20-0155), which involved a briefing that included a full-page flowchart to explain the youth court adjudication process; and

WHEREAS, a review, simplification, and clean-up of the Montana Youth Court Act would provide clarity to judges, county attorneys, the legal profession, and families; and

WHEREAS, a streamlined and simplified Act would better fulfill the purposes provided in section 41-5-102, MCA; and

WHEREAS, a simplified Act will still provide accountability for the youth’s actions and protect the rights of all parties by ensuring fair and accurate hearings.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to review and propose legislation to simplify and streamline the Montana Youth Court Act.

BE IT FURTHER RESOLVED, that the committee shall include input from county attorneys, the court administrator, youth court services personnel, district court judges and personnel, youth probation officers, the director or designee of the Office of the Public Defender, the director or designee of the Department of Public Health and Human Services, and the director or designee of the Department of Corrections.

BE IT FURTHER RESOLVED, that any changes proposed as a result of the committee’s study should remain consistent with the legislative purposes enumerated in section 41-5-102, MCA, should not be driven by policy intended to increase punishment of youth, and should focus primarily on procedure.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

WHEREAS, Oregon has a Conservatorship Audit Program housed in the Attorney General's Office to assist courts to understand and assess guardianship and conservatorship case filings; and

WHEREAS, although many state agencies have successfully secured significant federal grant funding, feedback from constituents indicates that many grant opportunities remain unused; and

WHEREAS, local government entities, especially in small communities and tribal and rural areas of the state, lack the capacity to identify and pursue grant funding; and

WHEREAS, a concerted state approach to identifying and securing federal grants may yield significant revenue opportunities for public needs and potentially reduce the proportion of state tax revenue dedicated to those needs, allowing investment of revenue into other areas.

BE IT FURTHER RESOLVED, that the interim committee work with stakeholders, including executive agencies, tribal governments, local government representatives, and federal government representatives to offer input and proposals.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

WHEREAS, state government, local governments, and housing developers have a mutual responsibility to investigate paths for addressing the lack of housing in Montana; and

HOUSE JOINT RESOLUTION NO. 32

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE AVAILABILITY OF TRAINING AND THE QUALIFICATIONS OF INVESTIGATORS WITHIN MONTANA LAW ENFORCEMENT AGENCIES; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, victims of serious crimes in Montana deserve to have those crimes investigated by members of law enforcement with training and expertise specific to those offenses; and

WHEREAS, according to the most recent Montana Law Enforcement Employment Survey administered by the Montana Board of Crime Control, there are approximately 117 law enforcement agencies across Montana, which are made up of officers with varying levels of training and experience in advanced investigation techniques; and

WHEREAS, of the 55 county sheriff's departments in Montana, 16 of those departments employ five or fewer law enforcement officers, and of the 46 municipal police departments, 22 employ five or fewer officers; and

WHEREAS, investigations of sexual assaults and homicides demand a higher level of training and skill than is acquired by obtaining a basic POST certification from the Public Safety Officer Standards and Training Council; and

WHEREAS, requiring law enforcement officers to receive advanced training increases the probability of successful resolutions to sexual assault and homicide cases and helps to avoid false charges and inadequate case preparation and decreases the likelihood of a successful appeal following a conviction.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to:

(1) review training opportunities related to investigating serious crimes, including homicide and related offenses as described in Title 45, chapter 5, part 1, and sexual crimes as described in Title 45, chapter 5, part 5, that are currently available to Montana peace officers;

(2) survey Montana law enforcement agencies and review the availability and quantity of peace officers who are qualified to investigate the crimes enumerated in subsection (1); and

(3) examine opportunities to increase the number of qualified investigators in Montana and, if necessary, consider legislation to help mitigate current deficiencies.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

HOUSE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO TAKE ACTION RELATING TO UNSOLICITED OFFERS OF MORTGAGE CREDIT, KNOWN AS TRIGGER LEADS.

WHEREAS, the Montana Legislature maintains that it is in the best interest of all Montanans to have access to safe, accountable, and private mortgage banking in achieving the American dream of home ownership; and

WHEREAS, Montanans who seek to fulfill this dream have been increasingly besieged with unsolicited credit offers from a litany of unknown and amorphous financial institutions, not because Montana homebuyers requested the credit solicitations, but because various entities obtained leads that were triggered by the Montana homebuyer potentially seeking a mortgage through a trusted and known lender; and

WHEREAS, these unsolicited offers of credit by entities unknown to Montanans, known as trigger leads, routinely subject Montanans to a barrage of unrequested, unnecessary, and gratuitous emails, mail, texts, and telephone calls at all times, day and night; and

WHEREAS, trigger leads are, at worst, criminally fraudulent offers by entities seeking to commit identity theft, and at best, trigger leads subject Montanans to daily harassment. Accordingly, the Montana Legislature declares trigger leads a public nuisance that must be, at the very least, competently regulated, but the best solution is for trigger leads to be prohibited; and

WHEREAS, the federal Fair Credit Reporting Act and the Consumer Financial Protection Bureau, operating with the intent of fostering interstate commerce and competition in the mortgage credit market, have naively shielded trigger leads from any meaningful state action; and

WHEREAS, although the Fair Credit Reporting Act and the Consumer Financial Protection Bureau allow for a person to opt out of unsolicited offers of credit, in reality this practice is wholly ineffective and has only served as a convenient excuse to avoid meaningful federal regulation; and

WHEREAS, the United States Congress has, through introduced legislation, identified the overwhelming problem with the proliferation of trigger leads; none of these acts, however, have yet to pass.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Montana Legislature urges the United States Congress to take meaningful action to protect not only Montanans but all Americans by curtailing or eliminating trigger leads and, at the very least, to allow Montana and other states to protect their citizens by eliminating federal preemption of trigger leads under the Fair Credit Reporting Act.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation.

Adopted April 22, 2025

HOUSE JOINT RESOLUTION NO. 34

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING MONTANA'S BEEF PRODUCERS.

WHEREAS, the beef industry is a vital and longstanding cornerstone of the state of Montana's agricultural economy, with over 2.5 million cattle raised across the state, contributing significantly to the state's gross domestic product, rural communities, and job market; and

WHEREAS, Montana's beef producers, including ranchers, farmers, and workers, are dedicated to raising cattle in an environmentally responsible manner, upholding high standards for animal welfare, land stewardship, and sustainability; and

WHEREAS, Montana's cattle ranchers have long been stewards of the land, preserving open space, promoting soil health, and maintaining ecosystems through responsible grazing practices; and

WHEREAS, Montana beef producers face numerous challenges, including fluctuating market prices, rising feed and input costs, trade barriers, and increased competition from foreign beef imports that undermine Montana ranchers' ability to thrive; and

WHEREAS, Montana's beef industry is an essential contributor to local economies, providing jobs in agriculture, transportation, food processing, and retail sectors, and playing an integral role in the survival of many small towns and rural communities throughout the state; and

WHEREAS, Montana's high-quality beef is a respected product in national and international markets, and supporting Montana's beef producers is critical to maintaining the state's reputation for producing some of the best beef in the world; and

WHEREAS, Montana's beef producers not only provide a source of nutritious food for consumers but also contribute to national food security and support a balanced and healthy diet with lean, high-protein beef; and

WHEREAS, the Montana Legislature recognizes the importance of ensuring that the state's beef producers remain competitive, sustainable, and supported through favorable policies, market access, and fair-trade agreements; and

WHEREAS, the state of Montana opposes proposals that threaten the cattle industry by promoting harmful regulations, restrictions, and tax policies aimed at limiting or eliminating livestock production, which could undermine the economic viability of Montana's beef industry, disrupt rural communities, and harm Montana's agricultural heritage; and

WHEREAS, the state of Montana opposes the promotion, production, and sale of lab-grown “meat” as a substitute for real, responsibly raised beef, recognizing that lab-grown meat is an untested and harmful alternative that threatens the livelihoods of ranchers, distorts the marketplace, and poses significant questions about food safety, environmental impact, and long-term health consequences.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature strongly supports Montana’s beef producers for their essential role in the state’s economy, culture, and way of life.

BE IT FURTHER RESOLVED, that the Montana Legislature calls on the state and federal governments to prioritize policies that ensure fair market conditions, provide support for Montana ranchers, reduce unnecessary regulatory burdens, and facilitate better trade relationships that open new markets for Montana beef.

BE IT FURTHER RESOLVED, that the Montana Legislature encourages the development and promotion of policies that support sustainable beef production, encourage the use of innovative agricultural practices, and enhance the resilience of Montana’s beef producers in the face of market challenges, climate change, and global competition.

BE IT FURTHER RESOLVED, that the Montana Legislature reaffirms its commitment to ensuring the continued success and viability of Montana’s beef industry, recognizing its significance in supporting rural communities, preserving agricultural heritage, and maintaining Montana’s position as a national leader in beef production.

BE IT FURTHER RESOLVED, that the Montana Legislature opposes any federal or state proposals that would impose excessive regulations, restrictions, or taxes on Montana’s beef industry, which would jeopardize the livelihoods of ranchers and the economic well-being of rural communities across the state.

BE IT FURTHER RESOLVED, that the Montana Legislature strongly opposes the promotion, production, and sale of lab-grown “meat” as a substitute for natural beef, and supports policies that protect the integrity of Montana’s beef industry and the safety of consumers by ensuring that only responsibly raised, high-quality beef enters the marketplace.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Governor of the State of Montana, to the United States Secretary of Agriculture, to each member of the Montana Congressional Delegation, to the Montana Stockgrowers Association, to the Montana Farm Bureau Federation, to the Ranchers-Cattlemen Action Legal Fund United Stockgrowers of America (R-CALF USA), to the United States Cattlemen’s Association, to the National Cattlemen’s Beef Association, and to the American Angus Association to further demonstrate the Legislature’s strong support for Montana’s beef producers and the Legislature’s opposition to policies that threaten the industry.

HOUSE JOINT RESOLUTION NO. 35

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE IMMEDIATE MODIFICATION OF INEFFECTIVE AND DANGEROUS FEDERAL LAND MANAGEMENT AND WILDFIRE POLICIES IN ORDER

TO PROTECT THE HEALTH, SAFETY, AND WELFARE OF MONTANA'S COMMUNITIES.

WHEREAS, over the last 2 decades, the United States Forest Service has increasingly adopted a more relaxed approach to wildfire suppression, often referred to as a “let it burn” policy, rather than pursuing aggressive initial attacks on wildfires; and

WHEREAS, the contributing factors of drought, extensive tree mortality due to insect infestation, the United States Forest Service’s relaxed approach to the suppression of wildfire, and the ineffective federal forest management policies that allow for extensive accumulation of biomass make Montana’s forest lands highly susceptible to catastrophic and environmentally destructive wildfires that put Montana’s air quality at hazardous levels and its communities in imminent danger; and

WHEREAS, wildfire in areas labeled as full suppression areas have had delayed initial attack from days to weeks. A loophole has been exploited through which, by letting a wildfire burn forest land, the United States Forest Service can avoid going through the process of the National Environmental Policy Act (NEPA) environmental assessments required for controlled burns. Using wildfire as a loophole has created a reverse in fire suppression tactics whereby control lines meant to stop fire are intentionally placed miles from the fire boundary, and the fire is used to burn hundreds or thousands of additional acres of forest land. Using and encouraging wildfire as a means to document “treated” forest land is deceptive at best and allows less pressure on the United States Forest Service to actively manage forest land through timber harvest; and

WHEREAS, a lack of positive forest management by the United States Forest Service by reduced timber harvest and relaxed fire suppression has led to extremely large fires that account for large releases of carbon into the atmosphere and hazardous air quality in western states that directly impact the health of citizens. Despite this, wildfire smoke is not counted in the federal Environmental Protection Agency’s air quality standards attainment determinations, yet it is the largest source of air pollution in Montana communities; and

WHEREAS, the United States Forest Service’s movement to reclaim and close Forest Service roads and render them undrivable not only reduces access to forest land, which makes fire suppression more unattainable, but also supports the movement or sentiment to reduce timber harvest on forest lands and leads to a lack of forest management; and

WHEREAS, the monetary costs to our taxpayers and the federal government for wildfire suppression are astronomical and add to the skyrocketing national debt; and

WHEREAS, without aggressive initial attacks on wildfires on federal land, the threat to private land, state land, the wildland-urban interface, and the public health, safety, and welfare will only increase. In addition, Montana’s fire suppression costs will substantially increase, and damage to property and natural resources will continue to grow.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Legislature of the State of Montana urges the President of the United States, the Secretary of Agriculture, the Chief of the United States Forest Service, and the United States Congress to immediately modify federal land management and wildfire policies to ensure that:

(1) there is aggressive initial attack of wildfires on all federal lands, especially if there is potential for the fire to expand onto private or state land, affect the wildland-urban interface, or cause hazardous air quality;

(2) forest roads remain open and drivable, not only for public access but for future forest management activities and effective fire suppression activities;

(3) EPA air-quality standards be modified to include wildfire smoke, to the extent that there will be an increase in concern among federal land management and fire suppression agencies that wildfire smoke is unhealthy and harmful to our populace and is a major contributor of carbon released into the atmosphere;

(4) all “let it burn” policies are identified and reversed to ensure an aggressive initial attack by the United States Forest Service and that all NEPA processes are followed, preserving thousands of acres of prime timber and preventing the release of carbon into the atmosphere, which causes unhealthy air quality and excessive spending for added suppression costs; and

(5) state and local governments may actively engage in land and wildfire management operations on federal land to protect the public health, safety, and welfare and that stakeholder groups have more involvement in fire management for the creation of policies with the intention to better protect the resources and property most at risk by wildfire.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the President of the United States, the Chief of the United States Forest Service, the Secretary of Agriculture, the Secretary of the Interior, each member of the Montana Congressional Delegation, all 100 United States Senators, the United States Speaker of the House, the Majority Leader and Minority Leader of the United States House of Representatives, and the governors of Arizona, California, Colorado, Idaho, Montana, Nevada, Oregon, Washington, and Wyoming.

WHEREAS, the Montana Procurement Act has several beneficial purposes, including ensuring fair and equitable treatment of all people who deal with the procurement system in the state of Montana, providing increased economy in state procurement activities, maximizing the purchasing value of public funds, and providing for increased public confidence in the procedures followed by the state in procuring services; and

WHEREAS, in recent years there have been multiple state agency procurements that have raised questions about transparency and the appropriate use of public funds; and

WHEREAS, the Legislature has a vested interest in ensuring that all laws, including the Montana Procurement Act, are adhered to.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HOUSE JOINT RESOLUTION NO. 44

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF ENDOCRINE-DISRUPTING CHEMICALS, PERFLUOROALKYL AND POLYFLUOROALKYL SUBSTANCES, AND WATER QUALITY; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, human reproduction is declining around the world, affecting men, women, and children; and

WHEREAS, the decline in reproduction is attributed to unhealthy lifestyles and chemicals in the environment; and

WHEREAS, endocrine-disrupting chemicals, such as phthalates, bisphenol A, flame-retardants, and pesticides, interfere with the body's hormonal systems; and

WHEREAS, these endocrine-disrupting chemicals are found in toys, plastic drinking bottles, cleaning supplies, house dust, home furniture, electronics, building materials, fragrances, food, food packaging, personal care products, and drinking water; and

WHEREAS, exposure to endocrine-disrupting chemicals may contribute to attention deficit hyperactivity disorder, asthma, obesity, and early puberty in children; thyroid disorders, breast cancer, diabetes, obesity, and infertility in women; and thyroid disorders, diabetes, obesity, infertility, prostate cancer, and low sperm count in men; and

WHEREAS, perfluoroalkyl and polyfluoroalkyl substances, or PFAS, are a large, complex group of synthetic chemicals that have been used in consumer products and may affect human health; and

WHEREAS, PFAS are mobile, persistent, and bioaccumulative and are not known to degrade in the environment; and

WHEREAS, the Department of Environmental Quality has preliminarily studied PFAS and noted the health risks associated with PFAS; and

WHEREAS, statewide solutions should be explored in Montana to reduce or eliminate the potential risks posed by PFAS to human health and the environment; and

WHEREAS, declining birth rates and increasing life expectancy may create a “demographic time bomb” as future generations struggle to meet the needs and obligations of an older population, thereby reducing economic growth, decreasing tax revenue, and increasing health care costs; and

WHEREAS, declining sperm counts, diminished ovarian reserves, and increasing miscarriage rates could eventually threaten survival of the human race; and

WHEREAS, as a modest first step to combat what could become a global calamity, the Montana Legislature should examine the threats of these chemicals in our drinking water.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review how existing state water quality laws and federal acts, including the Clean Water Act and the Safe Drinking Water Act, protect water quality in Montana and regulate endocrine-disrupting chemicals;

(2) study the presence of PFAS in Montana, including potential sources of PFAS, sampling and testing methods to identify the presence of PFAS, and routes of human and ecological exposure;

(3) analyze research related to the health effects of endocrine-disrupting chemicals;

(4) determine, if possible, the prevalence of endocrine-disrupting chemicals in Montana; and

(5) offer recommendations for future study, rulemaking, or changes to law related to water quality, PFAS, and endocrine-disrupting chemicals.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

HOUSE JOINT RESOLUTION NO. 45

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON THE COLLATERAL CONSEQUENCES OF CRIMINAL CONVICTIONS AND ON CRIMINAL RECORD EXPUNGEMENT; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE IN THE FORM OF INTRODUCED LEGISLATION.

WHEREAS, criminal record clearance mechanisms have quickly become the preferred means to help mitigate many of the barriers and the stigmas that people with a criminal record often face; and

WHEREAS, historically, record clearance was relatively limited and involved restricting public access to a person's official criminal record, which could only be accessed through physical copies from a court; and

WHEREAS, technological innovations have fundamentally changed how information is accessed and shared, so criminal history information is now easily and cheaply available online from a wide variety of sources; and

WHEREAS, as a result, it can be difficult for a person's criminal history to be truly expunged in the digital public forum where employers, landlords, and others commonly seek information about an applicant's criminal history, and many individuals who have a history in the justice system continue to face employment and housing barriers due to background check errors that have been produced by private online sources; and

WHEREAS, state statutory and regulatory codes are littered with provisions that create barriers to employment, licensure, housing, and other opportunities due to a person's criminal history, and the extent to which these provisions implicate expunged criminal history is often uncertain; and

WHEREAS, people with criminal histories contend not only with legal barriers but also discrimination based on the stigmas of private employers and other actors.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to:

- (1) review existing criminal record expungement laws in the state;
- (2) investigate challenges related to collateral consequences of criminal convictions and how discrimination based on stigmas impacts individuals with expunged criminal records in the state. The study may include but is not limited to:
 - (a) the potential legal barriers to opportunity in housing and employment due to unaddressed ambiguity in law regarding expunged criminal history records;
 - (b) discrimination in housing and employment based on inquiries into expunged criminal history;
 - (c) interstate challenges experienced by people with expunged criminal history and any relief afforded by record clearance policies across state lines; and
 - (d) disclosure and dissemination of expunged criminal record information by commercial criminal record providers.
- (3) consider evaluating how landlords, housing providers, and employers in the state interpret expunged records and explore state incentive models, including Medicaid value-based payment models, for expungement-friendly housing;
- (4) analyze felony recidivism rates, employment outcomes, and social determinants of reentry success for individuals with expunged criminal records in the state;
- (5) consider analyzing employment retention, wage growth, and housing stability of individuals with expunged criminal records in the state before and after record expungement;

(6) examine criminal record clearance laws in other states and identify whether these measures are or would be similarly effective in this state;

(7) evaluate forensic peer support as a key expungement support service and examine models of peer support integration in reentry programs in other states, specifically in Ohio, Pennsylvania, and Texas; and

(8) suggest specific changes to existing state law to respond to the legal barriers and discrimination, if any, that individuals with expunged criminal records face.

BE IT FURTHER RESOLVED, that the assigned committee collaborate with the general public and the relevant state and national stakeholders to examine this topic, including but not limited to the Department of Justice, the Office of the State Public Defender, the Department of Corrections, county prosecutors, and victim advocates.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature in the form of introduced legislation.

WHEREAS, local government entities, including county, municipal, and consolidated governments, but also a variety of special districts, including but not limited to fire districts, water and sewer districts, road improvement districts, housing authority districts, hospital districts, weed management districts, airport authority districts, irrigation districts, and other miscellaneous districts, are the government units that most closely and directly serve the citizens of Montana; and

WHEREAS, in addition to the various districts, each county, municipality, and consolidated local government is often organized into departments, each with a duty to serve the citizens of Montana and deliver effective service; and

WHEREAS, a majority of local government entities and departments cooperate well and have taken effective steps to meet the needs of their constituents; however, multiple cases exist that demonstrate a lack of cooperation, unnecessary conflict, or otherwise inefficient and ineffective government; and

WHEREAS, the changing demographics of Montana also pose a unique challenge for some areas to continue to provide effective service, especially government entities such as fire departments, fire districts, and fire service areas and other emergency and disaster response entities who have experienced population growth or other changes to the communities they serve; and

WHEREAS, reviewing the statutory framework for local government entities and determining if additional tools are needed for those who are experiencing challenges will benefit all citizens of Montana who deserve a functional, effective, and fiscally responsible government.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) identify areas of local government that may benefit from more intergovernmental cooperation or strategies to improve communication, cooperation, and mutual benefit;

(2) review current methods of intergovernmental cooperation available to local government entities and analyze the effectiveness and efficiency of current methods;

(3) examine methods or policies used in other states that have been demonstrated to aid in intergovernmental cooperation and determine if the methods or policies may be appropriate for Montana;

(4) identify and analyze areas of local government that may benefit from consolidation, including consideration of methods for withdrawal or dissolution if local government entities choose to consolidate; and

(5) analyze the fiscal impacts of increased cooperation or consolidation to both local government entities and the state, including a review of current costs of operation and whether increased cooperation or consolidation measures may reduce those costs.

BE IT FURTHER RESOLVED, that the committee engage appropriate stakeholders, including but not limited to local government officials and employees, the Montana Association of Counties, the Montana League of Cities and Towns, and the Montana State University Local Government Center.

BE IT FURTHER RESOLVED, that the committee make reasonable attempts to receive input from individual members of local government entities being investigated and take comment from all parties involved in the event the committee discovers a lack of communication, cooperation, or general government effectiveness.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

WHEREAS, the House Judiciary Committee tabled House Bill No. 619 after committee members argued that the bill was too large and complex to understand after one hearing and needed more review; and

WHEREAS, it is in the best interests of Montanans to have comprehensive and updated laws governing owners' associations and condominiums.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

BE IT FURTHER RESOLVED, that the committee:

(1) review existing Montana statutes and funding mechanisms related to school safety, with a specific focus on examining how existing statutes and

funding mechanisms can be clarified, coordinated, consolidated, and better aligned with the Ten Essential Actions to Improve School Safety; and

(2) examine how cross-agency coordination and collaboration for school safety can be promoted in Montana, including through a designated entity to act as a clearinghouse for model policies, training, and technical assistance.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

HOUSE JOINT RESOLUTION NO. 55

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE LICENSING STANDARDS, EDUCATION, AND PRACTICES OF PROPERTY MANAGEMENT IN THE STATE; AND REQUIRING THAT THE RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, residential and commercial landowners hire property managers to manage landowners' properties throughout the state; and

WHEREAS, to manage these properties, property managers are required to obtain a license that requires education and training approved by the Department of Labor and Industry; and

WHEREAS, in 2023, the Department of Labor and Industry was charged with the responsibility of receiving complaints from citizens in the state and with disciplining licensed property managers for violations of professional conduct; and

WHEREAS, the Department of Labor and Industry is authorized to create rules and regulations for professional practice with respect to the licensing of property managers, but professional practice is limited in requiring property managers to comply with the responsibilities of the Montana Residential Landlord and Tenant Act and commercial rental contract law in the state; and

WHEREAS, the state recognizes the importance of property managers to provide services to both landowners and tenants with respect to the rental of property; and

WHEREAS, these services are received at a cost, and the costs, which are not monitored or regulated, have affected both landowners and tenants as an increase in rental prices in the state; and

WHEREAS, the state has recognized that foreign corporations and foreign investment groups are not required to have licensed and regulated property managers overseeing rental properties, thus reducing the quality of those rental properties.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review the current licensing, education, and fee requirements of property managers in Montana;

(2) review the conformance of property manager requirements and practice with the Montana Residential Landlord and Tenant Act, the commercial rental laws of Montana, and the property management requirements of foreign corporations and investment groups;

(3) examine the current end-user costs charged to landowners and tenants as a result of property management licensing and education requirements; and

(4) identify education requirements and practices from other states to evaluate how Montana's statutes align with or differ from those in other jurisdictions and identify best practices that may inform potential legislative changes.

BE IT FURTHER RESOLVED, that the committee solicit feedback from stakeholders and relevant parties, including but not limited to property managers, landlords, tenants, tenant unions, attorneys who work in landlord-tenant law, professional organizations in the field of landlord-tenant relations, and housing policy experts in the property management industry.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE SEARCH AND RESCUE SERVICES AVAILABLE AND FUNDED IN MONTANA; AND REQUESTING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, the state of Montana is the fourth largest state in the United States in terms of overall landmass with over 94 million acres; and

WHEREAS, Montana's unique landscape provides countless opportunities for outdoor recreation; and

WHEREAS, in 2023, Montana law enforcement agencies entered 2,263 missing persons into the Montana Missing Persons Clearinghouse; and

WHEREAS, Montana is one of the only states in the United States without a statewide search and rescue program or coordinator; and

WHEREAS, pursuant to section 7-32-2121, MCA, each county sheriff has statutory authority to conduct search and rescue operations; and

WHEREAS, tribal authorities are responsible for search and rescue within their respective jurisdictions; and

WHEREAS, the resources needed for search and rescue operations often exceed those readily available to local jurisdictions; and

WHEREAS, much of Montana is made up of extremely remote areas that necessitate the use of specialized equipment not readily available to local jurisdictions, often requiring the use of privately owned equipment, such as boats or aircraft; and

WHEREAS, search and rescue personnel often need to be trained to operate in extreme or dangerous terrain in remote areas or in dangerous conditions,

such as partially collapsed structures or areas with hazardous materials, both of which require specialized skills that may not be available in a local jurisdiction; and

WHEREAS, despite being only 6.5% of Montana's overall population, indigenous persons made up 30.6% of all persons reported missing in the state in 2023; and

WHEREAS, the seven Indian reservations in Montana make up almost 10% of the overall landmass of the state; and

WHEREAS, 19 of the 56 counties in Montana border or contain Indian reservations, presenting unique challenges to search and rescue operations when extraordinary situations necessitate interjurisdictional assistance or reimbursement; and

WHEREAS, operational challenges for search and rescue missions posed by Montana's unique environment and varying landscape are likely to result in costs exceeding the amount that may be reimbursed by the state as provided in section 10-3-801, MCA; and

WHEREAS, operational reimbursement and grant funding for search and rescue teams are administered by multiple state agencies; and

WHEREAS, the Montana Department of Fish, Wildlife, and Parks' 2020 fiscal year report on department funding sources indicated yearly revenue distributed to the search and rescue fund totaling \$132,261 and a balance of \$1,393,316; and

WHEREAS, pursuant to section 15-1-122, MCA, the search and rescue account provided for in section 10-3-801, MCA, is to be funded by 0.04% of the motor vehicle revenue deposited in the state general fund each fiscal year; and

WHEREAS, pursuant to sections 87-1-601 and 87-2-202, MCA, the search and rescue account provided for in section 10-3-801, MCA, is to be funded by voluntary donations made when purchasing a conservation license; and

WHEREAS, pursuant to section 10-3-801, MCA, local search and rescue operations conducted through a county sheriff's office are subject to a maximum reimbursement of \$12,000 for each rescue operation, regardless of the number of counties or search and rescue operations that are involved; and

WHEREAS, pursuant to section 10-3-801, MCA, search and rescue operation reimbursement is administered by the Disaster and Emergency Services Division of the Montana Department of Military Affairs but can be obtained by request from the Montana Sheriffs and Peace Officers Association search and rescue subcommittee; and

WHEREAS, pursuant to section 10-3-801, MCA, only local search and rescue operations conducted through a county sheriff's office are eligible for reimbursement, leaving tribal search and rescue teams and operations disparately impacted.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) review and consider proposing legislation to:

(a) update reimbursement amounts based on inflationary and other analyses for local search and rescue operations if the current amount provided in section 10-3-801, MCA, is not commensurate with actual agency costs incurred, no matter how many agencies or jurisdictions are involved;

(b) clarify and streamline the process by which agencies make requests for reimbursement for search and rescue operations;

(c) address the disparate rate of missing persons in Indian country and determine whether state reimbursement is currently aiding search and rescue operations within those jurisdictions;

(d) enhance recognition of the difference between disaster-level events requiring intervention by the Disaster and Emergency Services Division of the Department of Military Affairs and more typical events that may be handled entirely at the local level through reimbursement, as provided in section 10-3-801, MCA, or with minimal interjurisdictional assistance;

(e) update the search and rescue fund provided for in section 10-3-801, MCA, and update allocations from the fund pursuant to section 15-1-122, MCA, from the Motor Vehicle Division of the Department of Justice's fiscal year revenue deposited in the general fund and voluntary donations from conservation licenses pursuant to section 87-1-601, MCA, administered by the Department of Fish, Wildlife, and Parks, respectively, as appropriate; and

(f) centralize the administration of search and rescue funding; and

(2) review:

(a) all sources of funding for search and rescue available to jurisdictions and teams in the state; and

(b) any provisions of the Administrative Rules of Montana that may inhibit or otherwise affect funds allocated for the provision of funds to jurisdictions requesting reimbursement.

BE IT FURTHER RESOLVED, that the committee include input from county sheriffs, municipal police, tribal police, county fire departments, tribal fire departments, volunteer fire departments, emergency medical services, volunteer search and rescue personnel, the director or designee of the Disaster and Emergency Services Division of the Department of Military Affairs, the director or designee of the Department of Fish, Wildlife, and Parks, the director or designee of the Department of Justice, and the director or designee of the Montana Sheriffs and Peace Officers Association.

HOUSE JOINT RESOLUTION NO. 61

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON THE PROPERTY INSURANCE MARKET IN MONTANA; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, the increasing costs of insurance are further exacerbating major housing affordability challenges in Montana for homeowners, landlords, and tenants; and

WHEREAS, high property insurance premiums hurt Montana businesses; and

WHEREAS, property insurance rates have been increasing significantly for all Montanans, regardless of where they live; and

WHEREAS, Montana had the fifth-fastest increase in rates in the nation in 2024, and Montana's cumulative increases in insurance rates from 2019 to 2024 were 44.3%; and

WHEREAS, from 2012 to 2022, the percentage increase in Montana's insurance premiums, as tracked by the National Association of Insurance Commissioners, has outpaced a national increase in rates, increasing twice as fast as the national average in 5 of those 10 years; and

WHEREAS, the coverage provided by insurers is simultaneously shrinking for homeowners and businesses despite the rapidly rising rates of property insurance; and

WHEREAS, Montana home values are rising unrelentingly, with the Montana Department of Revenue reporting that the median residential property value increased by 32% in 2023 alone and with the Montana Department of Labor reporting increases in home values of 5% to 25% each year compared to the preceding decade from 2012 to 2022; and

WHEREAS, the rising cost of insurance may lead to difficulties in obtaining mortgages as financial institutions become increasingly hesitant to approve loans in regions facing high insurance risks; and

WHEREAS, Montana has the second-highest risk in the nation for catastrophic wildfire impacts on property, and some insurers are withdrawing from high-risk areas, leaving homeowners to take on more risk or face higher premiums; and

WHEREAS, 7% of U.S. homeowners lack insurance, with higher rates in Montana than in many other states; and

WHEREAS, Montana's Indian and other minority populations, face disproportionately high risks from wildfires and may struggle to afford rising insurance premiums or recover from losses; and

WHEREAS, Montana experienced 2,388 wildfires in 2024, which burned 387,966 acres, and of the 11.7 million recorded acres burned in the past 138 years, 70% have burned since 2000 and roughly half of the acres burned prior to 2000 were in a single year, 1910, which demonstrates the increasing frequency and financial burden of wildfires in the state; and

WHEREAS, the number of homes in high wildfire risk areas in Montana has doubled since 1990, with development continuing at a rate of 450 homes a year, increasing the risk and cost of fire suppression; and

WHEREAS, the National Association of Insurance Commissioners reports that insurers have experienced losses in 4 of the past 5 years, with insurers in Montana reporting losses in 3 of the past 5 years, leading to higher premiums and reduced coverage; and

WHEREAS, according to the U.S. International Trade Commission, reinsurance costs had increased by as much as 50% at the January 2024 renewals, and it is challenging for some carriers to even find reinsurance.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to:

- (1) evaluate the causes of Montana's increasing property insurance;
- (2) determine the impact of these causes on rates; and
- (3) analyze policy strategies that could stabilize the property insurance market and develop property insurance approaches for more accessible and affordable property insurance in the state.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

HOUSE JOINT RESOLUTION NO. 62

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF WILDFIRE PREVENTION AND RESILIENCE; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, extreme hot, dry, and windy conditions are increasingly prevalent in Montana and throughout the Western United States; and

WHEREAS, the conditions in Montana can make fires more frequent, damaging, and expensive to control or suppress, even in areas of prior fuels treatment, which affects the safety of residents and firefighters, the economy, and the health of Montana's lands and waters; and

WHEREAS, Montana has the second-highest share of properties at risk in the Western United States, which contributes to insurance unaffordability and inaccessibility and exacerbates an existing housing affordability crisis in the state; and

WHEREAS, numerous studies have confirmed alarming statistics about Montana's unique and growing vulnerability to wildfire in the 21st century, such as that more than 70% of all recorded wildfires in Montana history have occurred since 2000, more than 90% of Montana's population is in counties with high wildfire risk, and over the past 20 years wildfires have destroyed more than 1,400 homes, businesses, and other structures in Montana; and

WHEREAS, Montana's existing policies and authorities to build for wildfire resilience are not broadly accessible and are not providing community-scale risk reduction; and

WHEREAS, Montana faces rapidly rising housing costs that could be exacerbated by catastrophic disasters, further damaging local economies and communities if additional strategies to reduce risk are not taken; and

WHEREAS, in the spirit of spurring comprehensive reform, the Legislature recognizes that additional proven policies and strategies to avoid community destruction from fire exist and merit deeper review for the benefit of all Montanans; and

WHEREAS, community-scale risk reduction in the form of defensible space around homes, widespread use of wildfire-resistant building materials, and thoughtful planning provide a necessary defense against exacerbating the hazards and risks of wildfires that enter the urban landscape; and

WHEREAS, thoughtful risk reduction is affordable, cost-effective and necessary in order to reduce the risk of wildfire damage to Montana

communities, help protect firefighters, and offer the potential to improve housing affordability by reducing insurance premiums; and

WHEREAS, far-sighted community planning has been shown to provide mutual benefits not only to the state's infrastructure but also to the unique outdoor values that Montanans cherish and rely on to support our local economies, our hunting and fishing traditions, and our time-honored way of life.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to examine:

- (1) the scope of wildfire impacts on communities, including:
 - (a) the prevalence of wildfires' worsening impacts on population centers in the 21st century;
 - (b) the economic, social, and ecological costs of fires in the wildland-urban interface, including how rising costs impact community resilience; and
 - (c) the costs and benefits of postfire rehabilitation and recovery versus prefire home hardening and community resilience through planning;
- (2) the role of wildfire-focused land use planning in supporting effective wildfire response, including:
 - (a) the role of building materials and nonvegetated buffers, also known as defensible space, in fire spread, speed, and intensity, both on an individual property and on a community-wide scale; and
 - (b) the benefits of maintaining open routes of ingress and egress, water availability, maintained open space buffers, and other innovative land management concepts to improve public safety and reduce the impacts of wildfire on property and communities;
- (3) the current legal and policy framework regarding wildfire resilience in Montana, specifically:
 - (a) the barriers to widespread adoption of the state's existing laws and regulations; and
 - (b) the factors that reduce the efficacy of the existing framework;
- (4) solutions that can alleviate risk in Montana, including examples of:
 - (a) how to incentivize action at the community level, including tax incentives, cost-share programs, grant programs, and other pathways to ease property owners' burden; and
 - (b) effective statewide regulation of building materials, development patterns, landscaping guidelines, and vegetation management in the wildland-urban interface, including:
 - (i) how the state can allow local jurisdictions to adopt more robust codes and standards than the state baseline that will allow high-hazard communities to protect homes, businesses, and their economies while not placing an onerous burden on lower-hazard communities;
 - (ii) the role of state agencies in effectively acting as liaisons and experts to municipal government in enacting and enforcing statewide wildfire resilience codes;
 - (iii) the development of hazard and risk maps that can inform property owners and local governments where areas of higher or lower hazard exist; and
 - (iv) solutions that effectively balance oversight and enforcement with on-the-ground conditions and flexibility for property owners.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY EXAMINING WATER REUSE; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, Montana's water resources are of exceptional quality and are a valuable resource to the residents of the state; and

WHEREAS, water reuse, also known as water recycling, is a process in which wastewater is purified for a designated beneficial freshwater purpose; and

WHEREAS, the potential uses of recycled water include agricultural, industrial, and municipal purposes; and

WHEREAS, water reuse is a tool to promote sustainable and resilient water supplies and protect environmentally sensitive resources; and

WHEREAS, there may exist technical, regulatory, financial, and educational roadblocks preventing the implementation of water reuse programs in Montana; and

WHEREAS, individualizing levels of treatment for specific uses is more cost and energy efficient than a standardized treatment approach; and

WHEREAS, opportunities for water reuse may be underexplored in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA to:

(1) examine existing statutes and administrative rules related to water reuse;

(2) analyze existing reuse infrastructure, including the volume, timing, use, and availability of reused water;

(3) examine how other states have implemented water reuse in the public and private sectors;

(4) analyze what industries, except agriculture, and geographic areas in the state currently implement water reuse programs and what industries and geographic areas in the state may benefit from water reuse programs;

(5) determine what legal, economic, and social barriers exist for industries and communities attempting to implement water reuse programs;

(6) analyze what economic, environmental, and population factors necessitate the implementation of water reuse programs; and

(7) if necessary, propose legislation to incentivize and facilitate water reuse programs in the state.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.

(2) (a) (i) A member engaging in a breach of decorum in violation of subsection (1)(c) may be called to order by the Speaker or the Speaker's designee.

(ii) If a question of order or privilege is raised during the Committee of the Whole, the presiding officer will stand at ease and the Speaker or the Speaker's designee will assume the chair to decide the question.

(C) Third or subsequent offense: The member is not recognized or is expelled from the House floor for up to 6 consecutive legislative days beginning on the day on which the third or subsequent offense is sustained.

(iii) At the Speaker's discretion, the sequential order of offenses provided for in this subsection (2) may be reset after 1 month from the date of the latest offense.

(e) Nothing in this rule may be construed to:

(i) prohibit the offending member from voting on any measure before the House by participating remotely; or

(ii) preclude the House from taking additional measures to discipline a member, including censure or expulsion, regardless of the number of prior offenses, if any, committed by the offending member.

(3) Responses to parliamentary inquiries may not be appealed.

(4) (a) Questions of order and privilege, in order of precedence, are:

H20-30. Limits on lobbying. Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session. A registered lobbyist is prohibited from the house floor.

H20-40. Admittance to the House floor. (1) The following persons may be admitted to the House floor during a daily session: present legislators and former legislators who are not registered lobbyists; legislative employees necessary for the conduct of the session; registered media representatives; and members’ spouses and children. The Speaker may allow exceptions to this rule.

(2) Only a member may sit in a member’s chair when the House is in session.

H20-50. Dilatory motions or questions – appeal. The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House for a determination by majority vote.

H20-60. Lobbying by employees – sanctions. (1) A legislative employee, aide, or intern of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker may discipline or discharge any House employee violating this prohibition. The Speaker may withdraw the privileges of any House aide or intern for violating this prohibition.

(3) For the purposes of the House rules, “lobbying” means:

(a) the practice of promoting or opposing the introduction or enactment of legislation before the Legislature or legislators; and

(b) the practice of promoting or opposing official action of any legislator or the Legislature.

H20-70. Papers distributed on desks – exception. A paper concerning proposed legislation may not be placed on representatives’ desks unless it is authorized by a member and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution. This restriction does not apply to material prepared by staff and placed on a representative’s desk at the request of the representative.

H20-80. Violation of rules – procedure – appeal. (1) If a member, in speaking or otherwise, violates the rules of the House, the Speaker shall, or the majority or minority leader may, call the member to order, in which case the member called to order must be seated immediately.

(4) If a member is called to order, the matter may be referred to the Rules Committee by the minority or majority leader. The Committee may recommend to the House that the member be censured or be subject to other action. Censure consists of an official public reprimand of a member for inappropriate behavior. The House shall act upon the recommendation of the Committee.

(4) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the pre-session caucus.

(5) There will be six subcommittees of the Committee on Appropriations, Education, General Government, Health and Human Services, Natural Resources and Transportation, Judicial Branch, Law Enforcement, and Justice, and Long-Range Planning. Each member serving on the Appropriations Committee must be appointed to at least one of the subcommittees.

(6) The Speaker shall give notice of each appointment to the Chief Clerk for publication.

(7) (a) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee with the approval of the House by a majority vote. Select committees may request or receive legislation in the same manner as a standing committee and are subject to the rules of standing committees.

(b) If a bill is heard in a select committee, it must be referred to a standing committee. The select committee shall report findings to the standing committee. The standing committee is not required to hold an additional hearing but shall take executive action and may report the bill to the committee of the whole.

(c) A change by the Speaker of select committee appointment or the filling of a vacancy may be approved by the House by a majority vote.

H30-20. Chairman's duties. (1) The principal duties of the chairman of standing or select committees are to:

(a) preside over meetings of the committee and to put all questions;

(b) except as provided in H30-40(3)(b) and H30-50(3)(b), schedule all bills assigned to committee for a hearing prior to 3 legislative days before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200;

(e) have the committee secretary keep the audio recording log;

(f) sign reports of the committee and submit them promptly to the Chief Clerk;

(g) appoint subcommittees to perform on a formal or an informal basis as provided in subsection (2);

(h) inform the Speaker of committee activity; and

(i) enforce fire code occupancy requirements.

(2) With the exception of the House Appropriations subcommittees, a subcommittee of a standing committee may be appointed by the chairman of the committee. The chairman of the standing committee shall appoint the chairman of the subcommittee.

H30-30. Quorum – officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings – purpose – notice – audio recording log. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a meeting at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) (a) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee.

(b) A committee, through motion, may schedule a bill within the possession of the committee for a hearing prior to 3 legislative days before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days' notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the audio recording logs must be available to the public within a reasonable time after the meeting. The official record of the committee meeting is the audio recording of the meeting, and the audio recording log must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the audio recording, sufficient to serve as an index to the original recording and official record; and

(g) testimony and exhibits submitted in writing.

H30-50. Procedures – absentee or proxy voting – member privileges.

(1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent. The chairman shall attempt to not schedule Senate bills while the Senate is in session.

(3) (a) Subject to H30-60 and subsection (3)(b), the committee shall act on each bill in its possession and that has had a hearing prior to the last legislative day before the applicable transmittal deadline for the bill as provided in Joint Rule 40-200:

(i) by reporting the bill out of the committee:

(A) with the recommendation that it be referred to another committee;

(B) favorably as to passage; or

(C) unfavorably; or

(ii) by tabling the measure in committee.

(b) Except as provided in subsection (3)(c), at the written request of the sponsor made at least 48 hours prior to a scheduled hearing, a bill may be withdrawn by the sponsor without a hearing. A bill may not be reported from a committee without a hearing.

(c) A bill may not be withdrawn by the sponsor after a hearing.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar. A tie vote in a standing committee on the question of a recommendation to the whole House on a matter before the committee, for example on a question of whether a bill is recommended as “do pass” or “do not pass”, does not result in the matter passing out to the whole House for consideration without recommendation.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required and available.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the House that are formally adopted when the committee report is accepted by the House.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting. Standing and select committees may by a majority vote of the committee authorize members to vote by proxy if absent, while engaged in other legislative business or when excused by the presiding officer of the committee due to illness or an emergency. Authorization for absentee or proxy voting must be reflected in the committee audio recording log.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) (a) Except as provided in subsection (13)(b), legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(b) The House Appropriations committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy if authorized pursuant to subsection (9), using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony – decorum – time restrictions. (1) Subject to Joint Rule 30-05, remote or in-person testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum voted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is allowed only at the discretion of the chairman.

H30-70. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or the Legislator Conduct Panel or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a representative. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. Except for a referral from the Legislative Conduct Panel, the issues referred to the Ethics Committee must be related to the actions of a representative.

(2) The matters that may be referred to the Ethics Committee are:

(a) a violation of:

(i) 2-2-103, MCA;

(ii) 2-2-104, MCA;

(iii) 2-2-111, MCA;

(iv) 2-2-112, MCA; or

(v) Joint Rule 10-85;

(b) the use or threatened use of a representative's position for personal or personal business benefit or advantage; or

(c) any other violation of law by a representative while acting in the capacity of Representative.

(3) If there is a recommendation from the Ethics Committee, the recommendation is made to the House.

(4) A representative may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

CHAPTER 4

Legislation

H40-10. Introduction deadlines. If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Within 2 days from the date that the chief sponsor signs and accepts legislation from the Legislative Services Division and prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 10.

H40-40. Introduction – receipt – messages from Senate and elected officials. (1) During a session, proposed House legislation may be introduced

in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading – receipt of Senate legislation. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day – exception. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity with the House Rules Appendix and within 2 legislative days of introduction or transmission.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

H40-80. Rereferral – Appropriations Committee rereferral – normal progression. (1) Legislation that is in the possession of the House and that has not had a House hearing in the currently assigned House committee may be rereferred to a House committee in accordance with the House Rules Appendix, by House motion approved by a majority of the members present and voting.

(2) (a) With the consent of the majority leader, the minority leader, and the bill sponsor, legislation that has passed second reading in the Committee of the Whole and that has been rereferred to the Appropriations Committee and is reported from committee without amendments may be placed on third reading.

(b) Prior to being placed on third reading, legislation rereferred must be sent to be processed and reproduced as a third reading version and specifically marked as having been passed on second reading and rereferred to the House Appropriations Committee and reported from the committee without amendments.

(3) (a) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

(b) A motion to remove legislation from its normal progress through the House as provided in subsection (3)(a) by House motion must be approved by no fewer than 55 of the members present and voting.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee after a committee hearing on the legislation by House motion approved by no fewer than 55 of the members present and voting.

H40-100. Standing committee reports – requirement for rejection of adverse committee report. (1) A House standing committee recommendation of “do pass” or “be concurred in” must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of “do not pass” or “be not concurred in” must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by a majority of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a “consent calendar” item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a “consent calendar” item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow “reasonable time” for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas – vote requirements. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) (a) Legislation reported out of committee may be added to the second reading agenda on that legislative day on a motion approved by a majority of the members present and voting.

(b) Legislation reported out of the Committee of the Whole may be added to the third reading agenda on 1 day's notice on a motion approved by a majority of the members present and voting.

H40-140. Second reading – timing – obverse vote on failed motion – status of amendments – rejection of report – segregation. (1) Legislation returned or withdrawn from committee by motion must be placed on second reading prior to the transmittal deadlines provided for in Joint Rule 40-200 that are applicable to each piece of legislation.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill “do pass” or “be concurred in” fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill “do not pass” or “be not concurred in”, is considered to have passed. If a motion to recommend that a bill “do not pass” or “be not concurred in” fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill “do pass” or “be concurred in”, is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, and must be acted on by the Committee of the Whole by the next legislative day unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered pursuant to H50-170 or unless the legislation is rereferred to a committee.

H40-150. Amendments in the Committee of the Whole – timing – official records. (1) All Committee of the Whole amendments must be prepared by the Legislative Services Division and checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted

at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks or electronically posted or sent to the members prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

H40-160. Motions in the Committee of the Whole – quorum required.

(1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

- (a) recommend passage or nonpassage;
- (b) recommend concurrence or nonconcurrence (Senate amendments to House legislation);
- (c) amend;
- (d) reconsider as provided in H50-170;
- (e) pass consideration;
- (f) call for cloture;
- (g) change the order in which legislation is placed on the agenda; and
- (h) rise, rise and report, or rise and report progress and beg leave to sit again.

(2) Subsections (1)(d) through (1)(f) and (1)(h) are nondebatable but may be amended. Once a motion under subsection (1)(a) or (1)(b) is made, a contrary motion is not in order.

(3) The motions listed in subsection (1) may be made in descending order as listed.

(4) If a quorum of representatives is not present during second reading, the Committee of the Whole may not conduct business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) Except as provided in H40-180, a representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) (a) Except as provided in subsection (2)(b), after at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed from the point in time that the sponsor's opening remarks on the motion end and debate on the motion begins, a motion to call for cloture is in order.

(b) (i) The 30-minute tolling requirement for a cloture motion made pursuant to subsection (2)(a) does not include time spent on floor debate of a substitute motion to amend the original question.

(ii) Each substitute motion to amend the original question is subject to a cloture motion and the cloture requirements provided for in this rule.

(iii) Once a substitute motion to amend is dispensed with and there are no other substitute motions to amend, the 30-minute tolling requirement for the original question pursuant to subsection (2)(a) resumes from the point in time in which the first substitute motion to amend was made.

(c) Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a

motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

(4) A representative, when speaking in the Committee of the Whole, shall keep the representative's discussion to the bill and avoid discussion of topics unrelated to the bill.

H40-180. Special provisions for debate on the general appropriations bill – sections – amendments. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant an additional 24 hours for engrossing.

(2) When the legislation that has passed second reading, as amended, has been correctly engrossed, it must be placed on third reading on the following legislative day. If the bill is not amended, the bill must be sent to printing and must be placed on third reading on the legislative day after receipt. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day. For the purposes of this rule, "engrossing" means placing amendments in a bill. (See Joint Rule 40-150.)

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and joint resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The Speaker may, with

the approval of the House, rerefer House legislation with Senate amendments to a committee for a hearing if the Senate amendments constitute a significant change in the House legislation. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-170.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant an additional 24 hours for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation within 1 day of receipt of the correctly enrolled legislation unless the bill sponsor concurs to delay the signing of the enrolled legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation. (See Joint Rule 40-160.)

H40-250. Governor's amendments. (1) (a) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(b) The Governor's amendments must be placed on the second reading agenda for consideration by the Committee of the Whole or may be assigned to a committee in accordance with the House Rules Appendix for a recommendation of adoption or rejection of the Governor's amendments.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

(2) A representative may request in writing to be excused for a specified cause by the representative's party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may not conduct business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by a successful motion to adjourn for the day or by two-thirds of the representatives present and voting.

H50-50. Leave with cause during call of the House. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

H50-70. Motions. (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as “representatives present and voting”.

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

H50-80. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

H50-90. Nondebatable motions. (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

Except as provided in H40-180(3), a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed. The request is nondebatable under H50-90. The presiding officer may rule that a question is nondivisible. The ruling of the chair may be appealed as provided in H20-20(1), H20-80(2), H50-160(13), and H70-50. For an appeal of a ruling of the presiding officer, the question for the house must be stated as, "Shall the ruling of the chair be upheld?"

H50-150. Previous question – close. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

HOUSE RESOLUTION NO. 2

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING THE EXPLORATION, DEVELOPMENT, PROCESSING, REFINING, RECYCLING, AND REUSE OF CRITICAL MINERALS IN MONTANA.

WHEREAS, critical minerals, including rare earth elements, are necessary for many vital applications, including but not limited to high-performance and quantum computing, renewable and traditional energy development, electric vehicles and batteries, medical imaging and technology, electronics, and high-strength magnets, and for use by our nation's military, from special forces gear and munitions to tanks and fighter jets; and

WHEREAS, the United States Geological Survey and the United States Department of Energy have designated lists of these critical minerals and materials used for these purposes that are at risk of supply chain disruption; and

WHEREAS, the United States currently imports a majority of its critical minerals for these purposes, including from its geopolitical adversaries, mainly China, which controls more than 50% of the mining and over 90% of the processing, refining, and recycling and reuse for certain critical elements; and

WHEREAS, China has restricted and/or banned the export of certain critical minerals and rare earth elements to the United States and its allies, including the technology used to produce them; and

WHEREAS, the White House and Congress have developed a myriad of programs, orders, and initiatives to address these supply chain risks and are investing billions of dollars in domestic and allied critical minerals mining, processing, refining, recycling and reuse, and manufacturing projects; and

WHEREAS, Montana has significant deposits of these listed critical minerals in its geology, both at existing mines and at abandoned legacy sites; and

WHEREAS, Montana is home to the nation's only platinum group metals-producing mines, the Stillwater and East Boulder mines, and has mines and processing facilities that produce or have historically produced critical minerals, including copper, molybdenum, nickel, manganese, zinc, tungsten, antimony, chromium, and aluminum, and is therefore uniquely poised to help America secure its critical minerals supply chains; and

WHEREAS, Montana desires to responsibly develop its mineral resources and to expand and establish mining, processing, refining, recycling and reuse, and manufacturing facilities for critical minerals, which would advance its economy and be for the mutual benefit of our nation's technological, energy, and economic advancements, and allow for our nation's continued security and defense; and

WHEREAS, critical minerals mining, processing, refining, recycling and reuse, and manufacturing done in Montana and domestically, in accordance with our global-leading labor, safety, public engagement, and environmental standards, provides responsible development assurances that result in major global environmental and humanitarian benefits when compared to projects

if they are conducted in China, Russia, and many other developing countries; and

WHEREAS, the United States government, including its Department of Defense, and Montana's Congressional Delegation have continued to support the advancement of critical minerals projects in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Legislature urges the state, federal, tribal, and local jurisdictions across Montana to acknowledge the information provided here and to support the further study, identification, exploration, and responsible and appropriate development, processing, refining, and recycling and reuse of critical minerals and materials in Montana for the benefit of its local communities and economies and to strengthen America's domestic supply chains for achieving its technological, economic, and energy transition goals and to secure its national defense.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States and his cabinet, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and the Montana Congressional Delegation.

HOUSE RESOLUTION NO. 3

WHEREAS, online privacy and security is important to Montanans; and

WHEREAS, Montana prides itself in its robust privacy laws that protect the identities and financial security of all Montanans, including laws related to online computer crimes, online privacy, and data security; and

WHEREAS, the newly established Department of Government Efficiency (DOGE), a federal organization created by executive order and not through an act of the United States Congress, recently gained access to the federal digital infrastructure containing the names, addresses, social security numbers, and other personally identifiable information of millions of American citizens, including thousands of Montanans; and

WHEREAS, due to uncertainties about the type of access gained by the DOGE, how the acquired information will be used, and whether there will be any oversight of the DOGE, Americans are afraid that their personally identifiable information is at risk, and many citizens are resorting to freezing their credit as a precaution; and

WHEREAS, it is unacceptable to use personally identifiable information in any way that is not entirely secure, and it is the responsibility of the federal government to provide that protection; and

WHEREAS, Montanans should have the same protections at the federal level against breaches of personally identifiable information as they do at the state level.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives of the 69th Legislature request that the Montana Congressional Delegation act immediately to secure all databases that contain personally identifiable information of Montanans.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation and the President of the United States.

HOUSE RESOLUTION NO. 5

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DESIGNATING THE WEEK OF APRIL 14, 2025, AS TWO LIGHTS FOR TOMORROW WEEK IN MONTANA.

WHEREAS, the Montana House of Representatives recognizes the importance of honoring and commemorating the 250th anniversary of the founding of our nation and reminding our citizens of the vital significance and relevance of our founding principles and ideals that created a unique national identity worth fighting for; and

WHEREAS, the events of 1775 that began the revolution the year before independence was declared are significant moments that signaled the creation of a national identity and unity of purpose that transcended traditional geographic, cultural, and societal divides; and

WHEREAS, individuals and communities across all of the colonies came together to support their fellow countrymen; and

WHEREAS, on the evening of April 18, 1775, with impending hostile action from the British army in Boston, Massachusetts, Paul Revere and William Dawes, along with other alarm riders, undertook a perilous ride to alert everyone in the countryside of the coming danger; and

WHEREAS, preceding their departure from Boston, a prearranged signal was set in the Old North Church steeple to ensure that the message got out and did not solely rely on just one or two alarm riders; and

WHEREAS, the two lanterns that were the signal were immortalized in Henry Wadsworth Longfellow's poem "Paul Revere's Ride" as "one if by land, and two if by sea" and have become an enduring symbol of American vigilance, perseverance, and preparedness in the face of adversity; and

WHEREAS, those alarm riders and the citizens who answered the call to arms to serve and defend their fellow countrymen that night and the following day at the battles of Lexington and Concord exemplify the spirit of community and shared responsibility that has defined our nation since its inception; and

WHEREAS, we are reminded, 250 years later, that the call for unity and the call to serve each other is no less relevant today than it was in 1775; and

WHEREAS, a national initiative has been proposed that two lights be displayed in public spaces across the country for all to see, marking that significant anniversary in April 2025 and the beginning of the 250th anniversary commemorations leading up to the 250th anniversary of the Declaration of Independence on July 4, 2026; and

WHEREAS, state commissions, state governments, federal agencies, and community, heritage, and historical organizations across the country, including the Montana 250th Commission, have eagerly endorsed the initiative, have pledged to support it and participate in it, and have encouraged others to do the same; and

WHEREAS, some participating agencies have also pledged to encourage a day of community service on April 19, 2025, as a way to encourage

understanding about the true meaning of these historical commemorations, knowing that these events are not just marking history for history's sake but rather encouraging reflection on the idea that all of these historic events were endeavoring toward one common goal: the chance for a better tomorrow, together.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana House of Representatives proclaims the week of April 14, 2025, as Two Lights for Tomorrow Week and calls on all citizens to unite in remembrance of our shared history, honoring the sacrifices made by those who fought for our independence and reminding ourselves of the values we hold dear today.

BE IT FURTHER RESOLVED, that the Montana House of Representatives encourages all government buildings, community centers, museums, public spaces, historic preservation entities, and citizens to take part in this symbolic commemoration by prominently displaying two lights for all to see during the night of April 18, 2025, and to reflect on how those lights shining out in the darkness during this vigil symbolically illustrate our ongoing journey as a nation.

HOUSE RESOLUTION NO. 6

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE PROTECTION OF MONTANA'S TRADITIONAL NOVEMBER MULE DEER HUNT.

WHEREAS, this resolution may be cited as the "Traditional November Mule Deer Hunt Protection Resolution"; and

WHEREAS, the House of Representatives is the closest representation of the people of the state; and

WHEREAS, to increase populations of mule deer, antlerless harvest is minimized, and to decrease populations of mule deer, antlerless harvest is maximized; and

WHEREAS, except to increase the buck-to-doe ratio at certain times, mule deer buck harvest is generally not a major factor in population management; and

WHEREAS, Montana is unusual among the states in that, apart from the early 1900s, and despite recurrent increases and decreases in mule deer populations, it has always allowed the harvest of mule deer bucks during the rut period; and

WHEREAS, harvesting mule deer bucks during the rut gives hunters the opportunity to harvest a mature deer, because older deer are more active at that time; and

WHEREAS, Montana hunters have long-standing personal and family traditions of hunting mule deer during the rut; and

WHEREAS, Montana has hunting families whose traditions of hunting mule deer during the rut are generational and culminate with Thanksgiving when families are together; and

WHEREAS, it is essential to preserve the long-standing opportunity and tradition of November mule deer hunting and of mule deer buck harvest during the rut period while allowing the management of mule deer buck harvest in hunting districts where it may be beneficial for population management; and

WHEREAS, between trophy management and opportunity management, Montana has historically focused on providing greater opportunity for hunters; and

WHEREAS, a Department of Fish, Wildlife, and Parks survey conducted in 2022 showed that 71% of respondents either “support” or “strongly support” the timing of the current 5-week general rifle season for mule deer, which is an increase of 10% in the “strongly support” category in the 11-year period after a similar survey was conducted in 2011; and

WHEREAS, in the same 2022 survey, nearly two-thirds of respondents stated they “support” or “strongly support” the hunting of mule deer bucks during the rut in Montana, while only 16% stated they “oppose” or “strongly oppose” the hunt; and

WHEREAS, after nearly 10 decades of decreases and increases in mule deer populations, removing the mule deer hunt from the month of November and removing the hunt permanently from the rut would be drastic and not science based.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives urges the Fish and Wildlife Commission to strongly consider:

(1) retaining the cherished and long-held traditions of the November mule deer hunt, including hunting mule deer bucks during the rut, and resisting the movement of the mule deer season earlier into the month of October;

(2) keeping in mind the Department of Fish, Wildlife, and Parks’ survey results in which respondents greatly supported the timing of the current mule deer hunting season;

(3) aggressively restricting the harvest of antlerless mule deer in regions where populations are below the objective, or below the objective in the long-term average for a period of years, until populations recover;

(4) restricting antlerless mule deer harvests until populations strengthen in districts that are at the objective but are trending toward below the objective;

(5) restricting the harvest no earlier than November 6 in general hunting districts, in order to retain opportunity for hunters if the commission finds it necessary to restrict the harvest of mule deer bucks during the rut;

(6) rotating any necessary restrictions as much as possible by district to continue providing opportunity for rut harvests in most areas of the state while other districts are restricted and only as long as needed to recover buck-to-doe ratios; and

(7) adding biological triggers to restrictive mule deer management, such as increasing the buck-to-doe ratio in districts in which the buck-to-doe ratio has dropped below 15 bucks for every 100 does according to postseason surveys.

BE IT FURTHER RESOLVED, that the Chief Clerk of the House send a copy of this resolution to the Governor and to each of the seven Commissioners of the Fish and Wildlife Commission.

Senate Joint Resolutions

SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ADOPTING THE JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

JOINT RULES OF THE MONTANA

SENATE AND HOUSE OF REPRESENTATIVES

CHAPTER 1

Legislator Remote Participation

1-05. Definitions. As used in these joint rules, the following definitions apply:

(2) Subject to subsection (3), members who are permitted to participate remotely in the session:

(a) may vote on any question or other matter before the Senate or the House, including committees of the Senate or the House;

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk

of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

- (i) errors in spelling;
- (ii) errors in numbering sections;
- (iii) additions or deletions of underlining or lines through matter to be stricken;
- (iv) material copied incorrectly from the Montana Code Annotated;
- (v) errors in outlining or in internal references;

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House, who shall give notice to the sponsor of the bill or amendment. The form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing with the Secretary of the Senate or the Chief Clerk of the House by the end of the next legislative day following receipt of the notice. The Senate or House shall vote on whether or not to uphold the objection. If the objection is upheld, the Secretary of the Senate or the Chief Clerk of the House shall notify the Executive Director of the Legislative Services Division, and the engrossing staff shall change the bill to remove the correction or corrections to which the objection was made.

(b) (i) Sections of the Montana Code Annotated repealed or amended in a legislative referendum must be stated in the title unless the inclusion of those sections in the title would cause the title to cumulatively exceed a 100-word limit.

(ii) If the inclusion of sections of the Montana Code Annotated repealed or amended in a legislative referendum title would cause the title to cumulatively exceed 100 words, the title must include those sections that do not exceed the 100-word limit and include a reference to the total number of additional sections listed in the body of the bill that are excluded from the title due to the 100-word limit. Those additional sections excluded from the title must be listed in a section within the body of the bill after the enacting clause.

(5) Introduced bills must be posted online and may be reproduced on white paper and distributed to members.

(6) (a) A legal review note or analysis produced by the Legislative Services Division Legal Services Office must be attached to an introduced bill and posted on the Legislative Branch website.

(b) After a legal review note has been posted for an introduced bill, if the bill is later amended and the primary sponsor of the bill believes the amendment resolves the potential legal issues cited in the legal review note, the primary sponsor may request that the Legislative Services Division Legal Services Office revise the posted legal review note to include a statement from the primary sponsor that the adopted amendment has resolved the potential legal issues cited in the legal review note.

(7) Prior to submitting legislation for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator may be added as a cosponsor by an in-person request, an electronic message, a phone communication, or a cosponsor form. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.

(b) (i) Except as provided in subsection (8)(b)(ii), after legislation is submitted for introduction but before the legislation returns from the first house committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Secretary of the Senate or the Chief Clerk of the House.

(ii) A Senate chief sponsor may not remove a cosponsor.

10-140. Voting on bills – constitutional amendments. (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) This rule does not prevent a committee from tabling a bill proposing an amendment to The Constitution of the State of Montana.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made available to the public. (3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the audio recording log of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). The official record of a committee meeting is the audio recording of the meeting, and an audio recording log must also be kept that includes but is not limited to:

(b) a list of the individual members of the public body, agency, or organization who were in attendance;

CHAPTER 20

Relations With Other House

20-10. Consent for adjournment or recess. As required by Article V, section 10(5), of the Montana Constitution, the consent of the other house is required for adjournment or recess for more than 3 calendar days. Consent for adjournment is obtained by having the house wishing to adjourn send a message to the other house and having the receiving house vote favorably on the request. The receiving house shall inform the requesting house of its consent or lack of consent. Consent is not required on or after the 87th legislative day.

CHAPTER 30

Committees

30-05. Remote and in-person public testimony before a committee.

(1) Except as provided for in subsection (2), and subject to provisions of H30-60 and S30-80, remote or in-person testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee.

(2) If a remote technology system failure prevents a person from providing remote testimony, the person may submit written electronic testimony for the committee's official record.

30-10. Joint committee chair – exception. Except as provided in Joint Rule 30-50 concerning the joint meetings of the Senate Finance and Claims

Committee and the House Appropriations Committee, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees – exception. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees – subject matter restrictions. (1) (a) (i) If either house requests a conference committee and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose.

(ii) (A) For Senate legislation, the President shall appoint the primary sponsor to the applicable requested conference committee.

(B) For House legislation, the Speaker shall appoint the primary sponsor to the applicable requested conference committee.

(b) Subject to subsection (4), the time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. Subject to subsection (4), a conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) (a) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as provided in subsection (1). Subject to subsection (4), a free conference committee may discuss and propose amendments to a bill in its entirety and is not confined to a particular amendment. However, a free conference committee is limited to consideration of amendments that are within the scope of the title of the introduced bill.

(b) A free conference committee may not take executive action on an amendment to a bill implementing provisions of a general appropriation act that does not directly and substantively address the subject of the bill.

(4) A meeting of a conference committee or free conference committee must be conducted as an open meeting, and an audio recording log of the meeting must be kept. Committees are encouraged to provide at least 24 hours' notice to members of the committee and the public. A committee shall conduct a hearing with the opportunity for public comment for the purpose of commenting on proposed amendments or potential amendments to the bill.

30-40. Conference committee – enrolling. A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of general appropriation bills. (1) All general appropriation bills must first be considered by a joint subcommittee composed of designated members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each committee separately.

(2) Joint meetings of the House Appropriations Committee and the Senate Finance and Claims Committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

30-60. Estimation of revenue. (1) The Revenue Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

(2) (a) The committee must have prepared by December 1 for introduction during each regular session of the Legislature in which a revenue bill is under consideration an estimate of the amount of revenue projected to be available for legislative appropriation.

(b) The committee may prepare for introduction during a special session of the Legislature in which a revenue bill or an appropriation bill is under consideration an estimate of the amount of projected revenue. The revenue estimate is considered a subject specified in the call of a special session.

30-70. Appointment of interim committees. (1) During an interim when the Legislature is not in session, the committees listed in subsection (2) are the interim committees of the Legislature. They are empowered to sit as committees and may act in their respective areas of responsibility.

(2) (a) The following are interim committees of the Legislature:

(i) Children, Families, Health, and Human Services Interim Committee;

CHAPTER 40

Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills – introduction in House – feed bill. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

(3) (a) The provisions of a bill that implements provisions of a general appropriation act must directly and substantively relate to a corresponding provision of the general appropriation act.

(b) (i) When a bill that implements provisions of a general appropriation act is transmitted from the Senate to the House for concurrence, the House may refer the bill to the House Appropriations Committee for a joint meeting with the appropriate house standing committee for public review and consideration prior to action by the House Committee of the Whole on second reading.

(ii) When a bill that implements provisions of a general appropriation act is transmitted from the House to the Senate for concurrence, the Senate may refer the bill to the Senate Finance and Claims Committee for a joint meeting with the appropriate Senate standing committee for public review and consideration prior to action by the Senate Finance and Claims Committee and the Senate Committee of the Whole on second reading. The appropriate standing committee may not take executive action on the bill other than making recommendations to the Senate Finance and Claims Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed in the joint resolution.

40-40. Bill requests and introduction – limits and procedures – drafting priority – agency and committee bills. (1) Prior to a regular session, a person entitled to serve in that session, referred to as a “member”, or a legislative committee is entitled to request bill drafting services from the Legislative Services Division. Deadlines for requesting certain types of bills during a legislative session are contained in Joint Rule 40-50.

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At

least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator. The requestor must take delivery of the bill either in person or by electronic means and sign, either in person or by electronic means, a receipt indicating delivery of the bill and may either introduce the bill or give the bill to another legislator for introduction.

(d) These limitations on bill and resolution requests do not apply to:

- (i) Code Commissioner bills;
- (ii) a bill or resolution requested by a standing committee; and
- (iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) (a) (i) Except as provided in subsections (2)(a)(ii) through (2)(a)(iv) and (2)(b), the staff of the Legislative Services Division shall work on bill draft requests in the order received.

(ii) Except as provided in subsection (2)(a)(iii), after a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member.

(iii) On or before the 5th legislative day, a legislator may reprioritize two of the legislator's top five bill draft requests. A legislator may not reprioritize a bill draft request if the legislator has been notified that staff has initiated drafting of the request.

(iv) (A) The Speaker of the House and the President of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 38 draft requests. The minority leader of the House and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 20 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House.

(B) The Speaker of the House and the President of the Senate may each request 30 leadership bill drafts. The minority leader of the House and the minority leader of the Senate may each request 20 leadership bill drafts.

(b) Except for bill draft requests described in subsection (1)(d)(iii), if a draft bill has not been received by the Legislative Services Division by November 15 for a bill by request of an agency or entity, the draft loses its priority under this rule.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall post them electronically or print and deliver them to the requesting members. The original bill back must be signed to indicate review by the Legislative Services Division. The electronic version of the bill must include an indication of review by the Legislative Services Division. A bill may not be introduced unless it is so signed or indicated.

(4) (a) During a session, a bill may be introduced by endorsing it with or indicating the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears

or is indicated first on the bill is a member. The chief joint sponsor’s name must appear immediately to the right of the first sponsor’s name, and the chief sponsor may not be changed. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Except as provided in subsection (5)(b)(ii), any bill requested by an interim or statutory legislative committee or on behalf of an administrative or executive agency or department through an interim or statutory committee must be so indicated by placing after the names of the sponsors the phrase “By Request of the.....(Name of committee or agency)”. The phrase may not be added to an introduced bill by amendment. The phrase may not be placed on a bill unless requested by a statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction of an agency, committee, or individual legislator’s bill must occur no later than 5 p.m. on December 15th prior to the convening of a regular legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) (i) The preintroduction requirement does not apply to an office held by an elected official during the official’s first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue. Bills requested under this subsection (5)(b) may include the phrase “By Request of.....(Name of official or committee)”.

(ii) An official newly elected to a statewide office may request in writing that the Legislative Services Division remove the phrase “By Request of.....” from bills requested by the outgoing official of that office.

(6) Bills may be preintroduced, numbered, posted online, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures, facsimile signatures (5-2-105, MCA), or electronic signatures, along with verified email addresses, of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor’s name printed or listed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the printed bill or included on the electronic version of the bill following standing committee approval.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies.

(1) A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. The bill must include a contingent voidness section that would void the bill if an appropriation is not included. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

(2) A Senator may introduce a bill that includes a request for an interim study in the Senate without an appropriation, but the bill may not be transmitted to the Governor unless the bill contains an appropriation added in the House that is sufficient to conduct the study.

40-70. Bills with same purpose – vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) A bill may be designated as identical to another bill only by the Rules Committee of the house in which the bill is offered for introduction or reception.

(3) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills – original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-95. Amendment processing. (1) Amendments to bills and resolutions are drafted by Legislative Services Division staff.

(2) All amendments must be reviewed by the staff of the Legislative Services Division for proper format, style, and legal form.

(3) Amendments requested and approved by a legislator on a bill that is in committee or is scheduled for second reading in the Committee of the Whole must be posted online.

40-100. Fiscal notes. (1) All bills reported out of a committee of the Legislature, including interim committees, having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the

Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's chief sponsor of the completed fiscal note and request the chief sponsor's actual or electronic signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes having a potential effect on the revenues, expenditures, or fiscal liability must be reproduced for the members of the committee hearing the bill and, if the bill is reported out of committee, placed on the members' desks, either with or without the chief sponsor's actual or electronic signature.

(6) A fiscal note must, if possible, show in dollar amounts:

- (a) the estimated increase or decrease in revenues or expenditures;
- (b) costs that may be absorbed without additional funds; and
- (c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) (a) A fiscal note also may be requested, with the approval of the presiding officer, on a bill and on an amended bill by:

- (i) a committee considering the bill;
- (ii) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or
- (iii) the chief sponsor.

(b) With the approval of the presiding officer, a committee may request a revised fiscal note on committee-approved amendments to a bill not reported out of committee by passing a motion to postpone action on the bill pending a revised fiscal note.

(9) The Budget Director shall prepare and deliver an amended fiscal note on an amended bill within 3 days of the request by the presiding officer; otherwise the bill may proceed without the updated fiscal note.

(10) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(11) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note.

(12) (a) If the budget director fails to prepare and submit a fiscal note in a timely fashion in accordance with this rule, the presiding officer of each house may request the preparation of a fiscal note by the Legislative Fiscal Division, which shall prepare a fiscal note for the bill.

(b) The presiding officer of the originating chamber shall designate which fiscal note accompanies the bill or is used in the preparation of the status sheet if more than one fiscal note is prepared.

40-110. Sponsor's fiscal note rebuttal. (1) If a sponsor elects to prepare a sponsor's fiscal note rebuttal, the sponsor shall make the election as provided and return the completed sponsor's fiscal note rebuttal form to the presiding officer within 4 days of the election. The form must identify the bill number, the sponsor of the bill, the date prepared, the version of the fiscal note being rebutted, the reasons the sponsor disagrees with the fiscal note, the items or assumptions in the fiscal note that the sponsor believes are incorrect, and the sponsor's estimate of the fiscal impact, if an estimate is available.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note rebuttal.

(3) Upon receipt of the completed sponsor's fiscal note rebuttal form, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the form must be identified as a sponsor's fiscal note rebuttal, reproduced, and placed on the members' desks. The sponsor's fiscal note rebuttal must be posted online with the bill materials.

(4) The House and the Senate shall provide forms for preparation of sponsors' fiscal note rebuttals and shall post the completed sponsors' fiscal note rebuttals online and may also print the completed sponsors' fiscal note rebuttal forms on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title. Introduction constitutes the first reading of the bill.

40-140. Second reading – bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill and its version status must be posted online and, if printed, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, an indication must be made online on the bill status page. If the bill is printed, only the first sheet must be reproduced on yellow paper, and the remainder of

the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the agenda for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill must be available to members electronically. If also printed, the engrossed bill must be reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. If printed, only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be engrossed and the engrossed bill posted online. If the engrossed bill is also printed, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be engrossed and the engrossed bill posted online. If the engrossed bill is also printed, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, the reference bill must be posted online and, if printed, copies distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and one duplicate printed copy of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken. The enrolled bill must be posted online.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and one copy of the bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

- (a) enrolled;
- (b) clerically corrected by the presiding officers, if necessary;
- (c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and one copy signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. A signed copy with a chapter number assigned pursuant to section 5-11-204, MCA, must be filed with the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses – referral – hearing.

(1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

(3) Transmitted bills must be referred to committee and scheduled for hearing.

40-200. Transmittal deadlines – two-thirds vote requirement.

(1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, a bill proposing a referendum, a general joint resolution, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 48th legislative day.

(ii) Amendments, except to appropriation bills, committee bills implementing the general appropriations bill, the revenue estimating resolution, interim

study resolutions, bills proposing referenda, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills, bills proposing referenda, and general joint resolutions must be transmitted to the other house on or before the 67th legislative day.

(ii) Amendments to revenue bills, bills proposing referenda, and general joint resolutions, received from the other house, must be transmitted to the house of origin on or before the 80th legislative day.

(iii) A revenue bill is one that either increases or decreases revenue by enacting, eliminating, increasing, or decreasing taxes or fees.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 69th legislative day. A fund transfer within the state treasury is not an appropriation for purposes of this section.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced pursuant to 5-5-227, MCA, for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the body in which the resolution was introduced no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor's veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

(7) For the purposes of this rule and 40-220, receipt of the bill with a veto message from the Governor by the house from which the bill originated occurs when either the Chief Clerk of the House or the Secretary of the Senate physically receives the returned bill and the bill is time stamped and dated as being received.

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment – procedure.

(1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor's recommendations for amendment must be considered first by the house in which the bill originated.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-05. Source and precedent of legislative rules of the Montana Legislature. (1) The legislative rules of the Montana Legislature are derived from several sources listed below and take precedence in the following order:

(a) constitutional provisions;

(b) adopted legislative rules of the Montana Legislature;

(c) statutory provisions;

(d) adopted parliamentary authority; and

(2) Legislative rules passed by one legislature or statutory provisions governing the legislative process are not binding on a subsequent legislature.

60-10. Suspension of joint rule – change in rules. (1) A joint rule may be repealed, amended, or adopted only with the concurrence of both houses. A motion or a joint rule resolution to repeal, amend, or adopt a joint rule must be referred to the Rules Committee. A joint rule may be repealed, amended,

or adopted only with the concurrence of a majority of the members voting in both houses.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

SENATE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO REVISE COMMERCIAL DRIVER'S LICENSE LAWS.

WHEREAS, federal requirements for commercial driver's licenses are cumbersome and confusing; and

WHEREAS, state governments are burdened with explaining and enforcing commercial driver's license laws;

WHEREAS, requiring commercial driver's licenses for small haulers unreasonably burdens small businesses and seems irrational when compared to the lack of federal regulation on hauling recreational vehicles; and

WHEREAS, requiring commercial driver's licenses for school bus drivers is a time-consuming and costly burden on rural school districts and their drivers, who are often senior citizens offering to do this vital work as a service to their community.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urges the United States Congress to revise commercial driver's license laws so that a person driving a pickup truck

hauling nonhazardous material on a single trailer does not need a commercial driver's license.

BE IT FURTHER RESOLVED, that the Montana Legislature urges the United States Congress to revise commercial driver's license laws so that school buses have a less burdensome and less costly level of licensure that is appropriate to the specific requirements of driving a school bus with children.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation, to the members of the Transportation and Infrastructure Committee of the United States House of Representatives, to the members of the Commerce, Science, and Transportation Committee of the United States Senate, to the members of the Education and Workforce Committee of the United States House of Representatives, to the members of the Health, Education, Labor, and Pensions Committee of the United States Senate, and to each legislature of the several states and territories.

SENATE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO PASS THE SAFER BANKING ACT OF 2023.

WHEREAS, the Controlled Substances Act of 1970 makes it illegal to use or possess marijuana under federal law; and

WHEREAS, marijuana is classified as a Schedule I substance, a designation that prohibits the use of marijuana for medical purposes, but attitudes toward marijuana have shifted significantly, with 38 states and territories, including Montana, legalizing or decriminalizing the use or possession of marijuana for medical or recreational purposes; and

WHEREAS, a Pew Research poll shows that 61% of Americans favor nationwide legalization; and

WHEREAS, marijuana was legalized in Montana by voter initiative in 2004 for medical use and in 2020 for recreational use, both with wide approval margins; and

WHEREAS, Montana residents benefit considerably from the taxes collected from the marijuana industry, with over \$117 million in taxes collected from \$726 million in sales between January 2022 and April 2024, funding programs from mental health to wildlife habitat to veterans' affairs; and

WHEREAS, states like Montana have seen an increase in marijuana-related businesses; and

WHEREAS, a major barrier to marijuana-related businesses is access to capital and secure transactions via depository institutions; and

WHEREAS, because of this obstacle to traditional banking services, hundreds of marijuana-related businesses resort to keeping and transporting significant sums of money in the form of cash, increasing the opportunity for crime, tax evasion, and regulatory evasion; and

WHEREAS, to address this concern, the United States Senate Committee on Banking, Housing, and Urban Affairs approved the Secure and Fair Enforcement Regulation Banking Act (SAFER Banking Act of 2023), which now awaits a Senate floor vote; and

WHEREAS, the SAFER Banking Act of 2023 is cosponsored by Montana Senators Steve Daines and Jon Tester; and

WHEREAS, the SAFER Banking Act of 2023 prevents the penalization of depository institutions for providing services to marijuana-related businesses; and

WHEREAS, passage of the SAFER Banking Act of 2023 may help reduce threats of public safety, enable better monitoring of the financial activity and enforcement of legal marijuana-related businesses, and demonstrate respect for state authority to legislate in this area.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Legislature of the State of Montana urges the United States Congress to pass the SAFER Banking Act of 2023.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Speaker of the United States House of Representatives, to the Majority Leaders and Minority Leaders of the United States House of Representatives and the United States Senate, and to each member of the Montana Congressional Delegation.

SENATE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOMMENDING THE LEGISLATURE'S CONSENT TO AND APPROVAL OF THE LONG-RANGE LEGISLATIVE BRANCH CAPITOL DEVELOPMENT PLAN.

WHEREAS, for decades the Montana Capitol building has suffered from overcrowding and constrained public access to the legislative process, with the past 20 years seeing exponentially increasing demands on the People's House; and

WHEREAS, with overwhelming support during the 2023 legislative session, the Montana Legislature passed and approved House Bill 856 that defined and allocated current space for the Legislature and the people of Montana in the Capitol and within the Capitol complex; and

WHEREAS, HB 856 also directed the Legislative Council, with consultation by the Legislative Finance Committee and the Legislative Audit Committee, to develop an updated Long-Range Legislative Branch Capitol Development Plan to determine and illustrate current and future Legislative Branch space needs; and

WHEREAS, the purpose of the long-range plan is to offer nonbinding options and recommendations for the Legislature to provide space needed for the legislative process to work effectively; and

WHEREAS, the long-range plan identified that the functional capacity of the historic Capitol building has been exceeded and that the existing space configuration is interfering with optimal effectiveness of the legislative process; and

WHEREAS, the findings in the long-range plan concluded that additional space is needed and identified the following space needs in order of priority: hearing rooms to accommodate debate and public involvement in the legislative process, workspace for elected officials to facilitate legislation and improved public access, workspace for professional support staff, and workspace for temporary staff needed during the legislative session; and

WHEREAS, the long-range plan offers the Legislature a planning and feasibility template to guide the Legislature's long-range capital development decisions; and

WHEREAS, while the long-range plan recommendations indicate that additional space beyond what is currently allocated to the Legislature would be necessary to achieve the optimal space needs, additional study and legislative input will be needed to determine the most appropriate implementation plan going forward.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) Except as provided in subsection (2), that the 69th Montana Legislature consents to and approves the Long-Range Legislative Branch Capitol Development Plan as recommended by the Legislative Council.

(2) That the 69th Montana Legislature does not consent to or approve any future option as provided for in the Long-Range Legislative Branch Capitol Development Plan to construct a new building to accommodate additional space needs of the Legislature.

WHEREAS, Montana has the best resources for renewable energy in the West, and the demand for Montana's renewable energy generation is increasing; and

WHEREAS, large industrial users of electricity wish for more options in requests for proposals to address electricity needs; and

WHEREAS, Montana's neighboring states have more robust transmission infrastructure and available capacity than Montana, and the state's energy infrastructure may become inadequate to serve demand; and

WHEREAS, a secure, reliable, and resilient power grid that integrates generation resources serves as a foundation for an affordable and reliable power supply, a growing economy, and national security; and

WHEREAS, regulators, policymakers, citizens, and industry expect generating resources and the grid to perform reliably.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(5) suggest specific transmission capacity upgrades, and associated cost-benefit analysis, required to maintain a reliable, affordable electric supply for Montana's citizens and industry.

BE FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

WHEREAS, emergency medical services are essential to a well-functioning health system, providing services such as life-saving treatment, patient transport, and community health outreach; and

WHEREAS, reliable emergency medical services response throughout Montana is vital to the well-being of residents, workers, and visitors; and

WHEREAS, Montana currently lacks a comprehensive and equitable statewide emergency medical services planning, coordination, and funding system under Title 50, chapter 6, MCA, to ensure the reasonable availability of emergency medical services throughout the state; and

WHEREAS, rural emergency medical services are strained, with demand increasing due to population growth, changing demographics, and tourism; and

WHEREAS, local emergency medical services agencies, particularly those in rural areas, face rising costs that exceed their resources and capabilities, jeopardizing their ability to meet increased demand for emergency medical services and ensure readiness for residents and visitors; and

WHEREAS, funding is often inconsistent or rigid, which fails to ensure that the quality and quantity of emergency medical services needed in various

parts of the state align with the present and anticipated future demands for services; and

WHEREAS, lack of adequate funding or other critical resources has caused and is causing numerous problems, including but not limited to service calls with delayed response time, inadequate resources to provide care, and, in extreme cases, the complete shutdown of a fire department and their related emergency medical services.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE FEDERAL GOVERNMENT TO ENSURE THE SAFETY OF AUTOMATED VEHICLES.

WHEREAS, automated driving system-equipped vehicles, sometimes called “partially autonomous vehicles”, are an increasingly prevalent aspect of vehicular traffic; and

WHEREAS, automated driving system-dedicated vehicles, sometimes called “fully autonomous vehicles”, may soon be on roadways in significant numbers; and

WHEREAS, widespread use of automation may significantly reduce traffic accidents in the future, but the transition to increased automation poses challenges, and road and weather conditions in Montana pose special challenges; and

WHEREAS, Montana has the highest rate of live animal-related fatal car crashes in the United States due to the abundance of both wildlife and livestock on roadways, which poses a unique challenge for automated vehicles; and

WHEREAS, the federal government is in the best position to regulate safety standards for vehicle automation due to the interstate commerce clause of the United States Constitution.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urges the United States Congress and the federal Department of Transportation to adopt laws and rules that ensure automated vehicles are capable of operating safely in all weather conditions, including conditions that cover the roadway in snow or ice, and are capable of operating safely in all road conditions, including mountain passes and roads through the open range.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation, the members of the Transportation and Infrastructure Committee of the United States House of Representatives, the members of the Commerce, Science, and Transportation Committee of the United States Senate, and the Secretary of Transportation.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE FAIR TREATMENT OF RECREATIONAL NEEDS AT FLATHEAD LAKE.

WHEREAS, Flathead Lake is Montana's largest freshwater lake and the 79th largest of its type in the world, measuring 191 square miles in area, up to 370 feet deep, with 187 miles of shoreline; and

WHEREAS, fed by the Flathead and Swan Rivers, the lake is considered one of the cleanest in the world and is home to many fish species, including bull trout, westslope cutthroat trout, lake trout, whitefish, and perch, and has other features, such as wetlands, riparian corridors, and floodplains; and

WHEREAS, Flathead Lake is a major destination for sailing, motorboating, waterskiing, swimming, fishing, picnicking, and camping and is enjoyed at 13 public access sites, one state park on an island, and hundreds of private and public boat docks; and

WHEREAS, although federal regulations require the lake to be brought to full pool by June 15 for summer recreation, decisions by federal agencies, dam operators, and interests outside the Flathead Lake basin have lowered the pool level, rendering it mostly unusable for thousands of citizens who live on and near it; and

WHEREAS, the ongoing renegotiation of the Columbia River Treaty presents an opportunity to improve management of the lake to optimize its use for those who live on or near it; and

WHEREAS, the U.S. Army Corps of Engineers' Columbia River System Operations planning defines operating procedures for each dam in the Columbia River system, including the Hungry Horse and Seli's Ksanka Qlispé dams, to manage pool levels for floods, fish passage and spawning, recreation, water quality, and power generation; and

WHEREAS, the Technical Management Team for the Columbia River Basin, composed of representatives from five federal agencies, eight Indian

tribes, and four states, including Montana, has made decisions in recent years counter to the recreational interests of Flathead Lake users.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Montana Legislature requests:

(1) all decision-making bodies with an influence on the usability of Flathead Lake ensure that recreation needs be measured fairly compared to hydropower, fish, and irrigation demands; and

(2) that Flathead Lake recreation needs be expressly reflected in the next iteration of the Columbia River Treaty and in the next round of the Columbia River System Operations planning.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the U.S. Army Corps of Engineers for distribution to the Technical Management Team for the Columbia River Basin, and to the United States and Canadian entities for distribution to those negotiating the Columbia River Treaty, including the Bonneville Power Administration, the U.S. Army Corps of Engineers, and the British Columbia Hydro and Power Authority, and to each federally recognized tribal government in Montana.

SENATE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON WAYS TO IMPROVE PASSENGER TRANSPORTATION SERVICE AND PUBLIC TRANSIT IN MONTANA; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, passenger rail, passenger air, public transit, and passenger bus services provide mobility for senior citizens, persons with disabilities, students, tourists, and businesspeople; and

WHEREAS, some communities in the state are poorly served by public transportation, and options for passenger transportation services in the state continue to decline; and

WHEREAS, the Hi-Line is Montana's major northern transportation corridor, consisting of U.S. Highway 2 and the BNSF Railway, and yet the local residents face challenges with the available methods of transportation. Air travel is another key method of transportation for Hi-Line residents to get to hospital appointments in Billings over 200 miles south in a timely manner, and the residents would benefit from increased air travel locations and options; and

WHEREAS, if state services are unavailable, many Montanans need local, tribal, or county transportation services for help getting to appointments for medical or other physical needs; and

WHEREAS, the Amtrak North Coast Hiawatha ceased operation through southern Montana in 1979, and transportation to and from the major population centers of southern Montana would be greatly enhanced by passenger rail service; and

WHEREAS, additional passenger transportation services will increase passenger transportation-related employment opportunities because of the need for upgraded infrastructure and operating personnel; and

WHEREAS, tourism is the State of Montana's second-largest industry and would be enhanced by improved passenger transportation services and public transit; and

WHEREAS, the Amtrak Empire Builder is one of the most popular long-distance passenger trains in the United States, and it is greatly needed for the citizens of Montana's Hi-Line who have limited public transportation options, but it is challenged by a lack of rail capacity that results in frequent delays; and

WHEREAS, there is currently no board or commission within the state that is charged with the sole responsibility of overseeing and advocating for passenger transportation services, including passenger rail, passenger air, public transit, and passenger bus services; and

WHEREAS, autonomous vehicles may provide one option for transportation needs in the state in the future, and more studies are needed to determine whether laws need to be updated to accommodate autonomous vehicles and to determine whether policies are necessary to address safety, licensing, and other issues of public concern.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to investigate ways to improve passenger transportation and public transit services in the state, including but not limited to the establishment of a passenger transportation commission and a review of applicable laws that may need updating to allow the use of autonomous vehicles and provide for public safety.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

WHEREAS, Montana's 163rd Infantry Regiment was recognized as the first U.S. unit to defeat Imperial Japanese forces at the Battle of Sanananda, Papua New Guinea, in January 1943. They were subsequently recognized by the 28th Montana Legislative Assembly through resolution and were the inspiration for a famous painting by Irwin "Shorty" Shope in April 1943; and

WHEREAS, the 163rd Infantry Regiment served in the Pacific Theater in three major campaigns: the Papuan Campaign in 1943, where they won epic battles at Sanananda, Gona, and Kumusi River; the New Guinea Campaign in 1944, where they won the battles of Aitape, Wadke, and "Bloody" Biak; and the Southern Philippines Campaign in 1945, where they won battles at Zamboanga, Sanga-Sanga Island, Jolo, and captured the key village of Calinan from seasoned Japanese land forces, stopping only because hostilities were ceased due to the dropping of atomic weapons at Hiroshima and Nagasaki, Japan. They then became an occupation force on the Japanese mainland before being demobilized in Japan on January 1, 1946, and sent home after over 5 years of active duty; and

places along great circle military air routes as search and rescue and providing specialized transport in remote areas of the Northern Hemisphere; and

WHEREAS, the Army Air Force organized and trained bomber forces throughout Montana at such locations as Great Falls, Lewistown, and Cutbank from 1941 to 1945, training personnel in the use of heavy bombers that were ultimately deployed to both the European and Pacific Theaters of World War II; and

WHEREAS, specialized units such as the first all-Black airborne unit, the 555th Parachute Battalion, known as the Triple Nickels, trained and served in Montana at Missoula fighting forest fires throughout Montana and the Northwest; and

WHEREAS, Montanans supported, fought, died, and were wounded in all theaters of World War II. Joseph Howard Kinsey wrote in his text "High, Wide and Handsome": "--of the more than 15 million men and women in the US Armed forces during World War II, Montana furnished 75,000 to the effort."; "Proportionately this was near the top of all states. In World War II as in World War I, Montanans were quick to enlist, and they were healthy; the proportion rejected because of physical defect was smaller than the national average. Further the Montana death rate in World War II was only exceeded by that of New Mexico in proportion to population. Montana [also] had the record of oversubscribing first in eight World War II saving bond drives."

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 69th Legislature of the State of Montana recognizes the 80th anniversary of the end of World War II and recognizes all Montanans who served in the armed forces, at home and abroad, and all Montanans who aided in the war effort during World War II.

WHEREAS, President Donald J. Trump declared a national energy emergency on January 20, 2025, and through his public statements and executive orders encouraged a national energy policy focused on increasing energy production, enhancing infrastructure, and reducing regulatory barriers to support economic growth, emerging technologies, and national security, including the establishment of a National Energy Dominance Council to further increase United States energy production, aiming to enhance the interconnectivity and robustness of the energy infrastructure.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

aThat the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(5) consider mechanisms to streamline the permitting process and eliminate duplicative regulatory requirements for transmission projects;

(6) analyze the implications of federal regulatory requirements and how an interstate compact or similar arrangements may facilitate compliance while preserving state sovereignty; and

(7) engage and consider input from relevant stakeholders, including representatives from the energy industry, consumer advocacy groups, regulatory agencies, and legal experts.

WHEREAS, brucellosis, also known as "Contagious Abortion" or "Bang's Disease," is the most common zoonotic disease, described by the United States Department of Agriculture as "a contagious, infectious, and communicable disease, primarily affecting cattle, bison, and swine, and is caused by bacteria of the genus *Brucella*;" and

WHEREAS, brucellosis is known to cause stillbirth, loss of young, reduced milk production, and infertility in livestock; and

WHEREAS, there are no successful, affordable treatments for brucellosis in livestock, meaning that vaccination is the only available method of control or prevention of brucellosis; and

WHEREAS, the Montana Legislature maintains that it is in the best interest of all Montanans to have protection from the highly infectious Brucellosis disease; and

WHEREAS, the Montana Department of Livestock requires that all sexually intact female cattle or domestic bison 12 months of age or older in Beaverhead, Big Horn, Broadwater, Carbon, Gallatin, Jefferson, Madison, Park, Stillwater, and Sweet Grass counties must be vaccinated against brucellosis. These vaccination requirements apply to resident cattle in the listed Montana counties, as well as cattle seasonally grazing in the counties. Other department rule requires brucellosis testing when leaving the Designated Surveillance Area, summer grazing in the Designated Surveillance Area, or changing ownership; and

WHEREAS, the Colorado Serum Company located in Denver, Colorado, is the only producer of the Brucella abortus vaccine, strain RB-51, in the United States; and

WHEREAS, there is a shortage of availability of the brucellosis vaccine due to reported production problems coupled with shipping delays from the Colorado plant. In February 2025, North Dakota issued a temporary waiver of rule allowing the age of brucellosis vaccination to be extended from 12 months to 14 months for heifers due to the shortage of available vaccines.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

MATTERS OF DEPENDENT NEGLECT; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, the handling of dependent neglect and child abuse cases in Montana varies across judicial districts, leading to inconsistencies in prosecution, defense representation, and case outcomes for children and families; and

WHEREAS, the Montana Standards of Practice for Attorneys Representing Parents and Children in Dependent Neglect Cases, established by the Montana Office of the State Public Defender, provide comprehensive guidelines to ensure high-quality legal representation, but no equivalent statewide standards exist for the prosecution of these cases; and

WHEREAS, the Montana Department of Justice's Child Protection Unit currently prosecutes a limited number of child abuse and dependent neglect cases in certain judicial districts and in certain situations but could potentially expand to provide statewide prosecution services, ensuring consistency, specialized expertise, and equitable resource distribution in all counties and judicial districts; and

WHEREAS, expanding the Child Protection Unit's jurisdiction to handle all child abuse and dependent neglect cases would require an evaluation of the financial, logistical, and structural feasibility of an expansion, including the necessary legislative, budgetary, and operational changes; and

WHEREAS, creating a structure in which two state agencies, the Department of Justice's Child Protection Unit and the Department of Public Health and Human Services' Child and Family Services Division, work in a coordinated fashion could result in more consistent, applicable, and enforceable policies, enhancing legal outcomes and child protection outcomes; and

WHEREAS, Montana's existing public defender system and specific unit for dependent neglect cases emphasizes early and active engagement, best advocacy for the needs of the child, and adherence to client-directed representation, and any prosecution standardization efforts should incorporate corresponding principles to ensure balanced and just proceedings; and

WHEREAS, a legislative study is necessary to assess the need for standardized prosecution practices, the potential expansion of the Child Protection Unit, and the impact of these changes on the efficiency, fairness, and effectiveness of Montana's child welfare system.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to evaluate the standardization of prosecution in dependent neglect cases and the feasibility of expanding the Child Protection Unit's jurisdiction to handle all dependent neglect and child abuse cases statewide, with the goal of improving outcomes for children, ensuring due process for all parties, and enhancing the overall effectiveness, consistency, and equity of Montana's child welfare system.

WHEREAS, the legalization of recreational and medical marijuana in Montana has led to evolving patterns in public health, youth behavior, criminal justice, and behavioral health; and

WHEREAS, Montana lacks a centralized data system to track and monitor the effects of marijuana legalization, limiting the ability of policymakers and communities to respond effectively; and

WHEREAS, high-potency marijuana products remain legally available and have been linked to increased risks of psychosis, depression, anxiety, and cannabis use disorder, particularly among youth and individuals with mental health vulnerabilities; and

WHEREAS, schools, emergency departments, behavioral health providers, treatment centers, community coalitions, and law enforcement have called for better data to inform prevention, treatment, and public safety strategies; and

WHEREAS, the Montana Legislature has a responsibility to ensure that marijuana policy protects youth, promotes public safety, and supports access to treatment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to conduct a narrowly focused interim study on the public health and safety impacts of marijuana legalization in Montana. FOCUSED ON BEHAVIORAL HEALTH IN MONTANA; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 70TH LEGISLATURE.

WHEREAS, the Substance Abuse and Mental Health Services Administration and other federal agencies historically have awarded competitive prevention grants to Montana behavioral health programs, but national prevention funding is in decline, and the long-term sustainability and coordination to those programs remain unclear; and

WHEREAS, the rapid pace and evolving nature of changes in Montana's publicly funded behavioral health prevention efforts in recent years warrant a close examination of the state's behavioral health care system by its policymakers; and

WHEREAS, the availability and coordination of prevention programs serving youth and families have changed over time without a clear statewide strategy or unified oversight body; and

WHEREAS, youth and families at risk of substance use and behavioral health challenges encounter multiple, often uncoordinated systems, including schools, child welfare, emergency rooms, law enforcement, and juvenile justice, before receiving appropriate interventions or treatment; and

WHEREAS, all stakeholders have a strong interest in preventing substance use, mental health conditions, and family crises before they occur through early intervention and coordinated community support; and

WHEREAS, prevention refers to proactive, research-proven programs that reduce the likelihood of Montanans' experiencing symptoms or negative effects related to behavioral health conditions; and

WHEREAS, schools, tribal communities, public health departments, and nonprofits provide youth prevention programming to address both mental health and substance use; and

WHEREAS, the use of technology and virtual platforms to deliver prevention programs has expanded in recent years; and

WHEREAS, as a citizen legislature, the Montana Legislature and its members are particularly attuned to the unique needs of our state and its dynamic composition of urban, rural, and tribal communities; and

WHEREAS, the Montana Legislature routinely invests in prevention efforts for youth, including school-based mental health programs, suicide prevention initiatives, mental health screening tools, public awareness campaigns, and evidence-based programs, such as the PAX Good Behavior Game and Youth Awareness of Mental Health, and by expanding access to youth support services and fostering partnerships among agencies, schools, and communities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, to undertake a comprehensive review of the elements of Montana's behavioral health prevention programs, including systems serving youth and families, to:

(1) outline current and projected funding of prevention efforts, detailing the federal, state, local, and private funding streams;

(2) study how the prevention system helps divert youth and families from substance abuse treatment, mental health crises, emergency room visits, school dropouts, and involvement with the criminal justice system;

(3) assess the adequacy of the state's system of higher education to appropriately train and educate prevention specialists and other necessary behavioral health and community service providers to meet the prevention needs of Montanans;

- (4) identify where gaps exist in the state's behavioral health system; and
- (5) determine whether the Legislature or the Executive Branch is best poised to bridge system gaps.

BE IT FURTHER RESOLVED, that the interim committee or statutory committee:

(1) collaborate with the Department of Public Health and Human Services, the Office of Public Instruction, the Montana University System, including its state universities and community and tribal colleges, tribal governments, nonprofit organizations, faith-based institutions, and other relevant stakeholders in examining primary prevention efforts for youth in Montana;

(4) map the current prevention workforce involved in youth-serving systems, including professionals from education, behavioral health, child welfare, mentoring programs, health care, and community coalitions;

(5) examine the various settings in which prevention efforts are delivered, such as schools, health care systems, community-based organizations, tribal nations, and faith-based groups, to assess integration, reach, and areas for potential alignment;

(6) provide an overview of evidence-based, culturally responsive, and promising primary prevention practices that have demonstrated effectiveness in addressing substance use, mental health, and adverse childhood experiences for youth;

(7) utilize available data, including the Youth Risk Behavior Survey, Prevention Needs Assessment, data on adverse childhood experiences, and any other available data sets and information, to assess risk and protective factors affecting Montana youth and to identify trends over time;

(8) determine whether capturing a snapshot view or conducting a longitudinal analysis would serve as the best tool to track outcomes and measure the long-term effectiveness and return on investment of prevention strategies;

(9) examine how other states and jurisdictions have implemented coordinated prevention infrastructures or strategic frameworks, and determine whether aspects of those models should be adapted for Montana;

(10) evaluate the efficacy and efficiency of Montana's current prevention efforts, including both duplication of and gaps in services, and opportunities for innovation and streamlined implementation; and

(11) provide recommendations for developing a unified, data-driven strategic plan for Montana's prevention infrastructure, including estimated costs, implementation timelines, and proposed mechanisms for oversight, coordination, and accountability.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2026.

(5) issue floor passes to qualified applicants as provided in S20-55; and

(6) perform duties as required by other rules and the Senate.

S10-160. Legislative interns. Each Senator may designate one person of legal age to serve as an intern during the session. Exceptions to this policy may be approved by the Rules Committee. The Senator shall register an intern with the Secretary of the Senate and arrange for the purchase of a name tag with the Sergeant-at-Arms.

S10-170. Senate journal. (1) The Senate shall keep and authenticate a journal of its proceedings as required by law and the rules.

(2) The Secretary of the Senate will supervise the preparation of the journal by the journal clerks.

(3) In addition to the proceedings required by law to be recorded, the journal must include:

(4) The Secretary of the Senate shall provide information that may be necessary for the preparation of the daily journal for printing by the Legislative Services Division. Upon approval by the President, the daily journal must be reproduced and made available.

(5) Any Senator may examine the daily journal and propose corrections. Without objection by the Senate, the President may direct the correction to be made.

(6) The President shall authenticate the original daily journal, from time to time, and the Secretary of the Senate shall, as appropriate, deliver it to the Legislative Services Division to be prepared for publication and distribution in accordance with law.

CHAPTER 2

Decorum

S20-10. Questions of order – appeal. The President of the Senate shall decide all questions of order, subject to an appeal by any Senator seconded by two other Senators. A Senator may not speak more than once on an appeal without the consent of a majority of the Senate.

S20-20. Violation of rules – call to order – appeal. (1) If a Senator, in speaking or otherwise, violates the rules of the Senate, the President shall, or the majority leader or minority floor leader may, call the Senator to order, in which case the Senator called to order must be seated immediately.

(2) The Senator called to order may move for an appeal to the Senate, and if the motion is seconded by two Senators, the matter must be submitted to the Senate for determination by majority vote. The motion is nondebatable.

(3) If the decision of the Senate is in favor of the Senator called to order, the Senator may proceed. If the decision is against the Senator, the Senator may not proceed.

(4) If a Senator is called to order, the matter may be referred to the Rules Committee by the minority or majority leader. The Committee may recommend to the Senate that the Senator be censured or be subject to other action. Censure consists of an official public reprimand of a Senator for inappropriate behavior. The Senate shall act upon the recommendation of the Committee.

S20-30. Questions of privilege – restrictions. (1) Questions of privilege in order of precedence are those:

- (a) affecting the collective rights, safety, dignity, or integrity of the proceedings of the Senate; and

(b) affecting the rights, reputation, or conduct of individual Senators in their capacity as Senators.

(2) A Senator may not address the Senate on a question of privilege between the time:

(a) an undebatable motion is offered and the vote is taken on the motion;

(b) the previous question is ordered and the vote is taken on the proposition included under the previous question;

(c) a motion to lay on the table is offered and the vote is taken on the motion; or

(d) a bill sponsor closes on the bill and the question is called by the presiding officer with a vote taken on the motion.

S20-40. Recognition by chair. A Senator desiring to speak shall indicate to the presiding officer and, once being recognized, shall speak. When two or more Senators indicate a desire to speak at the same time, the presiding officer shall determine the order of the speakers.

S20-50. Floor privileges. (1) When the Senate is in session no person is permitted in the chambers except:

(a) legislators;

(b) legislative officers and employees whose presence is necessary for the conduct of business of the session;

(3) Beginning 1 hour before and ending one-half hour after adjournment, no person is permitted in the chambers except those authorized as exceptions under subsection (1) or (2).

S20-55. Representatives of the media – floor pass. (1) Representatives of the media are not permitted in chambers without a valid floor pass.

(2) The Sergeant-at-Arms, at the direction of the President, controls when and where individuals with a floor pass will be granted access to chambers. An individual with a floor pass is not guaranteed access to the floor and may be denied future access for violating rules of decorum.

S20-60. Communications to Senate. A communication to the Senate must be addressed to the President and must bear the name of the person submitting it. The President shall decide if the communication bears including in the calendar.

S20-70. Distribution of materials on floor – exception. (1) Subject to subsection (2), material may not be distributed on the Senators' desks in the chamber unless the material bears the signature of the bearer and a Senator and has been approved by the President.

(2) Subsection (1) does not apply to material written by staff at the request of a Senator and placed on the Senator's desk.

CHAPTER 3

Committees

S30-10. Committee appointments. (1) There is a Committee on Committees consisting of six members of the majority party. If the Senate is evenly divided between parties, the committee shall consist of six Senators, three from the majority party and three from the minority party.

(2) (a) The Committee on Committees shall, with the approval of the Senate, appoint the members of Senate standing committees, joint committees, and interim committees.

(b) All Committee on Committees minority member committee appointments must be approved by the minority leader.

(3) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus.

S30-40. Ex officio members – quorum. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be physically or remotely present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The President, the majority leader, and the minority leader are ex officio nonvoting members of all committees in order to establish a quorum. As ex officio nonvoting members of a committee, the President, majority leader, and minority leader have the privileges of a committee member pursuant to S30-70(13)(a), (13)(c), and (13)(d).

S30-50. Chair's duties. (1) The chair of a committee is the presiding officer of that committee and is responsible for:

(a) maintaining order within the committee room and its environs;

- (b) scheduling hearings and executive action;
- (c) supervising committee work, including the appointment of subcommittees to act on a formal or informal basis;
- (d) authenticating committee reports by signing them and submitting them promptly to the Secretary of the Senate. The chair shall sign business reports reflecting action taken in each committee meeting that enable the preparation of committee audio recording logs.
- (e) enforcing fire code occupancy requirements.
- (2) The Secretary of the Senate shall arrange to have the audio recording log copied in an electronic format. An electronic copy will be provided to the Legislative Services Division.

S30-60. Meetings – notice – purpose – audio recording log. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chair to maintain safety, order, and decorum. The date, time, and place of committee meetings must be announced.

(2) Notice of a committee hearing must be made by posting the date, time, and subject of the hearing online and in a conspicuous public place not less than 3 legislative days in advance of the hearing. This 3-day notice requirement does not apply to hearings scheduled:

- (a) prior to the third legislative day;
 - (b) less than 10 legislative days before the transmittal deadline applicable to the subject of the hearing;
 - (c) to consider confirmation of a gubernatorial appointment received less than 10 legislative days before the last scheduled day of a legislative session;
- or
- (d) due to appropriate circumstances.

(3) When a committee hearing is scheduled with less than 3 days' notice, the committee chair shall use all practical means to disseminate notice of the hearing to the public.

(4) Notice of conference committee hearings must be given as provided in Joint Rule 30-30.

(5) A committee or subcommittee may be assembled for:

- (a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;
- (b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or
- (c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(6) All committees meet at the call of the chair or upon the request of a majority of the members of the committee.

(7) A committee may not meet during the time the Senate is in session without leave of the President. Any Senator attending a meeting while the Senate is in session must be considered excused to attend business of the Senate subject to a call of the Senate.

(8) All meetings of committees must be recorded and the audio recording log must be available to the public within a reasonable time after the meeting. The official record of the committee meeting is the audio recording of the meeting and the audio recording log must contain at least the following information:

- (a) the time and place of each meeting of the committee;
- (b) committee members physically or remotely present, excused, or absent;
- (c) the names, cities, and states of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;
- (d) all motions and their disposition;

- (e) the results of all votes; and
- (f) all testimony and exhibits.

(9) If a bill is heard in a joint committee, it must be referred to a standing committee. The standing committee is not required to hold an additional hearing but shall take executive action and may report the bill to the Committee of the Whole.

(10) A bill or resolution may not be considered or become a law unless referred to a committee and returned from a committee.

- (11) A bill may be rereferred at any time before its passage.

S30-70. Procedures – member privileges. (1) The chair shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not hear legislation unless the sponsor or one of the cosponsors is physically or remotely present or unless the sponsor has given written consent.

(3) (a) Subject to subsection (3)(b), the committee shall act on each bill in its possession:

- (i) by reporting the bill out of the committee:
 - (A) with the recommendation that it be referred to another committee;
 - (B) favorably as to passage; or
 - (C) unfavorably; or
- (ii) by tabling the measure in committee.

(b) At the written request of the sponsor made at least 48 hours prior to a scheduled hearing, a committee shall finally dispose of a bill without a hearing. Except as provided in S30-60(9), a bill may not be reported from a committee without a hearing.

(4) The committee may not report a bill to the Senate without recommendation.

(5) In reporting a measure out of committee, a committee shall include in its report:

- (a) the measure in the form reported out;
- (b) the recommendation of the committee;
- (c) an identification of all proposed changes; and
- (d) a fiscal note, if required.

(6) If a measure is taken from a committee and brought to the Senate floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the Senate that are formally adopted when the committee report is accepted by the Senate.

(7) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(8) The vote of each member on all committee actions must be recorded and reported in the committee audio recording log. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(9) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members physically or remotely present at any meeting of the committee.

(10) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(11) A committee may reconsider any action as long as the matter remains in the possession of the committee. A bill is in the possession of the committee until a report on the bill is made to the Committee of the Whole. A committee member need not have voted with the prevailing side in order to move reconsideration.

(12) The chair shall decide points of order.

(13) The privileges of committee members, present physically or remotely, include the following:

- (a) to participate freely in committee discussions and debate;
- (b) to offer motions;
- (c) to assert points of order and privilege;
- (d) to question witnesses upon recognition by the chair;
- (e) to offer any amendment to any bill; and
- (f) to vote, either by being present or by proxy, using a standard form.

(14) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the Senate Rules.

(15) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(16) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the Senate are applicable except as stated in the Senate Rules.

S30-80. Public testimony – decorum – time restrictions. (1) Subject to Joint Rule 30-05, remote or in-person testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list or by electronic means.

(2) (a) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing, subject to time constraints. Written testimony may not be required of any witness, but all witnesses may submit a statement in writing for the committee's official record.

(b) A person who is an employee of the state or a political subdivision of the state that is offering testimony on behalf of the state or political subdivision shall state in the person's oral or written testimony the specific entity or state officeholder that they are representing.

(3) The chair may order actions to maintain order in the committee meeting. During committee meetings, visitors may not speak unless called upon by the chair. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chair shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chair may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is at the discretion of the chair.

S30-100. Absentee or proxy voting. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia. Authorization for absentee or proxy voting must be reflected in the committee audio recording log.

S30-140. Reconsideration in committee. A committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

S30-150. Committee requested legislation. (1) (a) Except as provided in subsection (1)(b), at least three-fourths of all the members of a standing committee must have voted in favor of the question to allow the committee to request the drafting and introduction of legislation.

(b) The Finance and Claims Committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(2) The chair of a committee shall introduce, or shall designate a member of the committee to introduce, legislation requested by the committee. The introduced bill must be referred to the requesting committee.

S30-160. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or the Legislator Conduct Panel or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. Except for a referral from the Legislative Conduct Panel, the issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:

(a) a violation of:

(i) 2-2-103;

(ii) 2-2-104;

(iii) 2-2-111;

(iv) 2-2-112; or

(v) Joint Rule 10-85;

(b) the use or threatened use of a Senator's position for personal or personal business benefit or advantage; or

(c) any other violation of law by a Senator while acting in the capacity of Senator.

(3) If there is a recommendation from the Ethics Committee, the recommendation is made to the Senate.

(4) A Senator may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

CHAPTER 4

Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Services Division and signed by a Senator as chief sponsor. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may be used for any purpose specified in Joint Rule 40-60; and

(3) simple resolutions, which may:

(a) adopt or amend Senate rules;

(b) provide for the internal affairs of the Senate;

(c) express confirmation of the Governor's appointments; or

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction – first reading. (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation. Legislation properly introduced or received in the Senate must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a Senator may question adherence to rules. Acknowledgment by the Secretary of the Senate of receipt of legislation transmitted from the House commences the time limit for consideration of the legislation. All legislation received by the Senate may be referred to a committee prior to being read across the rostrum.

(2) Bills and resolutions preintroduced as provided in Joint Rule 40-40 may be assigned to committee by the President, posted online, and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.

(3) Upon referral to committee by the President, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

(4) The sponsor may ask the Legislative Services Division to change or correct a short title used on the bill status system.

S40-30. Cosponsors and additional sponsors. (1) Prior to submitting legislation to the Secretary of the Senate for introduction, the chief sponsor may add representatives and senators as cosponsors. A legislator shall sign the cosponsor form attached to the legislation in order to be added as a cosponsor.

(2) After legislation is submitted for introduction, sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(3) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

S40-60. Scheduling for second reading. (1) All bills and resolutions that have been reported by a committee or withdrawn from a committee by motion, accepted by the Senate, and posted online and reproduced must be scheduled by the President for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole unless a posted or printed version of an unamended bill is available.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

CHAPTER 5

Floor Action

S50-10. Attendance – mandatory voting – quorum. (1) Except as provided in subsection (2), a Senator must be physically or remotely present every sitting of the Senate and shall vote on questions put before the Senate.

(2) A Senator shall notify the President, majority leader, or the minority leader if the Senator will be remotely present or absent for a sitting of the Senate.

(2)(3) A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, sec. 10(2)).

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

- (1) communications and petitions;
- (2) reports of standing committees;
- (3) reports of select committees;
- (4) messages from the Governor;
- (5) messages from the House of Representatives;
- (6) first reading and commitment of bills;
- (7) second reading of bills (Committee of the Whole);
- (8) third reading of bills;
- (9) motions;
- (10) unfinished business;
- (11) special orders of the day; and
- (12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote.

S50-30. Limitations on debate. A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

(3) A motion is carried by a majority of the Senate present and voting unless otherwise stated in the Senate Rules.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions may be made:

- (a) to adjourn for the day (nondebatable S50-60);
- (b) to adjourn sine die (debatable S50-135);
- (c) for a call of the Senate (nondebatable S50-60);
- (d) to recess (nondebatable S50-60);
- (e) question of privilege;
- (f) to lay on the table (nondebatable S50-60);
- (g) for the previous question (nondebatable S50-60);
- (h) to postpone to a certain day;
- (i) to refer or commit;
- (j) to amend;
- (k) subject to subsection (1)(l), to postpone indefinitely; and

(l) to postpone indefinitely on a bill or resolution after its failure to receive a majority of those present and voting on second reading.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) Subject to subsection (1)(l), a question may be indefinitely postponed by a majority roll call of all Senators physically or remotely present and voting. When a bill or resolution is postponed indefinitely after debate on second reading, it is finally rejected and may not be acted upon again except upon a motion of reconsideration as provided in S50-90.

(4) A motion or proposition on a subject different from that under consideration may not be accepted unless a substitute motion is in order.

S50-60. Nondebatable motions. The following motions are not debatable:

- (1) to adjourn for the day;

- (2) for a call of the Senate;
- (3) to recess or rise;
- (4) for parliamentary inquiry;
- (5) for suspension of the rules;
- (6) to lay on the table;
- (7) for the previous question;
- (8) to limit, extend the limits of, or to close debate;
- (9) to amend an undebatable motion;
- (10) to change a vote (S50-200);
- (11) to pass business in Committee of the Whole;
- (12) to take from the table;
- (13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and
- (14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions – restrictions. (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

S50-80. Previous question. (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise. The motion for the previous question is nondebatable as provided in S50-60(7).

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion regardless of whether debate on the main motion has occurred.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not physically and remotely present.

S50-90. Reconsideration – time restrictions. (1) Subject to subsection (6), any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.

(2) A motion to reconsider must be disposed of when made unless a proper substitute motion is made and adopted.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 9 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

(6) If the Senate has adjourned for more than 2 days, then a motion to reconsider action taken on the last day the Senate was in session is in order on the day the Senate reconvenes or on the following legislative day.

S50-95. Rereferral. (1) Legislation that is in the possession of the Senate and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a Senate committee by a majority vote.

(2) (a) With the consent of the majority leader, the minority leader, and the bill sponsor, legislation that has passed second reading, has been rereferred to the Finance and Claims Committee pursuant to subsection (1), and is reported from committee without amendments may be placed on third reading.

(b) The third-reading agenda must specify that the legislation rereferred and reported from committee under subsection (2)(a) was rereferred to the Senate Finance and Claims Committee and reported from the committee without amendments as passed on second reading.

(3) The individual making the rereferral motion shall announce the bill number, short bill title, and the name of the sponsor of the bill immediately before it may be considered for rereferral.

S50-100. Dividing a question – segregation excluded. A Senator may request to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain. A vote is not required on a request to divide a question, but the chair may rule that a question is not divisible. The ruling of the chair may be appealed as provided in S20-10 and S20-20. For an appeal of a ruling of the presiding officer, the question for the Senate must be stated as, “Shall the ruling of the chair be upheld?”. A motion to segregate pursuant to S50-140(4) is not a request to divide a question.

S50-110. Rules for questions or bills requiring other than a majority vote. (1) Except as provided in subsection (2), if a question or bill requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question or bill prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S50-120. Committee reports to Senate – reconsideration. (1) Reports of standing committees must be read on Order of Business No. 2, and, if there is no objection to form, are considered adopted. Subject to subsection (4), debate may not be had on any report.

(2) On an adverse committee report, the sponsor may respond to the chair of the committee making the report.

(3) Any Senator seeking a reconsideration of the Senate’s action on the adoption of a committee report shall do so on Order of Business No. 9 by motion to reconsider as provided in S50-90. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. Subject to S50-90(6), the reconsideration motion must be made within 1 legislative day of the adoption

of the committee report and is not in order if the bill has been considered in Committee of the Whole.

(4) (a) Subject to subsection (4)(b), the Rules Committee and conference committees may report at any time, except during a call of the Senate, when a vote is being taken, or during Committee of the Whole.

(b) The Rules Committee may report during Committee of the Whole on matters referred to the Committee by the Committee of the Whole.

S50-130. Conference committee – reports. (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

S50-135. Adjournment sine die. (1) Subject to Article V, section 10(5), of the Montana Constitution, a Senator may move that the Senate adjourn for the session.

(2) (a) The motion is debatable and may be made under any order of business except Order of Business No. 7.

(b) Debate on the motion is limited to two proponents and two opponents.

S50-140. Second reading – Committee of the Whole report – segregation – rejection. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. The sponsor shall make an opening statement, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

S50-150. Committee of the Whole amendments. (1) All Committee of the Whole amendments must be prepared by the staff of the Legislative Services Division, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be referenced in the journal, along with the name of the sponsor and the vote on each.

S50-160. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable unless specified in S50-60.

(2) The only motions in order during Committee of the Whole are to:

(a) recommend passage or nonpassage;

(b) recommend concurrence or nonconcurrence (House amendments to Senate legislation);

(c) amend;

(d) subject to subsection (2)(e), to postpone indefinitely;

(e) to postpone indefinitely on a bill or resolution after its failure to receive a majority of those present and voting on second reading;

(f) pass consideration;

(g) change the order in which legislation is placed on the agenda (nondebatable S50-60(14));

(h) rise (nondebatable S50-60(3));

(i) rise and report progress and ask leave to sit again (nondebatable S50-60(3)); or

(j) rise and report (nondebatable S50-60(3)).

(3) The motions listed in subsection (2) may be made in descending order as listed.

(4) Except for the President of the Senate or designee, a Senator may not be recognized between the time a bill sponsor closes on the bill and the question is called by the presiding officer with a vote taken on the bill or resolution.

S50-170. Committee of the Whole – generally. (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

S50-180. Voting on second reading – positive disposition of motions.

(1) On Order of Business No. 7, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by an approved method of counting votes. The Secretary will then record the vote. The chair may then rule that unless excused those of the greater number and physically or remotely present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those physically or remotely present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-190. Third reading procedure. (1) Unless rereferred to a committee by a majority vote after the adoption of the Committee of the Whole report but before adjournment for the day, all legislation passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 8 the Secretary shall read the title and the President shall state the question as follows: “Senate bill number (or other appropriate identification)..... having been read three times, the question is, shall the bill (or other appropriate identification) pass the Senate?”

(3) If an electronic voting system is used, the President shall state “Those in favor vote yes and those opposed vote no” and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks “Has every member voted?” (reasonable pause), “Does any member wish to change his or her vote?” (reasonable pause), “The Secretary will record the vote.”

S50-200. Senate voting – changing a vote – objection. (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator's vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators physically or remotely present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

S50-210. Absentee votes – restrictions. (1) An excused senator may file an absentee vote authorization form to vote during the excused absence on any vote for which absentee voting is allowed.

(2) An excused senator shall sign an absentee vote authorization form that specifies the motion and the desired vote.

(3) The absentee vote authorization form must be handed in at the rostrum by the party whip or designated senator before voting on the motion has commenced.

(4) The absentee vote authorization may be revoked before the vote by the member who signed the authorization.

(5) Absentee voting is not allowed on third reading.

S50-220. Call of the Senate without a quorum. (1) In the absence of a quorum, a majority of Senators physically and remotely present may compel the attendance of absent Senators by ordering a call of the Senate. A call of the Senate is not in order if a majority of Senators are physically and remotely present.

(2) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator may not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(3) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. When a quorum has been achieved under the call, the call is automatically lifted. The call may be removed by a two-thirds vote of the members physically or remotely present.

S50-230. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

S50-240. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

S50-250. Governor's veto. (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 6

Rules

S60-10. Senate rules – amendment – adoption – suspension. (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) Subject to subsection (3), a rule may be suspended temporarily by a three-fifths vote.

(3) During a special session of the Legislature, the rules may be suspended by a majority vote.

S60-20. Mason's Manual of Legislative Procedure. The most recent publication of Mason's Manual of Legislative Procedure governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Joint rules superseded. A Senate rule, insofar as it relates to the internal proceedings of the Senate, supersedes a joint rule.

CHAPTER 7

Nominations from the Governor

S70-10. Nominations – second term reappointments. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

(3) If the Governor is reelected to a second 4-year term of office, the Governor shall renominate all retained officers that were previously confirmed pursuant to subsection (1). The Senate confirmation procedure for a retained officer is the same as the confirmation procedure for a new appointment.

(4) A retained officer is an individual whose term would have expired at the end of the Governor's first 4-year term if the Governor had not been reelected to a second consecutive term.

S70-20. Receiving nominations – requesting bill drafts.

(1) Nominations and renominations received from the Governor must be:

- (a) received by the President;
- (b) delivered to the Secretary of the Senate; and
- (c) read under Order of Business No. 4, messages from the Governor.

(2) The Secretary shall distribute a copy of the list of nominations and renominations to each Senator.

(3) (a) The President of the Senate shall submit a bill draft request for a resolution for each nominee or each group of nominees read under Order of Business No. 4. These bill draft requests will not count against any bill draft request limit imposed on the President of the Senate.

(b) Prior to introduction of the resolution, the President of the Senate shall designate the appropriate committee chair or other member of the Senate to introduce the simple resolution.

S70-30. Committee process – separate consideration. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been given.

(2) (a) Except as provided in subsection (2)(b), following the hearings for a group of nominees, the committee shall issue standing committee reports to be considered on second reading, stating the committee's recommendations concerning the nominees.

(b) Following the hearings for the group of nominees, if a committee member wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees being considered by the committee, the committee member may prepare an amendment for executive action to strike or add a nominee or group of nominees. If a nominee or a group of nominees is stricken, the committee member that offered the amendment shall make a motion to request a committee resolution for the nominee or nominees to be considered by a separate resolution. A simple majority of the committee is sufficient in order to request a separate committee resolution.

(3) Within the Committee of the Whole, if a Senator wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees recommended by the committee, the Senator may prepare a floor amendment to strike or add a nominee or group of nominees. If a nominee or a group of nominees is stricken, a Senator may make a motion to request that the President of the Senate submit a bill draft request for that the nominee or nominees to be considered by a separate resolution.

(4) When the resolution for an individual or group nomination has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's standing committee report, an additional hearing is not required to be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(6) After the report has been read, the resolution must be placed on Order of Business No. 7 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated. Approval upon second reading constitutes confirmation of the Governor's nominee. A motion to reconsider the approval or disapproval of a nomination

made on second reading must occur within one legislative day. A motion to reconsider may not be made if the resolution approving a confirmation is no longer in the possession of the Senate.

(7) Once the Senate adjourns sine die, all nominations and renominations that were not approved by the Senate are treated as rejected confirmations.

SENATE RESOLUTION NO. 108

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA DESIGNATING THE WEEK OF APRIL 14, 2025, AS TWO LIGHTS FOR TOMORROW WEEK IN MONTANA.

WHEREAS, the Montana Senate recognizes the importance of honoring and commemorating the 250th anniversary of the founding of our nation and reminding our citizens of the vital significance and relevance of our founding principles and ideals that created a unique national identity worth fighting for; and

WHEREAS, the events of 1775 that began the revolution the year before independence was declared are significant moments that signaled the creation of a national identity and unity of purpose that transcended traditional geographic, cultural, and societal divides; and

WHEREAS, individuals and communities across all of the colonies came together to support their fellow countrymen; and

WHEREAS, on the evening of April 18, 1775, with impending hostile action from the British army in Boston, Massachusetts, Paul Revere and William Dawes, along with other alarm riders, undertook a perilous ride to alert everyone in the countryside of the coming danger; and

WHEREAS, preceding their departure from Boston, a prearranged signal was set in the Old North Church steeple to ensure that the message got out and did not solely rely on just one or two alarm riders; and

WHEREAS, the two lanterns that were the signal were immortalized in Henry Wadsworth Longfellow's poem "Paul Revere's Ride" as "one if by land, and two if by sea" and have become an enduring symbol of American vigilance, perseverance, and preparedness in the face of adversity; and

WHEREAS, those alarm riders and the citizens who answered the call to arms to serve and defend their fellow countrymen that night and the following day at the battles of Lexington and Concord exemplify the spirit of community and shared responsibility that has defined our nation since its inception; and

WHEREAS, we are reminded, 250 years later, that the call for unity and the call to serve each other is no less relevant today than it was in 1775; and

WHEREAS, a national initiative has been proposed that two lights be displayed in public spaces across the country for all to see, marking that significant anniversary in April 2025 and the beginning of the 250th anniversary commemorations leading up to the 250th anniversary of the Declaration of Independence on July 4, 2026; and

WHEREAS, state commissions, state governments, federal agencies, and community, heritage, and historical organizations across the country, including the Montana 250th Commission, have eagerly endorsed the initiative, have pledged to support it and participate in it, and have encouraged others to do the same; and

WHEREAS, some participating agencies have also pledged to encourage a day of community service on April 19, 2025, as a way to encourage understanding about the true meaning of these historical commemorations, knowing that these events are not just marking history for history's sake but rather encouraging reflection on the idea that all of these historic events were endeavoring toward one common goal: the chance for a better tomorrow, together.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the Montana Senate proclaims the week of April 14, 2025, as Two Lights for Tomorrow Week and calls on all citizens to unite in remembrance of our shared history, honoring the sacrifices made by those who fought for our independence and reminding ourselves of the values we hold dear today.

BE IT FURTHER RESOLVED, that the Montana Senate encourages all government buildings, community centers, museums, public spaces, historic preservation entities, and citizens to take part in this symbolic commemoration by prominently displaying two lights for all to see during the night of April 18, 2025, and to reflect on how those lights shining out in the darkness during this vigil symbolically illustrate our ongoing journey as a nation.

CONSTITUTIONAL INITIATIVE NO. 128

A CONSTITUTIONAL AMENDMENT PROPOSED BY INITIATIVE PETITION

CI-128 would amend the Montana Constitution to expressly provide a right to make and carry out decisions about one's own pregnancy, including the right to abortion. It would prohibit the government from denying or burdening the right to abortion before fetal viability. It would also prohibit the government from denying or burdening access to an abortion when a treating healthcare professional determines it is medically indicated to protect the pregnant patient's life or health. CI-128 prevents the government from penalizing patients, healthcare providers, or anyone who assists someone in exercising their right to make and carry out voluntary decisions about their pregnancy.

THE COMPLETE TEXT OF CONSTITUTIONAL INITIATIVE NO. 128

Article II of The Constitution of The State of Montana is amended by adding a new section 36 that reads:

Section 36. Right to make decisions about pregnancy.

(1) *There is a right to make and carry out decisions about one's own pregnancy, including the right to abortion. This right shall not be denied or burdened unless justified by a compelling government interest achieved by the least restrictive means.*

(2) *The government may regulate the provision of abortion care after fetal viability provided that in no circumstance shall the government deny or burden access to an abortion that, in the good faith judgment of a treating health care professional, is medically indicated to protect the life or health of the pregnant patient.*

(3) *The government shall not penalize, prosecute, or otherwise take adverse action against a person based on the person's actual, potential, perceived, or alleged pregnancy outcomes. The government shall not penalize, prosecute, or otherwise take adverse action against a person for aiding or assisting another person in exercising their right to make and carry out decisions about their pregnancy with their voluntary consent.*

(4) *For the purposes of this section:*

(a) *A government interest is "compelling" only if it clearly and convincingly addresses a medically acknowledged, bona fide health risk to a pregnant patient and does not infringe on the patient's autonomous decision making.*

(b) *"Fetal viability" means the point in pregnancy when, in the good faith judgment of a treating health care professional and based on the particular facts of the case, there is a significant likelihood of the fetus's sustained survival outside the uterus without the application of extraordinary medical measures.*
